2026

HOLIDAY  
CATALOG

Dear Retail Partner,

When the holidays come around, people still reach for something tangible — a card written by hand, a beautiful piece of stationery, a small object chosen with care... In a fast-moving season, these quiet traditions remain some of the most thoughtful.

The Notes & Queries Holiday 2026 Collection celebrates that spirit. Our cards and stationery draw on a long heritage of illustration, fine paper, thoughtful design, and extraordinary 3D paper technology: the kind of pieces that feel timeless on a mantelpiece, tucked inside a gift, or sent across the miles to someone special.

This year's collection is particularly exciting because it brings together the work of some of our most admired creative partners. You'll find beautiful intricate 3D pop-up designs from Paper D'Art, bold foiling from Rachel Ellen Designs, joyful illustrations from Alljoy Design, exquisite quilling and pop-up details from Origamo, contemporary elegance from Caroline Gardner, distinctive design sensibility from The Art File, warm, nature-inspired aesthetic from Museums & Galleries, and so much more...

We are also delighted to introduce brand-new holiday offerings from two wonderful studios joining the Notes & Queries range this season: the luxurious, richly finished designs of Five Dollar Shake, and the expressive, characterful illustrations of Jo Couch Illustration.

Together, these collections offer retailers a carefully curated mix of classic holiday imagery, fresh contemporary illustration, and beautifully crafted stationery gifts — all designed to help your customers rediscover the pleasure of choosing, writing, and sending a thoughtful card.

We are proud to share this collection with you and grateful for the role you play in keeping the tradition of beautiful correspondence alive in your store and community. Thank you so much for your business and continued support!

With warmest wishes for a successful holiday season,

*Vanessa & Alan Harnik*  
*(and all of us at Notes & Queries)*

Notes & Queries is committed to bringing you the very best greeting cards available, bar none. Big words, we know! We do not publish greeting cards per se; instead, we work with over 30 publishers of greeting cards at any one time. Most of our trading partners are from the UK, the most competitive greeting card market in the world. We pick and choose among their offerings, using our 45+ years of know-how. In addition, we often tweak or change the original designs to fit the US market. The end result is that we offer the very best cards to the US market. We release new merchandise four times a year.

Conceived in Madagascar over 45 years ago, Notes & Queries was founded by Alan Harnik, nurtured from a small pushcart in Faneuil Hall Marketplace in Boston in the late 1970's. At that time, Alan was selling handmade cards and crafts from Madagascar and American handmade greeting card artists. Today, Notes & Queries is run by Alan, along with co-owner and daughter, Vanessa.

Located in Essex, a suburb east of Baltimore, MD, Notes & Queries employs 20+ people, with an average tenure of over 13 years!

Actetre is a distributor of stationery items made of high-quality paper that often feature high-end finishings such as embossing and foiling. Actetre works with international artists and designers, releasing new collections every 6 months that reflect the modern zeitgeist in their choice of motifs, colors, and shapes.

*Keep creativity going*

Alljoy Design specializes in innovative and unique pop-up greeting cards and paper art designs. Our products are known for exceptional craftsmanship, attention to detail, and use of intricate paper engineering techniques as we push the boundaries of what's possible with paper art.

We are Artige, a Dutch greeting card publisher, a warm family company with passion for greeting cards that go the extra mile for our customers! All of our collections are developed, designed, and printed in Europe. Most of our collections are designed by our very own enthusiastic and creative design team!

Bug Art is a small UK company based in Nottingham, who have been trading for over 30 years and are internationally recognized as publishers of quality greeting cards. Every design has a tiny bug hidden somewhere in the image! Occasionally we forget to add the little bug, and those cards become collectors' items...

Quirky yet sophisticated, Caroline Gardner's designs are brought to life through traditional print techniques, such as letterpress, diestamping, and gold foil embellishments. The cards are made in the UK, printed on a low chlorine pulp from sustainable forests, and are 100% recyclable.

Founded in 1995 and based in the UK, Cinnamon Aitch produces beautiful, contemporary, design-led cards and gifts. As an eco-friendly business, we reduce, reuse, and recycle as much as we can, only using sustainably sourced boards and envelopes.

At Dandelion Stationery, we only buy the best materials — paper and envelopes which are either recycled or made from FSC/sustainable paper — and work with nice people. 90% of our products are printed in-house, and many of our cards are hand finished with subtle sparkles.

Don't just send a card, send magic... At Five Dollar Shake, we are a "band" of little fairy folk with one aim — make greeting cards with love and incredible skill to make the recipient feel special and cared for. Our cards are made with genuine crystals, and some even with real gold!

Laura Darrington is an award-winning designer of beautiful, design-led, luxurious greeting cards for all occasions. These cards include special finishes like spot varnish, foiling, embossing, and even personal envelopes.

Ling Design is one of the UK's longest established publishers of premium greeting cards. They combine exceptional design with high quality finishes to create an outstanding greeting card collection.

At Poet & Painter, we aren't interested in any styles that are trending, we leave that to the trendy people. We prefer to tread our own messy path. We write all our own words and relish the freedom of approaching each card as a separate piece of artwork we can splash around with.
