Smart doesn't have to be complex. For decades, our family-owned company has relied on a simple formula for success: **innovation + quality + reliability**. Just like all of our formulas, customers can count on it.

INNOVATION

Brody Chemical continually evolves to enhance our products and refine our processes. Our research and development team is dedicated to innovating and improving the products and services we offer. We aim to provide products that are highly effective, safe to use, and environmentally friendly.

OVER 80 YEARS OF EXPERIENCE

With our expertise in chemistry, quality assurance, and industry-specific knowledge, we understand the challenges our customers encounter. Our primary focus is finding solutions to meet their needs. By providing the right products, we ensure our customers can complete their tasks safely, effectively, and correctly the first time.

ONE-STOP SHOP

We aim to provide comprehensive solutions for your business. The equation is simple: the more solutions and services we offer, the more money you save and the more efficient your ordering process becomes.

up!

MANUAL DISHWASHING

ALUMINUM PAN DETERGENT 9014

Aluminum safe warewashing detergent!

This unique formula has metal protection properties that will not discolor or attack aluminum but leaves them clean and bright. Won't discolor, pit, or corrode aluminum. Highly concentrated and formulated with specific ingredients to remove the heaviest food soils from dishes, utensils, and cookware.

DIAMOND POT & PAN SOAP 9019

Three compartment detergent that's easy on dishware and safe on hands!

Our highly concentrated manual pot, pan, and dishwashing detergent is pH balanced to be gentle on hands while being tough on grime. It is non-abrasive, high-foaming, phosphate-free, and effective in all water conditions. Stabilized, long-lasting foam.

FOOD SERVICE SANITIZER 049400

Sanitizer for three-compartment sinks!

This product is designed for use on hard, non-porous surfaces in various settings including restaurants, bars, kitchens, taverns, cafeterias, institutional kitchens, fast food operations, and food storage areas. Use it at a ratio of 1 oz. per 4 gallons of water to sanitize hard, non-porous surfaces such as food processing equipment, dairy equipment, food utensils, dishes, silverware, glasses, sink tops, counter tops, refrigerated storage areas, display equipment, and other hard surfaces. It is also ideal for use in three-compartment sinks.

PREMIUM POT & PAN SOAP CA3948

Tough on grease - easy on hands!

Brody's Premium Pot and Pan Soap has long lasting suds that provide stabilized foam for greater cleaning capacity, saving you time and money. This detergent is safe to use on glass, ceramic, plastic, and stainless steel. Removes hard to clean debris such as cooked on grease, food particles, and organic matter. Ideal for cleaning encrusted pots and pans requiring minimum soaking time.

QUATERNARY TEST STRIPS XQUAT TEST STRI

Ensure the highest standards of cleanliness with Quaternary Test Strips, the fast and reliable solution for accurate sanitizer strength checks!

MACHINE DISHWASHING

DISHMACHINE DESCALER 9012 DISHMACHINE DESCALER PLUS 2859

Keep your commercial dishmachines free of scale!

This commercial strength formula removes hard water scale and mineral build-ups improving dish-machine equipment operation. This powerful and effective formula will save you time and effort. Our universal and multi-use formula is effective on any brand of ice machines, commercial dishwashers, coffee machines, steam tables, and for use with hand cleaning equipment. Non-foaming and safely cleans a wide variety of surfaces.

HIGH-TEMP DISHMACHINE DETERGENT**CA3836****Ultra-concentrated to deliver cost-effective, heavy-duty performance!**

This product is an economical liquid product that is formulated to be used with either low temperature dishwashing machines (using a sanitizer) or high-temp machines with a dishmachine detergent only. Formulated with a special ingredient that prevents the alkaline residue that generally builds up in your dishwashing machine. High-alkaline formula designed to remove tough grease, starch and food oils.

INSTITUTIONAL BLEACH 6%**7020****Specifically designed for use in mechanical, low-temp warewashing machines!**

This product is an EPA registered low-temp Sodium Hypochlorite solution for sanitation in the food processing and food service industry. It is an effective sanitizer for utensils, glassware, equipment, and as a terminal sanitizing rinse in machine dishwashing.

KWIK SILVER FLATWARE PRESOAK**HCS101****Encapsulated silverware presoak and tarnish remover!**

An alkaline detergent block designed for pre-soaking and detarnishing flatware. It contains both alkaline ingredients and a combination of surfactants to provide for the rapid penetration of hardened food soils and the removal of discoloring films. Dual enzyme activated system for digestion of stubborn food soils.

LIQUID SILVERWARE PRESOAK**2877****Loosens dried on food and adds sparkle to flatware!**

Silverware Presoak loosens dried on food and adds sparkle to flatware. This trendsetting formula mixes rapidly with water and eliminates the possibility of chemical burns on stainless steel utensils. This powerful detergent softens food soils so they can be easily removed in your dishmachine. This product is a quality presoak and is effective and affordable.

LOW-TEMP DISHMACHINE DETERGENT**CA3844****Perfect for use in low-temp dishwashing machines!**

This premium low-temperature, liquid dishmachine detergent assures instant mixing with consistent results. The powerful cleaning action cuts through tough grease, grime, and food stains leaving dishes looking sparkling clean. Contains no phosphates and handles heavy-soil loads with no redeposition.

PRECISE SOLID DETERGENT**127748****A smooth, uniform, warewash block for use with automatic dispensers!**

Precision Solid Detergent has been specifically formulated to be safe for use on metal kitchenware. The capsule is neither too hard nor too soft, but dissolves at just the right speed to provide uniform levels of the various cleaning ingredients in your wash tank throughout the entire life of the capsule. It has a strong capacity for tough cleaning jobs.

RINSE ADDITIVE**9010****RINSE ADDITIVE PLUS****9010P****Keep your glassware spot free!**

This product is a highly concentrated drying agent for the final rinse of all commercial automatic dishwashing machines. This product eliminates the surface tension of rinse water, removes soap and mineral deposits, causing detergents and rinse water to drain freely. Fast drying action prevents water spotting. This product is non-corrosive to machines, effective in hard water, harmless to hands, dishes, glasses, utensils and is non-toxic in dilution solution.

RINSE ADDITIVE (HARD WATER)**CA3834****Formulated for hard water!**

This Rinse Additive is used at extremely low concentrations and will enable excellent performance for the most challenging water conditions. This product is a high-quality, super-concentrated, specialty rinse additive for both low and high-temp dishwashing applications. It is designed to provide outstanding results in particularly troublesome water conditions.

CHLORINE TEST STRIPS**BE01**

Keep your water crystal clear and safe with Chlorine Test Strips — your go-to for quick, accurate chlorine level checks!

FLOOR AND SURFACE DEGREASING**CITRUS DEGREASER****5008****Powerful citrus extract, advanced technology formulation!**

This multi-purpose citrus degreaser instantly emulsifies grease, oils, and fats without the use of harsh acids alkaline or petroleum solvents. This product contains an extremely strong natural citrus oil to deodorize and effectively clean even the toughest of soils. This trendsetting formula keeps pace with today's safety and environmental regulations. Concentrated formula - made to be diluted and water soluble.

DEGREASER WITH ENZYMES**2100****Contains bio-remediation enzymes that actually digest grease and oils!**

Degreaser with Enzymes is the strongest and most powerful degreaser manufactured by Brody Chemical. Features tough cleaning agents formulated to remove both baked on and sticky/tacky greases. 100% biodegradable, water soluble, and contains no hazardous ingredients. Contains a fresh smelling cherry fragrance to help with odor control while you clean. This is a dual-purpose product that cleans and digests all in one step.

EASY GREEN**1200****Cleans, degreases, and deodorizes without harsh chemicals!**

Easy Green Multi-Purpose Degreaser is a safe alternative to toxic cleaners. This concentrated formula cleans, degreases, and deodorizes without the use of harsh chemicals. Non-abrasive, non-corrosive, and safe-to-use on almost all washable surfaces. 100% Biodegradable, non-flammable, and extremely cost effective. Use on counters, sinks, floors, and equipment.

FOAMING CAUSTIC CLEANER

2839

A high-foaming, heavy-duty caustic, degreaser!

Contains a powerful mixture of surfactants and chelating agents, for use in difficult cleaning applications. An extremely strong alkaline cleaner with high foaming capabilities to cling to vertical surfaces. Penetrates, emulsifies, and removes tough soils from any hard to clean surface. This powerful cleaning force of Sodium Hydroxide dissolves fat, proteins, and removes greasy soils as well as natural and liquid smoke residue.

FOOD PLANT DEGREASER

2826

Ultra-concentrated alkaline degreaser!

This high pH formulation combines with surfactants to provide superior detergency and quick soil penetration. Once applied, grease, oil, and carbonized soils are quickly emulsified and lifted from the surface. Food Plant Degreaser is a versatile product that can be used in many applications including floors, food manufacturing equipment, counters, walls, and any other surfaces needing cleaning. 100% biodegradable and user-friendly.

FOOD PROCESS CLEANER

2829

Butyl-based, all-purpose degreaser!

This biodegradable product is specially formulated for the food processing industry, including restaurants, bakeries, meat packers, poultry processors, and bottling plants. It excels at cleaning grease, smoke stains, and soot from food processing and wrapping equipment. Ideal for cleaning greasy floors, walls, and loading areas. This product quickly dissolves greasy grime, leaving surfaces bright and shiny.

HEAVY DUTY CLEANER

2847

Heavy duty, surfactant-based, high-alkaline cleaner!

Heavy duty cleaner is a concentrated blend of sophisticated and biodegradable surfactants, along with conditioning and softening agents that work to produce a safe, reliable, and earth-friendly degreaser. Rinses easily and helps you clean better. Once you try this product you'll be amazed at the wide variety of cleaning applications you can tackle. Odorless and easy-to-use.

KITCHEN DEGREASER

9007

The perfect degreaser to combat grease in your kitchen!

Kitchen Degreaser is a single product that can be used to degrease floors, kitchen equipment, walls and hard surfaces. Ideal for cold or warm surface application on stove tops, cooking equipment, flat grills, deep fryers, ovens, broilers, or hood and vent equipment. It is a highly active degreaser specifically formulated to emulsify tough animal and vegetable fats from all surfaces. The only degreaser you need.

MOP-N-WALK CONCENTRATE

CA3966

Let friendly enzymes do the cleaning for you with this no rinse formula!

This enzymatic, no-rinse floor cleaner provides immediate cleaning of all soil types and extended cleaning of organic grease, fats, and oils, reducing risks of slips and falls. This product provides total management of floors and drains in a single product. Saves cleaning time and is proven to increase the friction of slippery kitchen quarry tile. This no-rinse floor cleaner is formulated to remove grease and fat from slippery floors.

SUPER CONCENTRATED CITRUS DEGREASER

2874

Rapidly cleans heavy grease and grime buildup!

This super concentrated citrus degreaser represents the latest technology in heavy duty degreasing formulas. You'll find this fast-acting formulation will quickly penetrate and emulsify tough baked on and greasy soils. This product is popular because of its versatility and can be used on any surface where a heavy duty degreaser is required. Formulated with a fresh citrus fragrance that helps to fight malodors and leaves your facility smelling fresh and clean.

ANCILLARY CLEANING

AEROSOL STAINLESS STEEL CLEANER

BA185

Oil based stainless steel polish!

Safely cleans and polishes a variety of metals in one easy application. Provides a thin, protective water resistant film that protects metal from rust and discoloration. Helps restore original luster. Prevents finger-marking and rapid resoiling. Powerful, non-abrasive formula. Cuts through grease without harming surface.

AEROSOL RESIDUAL INSECTICIDE

BA182

Multi-purpose insect killer!

A synthetic Permethrin based, fast-acting, flying/crawling insect spray. Kills instantly and prevents breeding. For use in homes and in non-food areas of industrial buildings. Kills flies, gnats, mosquitoes, moths, fruit flies, cockroaches, waterbugs, silverfish, firebrats, crickets, scorpions, spiders, centipedes, lice, fleas, ticks. See product label for complete list of controlled insects.

AEROSOL FOAMING CITRUS CLEANER & DEGREASER

BA198

Powerful, multi-purpose, citrus, foaming aerosol!

This product is an amazing multi-purpose, foaming degreaser. Contains all natural citrus extracts which are designed for food service, industrial, and institutional applications. This product is excellent for degreasing vertical surfaces. This cleaner and degreaser can be used safely with minimal personal protective equipment. Extremely effective in food processing facilities for emulsifying food oils and animal fats and in industrial and automotive areas for heavy-duty degreasing.

AEROSOL OVEN CLEANER

BA178

Foaming, Removes Baked on Grease!

Industrial strength, caustic-based oven cleaner formulated to clean stubborn, baked-on grease, grime, carbon build-up, soot and spills. Fast, clean, and effective application for daytime or overnight cleaning. Simply spray on warm or cold ovens and wipe clean. Leaves surfaces sparkling clean without scouring or harsh fumes.

FAT FRYER & GRILL CLEANER

9006

Cleans grills and fat fryers!

This product is specially formulated for cleaning grills and deep fat fryers. Due to a unique blending of chemicals, surfaces can be cleaned to nearly new condition. This is the fastest and most effective way to clean and service this type of equipment. It costs less per application and is much easier than either bricks, screens or other chemicals. Special cleaning agents soften baked on foods. Others emulsify fats and greases. Rinsing aids speed up removal and leave little film.

OVEN CLEANER

9008

Enjoy the look of a clean oven and grill without left over residue!

This economical oven and grill cleaner is perfect for restaurant ovens, grills, or fryers due to its deep cleaning concentrated qualities. Formulated to penetrate encrusted grease and grime. This non-flammable cleaner reduces the amount of time and labor spent on cleaning to benefit your bottom line. Dissolves baked on food and greases on contact. This heavy-duty commercial grade oven and grill cleaner is the strongest product you can purchase.

DRAIN MAINTENANCE

BACTERIA CONCENTRATE

2844

Drain maintenance with instant odor control!

Bacteria Concentrate is designed specifically to improve the bioenzymatic liquification and digestion of organic waste. This concentrated formula promotes the rapid breakdown of organic matter in applications where accelerated enzymatic reactions are desired.

DRAIN OPENER

5005

Strongest drain opener on the market!

Professionals turn to Sulfuric Acid to break up extreme clogs. This product quickly wipes out the toughest back-ups. Brody's liquid Drain Opener is a heavy Sulfuric Acid drain opener formulated for emergency use. Quickly clears clogged drains and wastelines - saving you time and effort. Drain Opener will not harm septic tanks, cess-pools, drainage fields, and leaching systems when properly used according to directions. It promptly eliminates blockages in the shortest amount of time. Perfect for emergency jobs in removal of organic waste.

GREASE TRAP SOLVENT

4013

Non-caustic and harmless to plumbing!

This citrus-based emulsifying agent is designed to liquefy animal fats, garbage grease, and maintain grease traps and drain lines for optimal performance. It ensures these facilities remain in good operating condition, eliminating odors, overflows, and unsanitary conditions caused by poor drainage from slime and grease buildup. Non-caustic and harmless to plumbing, it also serves as an excellent cleaner and deodorizer for garbage cans, storage areas, and refuse trucks.

LIQUID LIVE BACTERIA

5109

Eliminates blockages from grease build-up and organic matter in drains!

Liquid Live Bacteria is a drain maintainer with instant odor control. This enzyme producing bacteria digests and liquefies organic waste, grease, and food by-products - eliminating malodors and reducing suspended soil. Pleasant spearmint fragrance neutralizes odors and leaves your drain smelling fresh and clean. Used on a consistent basis, your drains will stay free and flowing, preventing down time.

WHAT MAKES US DIFFERENT

Brody is more than just a distribution and supply company. We are a true manufacturer of specialty chemicals that are produced under strict quality control standards.

Our comprehensive line of products fulfills the unique needs of our customers – enabling them to consolidate their purchasing and eliminate the need for multiple vendors.
