Vol 45 Ed 50 Tuesday 20 December 2022 winchelseastar.org.au

Thank you to community members who recently provided feedback on the Winchelsea Mud Hut Renewal.

Located in the Barwon River Gathering Space, the much-loved hut – which is closed due to its failing structure – was scheduled to be replaced in January 2023 however we have found a microbat family living in the hut which requires investigation.

We have also taken on board community input, through a petition received at the Surf Coast Shire Council meeting on 13 December 2022.

We are committed to working with community members on the next steps for a suitable replacement for the mud hut.

We will run further community engagement in early 2023, with opportunities on how you can have your say to be promoted in The Winchelsea Star and through Council communications channels. Feedback will help us present options to Council on how the new structure will look.

Winchelsea Wildlife Shelter (auspice) Report

By Barb and the many fury friends at the Winchelsea Wildlife Shelter

Thank you Winchelsea Community House for auspicing the Winchelsea Wildlife Shelter once again.

We are very grateful to be able to now purchase a brand new washing machine to lighten the load of hand washing.

With onset of spring and many orphan marsupials coming through our doors we will be overwhelmed with many pouches to change, wash and disinfect. Now this task will be less time consuming and less of a chore.

Once again a massive wave of gratitude to you all.

Winch House Xmas Party Closes Out 2022

by Tony Phelps, Chair

Around 20 staff, volunteers and Committee celebrated the end of the year at the Winchelsea Community House Christmas Party, just a week away from Christmas Day. Another 'interesting' year!

The Friday evening shindig was sponsored by Community Bank Winchelsea. Everyone enjoyed a delicious meal with a Honduran flavour by local La Caseta. Manager Wendy and Community Developer Jill put together a fabulous long table down the centre of the Shire Hall, a magnificent venue for such an event. Ken McDonald officially handed over the \$500 donation toward the celebration on behalf of the Bank. Community Bank Winchelsea has been highly supportive of Winch House over the years.

There was also a donation from the Winchelsea CWA (Country Women's Association) of \$200, handed over by

Sandra Dixon. As an independent non-profit organisation facing very tight funding in the midst of all sorts of cost increases, both donations are very welcome.

Winch House closes for its normal annual break from the week before Christmas until mid-January. On behalf of the Committee, I'd like to say "Thankyou!" to the people that keep Winch House operating (staff and volunteers) and everyone that's called in to make use of the facilities. It's a great community asset, and we look forward to even more people

calling in and joining us in 2023.

There's lots more to come.

Summer waste and recycling

There are NO CHANGES to kerbside bin collection days during the festive season.

Put your bin out on the usual night.

Additional bin collections

All households that receive the kerbside bin service will receive one extra landfill and one extra recycling collection in the weeks following Christmas. To see when your extra collection will be:

- Download SCRRApp, the free Surf Coast Rubbish & Recycling App
- Download a calendar PDF at surfcoast.vic.gov.au/calendars
- Enter your address at 'My Neighbourhood' at surfcoast.vic.gov.au/mybin

Extra glass? Extra recycling?

Household amounts of sorted recycling (plastics numbered 1, 2 and 5, metal cans and tins, paper and cardboard), and glass bottles and jars can be dropped off at the Winchelsea Transfer Station for FREE

Winchelsea Transfer Station hours

The transfer station is closed on Christmas Day. Normal operations resume on Monday, 26 December.

Open hours are:

2pm-4pm Tuesday and Thursday 1:30pm-3:30pm Saturday 9:30am-12:30pm Sunday

Fire Danger Days

On days of Extreme or Catastrophic Fire Danger rating, waste services may be impacted. This may include changes to kerbside collections or opening hours at transfer stations and the Anglesea Landfill.

For more information, visit surfcoast.vic.gov.au/servicechanges

Download SCRRApp (the Surf Coast Rubbish & Recycling App) to receive notifications when changes to collections or waste facility operating hours occur.

Food Organics and Garden Organics

Your kerbside FOGO bin takes ALL your food waste, and we really do mean ALL your food waste.

If you peel it, cook it or eat it, it goes in your green-lidded FOGO bin.

HERE ARE THE TRICKY ONES WE OFTEN FORGET:

- ✓ Bones e.g. chicken and turkey carcases, fish bones
- ✓ Seafood including oyster, prawn, lobster, and crab shells and peelings
- ✓ Citrus peels, pits and stones (even avocado seeds)
- ✓ Dairy products including cheese, yoghurt, butter
- ✓ Eggs and eggshells
- ✓ Meat (raw, cooked and scraps)
- ✓ Mouldy and expired food (remove packaging first)
- ✓ Nuts and seeds
- ✓ Onion and garlic peels
- ✓ Coffee grounds and loose tea leaves

Your FOGO bin is emptied every week.

Remember to remove plastic or cardboard packaging before you put food waste in your FOGO bin.

Using your FOGO bin is great for our environment, and it frees up space in your red-lidded landfill bin too. The food and garden waste is composted and used to enrich soils on farms, orchards and parks.

For a full list of items accepted in your FOGO bin, scan the QR code or visit

surfcoast.vic.gov.au/FOGO

...AND DON'T FORGET ALL YOUR EVERYDAY FOODS LIKE:

- ✓ Baked goods e.g. bread, cakes, pizza
- ✓ Biscuits, chips, chocolate, lollies
- ✓ Fruit and veggie peels and scraps
- ✓ Leftovers and take-away foods
- ✓ Pasta and rice
- ✓ Salads and dressing

...OR THE GREEN WASTE FROM YOUR GARDEN:

- ✓ Cut flowers
- √ Weeds (including agapanthus)
- ✓ Prunings
- ✓ Grass/lawn clippings
- ✓ Small branches (less than 10cm diameter)

Need more compostable caddy bags?

Pick up a roll of bags from the Winchelsea Transfer Station.

Check operating hours at

surfcoast.vic.gov.au/disposalsites

Using compostable bags is optional – instead you can rinse your caddy, or line it with paper towel.

Confused on bin night?

SCRRApp's got you sorted.

Thank you!

What a wonderful community we live in! After the incident at the Bakery and Christine coming off second best with the car, it was decided that we would share some Christmas spirit and hold a small fundraiser to help her and Angel.

A big Thank-you to the Lions club for giving up their Saturday morning to man the BBQ.

During the morning a lady involved in an international Lions group stopped by for a chat.

 Paul and Lyn Maguire for the fundraiser idea and donation of a prize and their time.

- Modewarre eggs
- Kentys Bakery (who as we know received serious damage)
- GB Foods
- · Barwon Plains wines
- · Winchelsea Wholefoods
- · Main Street MilkBar

A fantastic amount of \$1110.00 was raised and presented to Christine.

Council adopts awareness raising events calendar

National Reconciliation Week, IDAHOBIT Day, Seniors' Festival and Barwon Month of Action – Prevention of Violence Against Women are some of the awareness raising events Surf Coast Shire Council will continue to support over the next three years.

At its meeting on Tuesday night, Council adopted its awareness raising events calendar 2023-2025 to provide clarity and support forward planning of key events that raise awareness on matters of significance to our community.

The events calendar includes two new events, a one-off event to acknowledge the 40th anniversary of the Ash Wednesday bushfires, which will fall on 16 February 2023, and an annual event to acknowledge the impact of 26 January on First Nations people.

Council is collaborating with the Wadawurrung Traditional Owners Aboriginal Corporation on the event, which will be known as Pilk Purriyn, which means 'sunrise' in Wadawurrung language.

Date	Event
26 January (annually)	Pilk Purriyn ('Sunrise') day of reflection with Wadawurrung Traditional Owners
16 February	40th anniversary of Ash Wednesday bushfires
8 March (annually)	International Women's Day
April - dates to be confirmed	National Youth Week
27 May – 3 June 2023	National Reconciliation Week including National Sorry Day (26 May)
17 May (annually)	IDAHOBIT Day
15-21 May 2023	National Volunteer Week
2-9 July 2023 (held first week of July annually)	NAIDOC Week
October - dates to be confirmed (annually)	Seniors' Festival
October - dates to be confirmed (annually)	Children's Week
November (annually)	Barwon Month of Action – Prevention of Violence Against Women
3 December (annually)	International Day of People with a Disability

Council's awareness raising events calendar 2023-2025

The calendar is not a listing of all events held in Surf Coast Shire and does not encompass the sporting and cultural events Council supports through other programs and service areas.

Cr Rose Hodge said Council was passionate about supporting events that raise awareness of key community issues. "This calendar lets our community know what awareness

events we're supporting in an official capacity and ensures we can allocate the necessary resources," she said.

"We know there are so many other worthy events we could support and this certainly doesn't diminish their importance in any way."

"It's great to have two new events added to the calendar, particularly Pilk Purriyn, which is an important step in our reconciliation journey."

Proposed speed limit changes

Surf Coast Shire, working with Victoria Police and the Department of Transport, are considering speed limit reductions on roads in your area.

What are the changes proposed?

Atkins Road, Winchelsea

Current: 100kph default limit - Proposed: 80kph signed speed limit

Buckley Road South, Atkins Road to Cape Otway Road

Current: 100kph default limit - Proposed: 80kph signed speed limit

Cape Otway Road, Moriac to Salt Creek Lane

Current: 100kph default limit- Proposed: 80kph signed speed

Cape Otway Road, Moriac township

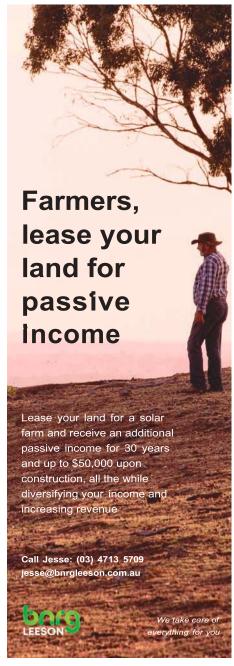

Current: 60kph signed speed limit-Proposed: 50kph signed speed limit

Feedback on the proposed changes can be provided on line at surfcoast.vic.gov.au/speedlimit

Alternatively a hard copy of the survey can be requested via email to info@surfcoast.vic.gov.au

Tuesday 20 December 2022 The Winchelsea Star

Winch House - Men's Shed (auspice) Report

By Frank Jeliff, Winchelsea Men's Shed Secretary

We currently have twenty members on the list. Our AGM was held 7 July 2021. Office bearers were elected for the 2021/2022 year. Ray Atkinson continuing as Co-ordinator, Frank Jelliff as Secretary and Ray King as Treasurer. Cr Heather Wellington was guest chairperson for the meeting.

With the COVID-19 closures mostly behind us the Shed was able to operate almost pretty much as normal. We had some early COVID-19 interruptions. In July we were rostered on at the Anglesea Resale Shed, but unfortunately this was cancelled at the last minute due to a COVID-19 snap lockdown. We were unable to hold a September monthly meeting.

In September we took delivery of a large supply of marine ply which was generously given to us by a local. We also upgraded blades on one of the saws and added a new router to the workshop.

In December and January we took our turn at the Anglesea Resale Shed. The January takings were enormous. We had never been so busy.

In December we obtained a new gazebo. This was thanks to one of our members who had one available.

In February we took delivery of a new table saw. We began a process to update/replace our on-site defibrillator (more on that as we go). An order was placed for a new battery and replacement pads. We also upgraded the watering system in the Community Garden. Unfortunately it was observed that the garden is being raided and we needed to look at securing the area. A padlock was put on the gate.

In March we purchased a new laser printer. This has been a revelation as the replaced inkjet printer was costing too much for ink cartridges. Good riddance.

As we do have a small membership we decided that we needed to raise the

profile of the Shed and seek new members. With the help of the Winchelsea Star we now run a regular ad. John Bumford also co-ordinated a regular report for each edition. An update on the ongoing defibrillator

saga - the wrong replacements parts were sent to us.

In April we were added to the roster for sausage sizzles at Torquay Bunnings. This came about as a result of discussions at the previous "Heads of Sheds" meeting where it was mentioned that we approach Bunnings to see if we can get on the roster. It was a very busy day for us old blokes but a great result for the Shed. The network with the other sheds is a valuable resource. We also took our turn at the Anglesea Resale Shed.

In May we hosted another sausage sizzle at Torquay Bunnings. Another successful day, especially with the added ability to accept electronic payments. Thanks to The Bendigo Bank and Ray King for setting this up. We have approached Corangamite Financial Services (Bendigo Bank) about a replacement defibrillator. Steps are in place for a new one.

The community garden is overseen by the Men's Shed and made operational and productive by the continuing hard work of Clive Milne and Clyde Stephenson. It was disappointing that we had to secure the garden due to theft but we hope that this is not going to be a permanent arrangement. Clive and Clyde put many hours into the garden and we would like to think that their labour is done for the benefit of many, not just a few. Community members are encouraged to take some of the produce for their needs. We hope for, but don't demand, a show of appreciation from either their skills by assisting in the

garden, or a donation in the box if they can afford the time or money.

Once again a big thank you to John Bumford our Publicity officer. John kept us abreast of the goings on in the community as well as feeding our input back to the various stakeholders where necessary (or not). John was also our conduit to the Winchelsea Star and other forums.

The sale of timber offcuts, kindly supplied by a Geelong business, has earnt us a steady income through the winter months. The cost of \$5 per bag is cheap and assists the local community.

Shed income is also supplemented by small (and some not so small) jobs that the more skilled members of the shed complete for local people. Income from activities and projects goes towards maintaining the machinery and replacing it where necessary.

We thank the Surf Coast Shire for co-ordinating quarterly meetings for the Sheds under their jurisdiction. Terri Hannan ably co-ordinates these meetings where the leaders of the four Surf Coast Men's Sheds, Torquay, Anglesea, Lorne and Winchelsea gather for what is called "Heads of Sheds" meetings. These meetings are held at the different sheds on an alternating basis. They are a great source of information as well as for sharing ideas and resources across the region. These help to engender a good working relationship for all involved. We appreciate the work Terri puts in coordinating and chairing these catch-ups.

Thanks to our sponsors Eastwood Andrews and The Bendigo Bank.

The Winchelsea Men's Shed is open every Wednesday and holds monthly meetings on the first Wednesday of the month. We appreciate the support of the community and our sponsors who help to keep the Shed a thriving environment.

Preparing pets for summer

Summer is rapidly approaching and, with fewer pandemic restrictions in place, many Victorians are preparing for the holidays. Regardless of whether it's a vacation or a staycation, RSPCA Victoria calls on all pet owners to take appropriate measures to ensure the safety and wellbeing of their animals during warmer weather.

The wetter-than-usual summer forecasts may lead owners to believe temperatures will be less severe and lower their guard when it comes to caring for their animals. It is important for owners to understand how to properly care for pets in the heat and be familiar with the signs of an animal in distress. Preparing for summer will ensure the safety, comfort, and overall welfare of animals.

Planning and preparation are key to keeping animals happy and healthy during the summer and preventing a serious incident.

Always:

- Provide a cool, shaded area with good ventilation and air flow
- Ensure your pet has access to multiple sources of fresh, cool water.
- Make sure animals have access to shade and do not tether them – remember that shady places will change as the sun moves throughout the day.
- Make sure rugged horses are wearing summer weight rugs.
- Avoid exercising your pet in hot and humid conditions.
- If safe to do so, bring animals indoors on hot and humid days
- Remember that smaller pets such as birds, rabbits, guinea pigs and reptiles are highly susceptible to heatstroke and need extra attention

- on warm days move the animal and their cage to a cooler space with plenty of shade, water and ventilation e.g. the laundry or bathroom.
- Be aware of the heat stress symptoms your pet may exhibit so you can help them cool down.
- Ask someone to care for your animals if you are going away or consider using a boarding facility – if you have livestock ensure they can be checked regularly.

Despite predictions of a wetter-thanusual summer this year, high temperatures will still occur, which can lead to pet health emergencies including dehydration and heatstroke. While it is generally safe for pets to accompany their owners in the car, RSPCA Victoria urges people never to leave their animals unattended in a vehicle. Temperatures inside cars can rapidly reach unsafe levels - owners should be aware that it only takes six minutes for a dog or other animal to die in a hot car.

Treatment for heatstroke

If you suspect your animal is suffering from heatstroke, RSPCA Victoria recommends emergency first aid is applied immediately to help normalise the animal's body temperature:

- SPRAY or apply tepid/cool water onto their fur or skin.
- 2. Do not use ice or ice-cold water on your pet as it can potentially worsen the situation.
- 3. FAN the animal to maximise heat loss.
- 4. If possible, wet down the area around your pet to lower environmental temperatures.
- Take your animal to the nearest VET immediately - even if it looks like they have recovered. The vet can assess for organ damage and provide life-saving treatment in serious situations.

Symptoms of Heatstroke

The signs of heatstroke in animals are varied and may include:

- Relentless panting (increases as heatstroke progresses)
- Drooling or salivating
- Agitation or restlessness
- Very red or pale gums
- · Bright red tongue
- Increased heart rate
- Breathing distress
- Vomiting, diarrhoea (possibly with blood)
- · Signs of mental confusion, delirium
- · Dizziness, staggering
- Lethargy, weakness
- Muscle tremors
- Seizures
- Collapsing and lying down
- Little to no urine production
- Coma

The best treatment for these conditions is prevention. All pet owners, regardless of whether they are staying home or travelling with pets, should remain mindful of the temperature on warm days and take appropriate steps to prepare their animals' environment and avoid potentially serious incidents.

Summer health hazards and tips to avoid

By The Australian Digital Health Agency

Summer is a time for outdoor activities, BBQs, and soaking up the sunshine. However, The Australian Digital Health Agency is encouraging people to be aware of the potential health hazards that can come with the warmer weather.

Below are some things to watch out for and tips on how to stay safe and healthy this summer:

Heat stroke:

When the body is unable to regulate its temperature, it can lead to heat stroke. Symptoms include dizziness, headache, rapid heartbeat, and loss of consciousness. To prevent heat stroke, stay hydrated, avoid excessive alcohol consumption, and take frequent breaks in a cool place. Heat stroke is a medical emergency. The information in your My Health Record can help inform and support medical care in emergencies and your regular GP can be updated online for follow up treatment.

Sunburn:

Prolonged exposure to the sun can cause sunburn, which can increase the risk of skin cancer. To protect yourself from sunburn, apply sunscreen with at least SPF 30, wear protective clothing, and avoid the sun during the peak hours of 10 am to 4 pm. If you do get sever sunburn,

your doctor can prescribe a corticosteroid cream and upload a summary of the event to your My Health Record so skin damage can be monitored and inform further skin cancer screenings.

Insect bites:

Mosquitoes, ticks, and other insects can carry diseases and cause allergic reactions. To avoid insect bites, use insect repellent, wear long-sleeved shirts and pants, and avoid areas with standing water. If you are bitten by an insect and experience symptoms such as swelling, redness, or difficulty breathing, immediately seek medical attention and the details in your My Health Record, like allergies, medicines and history can assist healthcare providers to best deliver care.

Food poisoning:

Eating contaminated food can cause food poisoning, which can lead to symptoms such as nausea, vomiting, and diarrhea. To prevent food poisoning, make sure to properly store and handle food, keep raw and cooked food separate, and cook food to the recommended temperature. If you do experience symptoms of food poisoning, seek medical attention, and having the incident recorded in your My Health Record can provide context to your greater wellbeing journey.

Taking appropriate precautions can help ensure your safety, however, if things go sideways your My Health Record can be a valuable tool to manage your health this Summer.

Support for autistic kids under threat

The Australasian Society for Autism Research (ASfAR) held its sixth biennial international conference at Deakin's waterfront campus at Geelong, Victoria.

ASfAR provides a platform for participatory research, meaning autistic individuals at every stage of tertiary education drive the research agenda, and review proposals, to align the goals of the research community with the needs of autistic people.

The conference is timely, with the Minister for the National Disability Insurance Scheme (NDIS), Bill Shorten, suggesting that it might be repurposed to fund only "the most profoundly and severely impaired". With funding for autistic children under threat, ASfAR's conference convenor Dr Mark Stokes of Deakin University's Healthy Autistic Life Lab says, "this will result in the social isolation of some children, whose parents avail of NDIS funding to manage their early social deficits."

"Their condition may not be visible, and is diagnosed on the basis of behaviour, but it is no less urgent to address," he continues. "Without schemes like those funded by NDIS - they are often treated as having a personality defect," he concluded.

Winchelsea Hostel and Nursing Home Society Inc CHANGE OF DATE

Annual General Meeting

Notice is hereby given that the 2021/2022 Annual General Meeting for the General Public will be held at the Winchelsea Shire Hall and via Zoom on 24th January 2023, at 4.00pm.

We have reached the halfway mark of the Pennant Season and will have a short break until Midweek Pennant resumes on the 10th of January 2023 and Saturday Pennant 14th of January.

PENNANT RESULTS

Tuesday December 6th Division 1 def Apollo Bay at home, winning 2 rinks 89/57 shots.

Tuesday December 6th Division 3 were def by Camperdown Golf away, 48/87 shots.

Tuesday December 13th
Division 1 commenced play at Lorne
however all Division 1 matches across
Corangamite were abandoned
due to rain.

Ladder position 2nd on percentage only.

Tuesday December 13th
Division 3 were able to complete their
match against Colac City at home.
Winchelsea were def by City, winning 1
rink 59/69 shots. Ladder position 5th.

Saturday December 10th Winchelsea 1 def Colac away winning 2 rinks, 199 shots to 90 shots. Ladder position 3rd.

Saturday December 10th Winchelsea 3 def Camperdown Golf at home winning all rinks, 116/60 shots. Ladder position 1st.

Saturday December 10th Winchelsea 4 were def at Lismore 28/64 shots. Ladder position 8th.

AROUND THE GREEN

Both Ladies and Men's Club events are continuing and are in various stages of completion.

On Sunday the 4th and Sunday the 11th of December the CBD State Singles Championships were played at both Colac City and Colac Central bowling greens.

Winchelsea had 8 men's entries and one lady entrant.

After day 1 five Winchelsea players remained.

On Day 2 Erin Baulch progressed to the ladies final but was def by Jodie Bertrand of Apollo Bay. Congratulations CBD Ladies Singles Champion Runner Up Erin.

At the end of day 2 two Winchelsea Men remained to play the final.

Ernie Andres and Jason Armstrong, well done to you both and we all look forward to a great final.

Wishing all members and friends of the Winchelsea Bowls Club a joyful and safe Christmas season and may the bowls be with you!!

Thought for the Week

"When you find yourself reaching for your phone,

stop for a moment
and check in with yourself
about your purpose. Ask why?
If there is no reason, or
it's not a compelling
one on reflection.
Then put the phone down
and make better use
of your time."

John Bader Accredited Lay Preacher

Play your role in managing bushfire risk

By Forest Fire Management Victoria

With grassfires a key concern for the South West region, the CFA is working alongside other local emergency services on significant preparation to ensure it is ready to respond to emergency incidents this fire season.

"Grassfires will be our main concern in the South West region this fire season," CFA Acting Assistant Chief Fire Officer Wayne Aylmer said.

"Conditions right across the region are very wet right now, but we'll start to see northern parts of the region begin to dry out sooner than areas in the south."

Community members are encouraged to play their role in managing bushfire risk, in a team effort with CFA, Forest Fire Management Victoria, the Surf Coast Shire Council and local emergency services.

The Fire Danger Period for the Surf Coast Shire will begin at 1am on Saturday 24 December 2022.

The lead-up to the Fire Danger Period is an ideal time for people to renew bushfire survival plans and prepare their property to minimise risk to themselves, their family, and their community. Surf Coast Shire Councillor Gary Allen said residents had a responsibility to be fire prepared, which included preparing their

L-R: Stephanie Ryan - Project Leader Emergency Management Forest Fire Management Victoria, Surf Coast Shire Cr Gary Allen, and Gavin Fitzgerald - CFA Commander, Winchelsea Catchment

property at the earliest opportunity.

"Community members should reduce vegetation, with a focus on the areas closest to your house," Cr Allen said. "To help with this, the Council has distributed three green waste vouchers to ratepayers so please utilise them. You can also call staff from the Council so they can attend your property and provide valuable advice on reducing your risk."

Forest Fire Management Victoria (FFMVic) Deputy Chief Fire Officer Andrew Morrow said strategic fuel breaks around coastal townships and along the Great Ocean Road will be maintained as part of our summer preparedness program.

"The FFMVic team will continue with mulching, grass slashing and mowing activities, and take opportunities to undertake planned burning when safe to do so around the Surf Coast Shire, to ensure safer communities. We will also be on readiness throughout summer to respond to bushfire."

Surf Coast Shire residents and visitors are encouraged to stay informed about the weather and fire activity during the Fire Danger Period. Verified information sources include the VicEmergency app, Radio ABC 774, CFA website (cfa.vic.gov.au), Sky News television station, and the VicEmergency hotline (1800 226 226).

Winchelsea Hospital Auxiliary Op Shop Update

By Ingrid Rowe (Sec).

The damage to the shop caused by flooding has been repaired.

With the assistance of the Winchelsea Lions Club members, the fittings and shelves have been restored.

The process of restocking the shop is to commence soon.

We anticipate opening early in the New Year.

We would like to extend our gratitude to those involved in the recovery.

To the Winchelsea Community, thank you for your continued support during what has been a challenging year.

The Hospital Auxiliary wishes everyone a Merry Christmas and a Happy New Year

The opening date will be advertised in the Winchelsea Star and via the Community Noticeboard.

We look forward to our flags flying out in front of the Op Shop again soon.

What's on in Winch

SINGING

Winchelsea Community House has supported the beginning of a regular singing group at the Winchelsea Shire Hall. 2023 will see the continuation of weekly singing, commencing Wednesday 1st February 2023 at 4.45pm at the Shire Hall.

The cost is as follows: 10 weeks - \$70 Concession - \$50 (10 weeks) Children under 16 - free

You are also able to attend on a weekly basis - \$10 a session.

Email your registration to shirehall@ winchhouse.org.au

This is an inclusive group that welcomes anyone who wants to experience the joy of singing with others.

NOTICE OF APPLICATION FOR A PLANNING PERMIT

The land affected by the application is located at:

940 Barwon Park Road & 915 Barwon Park Road & 805 Shelford Road, WINCHELSEA

The application is for a permit

Use and development of a utility installation

to:

The applicant for the permit is: Mr Ian Farran

The application reference number is:

22/0145

Please quote this number when making enquiries

You may look at the application and any documents that support the application at the office of the responsible authority:

Surf Coast Shire, 1 Merrijig Drive, Torquay VIC 3228

This can be done during office hours, 8:30am – 5:00pm Monday to Friday, and is free of charge.

You can view the application online through Council's eplanning portal: https://eplanning.surfcoast.vic.gov.au/Account/Login.aspx

Any person who may be affected by the granting of the permit may object or make other submissions to the responsible authority. An objection must be made to the responsible authority in writing, include the reasons for the objection and state how the objector would be affected.

The responsible authority must make a copy of every objection available at its office for any person to inspect during office hours free of charge until the end of the period during which an application may be made for review of a decision on the application. A copy of all objections is provided to the Permit Applicant. If you object, the Responsible Authority will tell you its decision.

The Responsible Authority will not decide on the application before: **20 January 2023** (or until a minimum of 28 days after the last notice is given)

Council grants foster Shire's reputation as a creative hotspot

Submissions for the Surf Coast Shire Council Artist and Creatives Grants: DEVELOP, are set to open and aim to support creatives from all artistic disciplines to explore new directions, innovative ideas and bold concepts.

Surf Coast Shire Councillor Libby Stapleton said the 2023 funding placed more emphasis on supporting contemplative process and planning to advance artists' practice, while helping to push their careers to the next level.

"The Surf Coast Shire is considered Australia's fourth largest regional creative hotspot and we recognise that it's a significant economic driver for us," Cr Stapleton said. "We understand that thriving depends on the right conditions and the thing that often gets in the way of making great art is artists not having enough money - or time."

Seed funding of up to \$3,000 for individual artists and \$5,000 for collectives is available and First Nations artists and artists from diverse or marginalised groups such as LGBTQIA+ and CALD groups are strongly encouraged to apply.

A series of free, online and in-person grant workshops will be held in January to assist artists and creatives to apply.

"We now have a much better understanding of our creative economy and how to foster it," Cr Stapleton said. "Acclaimed Aireys Inlet novelist Gregory Day used a Council seed grant to work on his seventh novel.

"Winchelsea's Louise Hall used the opportunity to create a print making workshop studio for people in her community and beyond.

"In all of these cases, this funding has helped support the gestation period that helps bring the best creative ideas to life.

"Now is the time to start thinking about making a submission. We know there are some really fabulous, well-known artists living here in the shire, as well as equally talented, yet largely undiscovered artists here too.

"I encourage all artists to take the first step in this grant process. Be bold, be brave and make that submission in February. We can't wait to discover you."

Applications for the 2023 Artists and Creative Grants: DEVELOP will open on Wednesday 1 February and close at 5PM on Tuesday 28 February.

Successful recipients will be announced in late March.

For more information, including upcoming grant writing workshops and to apply, visit surfcoast.vic.gov.au/ seedfund.

Barwon Water publishes Annual Water Outlook

Water storages are in good shape in the short term, according to Barwon Water's latest Annual Water Outlook, which details the security of the region's supply systems over the next two years.

Barwon Water Managing Director Tracey Slatter said that water storage levels were at nearly 100 per cent for the start of summer, the highest in more than 27 years.

It means the likelihood of restrictions in the Geelong, Golden Plains, Bellarine and Surf Coast supply system is rated as "very rare". "West Barwon Reservoir, home to the region's main catchment located in the Otways, spilled again this year, while Lal Lal Reservoir, in the Moorabool catchment also spilled for the third year in a row."The Colac, Lorne and Apollo Bay water storages are all close to full.

Ms Slatter said that the storage levels and recent wet weather should be considered in the context of longer-term modelling which predicts an increasingly hotter and drier climate. Despite storages being in good shape coming into summer, it is important that everyone follows the state's permanent water saving rules, in place to ensure Victorians use water sustainably.

"We know that while storages are at healthy levels now, the situation can change quickly. During the 2015-2016 El Niño and the hot dry start to 2019, we saw that water storages can draw down rapidly. While it has been generally wet over the past 24 months in our region, historically we have seen a 28 per cent drop in average inflows at West Barwon Reservoir since 1997."

Ms Slatter said that with climate becoming warmer and drier, in the future we will not be able to rely on rainfall and groundwater alone to secure supplies. "We will need to continue to be efficient with water, use recycled water and stormwater where it is fit for purpose and look to augment our water supply with climate independent sources.

COVID-19 Weekly Data

There were 24,652 COVID-19 cases reported in Victoria this week, a decrease of 11 per cent on the previous week. The average daily number of new cases this week was 3,522, down from 3,970 last week.

The seven-day rolling average of patients with COVID in Victorian hospitals is 675, a 1 per cent decrease when compared to the same time last week.

There are currently 638 COVID patients in Victorian hospitals, with 34 COVID patients in intensive care including 6 cleared cases. There are 5 COVID patients on a ventilator.

The seven-day rolling average of patients in intensive care in Victorian hospitals is 26.

In the past three months, 4,410 COVID patients were hospitalised in Victoria. 41.5 per cent of those patients had not received their third vaccine dose. 1,349 (30.6 per cent) were unvaccinated, 39 had received one dose, 440 had two doses, 955 had received three doses and 1,627 had received four doses.

Of Victorians aged 50 to 64 years, 79.9 per cent have had their third dose and 31.3 per cent have had their recommended fourth dose. Of those aged over 65, 90.8 per cent have had their third dose and 67.9 per cent have had their fourth dose. 70.3 per cent of people aged 16 and over in Victoria have had three doses of COVID vaccine.

A total of 84 COVID-related deaths were reported to the Department in the past week.

An average of 12 deaths were reported each day in the past week.

There has been a 67.1 per cent increase in the number of daily COVID-related deaths in the past month when compared to the previous month.

In the past three months, there have been 604 COVID-related deaths in Victoria. Of those deaths, 41.7 per cent were unvaccinated and 48.2 per cent had not received their third COVID vaccine dose.

The total number of reported COVIDrelated deaths in Victoria since the pandemic began is 6,223. The number of COVID-related deaths recorded in Victoria so far this year is 4,625.

COVID-19 epidemiological summary

The current COVID-19 wave appears to have plateaued, with several key measures – including active cases, cases in hospital and cases in intensive care – decreasing slightly for the first time in almost eight weeks.

However, multiple variants continue to circulate in Victoria and the transmission risks increase over the holiday period due to social gatherings and events. The tips below for staying safe this summer are particularly important during this holiday period.

Hospital admissions decreased slightly this week, however the number of healthcare workers unable to work due to COVID-19 has increased. On Friday, 1,660 healthcare workers were unable to work due to COVID-19.

Early testing and diagnosis are essential to access COVID medicines.

Some 60 per cent of patients aged over 70 years who presented to Victorian emergency departments with COVID-19 were undiagnosed at the time of presentation, according to a recent study by the Department of Health.

It is critically important that people with symptoms continue to test for COVID-19 and that people who test positive, and are eligible for antiviral treatments, get those treatments as soon as possible. Early action will lessen the impact on the community, the health system, and other services.

Tips for staying safe this summer

- Plan ahead this summer and consider the following tips to ensure you can enjoy the festivities safely.
- Plan your party or family gathering outside when possible

- Get tested if you have symptoms or you're going to a party or family gathering
- Keep homes well ventilated with windows and doors open
- Wear a high-quality mask, especially where you can't physically distance from others
- Isolate for at least five days and until you have no symptoms
- Check if you are eligible for COVID medicines
- · Get your next vaccine dose.

Protecting yourself is the best way to protect yourself and the community. If you don't get COVID, you can't spread COVID.

For more information on ways to protect yourself and others, visit the Coronavirus website.

Links and contacts

- Report your rapid antigen test result
- Find your nearest vaccination provider through the Vaccine Clinic Finder
- Vaccination requirements for healthcare workers
- Checklists and advice for COVID cases and contacts
- Information on antivirals and other medicines to treat COVID-19

To access the most up-to-date information on COVID-19 in Victoria, visit the Coronavirus (COVID-19) Victoria website or call the Coronavirus Hotline on 1800 675 398.

Aboriginal and Torres Strait Islander peoples can also call the Victorian Aboriginal COVID Information Line on 1800 312 911. Callers will speak with Aboriginal staff who can answer questions about COVID-19 and direct them to relevant support services. The information line is open from 9am to 5pm, 7 days a week.

Surf Coast Shire Council is committed to fostering an environment where people with clever and creative ideas can make a difference.

DEVELOP supports creatives to explore new directions, ideas and concepts to advance their practice and/or their careers.

It provides individual creative practitioners up to **\$3000** and creative collectives up to **\$5000** to undertake:

- Intensive creative research and development of new ideas/ concepts
- Practice-based experimentation
