ITINERARY

SERENE GREENLAND: FJORDS OF THE EAST

Day 1
Reykjavík

Day 2
Denmark Strait

Day 3-8
Scoresby Sund

Day 9
Denmark Strait

Day 10
Reykjavík

Embark on a breathtaking 10-day expedition from Reykjavík to East Greenland, where you'll explore the vast Scoresby Sund—the largest fjord system on Earth. Cruise past towering glaciers and serene icebergs, visit the remote community of Ittoqqortoormiit, and witness Arctic wildlife in one of the planet's most untouched regions.

DAY 1

Reykjavík

Explore the World's Northernmost Capital

Your adventure begins in Reykjavík.

Reykjavík is a laid-back city of art, culture and history. Exploring this delightful place is well worth your time. Stroll past the boutiques and outdoor shops along Laugavegur, gaze in awe at the striking Hallgrímskirkja Church and drop into the fascinating Reykjavík Art Museum.

If you have time, we recommend booking a Pre-Program with us to discover some of Iceland's natural highlights before your cruise begins.

DAY 2

At Sea

Crossing the Denmark Strait

As we sail into the Greenland Sea on our way to the world's largest island, it's time to relax, find your sea legs and get acquainted with the onboard facilities.

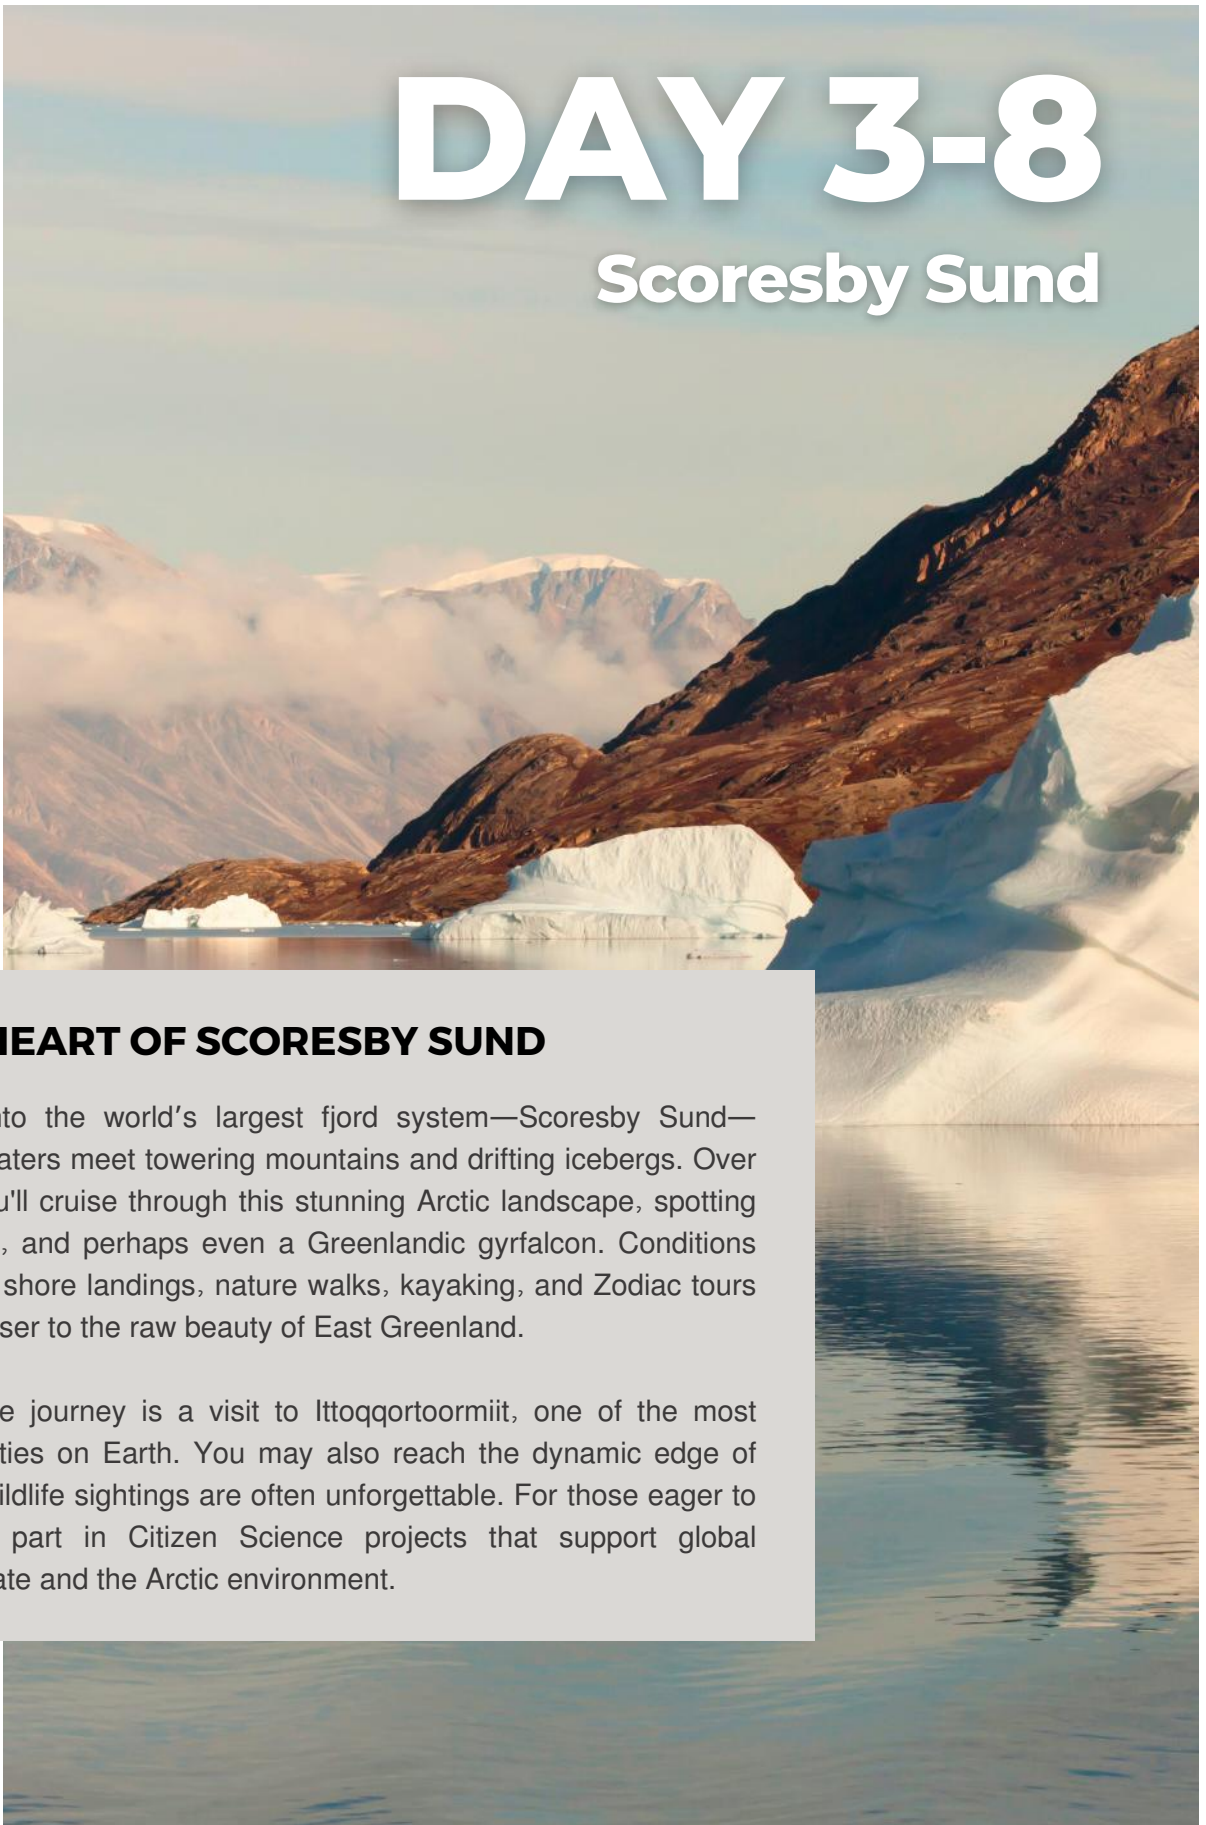

The Expedition Team will give a number of talks about your upcoming adventure and explain the protocols of respectfully visiting wildlife habitats and Indigenous Arctic communities. In the Science Center, you'll find out what to expect in the epic fjords of Scoresby Sund.

If you're feeling active, head to the gym and work out with a view. On the other hand, you could soak in the sauna, laze in a hot tub, or just find a quiet corner to read a book with a hot drink. Love science? Then join one of our onboard Citizen Science projects, a fun and engaging way to contribute to global research.

DAY 3-8

Scoresby Sund

INTO THE HEART OF SCORESBY SUND

Venture deep into the world's largest fjord system—Scoresby Sund—where icy blue waters meet towering mountains and drifting icebergs. Over several days, you'll cruise through this stunning Arctic landscape, spotting whales, seabirds, and perhaps even a Greenlandic gyrfalcon. Conditions permitting, enjoy shore landings, nature walks, kayaking, and Zodiac tours that bring you closer to the raw beauty of East Greenland.

A highlight of the journey is a visit to Ittoqqortoormiit, one of the most remote communities on Earth. You may also reach the dynamic edge of sea ice, where wildlife sightings are often unforgettable. For those eager to contribute, take part in Citizen Science projects that support global research on climate and the Arctic environment.

DAY 9

Denmark Strait

Heading Back to Iceland

After exploring the remote beauty of Greenland, we'll set our course back to Iceland. Spend the time at sea recapping your experiences with your new friends, studying nature in the Science Center, listening to a lecture or two or just relaxing on deck. Look out for the seabirds that follow our ship and keep an eye out for whales.

East Greenland's beauty is sure to have left its mark on you, so reflect on what you've seen – from the delicate ecology of the fjord systems to the ethereal elegance of the floating ice.

DAY 10

Reykjavík

End of the Expedition

Your expedition cruise to Greenland will come full circle when we arrive back in Iceland's laid-back capital. The time has come to say goodbye to the crew, the Expedition Team and your fellow guests – some of whom will no doubt be your new friends.

If you're not yet ready to end your adventure, you can join our optional Post-Program before you head home. You could also simply extend your stay to enjoy more of Reykjavík and its surrounding geothermal attractions.

WHAT IS INCLUDED

EXPEDITION CRUISE

- A stay in a cabin of your choice
- Daily breakfast, lunch, and dinner
- Wine, beer and spirits available at meals and throughout the day and evening (subject to licensing laws; excludes premium drinks)
- All day coffee, tea, and soft drinks
- Fine dining in restaurant Lindstrøm included for suite guests (only on MS Fram)
- A complimentary Ocean Bottle water bottle to refill on board and take home
- A wind and waterproof expedition jacket
- Professional photos from your trip taken by our onboard photographer
- Complimentary Wi-Fi. Please note that streaming is not supported.
- Use of sauna, hot tubs, fitness room, lounges, and more
- Gratuities included. Fantastic service is standard at HX (though if you'd like to leave something extra, it's always appreciated).
- Range of included activities

ONBOARD ACTIVITIES

- In-depth lectures and discussions hosted by our knowledgeable Expedition Team
- Use of our Science Centre, including the library and advanced biological and geological equipment
- The Citizen Science Program allows guests to assist with ongoing scientific research
- An onboard professional photographer will give tips and tricks for taking the best landscape and wildlife photos
- Daily briefing with the Expedition Team about the plans for the next day

LANDING ACTIVITIES

- Escorted landings with small expedition boats
- Loan of boots, trekking poles and other necessary equipment for activities. Your HX travel documents will have a recommended packing list.
- Expedition photographer on hand to assist you
