LIVE FOR COMFORT

Manufacturers & Suppliers of Handmade Fabric Sofas

Our Story

H.A Upholstery is a family-owned business built on passion and commitment. Based in Lancashire, we operate from a 70,000 sq ft factory with a showroom to view our wide range of models. We first started out small and gradually grew to be what we are today, with the tendency to become even bigger. As a family business, we like to represent what we stand for.

We manufacture unique and high-quality furniture with all items being hand made in Britain by our skilled team of craftsmen who have over 30 years of experience and a high level of skill.

Standing out is what we hoped to achieve, and so far, we have been doing just that. Our frames are made with the highest-grade A birch hardwood timber; fixed with wood, glue, and staples.

We pride ourselves in having all of our products meet the UK Safety and Quality regulations, as well as FR Regulated materials and all products being made in house. Our high-quality timber frames are skilfully prefabricated in our own manufacturing facility, over seen from start to finish by our team of experts who treat each project individually with the attention to detail our customers insist on.

At HA Upholstery our customers satisfaction is our number 1 priority. To make sure we cater for everyone's needs, we offer full support through our expert sales team, whatever the sofa, size and colour we can find the perfect sofa for you and your customers. For those with more complex needs, we are also experts in putting together bespoke solutions.

We allow Showroom viewing appointments only. Customers can speak to our sales experts who will use their knowledge to best help you throughout your purchase. Our deliveries turnaround time is 3-4 weeks, depending on product.

Quality Standards

Our sofas are made for everyday home use, combining comfort and style that lasts. We build strong hardwood frames with sturdy joints and add supportive foam cushions for daily wear. Each sofa is covered in high-quality, fade- and stain-resistant fabrics that go through thorough durability checks. From frame to stitching, every part is designed to give you lasting comfort and beauty in your living space.

Handmade in Britain

All of our products are handmade by our team of time-serves craftspeople in our Lancashire factory. From point of order, our team plan, produce and complete every product to the finest quality, ensuring every product we make has their signature mark.

In-House Frame Production

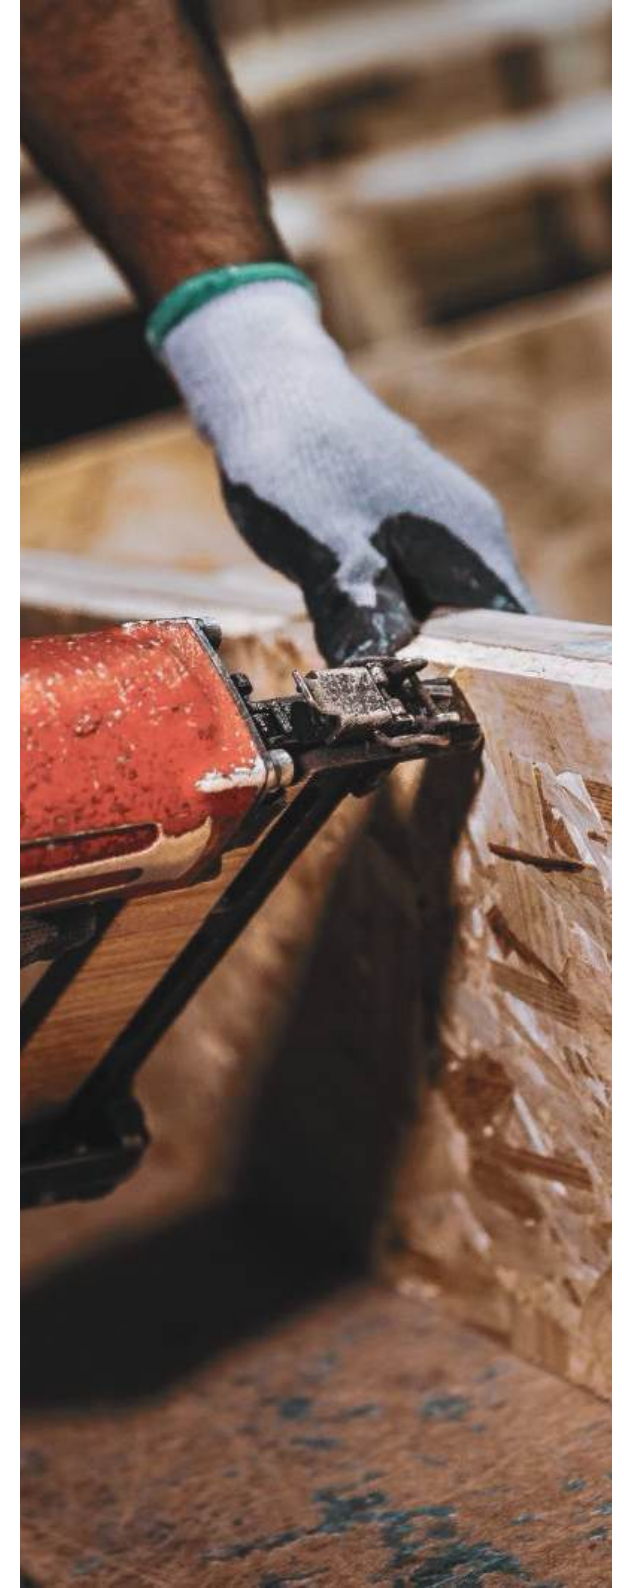

At HA Upholstery, we craft our own sofa frames with the finest UK wood materials, ensuring durability. Our skilled craftsmen use a combination of gluing, screwing, and stapling techniques to create sturdy frames that provide lasting support and comfort.

Latest Technology

Our CNC wood machine has been a game-changer in our manufacturing process. With its precision engineering, it has elevated our design capabilities, streamlined efficiency, reduced production times and increased our capacity to handle orders of any size.

Precision in Craft

In the factory, precision is key in our sofa manufacturing process. Every piece of fabric is cut to exact measurements using accurate templates, ensuring a perfect finish on each sofa. Our precise cutting techniques guarantee consistency and quality in every product, surpassing your expectations for excellence.

Premium Leg Collection

For customers who want something extra special, our Premium Leg Collection delivers the ultimate in style and craftsmanship. These premium-quality legs are made with superior materials and finishes that bring a touch of luxury to any sofa. From hand-polished metals to rich, textured hardwoods, each piece is designed to stand out — and built to last. Whether it's a bold modern look or timeless elegance, these legs take personalisation to the next level.

Please note: a surcharge applies when selecting premium legs as an upgrade. However, if a premium leg is already featured on a specific model, it comes as standard with no extra charge.

Full details and pricing can be found in our current pricelist.
