WE ARE A BENEFIT CORPORATION

We have adopted a virtuous business model to strike a balance between profit and sustainability

“In 2023, we reached a new target: we became a **Benefit Corporation**, an innovative way of doing business **centred not only around profit, but also objectives linked to protecting environment and promoting sustainability.**

We are proud to be **one of the first companies in our sector** to have obtained this denomination. For us, it represents yet another step towards creating shared value in a responsible way”.

Alberto Fassi
CEO, Founder & Dreamer

Learn more about how
we became a Benefit
Corporation

OUR FIRST SUSTAINABILITY REPORT

Our commitment to a positive impact on the environment and people

In 2023, in advance of European deadlines, we presented **our first Sustainability Report**, a transparent and complete report on actions taken and future projects, with the aim of improving our ESG impact:

Environmental

- Carbon Footprint
- Life Cycle Assessments
- Eco-friendly packaging
- Product recycling

Social

- Employees' development and well-being
- Sustainable supply chain
- Customer health and safety
- Projects in schools for the most vulnerable pupils

Governance

- Customer satisfaction
 - Code of Ethics to be promoted within the company
-

Learn more about our
Sustainability Report

CARBON NEUTRAL SINCE 2021

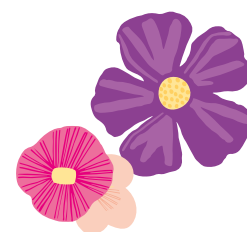

We have zeroed our CO₂ emissions for the third year in a row

Every year, together with Rete Clima, **we calculate the annual** greenhouse gas emissions generated by all our operations.

This year, we zeroed our climate impact thanks to emissions reduction measures and 4 **offsetting projects**:

- Over 38,000 tonnes of CO₂ reduced/year thanks to a plant generating **wind energy in India**;
- Around 900,000 tonnes of CO₂ avoided/year with a plant for generating **solar energy in India**;
- Over 300,000 tonnes of CO₂ reduced/year with photovoltaic systems generating **solar energy in China**;
- 7.5 million tonnes of CO₂ reduced/year with a **protection and conservation programme** for 150,000 hectares of forest in Indonesia.

LEGAMI DREAMLAND PROTECTED NATURE RESERVE

Our reserve to protect nature and improve air quality

Three hectares with 2,600 plants and shrubs, 40 native tree species and 250 m² of wetland, with the goal of **tackling the loss of biodiversity and urban natural capital, reducing global warming and helping improve air quality.** A one-of-a-kind initiative, Dreamland is **an area open to flora and fauna that will play an active role in building a sustainable future.** The geographical area where Legami is based has borne the brunt of outdated, self-destructive development and land use decisions, and **we want to change this.**

The Dreamland project has allowed us to go beyond zeroing all our corporate emissions, making us a **Climate Plus** company. We are creating an environmental and social “plus” for the entire country.

CLIMATE PLUS

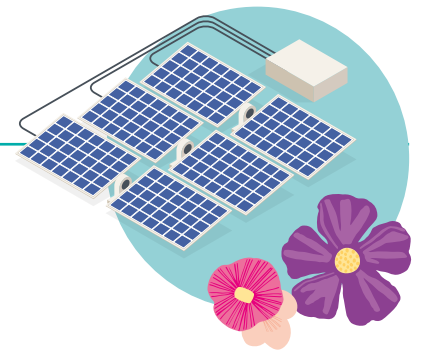

WE'RE MAKING A SUSTAINABLE IMPACT ON THE PLANET

We work with our customers every day towards a positive impact on the environment

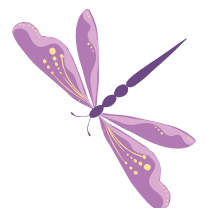

To meet our energy needs we have equipped our headquarters with **solar panels**, and we only purchase **certified green energy** derived from renewable sources.

We guarantee the **traceability of the paper and wood** used along the entire production chain of our products with **FSC® certified paper**.

We have developed guidelines for **boutiques** with a **low environmental impact**. We have replaced all the shopping bags in our stores with **compostable bags** or bags made with **materials derived from sugar cane**, like Green-PE, and our receipts are made from **recyclable paper**.

THE MARK OF RESPONSIBLE FORESTRY

OUR COMMITMENT TO THE WELL-BEING OF PEOPLE

We are committed to our communities and projects close to our hearts

We have mapped the suppliers responsible for **90%** of our turnover, and we carry out regular checks so that we only collaborate with those who respect international ethical and social principles.

We have supported **CESVI** and the House of Smiles Programme for over 15 years. The non-profit offers safe spaces for children in rundown suburbs in Italy and across the world.

We support our community with local social projects: we are a **Gold Sponsor of the Serie A1 Volley Bergamo women's volleyball team** and we support **Teatro Donizetti**, one of our city's historic institutions.

© CESVI/Gianluigi Guercia

Legami Universe

A WORLD FOR EVERY OCCASION,
WAITING TO BE DISCOVERED

Our worlds are populated by imaginative, colourful, cheerful and fun objects with one goal: stimulate and make people feel good and experience positive thoughts in their everyday lives.

New and original products designed to warm the heart, make people smile, and provide a few minutes of happiness, all at an affordable cost. These products bring joy to gift givers and gift getters.
