# CAMPGROUNDS STAFF PICKS

## MILLE ROCHES

Beautiful well shaded and private tent campsites on the water, that offer great fishing, canoe and kayaking opportunities directly off your campsite.

## HOOPLE ISLAND AT MCLAREN

I'm a tent camper so I don't need services; the views are beautiful, great access to the water and gigantic sites; can't hear your neighbours at all.

## WOODLANDS

Lots of sunny sites but enough shade; wandering lanes to explore with young cyclists; great sheltered shoreline ideal for teaching new paddlers, 2 small beaches and stunning sunsets.

## UCMBS

I like the Bird Sanctuary for its serenity. As our smallest park, it's less crowded and probably has the best views of the St. Lawrence.

## IVY LEA

In addition to a great location and scenic vistas, Ivy Lea has great campsites, roofed accommodations, wooded areas, clear blue water, a great beach and a suspension bridge.
