Spring into the Future of Fairfax County Parks!

Dear Fairfax County Residents,

I'm thrilled to share some exciting news with you—the Parks Count! 2026 Parks Needs Assessment is almost here! This effort will use research, trends analysis, and community input to help the Park Authority meet the diverse park and recreation needs of everyone in Fairfax County. This vital initiative is all about shaping the future of our parks, and we need your voice to make it happen.

Fairfax County's parks are so much more than green spaces. They're places where families play, friends gather, and our community thrives. Now, it's time to dream big about what our parks can become in the next five years. Your input will help us improve facilities, enhance programs, and create a park system that reflects the needs and aspirations of everyone in Fairfax County.

There are many ways to make your voice heard in the coming months:

- Take the online survey to share your ideas.

Everyone deserves access to vibrant, welcoming parks and programs. We're especially committed to hearing from all of our community, including those who don't currently visit us. All feedback is essential to understanding why and ensuring equitable opportunities for recreation and connection across Fairfax County.

Together, we can make our parks in Fairfax County even better—places we can all be proud of and enjoy. So, thank you for joining us on this journey to reimagine and enhance our incredible park system.

FROM CAMP COUNSELOR... TO A CAREER WITH FCPA!

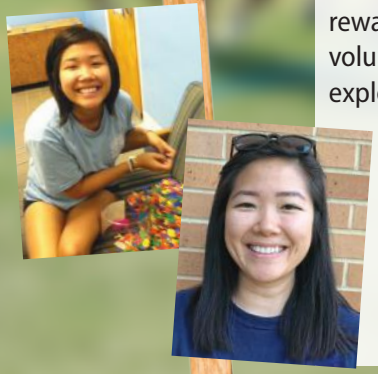

What starts as a summer job can spark a lifelong career. For many Park Authority employees, the journey from camp counselor to full-time professional has been a path of growth, mentorship and lasting impact.

Natalie Sandelli, a Recreation Programmer with 29 years of service, began her journey at Spring Hill Rec Center as a camp counselor and director. "I never imagined I'd make a career out of this," Natalie shares. "But the support and respect from my coworkers have made all the difference." She advises aspiring employees to focus on reliability and authenticity, saying, "Soft skills like respect and timeliness can't be taught, but they're crucial for success."

Alex Marstall, S.T.R.E.A.M. Coordinator at Ellanor C. Lawrence Park, has a deep connection to Fairfax County's parks. After participating in multiple camps as a child, Alex returned in 2022 as a camp director at Lake Accotink Park, where she managed various nature camps. "I love working for the Park Authority because of the professional and personal connections I've made," she says. "Collaborating with passionate individuals in environmental stewardship is truly rewarding." Alex encourages those interested in a career with FCPA to start by volunteering or participating in a program to connect with current staff and explore opportunities.

Christine Wu, now Franconia Rec Center Manager with 16 years at FCPA, also started as a Spring Hill camp counselor. "Seek out diverse experiences," Christine advises. "Shadow different roles, attend training and network. These opportunities helped me grow within the Park Authority."

GOLF FAIRFAX COURSES
UP TO PAR ALL YEAR LONG

Golf Fairfax courses prioritize and continually commit to maintaining their grass and turf in order for golfers to have the opportunity to play year round. Managing hundreds of acres of meticulously maintained turf amidst daily play and changing weather cycles is no small feat, requiring careful planning and dedication to enhance every golfer's experience. Golf Fairfax staff recognize that the science of turf management is essential to keeping all eight courses in top condition.

To keep courses lush and playable, a comprehensive turf management plan runs from mid-March to mid-August. This plan includes preventative maintenance tailored to weather patterns, such as managing rainfall and combating summer heat. "Our goal is to provide golfers with consistently excellent playing conditions," says Carmen Gianni, Director of Agronomy. "We use fertility programs, pest protection and an advanced irrigation system to keep the turf in top shape."

Last summer, Twin Lakes Golf Course introduced Bermuda grass at its range, replacing bentgrass with a more resilient option better suited to heavy use. This new grass allows golfers to practice on natural grass tees up to five days a week, and plans are underway to expand its use to other Golf Fairfax ranges and fairways.

Golfers can also help preserve the turf by applying bug spray and sunscreen away from greens to avoid damaging the grass. These efforts ensure pristine, well-maintained courses all year long.

Learn more about Golf Fairfax courses, ranges and programs at www.fairfaxcounty.gov/parks/golf.

Golf Fairfax is revolutionizing the way golfers enjoy their game with cutting-edge technology that enhances every aspect of the experience. From booking tee times to perfecting swings and finding the ideal equipment, these advancements keep players on the course and at the top of their game.

Combining the Noteefy virtual assistant with the Golf Fairfax tee sheet eliminates the frustration of hunting for tee times. With real-time notifications and a new recurring search feature, golfers score their preferred times with ease — whether daily or weekly. Signing up takes less than 30 seconds: users visit the Golf Fairfax website; set preferences for course, time and group size; and let Noteefy handle the rest! When a matching tee time becomes available, golfers receive a direct booking link, ensuring they never miss a chance to play.

After securing a tee time, golfers can elevate and analyze their game with Golf Fairfax's cutting-edge performance tools. The Trackman 4 Golf Simulator at Pinecrest Golf Course provides world-class swing analysis and immersive virtual play at iconic courses around the world, all within a cozy indoor space ideal for practice or socializing. Custom club fittings at Burke Lake Golf Center and Laurel Hill Golf Club utilize advanced Trackman technology and professional expertise Golf Fairfax to equip golfers with the resources to refine their game and achieve their full potential.

SENIORS STILL GOING STRONG WITH RACQUETBALL

When you think of life-long sports, you probably think first of golf, tennis or maybe swimming. But there's one more to add... racquetball. This once widely popular sport, created in the early 50s by combining the rules of handball and squash is played indoors, in a confined court, with a small stringed racquet and rubber bouncy ball. Racquetball was once the fastest growing sport in the 70s and 80s. Even though interest has fallen from its heyday, it can still be enjoyed at any age and typically played with 2-4 players.

South Run Recreation Center (SRRC) has several players in their eighties that still play racquetball regularly and even compete county-wide in the Northern Virginia Senior Olympics (NVSO). Sidney Sachs (88), Phil Rosenthal (82), Glen Dixon (82), Joe Stewart (67) consistently play three times per week during the mornings. Khem Batra (79) has been coming to South Run since it opened in 1989 and joins their group from time to time.

Pictured: Sidney Sachs

Sidney Sachs, former past multi-time NVSO champion is now the NVSO Volunteer Event Director for Orienteering & Racquetball. Sidney played handball in college and started playing racquetball over 40 years ago at Franconia Rec Center. He said he gave one of his gold medals to his doctor for keeping him well as these years.

Pictured: Phil Rosenthal

Phil Rosenthal recently took Gold in the men's 2024 Northern Virginia Senior Olympics Ages 80-84 Racquetball Championships (NVSO), held every September. He also was the overall champion, beating all other division winners resulting in the top male award.

Sidney and Phil have been playing together for about 10 years. In talking with Phil, he mentioned that a lot of people when they hear he plays racquetball ask "Do you play pickleball?" Currently, in the boom of pickleball, many younger people don't realize how popular racquetball once was. Phil started playing racquetball in the late 1980s at Courts Royal. At the time they had 8 courts. Then four were taken away, replaced with Nautilus equipment. Then two more courts dwindled. Back then there were racquetball courts everywhere. Phil said that "You never meet someone who plays racquetball who's not a nice person. Certain respect and comraderie comes with it."

Another amazing group of friendship and skill are longtime South Run members Tony Greico (85), Carl House (82), Alan Beamon (65) and Susie Ritter (63).

In addition to South Run Rec Center, racquetball courts are also available at Audrey Moore, Oakmont, Providence and Spring Hill Rec Centers. For more information, visit www.fairfaxcounty.gov/parks/reccenter.

Celebrate Huntley Meadows Anniversaries

Welcome to Huntley, where a vibrant experience awaits you! 2025 marks the 50th anniversary of Huntley Meadows Park and 200th anniversary of Historic Huntley. Huntley Meadows Park offers a renowned wildlife watching experience through a restored wetland environment. Historic Huntley has many stories yet to be told and mysteries still to be uncovered.

Since the inception of Huntley, the community has supported the park and its conservation goals. In 1975, under the Federal Legacy of Parks Program, Fairfax County Park Authority acquired Huntley Meadows Park for one dollar. Purchased by the Park Authority in 1989, the Villa at Historic Huntley was restored in 2012. The first generation of advocates, CASH (Citizens Alliance to Save Huntley) led by Norma Hoffman, centered on an effort to stop a road from being built through the park. CASH evolved into the vibrant Friends of Huntley Meadows Park (FOHMP). FOHMP and the Friends of Historic Huntley (FOHH) continues to support the Park Authority.

Today, nearly 100 volunteers and staff work at Huntley to provide a meaningful experience for all. There are many ways this special year will be recognized, including volunteer opportunities, anniversary programs, the Art & Architecture event in April and Wetlands Awareness Day in May. For more information, please visit www.fairfaxcounty.gov/parks/huntley-meadows.

Watch the Green Grow (WTCC) on the Fairfax County Park Authority's web map as residents report how they are supporting healthy streams, native wildlife and living green. Fish, frogs, birds, butterflies and other fauna thrive in biodiverse habitats of native trees and plants. Our backyards and neighborhoods are often bordered by forests, allowing homeowners to provide habitats that extend and connect important natural resources. Further from forests, native gardens and green practices create valuable wildlife oases.

watch the green grow

The WTGG website provides information about actions residents can take to support wildlife. Planting native plants, removing invasive species, mowing high, leaving leaves, scooping poop, and shielding outdoor lighting are some of the measures explained.

Whether you have already taken these actions or plan to do so, consider reporting them on the WTGG website. They will show up as a green dot on the web map. Check out your neighborhood on the map to see how many green dots there are.

WTGG staff are happy to meet with HOA's, community groups and schools to support them in initiating green practices. Organizations may also request presentations on topics such as invasive plant management, native plant gardening, responsible outdoor lighting and reduced use of harmful chemicals.

In our parks and on their own property, people are creating and restoring the habitat needed to sustain local wildlife and protect our waterways. Report your actions or just view the map at www.fairfaxcounty.gov/parks/nature-history/watch-green-grow and Watch the Green Grow!

DISCOVER NEW FEATURES THIS SPRING IN FAIRFAX COUNTY PARKS

As spring brings warmer weather, Fairfax County residents have even more reasons to explore their local parks. Over the past year, the Park Authority has been busy completing projects to enhance the community's parks and recreation centers. Here's a look at the exciting new amenities and improvements available this spring, along with a glimpse of what's ahead.

NEW FACILITIES AND AMENITIES

Among the latest additions is a futsal court at Stratton Woods Park, offering an exciting option for soccer enthusiasts. Laurel Hill Park has added a convenient new restroom facility.

For those seeking tranquility, the Green Spring Gardens Moon Gate Project offers a stunning focal point for garden lovers and photographers. Across the county new bike racks encourage greener transportation and Turner Farm Park now features retrofitted light bollards for improved night-sky visibility. Picnic tables, benches and bike racks have been added to Eileen Garnett Civic Space.

PLAYGROUNDS, TRAILS AND ACCESSIBILITY UPGRADES

Playground upgrades include replacements at Muddy Hole Farm Park and Mc-Lean Central Park, plus new swings at Gil McCutcheon Park. Trail improvements at Nottoway Park, Lake Mercer Park, South Run District Park and Rocky Run Stream Valley Park ensure safer and more enjoyable outings. Athletic fields have seen synthetic turf replacements at Ken Lawrence, Loisdale, Sully Highland and E.C. Lawrence Parks, along with irrigation upgrades at Rolling Valley West Park and new fencing at Pine Ridge Park.

Accessibility improvements were also prioritized. Jefferson Manor Park now features ADA-compliant upgrades, including accessible trails to park amenities, updated restrooms, an ADA parking space and enhanced community access.

BUILDING RESTORATIONS AND RENOVATIONS

Restoration projects included repairs to the historic Ash Grove site and upgrades at Lost Lahey Valley. Restroom renovations were completed at Fred Crabtree, Clemyjontri and Pinecrest Golf Course, while clubhouses at Laurel Hill and Twin Lakes Golf Courses were refurbished. Wakefield Skate Park underwent extensive structural upgrades.

LOOKING AHEAD

This spring marks the grand opening of Ruckstuhl Park, as well as progress on projects at Mount Vernon Rec Center, Mount Vernon Woods Park and Hybla Valley Park.

Be sure to visit your favorite park or Rec Center and discover the incredible improvements completed in 2024. Whether you're skating, hiking, playing or simply enjoying the fresh air, there's something new for everyone.

This April, Fairfax County Park Authority's (FCPA) Mobile Nature Center, the Wonder Wagon, celebrates it's first amazing year of delivering interpretive nature programs to residents of Fairfax County. On April 20, 2024, the Wonder Wagon "rolled" into action at FCPA's Earth Day Fairfax celebration at Sully Historic Site. With the support of the National Park Service, the Community Foundation of Northern Virginia, and donations of both individuals and organizations to Fairfax County Park Foundation, the Wonder Wagon was able to kick-off a wonderful season of birding, observing insects, and exploring nature with participants in the 100+ programs delivered in its first year on the road.

FCPA created the Wonder Wagon to deliver stewardship education and nature experiences to residents of Fairfax County who face a nature-accessibility barrier – like time, money or access to private transportation — that may prevent them from enjoying some of the already existing interpretive programs available. In line with the mission, in its first year, the Wonder Wagon provided nature-based experiences at Fairfax County Title I schools, public libraries, NCS family resource centers, community events, local nonprofit programs, and neighborhood parks without nature centers, all at no cost to participants. With over 7,000 individuals reached in its first year of travels, the Wonder Wagon team looks forwards to another season of connecting with Fairfax County residents and the nature where they live. To find out when the Wonder Wagon will be visiting a park near you or how you can partner with the program, please visit our website at www.fairfax-county.gov/parks/wonder-wagon or email our team at FCPAWonderWagon@fairfaxcounty.gov. *The Fairfax County Park Foundation is a sponsor of the Wonder Wagon.*

HIDDEN GEM Franconia Park

Filled with wildlife figures, spinning rocks, bridges and sitting areas, Chessie's Trail is often praised for its commitment to environmental sustainability. The area is home to a variety of wildlife, including birds and small mammals, which enhances the trail's appeal to nature lovers.

Chessie's Trail also connects to the larger park, including playgrounds, soccer and baseball fields, as well as tennis, basketball, pickleball and volleyball courts and an amphitheater that houses the free summer concert series. VOLUNTEER & DONOR PROFILE

Steve Markle

You might say that Steve Markle is a donor and volunteer extraordinaire! Steve would disagree and say that he is a "forester at heart who instead chose a path of naval engineering as a Naval Officer." Steve has been involved with what would become McCutcheon Park when he served on the task force to determine the outcome of an 18-acre property that was originally slated for development in 1998. Once the Fairfax County Park Authority purchased the land in 2000, Steve has been involved every step from marking and building the trails, to installing a playground and helping remove rubbish and invasive species.

Steve led his neighborhood families to raise money for a playground that raised $22,300 from 73 families and 2 businesses in 2004 for a playground. Steve wrote the Mastenbrook Grant that was approved for $20,000, completing the funding of the $42,300 playground.

For 24 years, Steve has led volunteer efforts in the park first through the Adopt-A-Park Program and now as the Park Volunteer Team lead at McCutcheon Park. Additionally, since 2013 Steve has been the Invasive Management Area (IMA) program site leader at the park. Not only does Steve help with the removal of invasive plants, but he also helps recruit Scouts and members of the community to volunteer. As site leader, he helps to train volunteers on proper plant removal, plant disposal and tool safety and he educates volunteers about invasive plants. Steve's dedication to his IMA Site Leader responsibilities is remarkable. Since 2013, Steve has volunteered 2,893 hours across 353 days, filling 1,008 bags with invasives and leading 264 volunteers whose hours totaled 3,716! Steve and his team have removed over 7,800 invasive non-native plants, planted 64 trees, 98 shrubs and 205 flowering plants to beautify and save McCutcheon Park.

In 2024, Steve once again helped lead his neighborhood in a fundraising campaign to add long awaited swings to their beloved McCutcheon Park. Steve's efforts resulted in raising more than $20,000 from families and businesses. McCutcheon Park serves as a treasured focal point for community activities and events.

"We knew in 2004 when we put in the playground in Gil McCutcheon Park that it was incomplete without a swing set. Now thanks to the generosity of the public, funds were raised from neighbors and users of the park and in partnership with the FCPA a new swing set was installed this past August. Thanks to the management acumen of the Park Foundation and its ability to work closely with the Park Authority, the project was completed ahead of schedule with funds left over to further enhance the park for its users. It was a terrific experience for the neighborhood to partner with both the Park Foundation and the Park Authority on this meaningful project," stated Steve.

In addition, Steve's responsible stewardship ethic and practical skills have made him a trusted ally in the maintenance of the park. Since forming the McCutcheon Park Volunteer Team in 2022, Steve has contributed more than 700 hours performing essential tasks ranging from pruning branches to keep trails clear, conducting park inspections, completing minor repairs to park infrastructure and facilitating coordination between project vendors and staff. In addition, he has organized and led park cleanups and trail workdays, which have encouraged the participation of neighbors, students and people of all ages in helping to care for the park.

The Fairfax County Park Foundation and the Fairfax County Park Authority are grateful to Steve Markle, the Villamay Community and its residents, for their continued involvement in McCutcheon Park. It truly does "take a village"!

WHAT IS THE PARK FOUNDATION AND WHAT DO THEY DO?

The Fairfax County Park Foundation (FCPF) is the fundraising arm for the Fairfax County Park Authority (FCPA). FCPF raises funds from individuals and businesses, obtains grants and creates partnerships. Specifically, FCPF provides funds for many FCPA programs and projects including:

- The Wonder Wagon Mobile Nature Center and FCPA camps
- Community events like the Summer Entertainment Series, Earth Day Fairfax and Healthy Strides 5K/10K
- Environmental projects like the invasive management area program (IMA)
- Beautification projects like the Moon Gate at Green Spring Gardens and Eakin Community Park.

ADA/Inclusion Support

In keeping with the Americans with Disabilities Act (ADA), Fairfax County is committed to giving all residents equal access to recreational opportunities. Park Authority activities, programs, camps and classes are inclusive, and reasonable accommodations are available for people with disabilities. ADA accommodations include sign interpreters, assistive listening devices, program modifications and inclusion support. To request accommodations, or for more information about adapted program opportunities, call 703-324-8727. The Park Authority makes every attempt to provide accommodations; however, fulfillment of requests received with less than 10 days notice cannot be guaranteed.

Facility Accessibility

The Fairfax County Park Authority offers parks and facilities that are accessible to all Fairfax County residents. For information on accessible features or issues associated with usage, call 703-324-8727 or visit www.fairfaxcounty.gov/parks/ada-inclusion.

Follow guidelines when registering

We suggest if it has been a month or longer since a student has participated in a swimming lesson, that they repeat the previous course completed. If you have any questions about which class is right for you or your child, please contact the Adapted Program Specialist at 703-324-8565. For safety reasons and to ensure customers get the maximum aquatic program benefits, the Park Authority reserves the right to remove students from an inappropriate class and either issue a refund or place them, when possible, in a class that better matches their ability.

Practice and Repetition are keys to success

Each student progresses at a different speed in learning aquatic skills. Students often repeat a level several times before developing the endurance and skill proficiency necessary for advancement. Repeating a level does not constitute failure; it is to be expected. Mastering skills takes time, practice, and patience.

One on One Swim Lessons

(3-Adult) Children must leave parent willingly, be comfortable in the water, and be able to follow simple directions. Private swim lessons are a great way to improve swimming skills and water safety techniques of any level. With one-on-one swim lessons, an instructor can spend more time helping overcome obstacles which may require more time or dedication than a standard swim lesson. Lessons are also available for adult swimmers. Senior discount does not apply to these lessons. See website for details and times.

Refund Policy: Refunds, credits or transfers for day trips are allowed up to 14 days prior to the trip date. Cancelation/refund requests received 13 or fewer days prior to the trip date will not be granted because of bus company and vendor deadlines. For trips requiring deposits, the deposit is nonrefundable. You can, however, substitute another person in your place.

The FCPA retains the right to decline, accept or retain any person as a member of a trip when such action is deemed to be in the best interest of the health, safety or general welfare of the tour group or the individual concerned.

Schedule times are approximate. Reasonable substitutions for some items included in the printed trip description may be necessary in certain cases. Refunds are not given for delays or changes in the itinerary due to weather, traffic, security delays, crowds, mechanical breakdown, or other factors beyond the Park Authority's control. Volunteer Spotlight:

Kim Munshower

Hidden Oaks Nature Center volunteer

I have lived in the county 9 years cumulatively. The first stint in the county started in 2007 when I started volunteering at Hidden Oaks Nature Center, became a certified Virginia Master Naturalist and Certified Interpretive Guide through NAI. Suzanne Holland and the staff at Hidden Oaks invested in my love of nature education, encouraged me to grow, and gave me opportunities to give time and skills to the community. When I moved back to Fairfax County in 2020, Hidden Oaks welcomed me back with the same enthusiastic support and new opportunities to volunteer.

When I'm not helping out at Hidden Oaks, I enjoy paddling at Riverbend and Mason Neck or hiking through Claude Moore, Great Falls Park and trails near my home in Reston. My favorite Saturday morning activity is biking to the Lake Anne farmer's market and coffee house. For a longer ride, the W&OD is great.

When my son was 3 years old, we attended Little Acorns at Hidden Oaks. I prepped craft supplies for that program, then during my Master Naturalist class I wrote a Junior Master Naturalist Workbook with Suzanne Holland's guidance. Those workbooks I donated to Hidden Oaks for sale and use during programs. After graduating I started leading trail walks at the nature center, helped with the Meaningful Watershed Educational Experience (MWEE), and served as the Volunteer On Duty at the front desk.

Dog parks are open year-round from 7 a.m. to 30 minutes after sunset on weekdays and from 8 a.m. to 30 minutes after sunset on weekends and Federal holidays. Neither Fairfax County nor the Fairfax County Park Authority is liable for any injury or damage caused by any dog in the off-leash area.
