DOMETIC.COM/PROFESSIONAL

MINI

BARS

PIONEERING INDUSTRY

GIVE YOUR GUESTS AN UNFORGETTABLE STAY

You will find more Dometic minibars and safes than any other make in first-class hotels across the world. Why? Know-how accumulated over 50 years, a track record of innovation as well as leading design solutions are the three main reasons.

The top of the line new Dometic HiPro Evolution and Alpha range minibars are developed with your business experience in mind. A sustainable minibar is a smart minibar. The new HiPro Alpha and Evolution range is just that. Boasting precise temperature control, world class efficiency and the best minibar cooling capacity, the premium Dometic HiPro range ensures absorption technology checks in for a clean, sustainable future in your hotel.

THE HOTEL AGAIN.

NEW DOMETIC HIPRO MINIBARS

The next generation of minibars

The state-of-the-art design of Dometic HiPro will help you create a premium in-room feeling. With sleek design, elegant illumination and crystal clear doors, invite your guests to treat themselves to something special.

Sustainably checking in

Sustainability means doing more with less. It's a philosophy we put into action with an outstanding energy efficient minibar range on the market. The all new HiPro range delivers more powerful cooling with up to 40% less energy consumption, making a visible difference OPEX for hotel owners.

DRAWER MINIBARS

Unique design, outstanding construction

Our drawer minibars are a class of their own in terms of design, size and functionality. Efficient cooling, convenient slide-out access.

SUSTAINABILITY AND EFFICIENCY: RECOGNIZED EXCELLENCE

At Dometic, we are proud to lead the way in sustainability, efficiency, and innovation in the hospitality industry. Our efforts have been widely recognized with several prestigious awards and certifications.

MOST EFFICIENT 2025 – ENERGY STAR®

Our minibars have been awarded the "Most Efficient 2025" label by ENERGY STAR® in the USA. This accolade reflects our commitment to creating products that deliver exceptional energy performance, helping hoteliers reduce operating costs and environmental impact.

LEADER LEVEL – MINDCLICK SUSTAINABILITY ASSESSMENT PROGRAM (MSAP)

The MindClick MSAP evaluates suppliers based on their environmental and social performance. Our minibars achieved the highest "Leader Level" rating, acknowledging our excellence in hotel impact, end-of-use considerations, packaging, and sustainable production practices.

DOUBLE STAR AWARD

Our Dometic HiPro minibar generation was voted gold in the Food & Beverage category of the Star Awards, a recognition chosen by readers and decision-makers in the hospitality sector. The Dometic MoBar also earned gold in the Technology category, reinforcing our reputation for combining innovation and functionality.

PLUS X AWARD

The Dometic HiPro Absorption minibars have been honored with the prestigious Plus X Award, celebrating excellence in High Quality, Design, Ease of Use, Functionality, and Ecology. As the first chromate-free absorption minibar, this innovation is a milestone in sustainable design and performance.
WHY IT MATTERS

Each recognition we receive drives us further in our mission to provide high-quality, energy-efficient, and sustainable solutions that exceed guest expectations. These achievements inspire us to continue setting new standards for sustainability and operational excellence in hospitality.

NEXT GENERATION MINIBARS

DOMETIC HIPRO

WE DEVELOPED HIPRO WITH HOTEL GUESTS IN MIND

A well-stocked minibar is an expected and appreciated hotel room feature for well-travelled hotel guests. Let's have a deeper look at some outstanding features we offer to the market with the all-new HiPro minibar generation:

Celebrating menu illumination

DEVELOPED WITH YOUR BUSINESS EXPERIENCE IN MIND

HIPRO ALPHA

Many business travellers are constantly on the move living a suitcase life. Most days represent hard work with long hours – arriving late to the room preparing for the next day's meeting while burning the midnight oil. That's why the minibar is a much appreciated feature offering cold beverages and energising snacks. For the leisure tourist, the hotel minibar is an opportunity to enjoy a cold beverage at the late arrival check-in, after a long city excursion and while getting ready for a fun night out – or perhaps waking up with a need to quench the thirst.

VENTILATION GUIDELINES

HIPRO MINIBARS AND HIPRO CARE MINIFRIDGES

Dometic absorption fridges are equipped with an electrically heated cooling unit which is virtually silent in operation. The heat which the cooling unit extracts from the refrigerator interior is emitted at the back of the fridge. If you have a free-standing model, sufficient ventilation is provided in most cases. If you want to integrate the fridge into a piece of furniture, however, the following instructions need to met.
Please note that there must be sufficient room for ventilation behind the refrigerator to prevent heat build-up. During installation, make sure that the refrigerator is standing on a stable, level surface, and not directly near a heat source.

You can find all our documents, manuals and guidelines at documents. dometic.com.

SAF

ES

FROM STANDARD TO PREMIUM

The range of Dometic ProSafe models

Security is an essential requirement for hotel guests, and one of the main reasons for choosing or discarding a destination and a hotel. The Dometic Group, aware of this, is always developing and improving all of its products in order to meet the needs of customers.

The latest product innovation Dometic has launched is a ProSafe range which goes one step further in terms of design, functionality, technology and security. This ProSafe range has a very modern design with a colour display, an illuminated keypad, the latest anti-tampering system and a new website platform which offers the possibility to operate the safe with the strictest security. The elegant cabinets of the new ProSafe generation have rounded corners and edges for enhanced safety. Contemporary design.

- Master key
- LED interior light
- iAudit system – unique in the industry
- Remote Emergency Opening System (REOS 2.0)
  – ultimate security and user comfort
- Battery level check
Premium Class

Excellence in form and function: Dometic innovations like iAudit tracking and the REOS Remote Emergency Opening System ensure security on all levels.

Standard Class

High security level combined with easy operation for perfect comfort and convenience.

PRODUCT FINDER – THE QUICK WAY TO FIND THE RIGHT PRODUCT

Laser-cut door

Our doors are precisely cut and crafted by a laser beam. This allows us to achieve 100% accuracy in dimensions and an extremely small clearance between the door and casing, making the door impossible to pry open.

Anti-Tamper system

With the anti-tampering system, Dometic offers a unique security feature for their models. All anti-tampering manipulation attempts are recorded in the electronic of the safe and can be tracked back at any time.

REOS code

REOS stands for Dometic's Remote Emergency Opening System. The emergency opening system from Dometic is based on an innovative encoding system. The unique solution combines advanced electronics with state-of-the-art online technology to allow simple yet highly secure emergency opening by authorised hotel staff.

Premium iAudit

All operations effected on a safe must be documented – for your own security and for your insurance provider.

This is where Dometic's Premium iAudit system offers a truly convenient solution: the integrated microchip provides storage capacity for the last 1,000 events.

SAM

The unique Dometic Safe Management System (SAM) allows for iAudit Trail and one time emergency code generation (REOS) from a user friendly but PIN secured internet based software tool.

SAFE TO SAY IT'S MORE CONVENIENT

PREMIUM CLASS IN-ROOM SAFES

DOMETIC PREMIUM CLASS SAFES

Protection for more privacy – comfortably and with absolute reliability. With a Dometic Premium Class ProSafe, a hotel room becomes a perfectly private haven for the guest. A safe place for storage, conceived and implemented according to the newest standards. Its innovative and customisable design suits every hotel in a stylish way. Smooth surfaces and rounded edges make it easy to look after and give it long-lasting character. A colour display and the integrated soft-touch keypad make operation easy. And a Premium

Class ProSafe also breaks new ground when it comes to protective properties: pioneering technology like the unique iAudit and the anti-tampering system ensure security on all levels. The demand for contemporary security systems with added convenience is supported by special features such as REOS 2.0 software with its emergency code-opening system (optional).

DOMETIC PROSAFE MD 310 / 390 / 450 SAFE INVESTMENT

The doors on all the Standard Class safe models are precisely cut and crafted. Their robust construction and a locking system with extra-strong steel bolts leave no point of attack for burglars. The LED interior light minimises the risk of forgotten valuables. Fast and secure emergency opening is possible with a master key or master code (depending on the model).

- Robust, reliable construction for optimal safety
- LED interior light makes the contents visible at a glance
- Emergency opening with master key or master code

DOMETIC PROSAFE MDT TOP-OPENING SAFE

Part of the Dometic Standard Class range, the Dometic ProSafe MDT 400 X top-opening safe provides a simple, yet ingenious solution that is easy to operate and safe to use. The top-opening drawer safe can be integrated in an existing furniture drawer and provides easy access to guests' valuables. At the same time it meets the highest demands on ergonomic design, comfort and security with an LED inside light for standard, master key and master code opening possibility in case of emergency, digital LED illuminated keypad, four-digit code and top-opening stabilizer arm. An audio signal confirms that the safe is securely locked.

- Convenient access from above
- LED interior light makes the contents visible at a glance
- Enough room to fit laptop and tablet computers
- Ideal for installation into existing hotel room drawer
- Stabilizer arm for smooth opening and closing of the lid
