

# Oilfield and Industry Consumables and materials

**Professional & Simple supply solutions**  
**Chemicals, Oils & lubricants, Safety & PPE, General supply & MRO**

**Supporting you from our bases in Sattahip and Songkhla, Thailand**

[www.eurolube.net](http://www.eurolube.net) [sales@eurolube.net](mailto:sales@eurolube.net) (+66) 084-1028820

We strive to be a **one-stop-shop** for industrial consumables that offer a simple, consistent and reliable supply option to our corporate customers.

From our humble beginnings in 2001 we have developed to a well known supplier with bases in Sattahip and Songkhla Thailand and with trading international by our sister company Trimar International. Today we supply a wide range of consumables to respected industry leaders, should you not seek what you need on this website do send our customer services team a request and they will source for you.

## What Makes Us, Us?

Our key personnel has a background in oil & gas and customer services.

We understand the value of reliability, consistency and transparency and identify ourselves with these values.

It makes us proud and happy when we can help solve our customers supply requirement in a swift and efficient way and when this results in a long-term returning customer account.

This catalog list the most common items supplied, our sales team are experience in sourcing of many other items, feel free to send us your list of requirement.

Need a service? Perhaps we can help with our network of service provider sub-contractors.

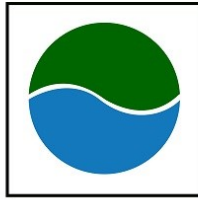

**Strategically located to support Thailand oil & gas and heavy industries**

[Who use what?](#)

Trimar is a market leading producer of cleaning and maintenance chemicals of industrial grade for professional use. You will find most required chemicals here and we can offer top-notch support with swift

Trimar's T-Chemicals are highly efficient and user friendly, all are water based allowing work in "hot" environments and most are environmentally friendly.

PN: T10 Packaging: 5l, 25l, 200l, 1000l

**What?** Water based heavy duty degreaser with incorporated corrosion inhibitor. Cleans oils, grease, fats, carbon, soot etc. Non-foaming.

**Where?** Oil & gas installations, ships, industrial, work shops etc.

**How?** Spray, brush, soak, rag. Can be diluted by water as required.

**Why?** Efficient and safe with minimal environmental impact, non flammable

## T10 Degreaser– Water based

[Data Sheet](#)

PN: T11 Packaging: 200l, 1000l

**What?** Potassium based hold and ship cleaner. Slightly foaming

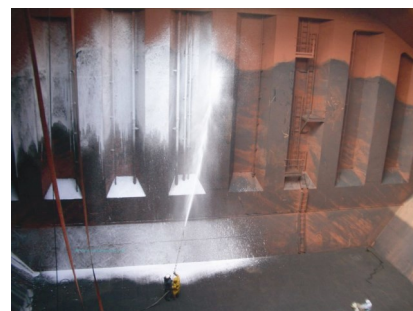

**Where?** Holds, tanks, structure, deck etc.

**How?** Mix with potable or seawater, spray mop or brush on..

**Why?** Water based and safe, economical, make holds grain-clean, easy to use.

## T11 P-Wash hold cleaner

[Data Sheet](#)

PN: T20 Packaging: 5l, 25l, 200l, 1000l

**What?** Water based rig wash for cleaning of rigs, ships, platforms and similar. Concentrated form.

**Where?** Oil & gas installations, ships, industrial, work shops etc.

**How?** Spray, brush, soak, rag. 1 part T20 to 20 parts water for general cleaning, adjust mix as required.

**Why?** Efficient and safe with minimal environmental impact, non flammable, concentrated, pleasant scent.

## T20 Rig wash– Concentrate

[Data Sheet](#)

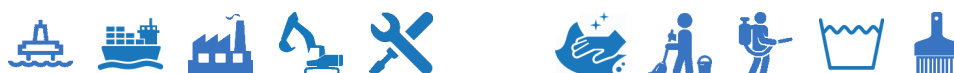

PN: T21 Packaging: 25l, 200l, 1000l

**What?** Water based rig wash for cleaning of rigs, ships, platforms and similar. Eco blend.

**Where?** Oil & gas installations, ships, industrial, work shops etc.

**How?** Spray, brush, soak, rag. 1 part T21 to 10 parts water for general cleaning, adjust mix as required.

**Why?** Economical, safe and easy to use with pleasant scent.

## T21 Rig wash– Eco

[Data Sheet](#)

**T22 Rigwash– Ready-mix**

PN: T22 Packaging: 200l, 1000l

[Data Sheet](#)

**What?** Water based rig wash for cleaning of rigs, ships, platforms and similar. Ready to use.

**Where?** Oil & gas installations, ships, industrial, work shops etc.

**How?** Spray, brush, soak, rag. Can be diluted by water as required.

**Why?** Low cost and no mixing required.

**T25 Deep Cleaner– Concentrate**

PN: T25 Packaging: 5l, 25l, 200l, 1000l

[Data Sheet](#)

**What?** Water based professional grade industrial all-round cleaner for removal of dirt, grime, traffic and environmental film etc.

**Where?** Factories, plants, industrial installations, buildings

**How?** Spray, brush, soak, rag. 1 part T25 to 20 parts water for normal cleaner, adjust as required.

**Why?** Efficient and easy to use, pleasant scent

**T26 Deep Cleaner– Eco**

PN: T10 Packaging: 25l, 200l, 1000l

[Data Sheet](#)

**What?** Water based professional grade industrial all-round cleaner for removal of dirt, grime, traffic and environmental film etc.

**Where?** Factories, plants, industrial installations, buildings

**How?** Spray, brush, soak, rag. 1 part T26 to 10 parts water for normal cleaner, adjust as required.

**Why?** Economical and multi-purpose

**T27 Deep cleaner– Ready Mix**

PN: T10 Packaging: 200l, 1000l

[Data Sheet](#)

**What?** Water based professional grade industrial all-round cleaner for removal of dirt, grime, traffic and environmental film etc.

**Where?** Factories, plants, industrial installations, buildings

**How?** Spray, brush, soak, rag. No mixing required.

**Why?** Low cost and ready to use

PN: T30 Packaging: 25kg

### T30 Descaler– Safe Powder

**What?** Descaler powder used to remove scale and rust internally in water systems. Sulphamic acid based suitable for chlorinated systems.

**Where?** Any chlorinated water system with scale problems, pipe, tanks, heat exchanger etc.

**How?** Mix T30 in water, soak and circulate for best effect.

**Why?** Safe in chlorinated systems, improve heat exchange and flow, restore systems.

[Data Sheet](#)

PN: T31 Packaging: 25l

### T31 Marine Growth Remover

**What?** A liquid remover of marine growth such as barnacles, shells etc.

**Where?** Strainers, buoys, wire, structure etc.

**How?** Soak and circulate for best effect, spray on and brush on. Rinse and use a light spray of T10 for corrosion protection.

**Why?** Remove MG where mechanical means are not suitable, restore fouled equipment, improve flow, reduce drag and weight

[Data Sheet](#)

PN: T32 Packaging: 25l

### T32 Rust remover & Metal brightener

**What?** Removes rust from carbon steel, restores stainless steel.

**Where?** Removes rusty streaks on painted surfaces, remove rust on steel, restore pitted and discolored SS.

**How?** Spray, brush, soak, rag.

**Why?** Can be used on hot environments, effective and non flammable, minimum preparation and support, make your equipment look good again.

[Data Sheet](#)

PN: T36 Packaging: 25l

### T36 Cement remover & cleaner

**What?** Removes cement spills from equipment, restores cement surfaces.

**Where?** Clean fouled equipment and tools, clean fouled and dirty cement walkways, laydown areas, parkings etc.

**How?** Spray or brush on, let soak and react. Hose off with fresh water..

**Why?** Restore ugly and slippery cement surfaces, no need for HP machines, clean fouled equipment.

[Data Sheet](#)

### T37 TrimAcid Hydrochloric Acid

PN: T37 Packaging: 25kg

[Data Sheet](#)

**What?** Hydrochloric acid 35% for cleaning of holds, pH control, pickling  
**Where?** Clean bulk holds after cement cargo  
**How?** Mix with water and apply with HP sprayer or chemical applicator  
**Why?** Prepare for grain clean, clean spills.

### T40 Engine Coolant and corrosion inhibitor

PN: T40 Packaging: 25l

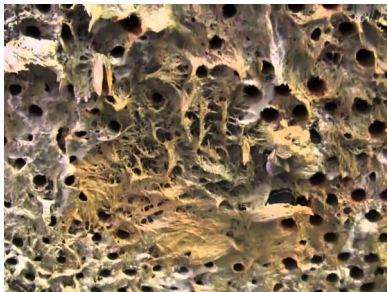

[Data Sheet](#)

**What?** Diesel engine coolant for use in any cast iron engine.  
**Where?** Ships, engine, equipment engines.  
**How?** Clean the system with T30, Mix T40 with de-mineralized water 3%, top up every 12 months.  
**Why?** Prevents overheating, protects cooling system and prevents scale and corrosion

### T41 Seawater Anti-foulant

PN: T41 Packaging: 25l

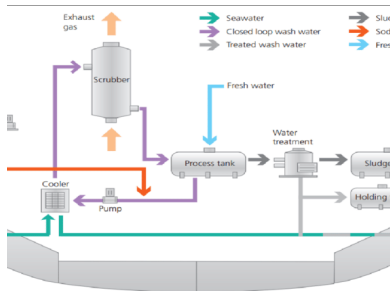

[Data Sheet](#)

**What?** Prevents marine growth in flowing or static conditions.  
**Where?** Seawater system, cooling, fire-water, trim, ballast etc.  
**How?** Chemical dosing at seawater intake, or batch treatment of static (tanks)  
**Why?** IMO 2020 compliance, economical tank cleaning

### T50 TrimaSod –Soda Ash

PN: T50 Packaging: Tanker truck, IBC

[Data Sheet](#)

**What?** Sodium Hydroxide 50% for IMO 2020 exhaust scrubbers  
**Where?** Used in exhaust scrubbers, or use in COW or stem injection systems for tank cleaning  
**How?** As per scrubber instructions, as per cargo operations manuals  
**Why?** Low cost and ready to use

PN: T81 Packaging: 20kg

### T81 TrimaChlor –Disinfectant

**What?** Chlorine (Sodium Hypochlorite 10%) for sanitation and disinfection.

**Where?** Ballast tanks organism control, stain and odor control, waste water treatment etc.

**How?** IMO regulations in ballast water. Brush or spray on for hold cleaning..

**Why?** IMO, MARPOL compliance, Sanitation, Clean fouled equipment

[Data Sheet](#)

PN: CT8010 Packaging: 5l, 25l

### CT8010 Virus and Bacteria Buster

**What?** Bacteria and virus killer for use in highly populated areas to reduce spread of illness and ensure hygiene. Alcohol free!

**Where?** Accommodation, offices, canteens, schools, hotels, restrooms. High touch areas.

**How?** Wiping high touch areas, fogging in general areas.

**Why?** Eliminate bacteria and virus spreading, ensure healthy and productive living and working environments.

[Data Sheet](#)

## Wire lock resin

Wire rope resin for socket making

**WIRELOCK**

## Sprays

Sprays for maintenance, testing and general work from all the famous brands

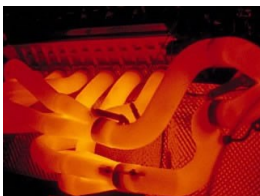

**Chemetall**

**MAGNAFLUX**

**CRC**

## Nalco Nalcool 2000 coolant

Nalcool 2000 engine coolant for cast iron diesel engines

## Repair and build up

Repair putty, cold welds and leak stop, emergency repair and similar situations where welding is not the best option.

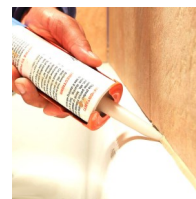

## Refrigerants

R22, R-404 and all other commonly used types

## Silicon and acrylic sealants

Sealants in most types and major manufacturers.

## Adhesives and glue

Adhesives and glues from the most popular manufacturers and brands

## Battery acid and water

Battery fluids

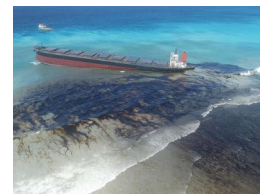

## Sounding paste

Sounding paste for water or diesel tanks

## Oil spill dispersants

Oil spill dispersant for ocean spills and part of SOPEP kits. We also have a full range of oil spill pads, booms, pillows etc.

## Gojo Hand cleaner

Heavy duty hand cleaner, general soap and protection creams etc.

## Engine oils

Engine oils such as the popular 15W40 and similar for high speed diesel engines, and all other types of engine oils.

## Gear Oils

Gear oils and open grease

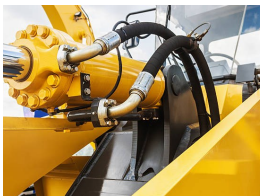

## Grease and lubricants

All common greases such as EP to Lithium based greases and more.

## Hydraulic oils and fluids

Oil based and environmentally friendly hydraulic fluids.

## Diesel and fuel oils

Diesel and fuel oil supplied to any port or location in Thailand

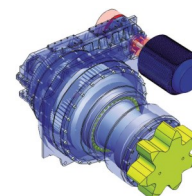

## Thread compounds

Thread compounds from Bestolife, Jetlube and ThredOn

## Jacking, skidding and open gear lubricants

Open gear lubricants, also environmentally friendly products such as Enviro-1 and Ts210

## Wire rope lubricants

Traditional economy friendly and environmentally friendly options.

## Valve lubricants and sealants

Desco 1055 premium valve lubricant, 108TFE Sealant and all other valve lubricants from Chemola Desco

## Anti Seize lubes

Anti seize and anti galling products

## Specialist grease

Specialist grease, compressor lubes and others

**TRIMAR FRC**

[Data sheet](#)

**Trimar MK2 Cinco**

**What?** Inherently flame retardant (IFR) coverall suitable for work in tropical and hot environments

**Material:** 49% Modacrylic 42% Cotton 5% Para-Aramid 3& Polyamide 1% Anti-static. Rip stop weave.

**Specifications:** EN ISO 11611, 11612, 1149, 61482, 13034, NFPA 2112 70E

**Why?** Super comfortable and hot climate suitable, highest safety specifications, durable, stylish and safe.

Our MK2 coveralls use European standard sizing, have 2” reflective tape, triple stitching and bar tacking for the highest durability and safety, our popular bright orange makes you both highly visible and let you stand out from the rest.

*Logo and markings available in all possible types and sizes!*

**Trimar MK2 FR Cotton**

[Data sheet](#)

**What?** Treated cotton fire retardant (FR) coveralls in 260gsm high quality cotton and professional make.

**Material:** 260 gsm cotton 3/1 Twill, durable FR finish

Specifications: EN ISO 11611, 11612, 61482, 13034 NFPA 2112, 70E

**Why?** Comfortable, low cost, spec compliance

Trimar MK2 coverall, or pants/ jacket in Aramid and Nomex IIIa material in various colors and weights.

**Aramid/ Nomex**

MK6 short sleeve coverall in soft and light cotton for comfortable indoor or low risk environments.

**MK6 Short sleeve coverall**

Disposable coveralls for cleaning and chemical work

**Disposable coveralls**

Rain coats and rain jackets/ pants in PVC and with reflective markings

**Rain wear**

Fire man suit, boots, helmet, gloves, balaclava etc.

**Fireman suit and ARC Suit**

ARC suit with full set of accessories, also high voltage gloves etc.

TST suits for protection up to 3000 bar protects against high pressure water when cleaning and cutting. Full range of PPE including head protection, hands and feet and various options of 500, 1000 or 3000 bar protection.

**HP Suits up to 3000 bar**

Staff shirts, anniversary, team, celebration, branding etc.

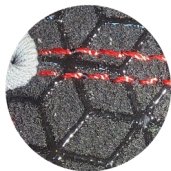

**Staff wear**

Shirts, caps, bags, mugs and any other promotion item to celebrate and make your team stand out.

**Trimar Elite Cut & Impact**

PN: TIG01-Size

[Data Sheet](#)

**What?** Trimar Elite is designed to be a all-purpose glove for cut & impact protection providing unrestricted dexterity and comfort. Web-grip anti-slip and touch screen fingertip completes it.

**Specifications:** EN388:2016 4422EP ANSI A6

**Why?** Comfortable and fatigue free, great grip and flexibility, all-round and multi-purpose, work with confidence and style.

**Hexarmor 2090x Thin Lizzie**

PN: 2090X-Size

HexArmor

[Data Sheet](#)

A knitted type impact glove with sanded nitrile palm coating.

EN388 4X44EP, ANSI A4

**Hexarmor Helix 3062IMP**

PN: 3062IMP-Size

HexArmor

[Data Sheet](#)

A knitted type impact glove with ultra-thin foam nitrile palm coating.

EN388 3X43FP, ANSI A9

**Hexarmor 4026 Chrome**

PN: 4026-Size

HexArmor

[Data Sheet](#)

Mechanical glove with impact protection and Hexarmors superfabric in the palm.

EN388 4X21FP, ANSI A8

**Hexarmor 4073 SLT**

PN: 4073SLT-Size

HexArmor

[Data Sheet](#)

Goat skin Mechanical glove with impact protection HPPE liner

EN388 Pending, ANSI A6 ANSI contact heat 2

PN: TMG-5972-Size

## Trimar Edge Mechanical

**What?** Trimar Edge is a comfortable mechanics and general glove with adjustable cuff closure and touch screen enabled fingertips. The best alternative when impact guards are not required or wanted or as a professional general work glove.

**Specifications:** EN388:2016 3121X

**Why?** This glove is built for the best fit and comfort and looks cool and professional, its touch screen enables finger tips are suitable for the modern life style and instrumentation.

[Data Sheet](#)

## Hexarmor 4032 Chrome

PN: 4032-SIZE

Mechanics gloves with class leading cut protection on palm  
EN388 4X31F ANSI A8

[Data Sheet](#)

HexArmor

## Chemical gloves

Full range of chemical gloves from disposable type to impact and cut protected.

SHOWA

MAPA  
PROFESSIONAL

HexArmor

## Traditional gloves

Traditional leather, cotton and polka dot gloves. Sold by dozen.

## Welding gloves

Traditional MMA/SMAW and TIG of different lengths to more modern types with impact protection.

## Food handling gloves

Butchers/ chopping chain mail gloves and hygienic food handling gloves with high dexterity and cut protection.

**Trimar Fighter**

[Data sheet](#)

**What?** A modern lace-up boot with side zipper. Fighter uses cow hide top grain leather waxed in “crazy-horse” style, durable Rubber/PU outsole Kevlar mid sole and composite toe cap, all with superior comfort in mind.

**Material:** Upper full grain leather, RU/PU outsole with scuff cap, Kevlar midsole. Composite toe cap

**Specifications:** ISO 20345:2021 Class 1 S3S SR HRO FO A SC

**Why?** Light and all day comfort, durable and long lasting, professional grade. Because you are worth it!

**Jallatte Jalarcher**

[Data sheet](#)

Jalarcher is a modern high lace up style boot with size zipper, it is no-metal design with composite toe-cap and Kevlar perforation protection mid-sole. Vibram outsole.

**Jallatte Jalaska**

[Data sheet](#)

Jalaska is Jallattes traditional rigger boots and a best seller world-wide. Its AP23 leather is stronger than most!

**Wellington Rubber and PVC Boots**

Wellington boots with safety toe cap and option for steel mid-sole

THE LOGICAL CHOICE

**Closed toe accommodation shoe**

Closed toe type slippers for accommodation and offices, popular for use at offshore to keep indoors clean and tidy.

Midrange safety boots in medium cut and low-cut types. High quality and comfort at very reasonable cost and low MOQ, short lead time. Suitable for project orders, fleet wide etc.

### Mid-range safety boots

Economy range safety boots in reasonable quality and comfort, the prices quality and comfort of these boots will beat the competition in this entry level price range.

### Economy range safety boots

Fire fighting boots

### Fire fighting boots

Foot protection for up to 3000 bar pressure

### HP 3000 bar boots

### Safety helmets

Safety helmets including the traditional MSA V-Guard and full brim, climbing type helmets and all the accessories such as chin straps, etc.

### Bump caps

Bump caps for comfortable head protection in lower risk environment and where agility and mobility is valued.

### Era muffs and defenders

Overhead, behind-the-neck and helmet mounted ear muffs

### Era plugs

Ear plug refills and stations

### Eye-wash station

Stationary and mobile eye wash stations

### Lens cleaning station

Lens cleaning stations, refill solution and tissues

## Safety glasses

Safety glasses from the major manufacturers, traditional, over glasses and modern sporty models.

**bolle**  
SAFETY

**uvex**  
SAFETY OPTICS

**3M**

**MSA**  
The Safety Company

## Safety goggles

Safety goggles in all common styles and features

**bolle**  
SAFETY

**uvex**  
SAFETY OPTICS

**3M**

**MSA**  
The Safety Company

## Masks and cartridges

Masks and filters

**3M**

**MSA**  
The Safety Company

## Filters

Filters for N95, virus etc.

**3M**

## Visors

Visor for head or helmet mounted

**3M**

**MSA**  
The Safety Company

## Welding masks

Head and helmet mounted welding masks and consumable lenses.

### Work vests

Work vests in Sea horse type, also inflatable types

### SOLAS Life jackets and life saving

SOLAS life jackets, life buoys and related items

### Marine emergency and signaling

Signaling and pyrotechnics. Flares, smoke, rockets, line throwing devices, EPIRB, Personal locator beacon, and all the rest

### Push and pull sticks and tangle free tag lines

Push and pull sticks to control lifting in a safe “hands-off” way. Tag lines with oversized double action hooks and coated tangle free 20mm rope.

### Safety Signs

All the standardized safety signs, as stickers, reflective and other versions as your request

### Lock out/ Tag out

Full range of lock out and tag out.

## Gas detection

Gas detectors, clip-on, hand held and stationary from the major brands.  
Also calibration and test gases and calibration services.

## Fire safety

Full range of fire safety from smoke detectors, extinguishers, hoses, foam, monitors, cabinets and all the rest. Also services for refill, testing etc.

## Sick bay and clinic supplies

Refill your sick-bay, clinic or first aid stores from us, whether used or expired we can help with most clinic and medical re-supplies.

## Fall protection

Harnesses, fall arrestors, accessories

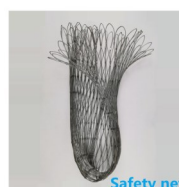

## Spill response

Full range of spill response for separate refill or as complete spill-kit.  
Pads, pillows, booms etc.

## Fall protector and load bearing drop net

Stainless steel fall protector mesh to prevent dropped objects for lights, speakers and other installations from dropping (in case of fixture failure)

## Accommodation cleaning supplies

Brushes, brooms, mops, squeegees etc.

---

## Cleaning chemicals

Floor, window, toilet/ head, galley, laundry cleaning chemicals

---

## Jumbo bags/ Compactor bags

For garbage and bulk handling, bin liners.

---

## Pots, pans and related

Pots pans, cutlery and other kitchen tools

---

## Serving

Serving equipment, machinery and supplies

---

## laundry

Full range of laundry supplies, note only 50Hz 220V available

---

## Bedding and textiles

Bed sheets, mattresses, duvets, covers, pillows, bath and hand towels and all related

## Well fare supplies

TV, Gym and fitness equipment, games, decoration and other supplies for welfare at accommodations. Also full range of awards, celebration and gifts etc. as per your request.

## Medical and clinic supplies

Supplies for the ships and rigs clinics, sick bay or medic first aid kits

## Cabin and common areas supplies and spare parts

Full range of consumables and spare parts to maintain your cabins and common areas such as toilet, showers, locks etc.

## Stationary

All the stationary you can think of!

## Printers and ink

Full range of printers and ink cartridges from all major brands.

## Ropes, lashing etc.

Ropes from thin cord to heavy mooring rope. PP, manila, nylon and all other commonly used ropes. Lashing equipment.

## Lifting equipment

Lifting slings and belts, wire rope and wire sling, shackles, clamps, hoists and every other lifting equipment. We also provide services through our network of competent partners.

the **Grosby** group  
inc.

## Scaffolding, access

Full range of scaffolding, ladders, nets, poles and other access equipment

## Paint and paint equipment

Paint and paint application, surface treatment consumables

 **International**

 **JOTUN**

 **HEMPEL**

## Hand tools

Full range of hand tools from locally available brands, we also import special hand tools from our partners overseas to meet your requests.

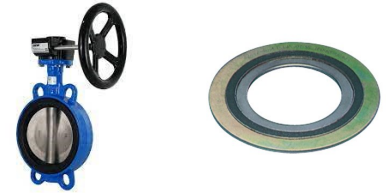

## Power and Pneumatic tools

Full range of power tools (50Hz/ 220V) and pneumatic tools.

## Valves and gaskets

Valve, gaskets, sealing sheets and related. Send us your request with specification!

## Bolts and fasteners

All types of bolts, screw and fasteners and related consumables

## Mechanical spare parts

Spare parts for machinery and mechanical equipment, NB!  
We require full brand and part-number.

## Electrical consumables and spare parts

Electrical consumables such as lights and related spare parts, note to provide full manufacturer and part-number in your spare part request.

## Filters

Filters for oils and other fluids or for air intakes

## Instruments

Instruments and test equipment, gauges and alert systems

## Rental equipment

Rental air compressors, generators, welding sets etc. for your projects in Thailand. Full range of equipment rental fur network of well stocked rental partners.

## Lifting equipment service

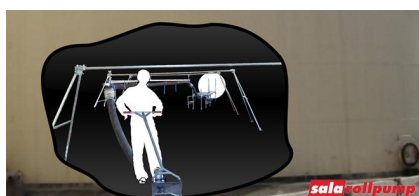

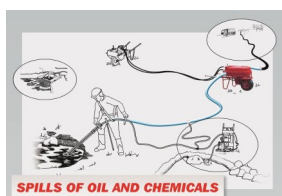

Crane and winch repairs, testing, spooling and related work by our qualified and competent service provider partners.

## Fire fighting equipment service and testing

Through our dedicated Fifi service provider we can help repair, test and certify your Fifi equipment.

## Sludge pumping and Oil spill cleanup

Salaroll super-suction pump for pumping of high viscous debris laden sludge and for oil spill clean up at hard-to-reach locations

**salarollpump**  
THE SUPER SUCTION PUMP

## Bunkering

Bunkering of your ship or rig while alongside at any of Thailand's marine ports.

We are proud to have the trust and long standing relationship with some of the finest industry leaders in the world! The list keeps growing...
