

## Muscle Groups Focus

### Back Trainer

The back muscle trainer is specifically designed to effectively train the muscles of the back. Back training is a constant necessity for beginners and experienced exercisers alike, which is why a suitable fitness tool such as this back muscle strengthener is important for their regular training.

### Attributes

Product code	1-1-050
Certificate	EN 16630, ASTM F3101
Age group	14 + years
Capacity	1 person
Max. weight load	218.26 lbs
Type	Fitness
Difficulty level	Easy

## Side View

## Plan View

## Installation information

Number of installers (concrete)	At least 2 people
Total installation time (concrete)	45-90 min.
Number of installers (equipment)	At least 2 people
Total installation time (equipment)	20-30 min.
Excavation volume	14,13 ft <sup>3</sup>
Concrete volume	14,13 ft <sup>3</sup>
Size of the base structure	2pc 19.69 x 19.69 x 31.5 „
Anchoring options	In-ground or surface
In combined structures, the volume of concrete required varies.	

## Technical specification

Safety surface area	Around 4.92 ft radius
Net weight	59.52 lbs
Material	S235
Critic fall height	31.5"
Color options	
For more color options, discuss with your sales representative.	

## Warranty

Structure	25 years
Steel	15 years
Paint	2 years
Plastic	5-10 years
Rubber	1-3 years
Moving parts	2 years
Detailed information in the warranty document	

# Material specification

The element is made of high quality S235 steel, which has been cleaned via sandblasting. A corrosion resistant powder coating finish is then applied. Also available with galvanized surface for even greater protection and longevity!

The seats and backrests are made of strong HDPE material. Which is fully heat, moisture and UV resistant.

The connecting elements are fastened with vandal-proof stainless steel screws and nuts.

The ends of the bars and posts are sealed with injection-moulded plastic caps.

The clamp system allows for easy assembly and extreme stability.
