Bryanston

Bryanston is a stunning 18th century mansion house set within the Dorset countryside. With views over the timeless fountain and steps out to the terrace, our State Rooms provide a remarkable setting for a wedding breakfast, reception drinks or party.

If you would prefer to host your reception in a marquee, this option is available at both Bryanston sites and couples can choose which tent they would prefer from a traditional marquee to a tipi.

St. Martin's Church

St. Martin's Church is set in the beautiful grounds of Bryanston overlooking the River Stour. The Church is a short distance from the mansion house, and you can choose to drive or walk through the woodlands at the end of the ceremony.

As with many churches, a Special Licence is required to get married at St. Martin's church. For more information please discuss with our Chaplin or one of our Wedding Planners.

Outdoor Spaces

Bryanston boasts some exceptional vistas, perfect for capturing unforgettable memories on your wedding day. The grounds at both venues have been meticulously maintained by teams of gardeners over the centuries, offering a breathtaking setting for your celebration.

With two expansive terraces, a pond and fountain, along with classical lawns, vibrant flower beds and woodlands, the possibilities are endless. Whether you envision a marquee, a sun-drenched drinks reception, or a more formal outdoor blessing, the venues provide an ideal backdrop for your special day.
