ArchieMeta NFT Explained

Hello ArchieNeko Family,

I've been getting a lot of questions about our Archieneko & Hachi NFTs. I would like to take this opportunity to answer these questions:

Current Archieneko NFT & Hachi NFT aren't affordable to us

They are tied into ArchieMeta and shares the profit as passive income. We have taken every step to reduce the price to the minimum. Currently they are at 1.35 times of their monthly passive income based on factual data. It will be raised to 6 months income once the ArchieChain and Everest P2E is released

Current Archieneko NFT & Hachi NFT don't allow us to stake.

The contract was written as there are no staking functionality to it because of the fact it has passive income, and it will be paid through smart contract.

How can we be part of ArchieNeko and ArchieMeta even with a low investment?

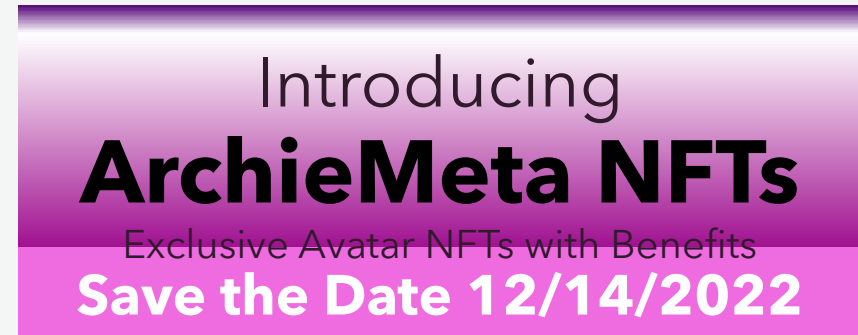

I've heard you and listened to you as always. We are creating an NFT collection called "ArchieMeta NFT" and they will have staking functionality

once Archie Token (\$ARCHIE) deploys in mid-qtr 1 of 2023 as well as other exclusive benefits for owning multiple NFTs

As you all requested, it will be based on ETH and be available to mint at starting price of **.0199 ETH** for the first phase of 5000 NFTs.

The more you own the greater the benefits you will receive. Please feel free to read and let me know if you have any questions or comments.

Thank you and with warm regards

Introducing
ArchieMeta NFTs
Exclusive Avatar NFTs with Benefits
Save the Date 12/14/2022

THIS IS NOT FINANCIAL ADVICE. THESE ARE FOR EXAMPLES OF HOW THE NFTs ARE CALCULATED. ALL FIGURES ARE SHOWN FROM DATA COLLECTED AND ACTUAL MAY VARY. DYOR AND MAKE THE RIGHT DECISION

HISTORY

ArchieToken (Erc20) (ARCHIE) was our first project where we are started and always have the vision and of course, it was well written in our road map that we will have our Blockchain on our own. Our project was created with our holder in mind, and we have done everything in our ability to keep that word and yet volatile pricing in the crypto market caused our chart a lot

We have decided as a community to create our own Layer 1 Block Chain and support upcoming Metaverse (ARCHIE META) project. The need exists to change the current crypto space where the value of your project is only tied to hype and buying or selling the coin/token. Your project can fail instantly just by hype failing, one whale selling off their holdings, or a pump and dump group coming through. In order to survive long-term, a cryptocurrency project needs to have a product/service that generates revenue and this needs to be what the value is based on. This is what we are doing with Archie Metaverse. The demand for services provided in Archie Metaverse will drive the value of Archie Coin independent of the Crypto Market.

Why ARCHIENEKO ?

ArchieChain (ARC) is a decentralized public blockchain that has high performance and EVM compatibilities. The purpose of the blockchain is to solve problems such as low performance and high transactions costs with a faster, more convenient, and lower-cost experience.

ArchieScan is a block explorer for ARC ArchieScan is a service on which any user can view **ARC** network statistics. The main task of the platform is to display information about the latest blocks and transactions of the network.

ArchieSwap is a cryptocurrency exchange which uses a decentralized network protocol

ArcCoin (\$ARC) will be the native coin of ARC Network. The entirety of the **\$ARC** coins supply will be pre-mined upon the release of the main net. **\$ARC** is used for fueling transactions, smart contracts, and dApps.

Users can lock their **ArcCoin(ARC)** on the cross-chain protocol to receive **\$WARC** on the **ArchieChain** blockchain.

Users can use **\$WARC** to deploy and interact with smart contracts, pay transaction fees, and participate in the governance of **ArchieChain** Users can destroy **\$WARC** and reclaim their native **ArcCoin(\$ARC)**.

ARCHIE ECO SYSTEM

Why ARCHIENEKO ?

Island of Archie is a 13000 acres (20 Sq Miles) island system to represent our ArchieMeta. From the tranquil river estuary, breath-taking mountains and sun-drenched beaches, to the modern and futuristic architecture of its city structures,

Archie Metaverse (Island of Archie), a photorealistic metaverse island built on its own unique Archie blockchain; a living experience that is designed to exist continuously and in real time, just as it does in the physical world

Multi Chain DEFI Exchange that enable you to swap 10000+ assets between 18 Blockchains.

Bank of Archie is used to convert the \$ARC (arccoin) to whatever the cash or currency that you need to play the actual game with in the ArchieMeta.

Many non-utility NFTs have no real value other than the value a buyer or community believes it to have, based upon the rarity of its collectability or current hype surrounding the subject. This is where ArchieNeko vastly differs...in a very good way... from other NFT projects currently available with real utilities.

Full functional marketplace for NFT to launch with our low gas fee \$ARC

Security at the topmost priority. 3FA wallet with the ability to create upto 100 sub-wallets.

Introducing ArchieMeta NFTs

Exclusive Avatar NFTs with Benefits

These are 3D base photo realistic character based NFTs that you can use as Avatars to enter the ArchieMeta.

These characters will be used to animate and will be available to you to enter and walk around or play in our upcoming Metaverse project. In addition to it, it will have more benefits for people that buys them in quantity. There are seven (7) exclusive clubs and they all have added benefit based on the amount of NFTs you owned. Only requirement is to have them in one wallet:

- | | |
|----------------------|-------------------------------------|
| 1. Elite Club | (10 or Fewer Archiemeta NFTs) |
| 2. Top Gun Club | (Between 11 - 25 Archiemeta NFTs) |
| 3. Admirals Club | (Between 26 -50 Archiemeta NFTs) |
| 4. Club 777 | (Between 51 - 75 Archiemeta NFTs) - |
| 5. High Rollers Club | (Between 76- 100 Archiemeta NFTs) |
| 6. Meta Master Club | (Between 101 - 250 Archiemeta NFTs) |
| 7. Archie Executive | (Over 251 Archiemeta NFTs) |

You will be able to stake these NFTs once Archie Token (\$ARCHIE) launches on ArchieChain soon.

* Archie Token (\$ARCHIE) will be deployed late January or Early February of 2023

ArchieMeta NFT

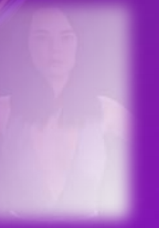

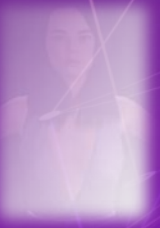

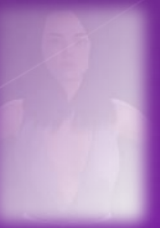

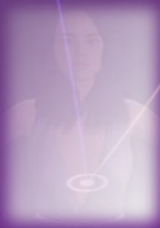

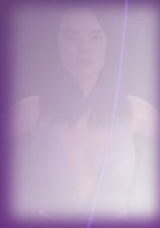

Exclusive Avatar Model NFTS

- ✓ 30 Phases
- ✓ Total 150,000 Avatars
- ✓ Staking Functionality
- ✓ Passive Income through Rental
- ✓ Club Rewards and Benefits for Owning Multiple NFTs

Exclusive Avatar Model NFTS are the newest addition to ArchieNeko Family. We are introducing this collection to fill the need of "Avatars" that visitors needed in the ArchieMeta. Visitors often will use these avatars in our ArchieMeta to attend a concert or even to visit our Casinos or any other projects.

There will be a total of 150,000 avatars altogether and will be released in 30 phases. These Avatar Models will represent almost all major races and ages to make it interesting and the diversification of our ArchieMeta.

Each character will be named accordingly and released as a separate collection. Benefits will be the same for all but, prices will be different. Earlier phases will have a cheaper price to mins versus later phases will carry higher price tag to build the demand and value

FAQ

1. How many NFTs can be minted at once?
We have not set any limit on how many NFTs can be minted on our first mint that is happening on December 14, 2022. In the future we may limit how many NFTs to be minted at once.
2. What is the admittance fee that is mentioned in Club benefits?
ArchieMeta is a complete MetaVerse project with Play2Earn games, E-Commerce and real estate. We are fore seeing this to be a successful project based on the planning and the vision implemented. Upon completion of this project, we will have to enforce a members only type entry system. At that moment, we will have an entrance fee and for the ArchieNeko NFT holders and members of the Archiemeta NFT Clubs, will have access as show in their benefit package
3. What about FREE and Additional tokens mentioned as a benefit in Club Sections?
FREE tokens that are mentioned in the Club benefits are for the ARCADE centers in the ArchieMeta Play2Earn. You will receive extra tokens to play extra time in the ARCADE centers limited FREE game sections
4. Can we hold these NFTs in multiple wallets?
Archiemeta NFTs must be in one wallet to qualify for the Club benefits as shown.
5. How does the discounts for Projects , ArchieNeko NFT reserve and Real Estate works?
 - A. Projects - Upon you are entering those projects and accessing the projects, for example, shooting range, there is an entry fee, you will have to connect your wallet that holds the Archiemeta NFT and you will receive appropriate discount as outlined.
 - B. Archieneko NFT (reserve) Purchase - You will have to email your NFT number you wanted to acquire along with your Archiemeta NFT wallet that qualifies the benefit to info@archieneko.com and we will apply the correct discount as outlined.
 - C. Real Estate - You will have to connect your Archiemeta NFT wallet to the benefit center (to be released mid of 2023) of the Archiemeta NFT and enter the unique code that generate from there.

6. How does the Bank of Archie works?

Bank of Archie is the internal exchange swap exclusively for ArchieMeta. Upon entry to the ArchieMeta, you will be directed to Bank of Archie, provide you have \$ARC or \$WARC in your connected wallet.

Bank of Archie swap will currently have 4 different token in that are able to swap to:

1. ARCE - Everest Casino Cash
2. ARCV - Venus Casino Cash
3. ARCR - Royal Archie Cash
4. ARCM - Archie Meta Cash

You are able to swap from \$ARC or \$WARC to any one of these tokens and vice versa. Please note, you can't swap within the tokens (for example, arce to arcv or vice versa) and can not transfer to any other wallets. Swap must be done to and from \$ARC/\$WARC to one of the token always.

7. Can you buy different avatar that are releasing later on and still qualify for the Clubs?

Yes, you are able to acquire any Avatar from any collection and it will all count towards your quantity qualification for the Clubs.

8. Can you list these NFTs in OpenSea to sell?

Yes, you are the owner and you have the right to do it. There is a 10% creator fee

9. Can I send these NFTs to cold Wallets?

Yes, you can. If you are planning to stake it then you can not.

10. How does the Passive Income work, and how do you distribute the Passive Income?

Passive Income is added to the Avatar Collection by engaging a rental system for these avatar. We have set a floor price for the rental of these avatar at .005 BUSD. These avatars are to be used for visitors in the ArchieMeta. Based on the rarity, popularity and demand, you can change the list price in our ArchieMarket Store. You are in full control of these process and there no fees to list or enlist your NFTS. But, from the rental revenue we will collect 10% to maintain the system.

11. What if I need to use the Avatar for myself that is listed?

You are able to list or unlist as you please. Except, if your Avatar is listed and there a rental booking on it, then you will have to wait

12. Do I have to give you the access to NFT if it needed to be listed in ArchieMarket Store?

No, you won't need to give any access and the wallet is entered in the store to get paid

THANK YOU
