# TRINITY™

## BOND REPAIR LEAVE-IN TREATMENT

A NEW Generation of bond building and hair repair. The Trinity Peptide Complex repairs and restores hair, reaching new limits for healthy hair and longer lasting hair color.

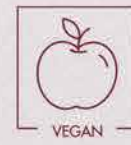

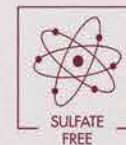

- Naturally restore and supplement damaged hair protein
- High-density cross-linking process bonds the newly restored hair's protein together
- Organic penetrating oil delivery system with abundant antioxidants
- Naturally acidic

# OLAPLEX

INSPIRED BY SALONS. PROVEN BY SCIENCE.

## NEW!

A curl-defining styling gel with flexible, medium hold for bouncy, smooth, strong, crunch-free, frizz-free curls, waves, and coils every day.

### KEY BENEFITS

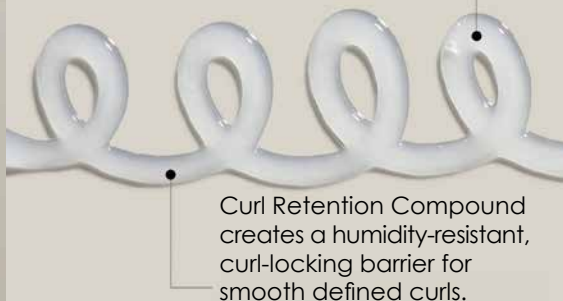

72-hour frizz control\*  
3X greater curl retention\*  
Smoother, easier detangling,  
& more conditioned\*

\*Clinically proven

### HOW TO USE

1. Apply and evenly distribute a small amount to clean, wet hair in sections.
2. Scrunch in an upward motion to enhance natural curl pattern, or use desired curl-defining technique.
3. Air dry or diffuse until dry.
4. Once dry, gently scrunch to release curl cast for frizz-free curls.

OLAPLEX Bond Building Technology relinks curl-forming disulfide bonds and strengthens hair

Curl Retention Compound creates a humidity-resistant, curl-locking barrier for smooth defined curls.

**HOT TIP** for extra protection, layer or cocktail with No. 9.

To boost shine, once curls have dried finish with 1-2 drops of Olaplex No. 7 in a smoothing motion.

# OLAPLEX

INSPIRED BY SALONS. PROVEN BY SCIENCE.  
POWERED BY PASSION.

## INO Extension Products

### SHAMPOO

Our luxurious, color safe, botanical rich Shampoo is designed to strengthen weak hair, moisturize dry, brittle hair and help keep color from fading. Good for all hair types

8 oz / 236 ml

(ISSH08)

### CONDITIONER

Our nourishing, color safe, botanical rich Conditioner is to be used as a daily alternative to our iNO treatment. Detangles, smoothes and strengthens, leaving hair healthy and resilient.

8 oz / 236 ml

(ISCO08)

### EXPRESS SPRAY

Our advanced formulation is designed to be used to maintain the iNO treatment in between use or on the go. Enriched with botanicals, our spray strengthens weak hair, detangles and adds shine.

4 oz / 118 ml

(IESS04)

### SERUM

Using state of the art technology, our serum is both weightless and conditioning. It provides long lasting shine, smoothes hair, reduces frizz and strengthens weak hair. Providing long lasting luster and shine.

1 oz / 30 ml

and \$9 off 60g Jars

15% off of  
Files & Buffers

# What is Fortify by Fuzion?

When Fortify components are used correctly...they will *SLAY YOUR OVERLAY!* The main Fortify components are: Bond, Construct, Colour Construct, Base, and HEMA Free Gel Polishes. See below for applications for each Fortify component.

## Structured Gel Manicures

Bond

**"Bond"** is the first step after the natural nail has been prepped and cleansed. 1-2 coats of Bond is applied to the entire nail (no cure). It works with all other Fortify components. Its acts like double sided sticky tape, and keeps the Fortify products attached to the nail. It does not need to be cured.

First step is "Bond" applied to natural nail

Construct comes in regular formula, and HEMA Free!

**"Construct"** is a clear 1 step Builder in a Bottle (BIAB). It's a medium flexibility soak-off gel designed for structured manicures (overlays). Clear Construct is the perfect viscosity for easy gel overlays, little finish filing required. Expected wear is 3 weeks.

Applying "Construct" Cure time 60s UV/LED

Colour Construct

**"Construct"** is also available in various colours. The **"Colour Construct"** line has a great selection of nudes and natural tones as well as some unique sparkly shades. These are ideal for building structure and colour in one step! Expected wear is 3 weeks.

Applying "Colour Construct" Cure time 60s UV/LED

Structured Mani with Colour Construct

## Basic Gel Manicures

Base

Fortify **"Base"** is a HEMA Free base gel designed for an easy to soak-off gel manicure service. It is not recommended for use with "Construct". Fortify Base is formulated to work best with our Fortify Gel Polish. It is a soak off gel that will create the perfect smooth surface to apply gel polish.

Prep the natural nail, cleanse, apply 1 coat of "Bond", apply an even coat of "Base" to the entire nail, cure 60s UV/LED. Apply 1-2 coats of Fortify Gel Polish, curing 60s between coats, then top with Gloss making sure to cap the free edge. This service can be done in under an hour.

### Fortify Basic Gel Manicure

Apply "Base" as first step. Cure 60s UV/LED

Finished nail with Fortify HEMA Free Gel Polish

### Fortify "HEMA Free Gel Polish"

What sets the Fortify gel polish apart from others is that it's created with the same formula as "Construct" but in a thinner viscosity. It's durable, flexible, and a dream to apply. Expected wear time of a Fortify Gel Polish Manicure is 2 weeks and can easily be soaked or filed off. The nearly 100 different shades are unique and highly pigmented, many covering in one coat! They can be applied on top of any structured gel or acrylic nail, no "Bond" or "Base" required, just a smooth buffed surface.

### Fortify Structured Overlay with Fortify Gel Polish

You can follow the steps for a structured mani, but finish with Gel Polish on top!

HEMA Free Gel Polish

**Fortify Topcoats** come in 3 formulas: original **"Gloss"**, HEMA Free **"Shiny Top"** and HEMA Free **"Matte Top"**. All are tack free, durable, and stain resistant. Cure time 60s UV/LED.

NEW COLLECTION

# DYNAMIC DUALITY

It's time to deepen the relationship between the earth; by honoring ancient wisdom and knowledge of botany, while also acknowledging the increasing role of AI technology and the virtual worlds that influence our daily existence. With this Fall 2024 collection, let's celebrate the best of both worlds! The aesthetic is highly expressive with slick, goopy textures. The palette has a combination of metallic effects that give a futuristic feel reflecting the excitement of new technology paired with earth tones that evokes stability and reminds us of our roots.

# SAVE UP TO 20% ON KASHO SHEARS

+ 25% KASHO RAZOR BLADES  
SUBJECT TO SPECIAL ORDER

## BLUE SERIES

Available in both offset and straight handle options the Blue series is the longest serving series from Kasho. Forged of high grade VW-10 steel and featuring hollow, mirror polished, fully convex, honed edge blades, the Blue Series shears are ideally for all applications and for slice cutting. The simple adjustable flat-head screws system allows for easy tension adjustments.

**STRAIGHT** KCB-45-S · KCB-50-S · KCB-55-S · KCB-60-S

**OFFSET** KCB-45-OS · KCB-50-OS · KCB-55-OS

## MILLENIUM SERIES

Available in both offset and straight handle options, the Millenium series personifies superior craftsmanship and uncompromising quality. Exceptionally sharp and ergonomic, the Millenium series is also incredibly light and extremely resistant. Featuring the patented Disc Operating System, the enclosed ball bearing will not collect dust, hair or product thus minimizing friction making the shears more comfortable to use and ensures the shears have a considerably longer life span than other conventional models.
