Do You Want Your Retriever On the Cover?

We're always looking for cover photos for HUNTING RETRIEVER magazine. If you have a photo you feel is cover quality, please send it in. Following are the guidelines:

1. All dogs in the photo must be UKC registered.
2. Supply the following along with the photo - the owner's name, contact information and HRC membership number, dog's UKC registration number, and a short write-up.
3. If the photo was taken by a professional photographer, written permission to reprint must accompany the submission; for example, an email.
4. Vertically aligned photos are preferred. All photos must be in focus, of sharp resolution, and in color. Digital photos must be 600 dpi. Send your photos by mail to: HUNTING RETRIEVER Cover, 100 E Kilgore Rd, Kalamazoo MI 49002; email to: huntingretrievermag@ukcdogs.com; or via the UKC website, <https://www.ukcdogs.com/cover-dog>.

INHERENT RIGHTS AND POWERS OF UKC

*(Revised December 18, 2009)

United Kennel Club holds and has reserved to itself certain inherent rights and powers in connection with conducting its business, registering litters, transferring registrations of dogs, licensing events, and awarding titles. These inherent rights and powers include but are not limited to the following:

United Kennel Club has the right to inspect all reports, scorecards and documents related to UKC events. Some, but not all, of the items subject to inspection are:

- a) scores;
- b) disqualifications of dogs for fighting or other reasons;
- c) errors by the recording person; and
- d) documentation excluded for any reason.

UKC reserves the right to correct any mistakes found during such inspection whether or not the document has the signature of a Judge or Club Officer.

UKC reserves the right to itself and in its sole judgement and discretion, to take such actions and impose such sanctions as would:

- a) Bar an individual from entering or participating in any way in any UKC licensed event.
- b) Bar an individual from transferring or registering any pups or dogs in that person's name (joint or full registration) or to any member of that person's family.
- c) Bar an individual from receiving Championship points for any dog registered in that person's name (joint or full registration).

By way of illustration, the following constitute some, but not all, of the situations calling for the above sanctions:

- a) Falsification or alteration of a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- b) Falsification or alteration of any reports of wins issued to UKC.
- c) Falsification or alteration of receipts issued by UKC Judges.
- d) Switching, wrongfully using or attempting to use a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- e) Selling or attempting to sell a dog with false or incorrect UKC Registration Certificate or Pedigree.
- f) Intimidating, threatening, or injuring a Judge, Club/Association member or official, event participant or spectator, or UKC representative.

The six illustrations given above are only by way of example and UKC reserves to itself its inherent right and power to impose such sanctions in any other circumstances deemed appropriate by UKC.

Any individual who is found guilty by a court of law of a crime involving dogs will be barred from United Kennel Club for an indefinite period. A person shall be considered guilty in a criminal proceeding if they are convicted by a judge, jury, or if they enter a plea bargain or other arrangement to plea to a lesser offense, or if their case is disposed of by any form of deferred adjudication; a person shall be considered guilty in a civil proceeding if they are held responsible or liable by a judge, jury, or if a compromised settlement is reached between the parties.

Hello Everyone.

It's that time of the year again when we all need to check our membership status and make certain that it is up to date. All Grand entries are required to have

current membership status for the owners and the handlers.

The Spring Grand will open for entries on February 14th. We are headed back to Omaha, Georgia. The Grand will begin on April 20th. Renee Archer will be the local chairperson. Scott Norman will be the co-chair. Tracy Stubbs and the Grand committee are diligently working with them and currently planning for another great event featuring some of the best retrievers in the world.

As hunting seasons for migrating birds are either closed or winding down, I have had far more reports about terrible

seasons than good ones. I think almost everywhere in the USA and Canada have had both record heat and record cold temperatures.

Please welcome two new Public Relations Representatives. Randy McComas will be serving Region 7A and Darrel Day will be serving Region 8A.

Please be aware that we have a new Upland title. Your dog can now accumulate 100 Upland points and earn an Upland Hunter Champion (UHCH) title. We are already getting a lot of interest in the new title.

Since the last magazine publication, HRC has added a new club in each of these states: North Carolina, Florida, Tennessee, and Utah. As we continue to grow and have more tests, we need more volunteer workers and judges. If you are not currently a club member, please consider joining a club and helping with tests and training days. If you would like to start judging, please talk to your club president or your Field Representative.

Please remember that we are all volunteers. We can find a place for everyone.

Train hard, play hard.

Dog to the line!

Jack, Glen, Sarah, and Kristine

Note for Dogs who had Earned 100 Upland points before January 1, 2024:

For dogs that earned 100 Upland points before January 1, 2024 and wish to have the Upland Hunter Champion title, submit a Title Issue Application found under "Forms and Rules" in the "Hunting Retriever" section of the UKC website.

MEMBERSHIP INFORMATION

The Hunting Retriever Club is composed of individuals and clubs interested in the improvement of the retrieving breeds, in the training and testing of Hunting Retrievers, in the awarding of Championships to those dogs that pass the testing program, and in the fellowship, cooperation and learning that can take place when people and dogs, rather than competing with each other, are working together to reach mutual goals of excellence.

The hunts have been designed to closely duplicate actual hunting conditions and situations. The training aspect of the program and the four levels of competition allow dogs and handlers at all levels of experience to learn, improve and work toward Championships.

Your membership includes a year's subscription (6 issues) to *HUNTING RETRIEVER*, a membership card and a copy of the *UKC/HRC Rules and Guidelines for Hunting Retriever Tests*. Domestic rates (U.S. and possessions) are \$25 a year, \$30 a year for a family; (\$17.50 per year is designated for the magazine subscription.) Dues cover a 12-month period. Dues are to be sent to: Hunting Retriever Club, Inc., 100 E Kilgore Rd, Kalamazoo MI 49002-5584. Phone: (269) 343-9020.

Duck Blind

A black dog, likely a Labrador Retriever, is shown from the chest up, standing in a lush green field. The dog is holding a bird, possibly a quail, in its mouth. The dog's fur is wet, and there are water droplets visible on its coat and the surrounding grass. The background is a soft-focus green field.

CONGRATULATIONS, DAMIAN AND DABBY FROM FOUR STATES RETRIEVER CLUB

Four States Retriever Club would like to congratulate one of our own on achieving the coveted Hall Of Fame.

GRHCH(4) UH Dabblers's Disastrous Sunrise MH HOF and owner Damian Stroderd, DVM, recently made her Hall of Fame status. She is completely amateur owned, trained and handled. She is the third Hall of Fame dog to come out of Four States Retriever Club behind **GRHRCH(9) UH Ole Mighty Dollar Bill HOF** owned by Nathan Sloan and **GRHRCH(6) Roux's Smokin in Nick of Time HOF** owned by Melissa Fyffe.

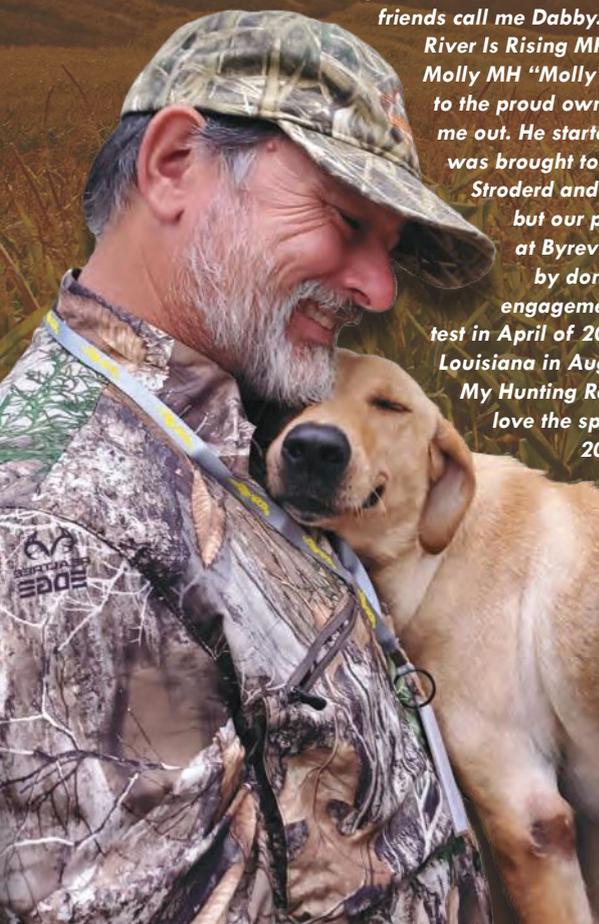

Look out HRC, that's three and more on the way.

Keep it up Four States!

GRHRCH(4) UH DABBLER'S DISASTROUS SUNRISE MH HOF "DABBY"

Hi my name is GRHRCH(4) UH Dabblers's Disastrous Sunrise MH HOF but my friends call me Dabby. I am the daughter of GRHRCH UH North Fork's Big River Is Rising MH MNH HOF "Zeke" and GRHRCH Flirt's Disastrous Molly MH "Molly". I was born July 31, 2015 in Dyersburg, Tennessee to the proud owner of Molly, Ty Cobb. My lifelong best friend picked me out. He started teaching me all kinds of things from the first day I was brought to my new home. My human family consists of Debbie Stroderd and Damian Stroderd, DVM. Dad and I both enjoy hunting but our passion is hunt tests. I go to work with dad most days at Byreview Veterinary Clinic and sometimes I help other dogs by donating blood. I have helped dad with some speaking engagements; he likes to show off some, but I steal the show. I was introduced to my first hunt test in April of 2016 at Four States Retriever Club, our home club. I earned my Started Title at Central Louisiana in August 2016. My Hunting Retriever Title was received at Cajun HRC in October of 2016. My Hunting Retriever Champion title came at South Arkansas in August of 2017. I learned to really love the sport and I like to train all the time. My first Grand Pass was at the Louisiana Grand in 2018. I got my Upland Hunter Title at Lonesome Dove all four passes in one weekend in February of 2020. We were inducted into the 500 Point Club at North Louisiana in 2021. I passed my second Grand in 2021 at the Missouri Grand and earned my Grand Hunting Retriever Champion Title. We then for a short time ran some AKC hunt tests and earned a Master Hunter title. My third Grand Pass was at Music City in 2022. My fourth Grand Pass was acquired at Old South in 2023 but I was short of the 1000 points required for the coveted HOF. Dad made a plan and we executed it perfectly. We got our 1000 points and the Hall Of Fame at our home club, Four States Retriever Club. I have competed at hunt tests in seven states during my career. I have raised two litters of puppies. Out of those two litters several of those kids have titles already. Three HRCH titles and five HR titles already and one chasing a Grand title, as well. I am not looking forward to retirement. I want to play the game as long as Dad is right there with me. I am eight years old and I may have slowed down just a tad but I still have a fire in my heart and live for my name being called, "Dabby."

BABY, IT'S COLD OUTSIDE!

BY LYNNE FRADY

This is not a news-worthy statement but in case you have not noticed it's winter and baby, it's cold and snowy outside. Why is it that all the things I love to do are in the winter? Sky does not understand my dismay and she can't figure out why our training sessions have been much shorter than usual. This is also the dog that we ran the air conditioner for on the way home when we picked her up from Rhett Riddle at Bay Creek Kennel. The kennel is three and a half hours from me, and it was February! Sky turned eight on January 6 and she still loves cold, wet and snowy weather which is what you need for a waterfowl retrieving maniac, she loves her job.

All hunters work extremely hard during the off season to keep their dogs in top condition and HRC clubs and hunt tests are the perfect places to do this. After waterfowl season is over and the last decoy is cleaned and put away it's time for a well-deserved rest. Except for Sky, and I am sure she is not the only retriever that believes that rest is not necessary. She wants to have her training session every day. She pokes me with her nose, throws toys in

my lap and gives me every opportunity in the world to understand training will take place every day.

I am a hunter and I have spent many days afield wondering if I would be the first ever recorded human popsicle. When that first flock of ducks roll in and the day breaks, the sky is glowing with a glorious sunrise and my dog makes the perfect retrieve, I don't feel the cold and every second of each hunt is worth the effort. On top of that, I wouldn't change one thing.

Hunting and training are two different things in my world when it's freezing cold outside. I have devised a plan that works perfectly for me, and Sky accepts it even though it's not outside with the north wind blowing up her nose. We train in the shop!

Don't worry about Sky, she still gets plenty of outside time and if it's not terribly cold we still train outside. On the days I don't feel like putting on every piece of insulated camo I have, we drag out the rugs and play the place board game. It can be done in the house, basement, a barn or any in closed area, then transferred outside.

This is great for dogs just beginning to do place work or veteran retrievers that like to be challenged and have some fun. You can use place boards, rugs with a rubber back, tree stand platforms or elevated stands. For now, I am using rugs since I have loaned out my place boards to clients.

First, establish the object you want your dog to sit on as their “place.” I begin place training when pups are young, I point to the object, give the pup a command, “place,” and give them a small morsel of string cheese when they sit on it. Next step is to have pup sit on the “place,” have the pup wait, throw a bumper, send them and have them return to their “place” and take the bumper from them for the next throw.

As a pup gets a firm grasp on what “place” means, you can have pup sit on their “place,” walk away a few steps, throw the bumper and do a “remote send.” Then you will move back beside the place board to receive the pup on the place board and take the bumper.

Establishing “place.” Here I’m using a rug, it can be any object you will hunt with or see at a HRC hunt test. I will point to the “place,” and give the command. I use the word “place” and if necessary step toward the rug to get the dog in motion.

After pup has these skills under their little furry belt it’s time to have some fun. It’s time to add another “place!” If your pup does not understand the first part of this drill do not add another place board or the realm of confusion will be endless.

Sky is ready to do a “remote send,” it’s very hard to take clear pictures of lightning!

I like to start certain drills inside due to the fact the dog is use to every smell/every object. Outside there are numerous factors that will distract your student. When you add your second “place” it will be relatively close to the first one. I don’t move my first location, think of it as a known blind, it’s always in the same spot. I want to be able to move between the two “places “ in the time it takes Sky to retrieve a bumper, so I have to be quick.

By this time I have the ability to cast the pup about twenty yards to the first “place” with a “remote send” for the bumper. My next step is to establish the second “place” the same way I did the first, make sure you prevent the pup from cheating and going to “place” number one. You are going to work only the second location for several days until they get the hang of it.

Here Sky returned to “heel” position at my remote location.

Next you are going to incorporate both “places.” I stand beside “place” number two with the pup sitting on it and I’ll throw the bumper, as the dog goes out, I will move and stand in between the two “places.” The pup brings

the bumper to heel, I take the bumper and point, cast, and the pup goes to “place” number one. I’ll do this for several days and then switch and start from the number one “place” and cast to number two.

As the young dog gets better at the drill, add distance between the place boards. When they can do this part of the drill consistently, you can change the location of where you stand to throw the bumper and receive the dog at “heel” position. Then you will have the ability to cast your dog from any location. This drill gives you the ability to cast your dog to a location away from you. In a hunting scenario, this can give you the ability to cast your dog to a elevated stand in flooded timber. If you hunt from a duck or goose blind, sometimes it’s nice to have your dog outside the blind on a place board or a dog blind. This is also a cool tool to have if you use a layout blind, your dog can be in a dog blind or a place board slightly away and behind you. This will protect your dogs ears and give them a vantage point to watch the direction you are pointing the barrel of your shot gun. No matter what you will be using in the field these training days, this drill will give you success. Always make sure you use the equipment, place boards, dog blinds, elevated stands, etc. when you train—that way it is not an issue when you are hunting.

When the pup understands this drill inside, then we take it outside to the field and do a lot of review before we start adding distance. Give it a try. As for now, on those super cold days, Sky is content with doing this drill in the shop. She gets some exercise mentally and physically and she forgives me for being a wimp!

Until next time, Keep your nose in the wind!

HALL OF FAME SHOWCASE

GRHRCH(5) UH LOUIS OF LOVELAND HOF

Requirements for earning a Hall of Fame certificate were set forth by HRC. A dog is required to have passed four Grand Hunts and have accumulated 1,000 Championship Points. Fewer than 100 dogs in the history of HRC have accomplished this. UKC has reached out to HOF dog owners to showcase these incredible athletes. Read about them in this series.

“I feel very honored to receive the acknowledgment and proud of the accomplishment. But it wouldn’t mean a thing if I didn’t have good friends in HRC to celebrate it with.”

Amateur Handler, Mike Schwan from Loveland, CO

GRHRCH (5) UH LOUIS OF LOVELAND HOF, Male, Labrador Retriever

Feature Photo Provided by: Mike Schwan

Q: Are you a professional or amateur handler?

A: I am an amateur trainer who has benefited tremendously from the members in my home club, Platte Valley, and a few good friends who are professional trainers.

Q: How long have you been involved with HRC? And how did you get involved?

A: I got involved in HRC in 2000. One of the local sportsman’s shows had a dog demo from an HRC club and I was amazed at how the dogs could hold a bumper and deliver to hand. Went to my first club training day and the rest was history.

Q: Who were Louis’ sire and dam? Are there any other notable dogs from his line?

A: Sire: GRHRCH(5) UH North Fork’s Big River Is Rising MH MNH HOF

Dam: HRCH Big Muddy’s Slick Phillie

Q: What is Louis’ personality like?

A: Louis is a very happy dog that loves his work. He sits by my feet wherever I am at in the house.

Photo Provided by:
Mike Schwan

Q: What are his strengths? Does he have any weaknesses that you've had to work through?

A: He is steady at the line unless he thinks it is a single or double, which is often. He has a lot of drive but is responsive. He handles and marks pretty good, has picked up a couple of hot blinds, but has made me proud on more than one occasion. At a test in early 2023 in Southern Colorado, while not paying attention, I realized Louis had gotten too close to the blind. I blew my whistle, and he sat two feet from the bird looking straight at it. We walked away with a ribbon, and it wasn't the first time he passed in spite of me.

Q: At what age did he acquire his first title and at what age was he when he entered the HOF?

A: He got his HR title at age 2 and was 8 when he entered the hall (of fame).

Q: Did you train Louis? If not, where was he trained?

A: I trained Louis but could not have done it without the help of the Platte Valley HRC members and a few good friends who are professionals. This is HRC.

Q: How would you explain your relationship with Louis?

A: I spoil Louis a little too much. Although he doesn't sit in the front passenger seat, he is usually lying in my lap while I am driving. It isn't the safest way to travel, but that is how we have rolled.

Q: What is a favorite hunting story that you have with Louis?

A: I didn't start duck hunting until after I got involved in HRC. I quickly developed a love for it and have been blessed to have a nice area. My favorite memories are the retrieves when I shot ducks that sailed deep in the cattails and Louis hunted deep out of sight persistently in the area until he came out with the bird.

Q: What, to you, makes Louis a Hall of Fame dog?

A: He doesn't give up.

Q: What does having this Hall of Fame accomplishment mean to you?

A: I feel very honored to receive the acknowledgment and proud of the accomplishment. But it wouldn't mean a thing if I didn't have good friends in HRC to celebrate it with. Great people. It's been a great ride!

Q: What words of encouragement do you have for those striving to reach the Hall of Fame?

A: Make it a goal, train for it, and do it. Training for and running the grand will make your dog a better hunting dog. If you don't accomplish your goals with your first dog, try with the next one. The Grand is a lot of fun, especially training prior. Enjoy the journey!

Q: Do you have any final advice for those just getting into the world of HRC?

A: Make sure to get involved in your local club. Dive in, not only at training days, but join the board or be an officer. Finally, when I started HRC with my first dog, I had the "My dog is the best" syndrome and thought I knew how to train. Don't think that. Listen to what experienced club members have to say and follow a good training program. I still have the best dog though.

HRC Licensed Hunt Test: More Than Meets The Eye

Rich Carpenter | 22039 County Rd 9, Weldona, CO 80653 | rich@theriverbottom.com

*Conceived By Hunters For Hunters. When we boil it all down, all the time and effort most of us, HRC members, spend out training, helping with club activities, running tests, etc. is because we are hunters! HRC training and running HRC-licensed tests certainly helps us have much better hunting dogs. Thanks HRC and UKC for your invaluable part of this enterprise!

It's easy to attend your first licensed HRC hunt test and think there is a lot going on. And, there is a lot going on. Before anything starts that morning you may have made new friends in the parking lot. First-time handlers are nervous about how and where to check in. Dogs have a feeling something exciting is at hand. The Hunt Secretary and sidekicks are processing late entries, doing sign-in and maybe selling tickets to the social, raffle, lunches or whatever. There's an air of excitement as a whistle blows and the host club's president or hunt chair calls all the handlers together for a welcome, imparts some basic information, provides the ever-important gun safety reminders and who, in what vehicle, people should follow to their respective stakes to get the actual test underway.

Hunt Secretary: It just plain ain't going to happen without them! Typically their work starts long before the licensed test, it's about a full-time job during the test, and isn't done until well after the test. Let's give a huge tip of the camo cap to these very important folks.

Generally in fairly short order everybody is in the right spot unless somehow the leaders took a wrong turn or the followers heard wrong or took their own wrong turn. Handlers sometimes look at the test site and imagine the worst thing possible that a couple of smiling judges could have hatched up for them to experience in this idyllic setting. Then the whistle sounds again, along with the call of, "Handlers!" And what's really going to happen is divulged. Sometimes Seasoned and Finished handlers breathe a sigh of relief that the impossible blind marker was just a piece of orange ribbon left over from somebody training. Then again it could be the other way around and a lot of the old timers are joining the nervous newcomers chucking their cookies behind the trucks.

Bird Steward: A hugely important job that tends to be inadequately recognized and a bit thankless as most of it is out of sight at the licensed hunt tests.

Then the test dog runs and it's on. The Marshal keeps order in the ranks, the judges judge, and the avian launch technicians put ducks into orbit. Finally handlers gets their moment of truth on the line and a chance to get nervous, have severe brain cramps, and maybe wonder how their well-trained mutt morphed into an absolute monster since leaving the kennel box in the truck. Then the run is over. Maybe we just ate up the test or, maybe the test just ate us. Or maybe we gave the judges plenty to judge and we've got a long wait to hear if a ribbon is in our future.

So the morning series is over and everyone heads to where the afternoon test will be held and it all starts again.

By sometime in the afternoon or, worst case, when poppers are flashing in the gathering darkness, all the tests are done and, if it's Saturday, it's time to head for the social for a good time, good food, maybe some raffle loot and, hopefully, some ribbons.

Sunday is a repeat. Now, if we are new, at least we know where to go for check-in and have a little better idea of what will happen the rest of the day, though the specifics may still cause a few butterflies before and in that last holding blind. Well, that's for most handlers. There are always a few of us that manage to make a career of getting nervous on the line and shove a shell in backwards, short shuck the Remington 870 pump shotgun, madly dig for our whistle buried under four layers of coats, while our four-legged bud hotfoots it deep into the cattails on the

blind, or we provide some other demonstration of cerebral flatulence. Usually we are allowed to quietly enjoy these embarrassing moments, but not always in Finished. There, our buds in the gallery might gleefully and loudly point out our foibles and we find out at that level it's really not all about the dogs and ribbons, but also about gooning our friends.

But, whether it went swimmingly or went south, we've survived all that was going on and whether we are ready to celebrate, or ready to go back to square one in training, we now know what an HRC hunt test is all about.

Or do we, really? While it's easy for new folks to think there is a lot going on during the weekend hunt test, they have only seen a glimpse of all that's involved. The same can be true for some who have been club members for some time, but who've never stepped up to the pump to help put on a hunt. But chances are (other than the long term member who's never had any intention to share the work load) all that is visibly going on during the weekend of the actual hunt test really is truly just the tip of the iceberg and unseen by those who've not really been part of it.

How so? Well, this is not even close to being complete, but these are some of the things that may have gone on months and months before, several days before the hunt test, on set-up day, during the tests and while handlers are waiting to go to the Saturday night social or for judges to announce the passing dogs on Sunday evening.

Things start happening months ahead of time, sometimes even a year or more ahead. The formal paperwork with UKC for getting the hunt date finalized needs to happen early and according to schedule. Judges have to be approved before the test can be advertised. Grounds may need to be scheduled far ahead. And if not a matter of scheduling them, searching for them needs to start early and takes a lot of work. The major hunt positions, like Hunt Chair, Hunt Secretary, Hunt Committee and Head Marshal have to be settled on and the planning started. Some areas may have plenty of judges but other places, the scrambling for judges needs to start even earlier. And before that the club needs to

Lots to do the day before and the days of the tests, when it comes to having needed equipment at the line and proper signage to get people to their stake. And someone staying late or getting up early to get the signs moved for the Sunday tests. Jump in and join the fun involved with set-up and making your club's licensed test a smooth and enjoyable one.

know what they are doing for the judges as far as gifts, expenses, meals, transportation, etc. A state's wildlife department may require a permit to hold a test.

Where will the social be held? Who will provide the food? When are tickets sold? Who is estimating numbers, whether the club provides food or uses a caterer. If held outside, what happens if the skies open up?

Will there be a raffle? Who's getting the prizes? Who's responsible for tickets? Does the state require a license or permit? None of this happens very well the night of the social.

Birds have to be ordered well ahead. And when unexpected things like the Bird Flu crop up, they may have to solve canceled orders. For an Upland Hunt bird ordering may need even more lead time to be sure of good flyers. Bird Steward is a critical job and tends to be a heck of a lot of work and often doesn't get the public and visible thanks it deserves. While it's still dark and most are still sleeping or grabbing breakfast, this person, and hopefully a helper or two, are preparing the birds for the day's tests.

Avian Launch Technicians: Where would we be without the youngsters who have always been an integral part of clubs putting on licensed HRC tests? We've gone from hand-thrown birds to early "Y" type giant slingshot wingers to these pictured, and to more compact recent ones. In many cases remote electronic releases were added along the way. But always there are the youngsters to run them and someone needed to provide the coaching necessary to get them test-ready. Be sure to thank them.

It takes a lot of poppers for a test. How many? Who orders and when? How are they packaged for the various hunt stakes if they come in bulk? Does the club have 20 gauge poppers for those handlers who need a lighter shotgun? And a Gun Captain is needed to be sure shotguns for handlers are functioning smoothly for the licensed event.

A club needs to get equipment inventoried, repaired and maybe added to or replaced. How much will be needed? Will the test have one for each flight or additional flights? If additional, are there more than have previously

The club equipment is very important to being able to put on a good hunt test with all the gear needed. And equally important are those who store the trailer, and tow it to the HRC tests. Jump in and lend a hand picking up and packing up at the end of the day and end of the event.

days and licensed hunts. Someone that has a suitable vehicle to tow the trailer and be willing to do so is a very important cog in the gears of a smooth running HRC club. If you identify who's hauling the trailer and taking care of birds, thank them. Both are critical jobs that tend to be out of sight.

A newer club may not have anywhere near enough equipment and need to make arrangements with nearby bigger clubs to borrow equipment. Or possibly some judges will bring what they need. But it all needs known long before setup day.

The birds have been ordered, but are there some on site for the judges to use on setup day to run setup dogs, test winger throws, etc.?

Lunches have to be ready for the test. Who's getting (or making) the lunches for the judges and bird throwers? And who is delivering them? Who is getting the bottled water, pop, snacks or whatever for the bird throwers? Coolers? Are there enough for the various flights?

Decoys are needed for realistic tests. Do we have just enough for one flight of each stake but have added flights? The club needs to know and have that covered before setup day. Are they ready to use, or are a bunch tangled up and anchorless?

Then the day comes when setup will be done. The judges arrive, grounds are assigned or picked and then is the time for the grunts and grunt coordinators to take center stage. While the hunt committee members can help with setup, they will be removed from that for a good amount of time as they check and approve the tests, so the club needs to be sure there are enough other grunts on hand. Are there grunts present with trucks that have room to haul equipment?

been provided for? Does the club have enough wingers, holding blinds, winger hides, buckets, gun stands, guns, wire ties, post drivers, T-posts, bird drying racks, blind stakes, etc., etc.? Setup day is not the time to discover shortages. Not only does a club need to acquire a lot of equipment, but it needs a place to store it. Often this is the club equipment trailer and a club needs someone responsible for getting things organized. Also the club needs someone who has space to store it and willing to do so. And all that equipment doesn't get itself to club training

Say that plenty of grunts show up. Who's coordinating who helps what judges? Who is keeping track of equipment and letting judges know how much is available? Who is in charge of bird throwers, advising stake judges the maximum number they will be provided and assign them the morning of the test? Seems like a small thing, but in mixed-age youngsters, assigning the right one to the right stake and job can be important.

So, it's all set up and other than fine tuning and maybe setting up winger hides in the morning so they weren't blown down overnight, all is in readiness.

The first test day arrives. Does the club have plenty of equipment where everything is set up for both land and water for every stake and nothing needing done except for judges to move and do final checking and bird thrower practice? Or does morning equipment need moved to use in afternoon? If so, who's responsible for seeing it makes the move? Who will communicate with handlers where and when the afternoon series starts? Hopefully we don't expect the judges to be workhorses in addition to all their time and effort devoted to test setting and judging and paperwork afterwards.

Come the end of the day, equipment will likely need moved, changed, etc. for the various tests to run on Sunday. Again, who will do it? Who coordinates availability of equipment? Again, let's hope the judges aren't stuck with it by themselves. Easy for everybody to get engrossed in running, watching from the gallery, heading in early for a shower before the social, etc. But turnover for the next day needs done before the social. Chances are some of the setup folks will show up at the social a little muddied.

All the best birds in the world aren't of much use on the test weekend no one is around to throw the marks and plant the blinds. So, somebody had to find individuals or an organization to provide youngsters to do that critical task. And that is usually easier said than done and groups may back out or fail to deliver as needed. And somebody has to train these youngsters who, by and large, do one heck of a job. Oh, does the club have enough hip boots or waders if throwers need them? If inclement weather, are there extra ponchos available to loan the throwers? Better to have some on the equipment trailer than having kids pack it in because they are cold and wet. Is there extra camo for the youngster who shows up in the fluorescent electric green T-shirt?

Will the club take entries and print catalogs and marshal's sheets, point receipts, etc., or will they make use of online entry services? Either way, arrangements need made long before the test.

Often it's the Field Rep, but it's helpful for someone to have a lightning detector to help identify need for lightning delays.

What kind of planning and contact needs done with the land owner or agency in charge of public land? Who does this? Well-before the test can be advertised, tours

of the grounds need done to be certain it can support all the stakes and any multiple flights. If it's new grounds, are things covered for weather that turns roads to soup? May the water disappear in places? Then what? Are locations assigned or will judges pick their test areas on setup day?

The club needs enough shotguns for all the stakes and flights, and they need to be oiled and checked for functioning. Are there extras in case of breakdown? Who hands out the guns and keeps track that they all make it back into inventory and are cleaned and oiled before they rust?

How will communications occur on setup and test days? If it's radios, has the club arranged for plenty, with spare batteries, and figured out what channels will be used for test communication and what will be used for judges to signal throwers, etc.? If it's cell phones, does everyone have the phone numbers they need?

Finally all the stakes and flights wrap up on Sunday afternoon and folks are visiting as they wait for ribbons and packing up to head home. Well, some are, but hopefully all the host club members are pitching in to get all the tests broken down, equipment back to the trailer and loaded up. Ducks need gathered up and fired poppers picked up and grounds policed to keep the landowners happy. Judges need to be doing their paperwork, not tearing down tests.

Speaking of helping, I've never seen a visiting handler chased off for helping break down another club's tests when they are done and it can be much appreciated by small clubs. Speaking of small clubs, if you can get away early on Friday, you might offer to help with their setup

day. You might not be familiar with their equipment and grounds, but you can be a set of hands.

If you now think this is a real bunch of detail and work and sort of makes you shake your head that it all comes off so smooth, remember that to do so it takes a bunch of willing hands making fairly light work of all that needs done. Or it takes a few of the old mossbacks just plain busting hump to get it all together and hopefully happening such that the guests don't realize what a struggle is going on to get it done. Just like an iceberg in shipping lanes, what's out of sight is often the real danger to an HRC club pulling off a smooth hunt test.

So, if you are new, please do volunteer to help with various aspects from planning to accepting one of the important hunt positions, or to take the day off to help with setup the day before. With a good turnout, it really is a lot of fun, we learn a lot, we get to know some of the long-term members and often end up with invites to train. Nothing impresses the old guard like new members who are willing to share the load. Don't worry about not knowing how. Others will gladly show you.

Oh, and one tip, when someone asks you to come help with setup, don't dodge it by saying, "I can't do that; I'd have to take a day of vacation." Well, that's how it works! How about the Judges, Hunt Chairmans, Gun Captains, Bird Stewards, Hunt Secretary, Head Marshal, Set-up Grunts, etc.?

Seriously, help. There are people who don't have vacation or who can't get vacation when they want it or who are on call for work on setup day. No problem, you can volunteer for something that happens other times or during the hunt. HRC tests are great and it feels great to be a part of making them successful. I hope all you new folks will get active in your local HRC club.

Ordering ribbons, keeping track of them and having ribbons and title ribbons ready for the judges to hand out takes a lot of time. Somehow I think this handler and her Golden Retriever are saying a big old "Thanks!"

The real shotgun and retrievers marking to the swing of the gun have always been central to HRC, and primer poppers are part of that realism. Somebody needs to get them bagged up and an adequate supply to Started, Seasoned and Finished.

ATTENTION, ALL HRC CLUBS!

If you would like to have your club report included in the Region Reports section of HUNTING RETRIEVER, please follow these guidelines.

- First and foremost, be aware of the magazine deadlines. Each Public Relations Representative must observe the magazine deadlines, so make every effort to get your material to them well ahead of each deadline. They will need time to compile all the club reports into one document, so don't wait until the last minute to send or e-mail your information to them.
- The deadline is the 15th of January, March, May, July, September and November (or the next business day thereafter if the deadline falls on a weekend or holiday). That is the final date the material must be into the magazine, therefore, ideally, all club reports should be received by the Representative no later than the 10th.
- Any club reports sent directly to HUNTING RETRIEVER magazine, bypassing the PR Rep, will be returned to the sender.
- If your club is not going to submit a report, be sure to let the Representative know so they are not waiting on it.

- Very Important! If you are emailing photos, please send each one as a separate attachment, and please supply photo captions for each photo. Please don't embed the photos in your text document as this changes the values of the photos, making them unusable.
- Please don't alter the photos in any way - including changing the file size or the resolution, and cropping. Please remember that all digital photos will reproduce at the same resolution at which they were taken. A photo taken at a low resolution photo will remain "low res" even if it is "bumped up."
- Please furnish clear descriptions and/or captions for all photos.
- *If the photos were taken by a professional photographer, written permission to publish must have been obtained, and a photo credit must be included.
- Region Report Content Guidelines: The following can be included in the Region Reports: Hunt test descriptions; hunt test photos (group pass photos, for example); items that will be of interest to all national members; photos that relate to the report.
- Please proof all of your material before sending it to the Public Relations Representative.

Erica Wilson

Ottawa Valley HRC - Submitted by Rod Stoddart.

Ottawa Valley HRC members have been busy waterfowling and working the hunting retrievers this year, with lots of success. We are getting ready for our AGM coming up in January, and will be starting preparations for our test we are wanting to put on this year.

Some of our members hunted right up to last day of 2023, breaking ice to get out to open water. Now that is what you call hooked on hunting.

Hope all had a successful season and enjoyed your time, out with your friends and retrievers.

Best of luck to you all in 2024 as we look forward to seeing you soon.

Cheers from Ottawa Valley!

Luther Marsh HRC - Submitted by Erica Wilson

Luther Marsh HRC wanted to spotlight all the members for their accomplishments last year. 2023 was a hard one, bouncing back from Covid-19 and getting life back on track. We are pleased to say that members worked themselves and their dogs last year. We have the following achievements to note:

- Erica Wilson with Cotton got her Started title.
- Tim Marshall with Cash got his Started title.

We are having our AGM in January 2024. We are looking forward to a fun and exciting 2024 for the club. We have plans starting underway for the upland training day in March and the upland test in April. All will be posted on the HRC website soon.

Our spotlight of the month is Chris Plouffe and his wonderful family, Jodie and Kailtyn. Chris Plouffe is our current president. He is always there to help and lend a hand at training days, tests and events we host. He is a huge advocate for both men and women in the club. He helps new people with their dogs at the line and talks to everyone in the gallery. He is always advocating for our club and making sure

everyone has a great time at all events. We wanted to thank you for all your hard work with the club.

Lake Ontario HRC - Submitted by Julie Newton.

LOHRC would like to send out a Happy New Year wish and a warm winter welcome to all of the HRC members and their families.

We will be taking advantage of these unusually warm temperatures this coming Sunday, January 14 by having our first club training session of the year. The focus in the field will be on line manners and blind work, then we will move our attention to sharing a warm meal together by filling our bellies with a bowl of homemade soup and treats. Our AGM is set up to take place on January 21. The agenda will include a financial review, club purchases, discussion of our prior and our upcoming coming regular hunt tests, our upland hunt test particulars, training days, and of course with this being an election year, we will be voting for members to fill seven positions. This past November, LOHRC held an upland test at Cedar Meadows Game Farm. A huge thank you goes out to owners, Tanya and Victor for their hard work and generosity for this event. It was a perfect late season fall day to spend outside running dogs. We sat by a campfire for lunch and enjoyed specially made sausages and hot chili with all the fixin's. LOHRC is ready to bring in the 2024 dog training and testing season. Check in with your club to get the (tentative) dates of all of the regular and upland hunt tests that are set out for this year and mark them in your calendars.

Essex HRC - Submitted by Curtis McFadden

Happy New Year to everyone from the Essex HRC.

Duck hunting has come to a close here in Ontario, although the lakes and ponds are still open and it still feels like the season should be going. Winter has been slow to come to the southwestern tip of Ontario this year, but the weather man is promising that the cold weather will arrive soon.

February and March will be busy months for the Essex HRC with our annual awards/game dinner on February 10 and the 2024 Upland quad test on March 2.

Water training has come to an end until spring, but land training will continue for some of the hardier trainers as long as the snow doesn't get too deep. Upland becomes the main focus for many through the winter months. It is amazing how versatile these retrievers can be, and it is fun to watch them demonstrate their natural hunting abilities.

We look forward to meeting up with many of our fellow HRC members in the coming year.

Well, the snow held off for all of December

and part of January. We officially got two feet of snow in one week here in January, and it sure does making training a little bit more exciting. We have to plow the fields to get through them, but we will do our best to keep our dogs in tip-top shape for spring season. We are looking forward to what 2024 has in store for us. See you all soon!

Georgian Bay HRC - Submitted by Hannah Edwards

Welcome to 2024. We are over the moon excited to see what 2024 has in store for our club and club members. Plans for the September long weekend are well underway, and we are looking like we are in top shape for our hunt test that weekend. With the AGM coming up and new members always looking to come out, we will be hosting some super fun training days very soon. Hope to see you all there!

We missed our club report in the last issue. But that doesn't mean we were not active. We held our fall hunt test in October. Huge thanks to all the volunteers, judges and participants who braved some wet and cold weather to participate. Our test ran smoothly, and our tailgate was fabulous! Thanks always to the land holder for allowing us to use her beautiful property. CHRC holds monthly trainings on the fourth Saturday of the month. There isn't anything happening up here in the north except for bad weather.

We were hit by a huge rain and windstorm just before Christmas, which destroyed much of the state with downed power lines, downed trees and major floods. We were without power for five days—thankful for our generator. They are predicting the same kinds of storms to happen twice this week.

Guns Up is planning its annual regular spring hunt test with two regular hunts and four upland hunts. With the new Upland Champion Title, you could get a good start at our test. Plan to join us for a fun weekend.

Happy New Year from ECHRC! Many of our members have kicked off the new year with some solid training days, as well as enjoying the weekly cold fronts in the quest for ducks and geese with some upland pursuits mixed in for good measure. Per usual, we get towards the end of the hunting season when the weather seems to turn cold, and the migration really kicks into high gear. Such is life for the waterfowl enthusiast.

In addition to hunting, we are busy putting the finishing touches on our spring hunt test. We've been blessed with an abundance of rainfall this winter and our ponds are in great shape at this time. Come see us and run what should be a really good test.

Rappahannock River HRC – submitted. Justin Diericks, gander_lander34@hotmail.com.

Rappahannock River HRC just finished up with their fall hunt test conducted over Veteran's Day weekend. Although the mornings were quite chilly, both days turned out to be absolutely perfect for running a hunt test. The grounds at Shady Grove Kennel in Remington, Virginia provided gorgeous backdrops for all the stakes. Of special note was the running water

flooded timber location that both Seasoned and Finished handlers got to experience. These tests truly put the hunt in hunt test, and were enjoyed immensely by both the handlers running the test and I think even more so by the judges getting to set their scenarios up in this great location. We can't thank the landowners, Neil Selby and Leslie Carter, enough for the use of their wonderful property and to the judges that put on these great tests.

Of special note, RRHRC Vice President, Eric Whitacre and his dog, Rival, participated in the HRC International Grand test this past fall. They put everything they had worked for on the line and at the end, they both came out victorious with a big green ribbon! This was both their first trip to the Grand, and they absolutely rocked it. We as a club couldn't be prouder of both of them for their hard work and dedication.

Now that hunt test season is through, it's time to put all the hard work to the ultimate test and get these handlers and their dogs out to the field and do some much deserved hunting for both waterfowl and Upland birds. After seeing so many of these dogs train and run, we have no doubt that they will all accomplish what they were truly bred and trained to do and that is to be the greatest steward to conservation there is.

Well, our "winter" weather is finally upon us here in central Florida. Although some days still get into the upper 70's, we have had some cooler temperatures to make our dog training more enjoyable.

We had a good turnout for our November hunt test, thanks to the Gey family, which continues to give generously of their land for our dogs. We had almost two full flights of Finished as well as decent numbers for Seasoned and Started. We have a great team of members who always help make our hunt tests run smoothly, and we appreciate all of the help they provide. We held a tailgate on Saturday evening where we gathered to enjoy food and fellowship with friends and hand out the ribbons and pink slips for the day.

We recently held our monthly training day, and we had a lot of members attend. Our training coordinator, Kelli Riggs, set up an ABCD marking drill with a check down double; we also had a three-step blind setup, as well as Upland

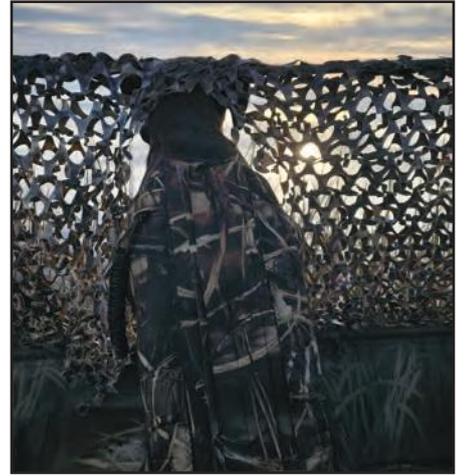

training in preparation for our quad Upland test in conjunction with our spring hunt test. It was good to see so many of our members trying out Upland, as the dogs really do love the real aspect of hunting.

We held our annual meeting after our January training day, where we had several changes to our board. Ray Caito will continue on as president, Alan Wilcox is our new vice president, Melissa Grant will serve as our treasurer and Pam Ray will continue as our secretary. Our club president gave out the "President's Choice Award" to club member Kelli Riggs, who goes above and beyond with all of our training days. Thank you, Kelli for your dedication!

Our hunt test season is just beginning, and we look forward to many fun weekends with our dogs and dog friends. Happy hunt testing, and we hope to see you at the line soon.

Charleston HRC - submitted by Bob Jones. Steve Guzman, President.

The 2023-2024 duck hunting season has come to an end and the spring hunt test season is here. Our training in the fall has paid dividends in the duck blinds across the country. The spring testing season will help us get our hunting partners ready for next year's duck season and our campaign for ribbons and titles.

Some of the toughest marks and blinds I have trained for were nothing compared to the work Nick did chasing a crippled mallard drake through the flooded corn fields at the duck club this year. I just don't think we can simulate that part of the duck hunting experience. If you don't experience the rush of emotion that comes after watching your dog do what he has been trained to do you are missing out. The dog that marks a bird in head high flooded corn, goes to the area, and hunts until he digs the crippled ringneck out of the corn is a fully trained retriever. That is why hunters train dogs! They truly are a conservation tool.

Many of our CRC club members have traveled the country shooting ducks and geese. Many of us are fortunate enough to have clubs close home to enjoy as well. Don't forget to take the next generation out to the duck blind. Our kids and grandkids deserve to watch the sunrise in a duck blind and not just watch it on a computer screen. They need to see the work of the well-trained retriever. There are so many lessons that get taught and learned in the duck blind with a dog and family. I hope you all have a very successful hunt test season this spring but remember there are many other benefits to what HRC does and stands for.

We've said goodbye to 2023, and welcomed the new year here in the Lowcountry with excitement and expectation. As a club, we are still experiencing all our "firsts." We've had our first training day as a club, our first official logo has been designed, our first checks were ordered, and we've even navigated our first pivot as a club. Our planned handlers and judges seminar pivoted into an incredible training day that was topped off by a delicious lunch of smoked BBQ and homemade hash, all thanks to the generosity of the property owners families that our club is situated on.

As most folks may be aware, we also got to

walk through the scramble of finding healthy waterfowl to reserve on order for our upcoming hunt test. Walking through this first year of experiences has reminded me of just how important community is. Maybe you've heard the statement, "show me your friends and I'll show you your future?" Well for us, our friend and club member, Randy McKenzie helped make our future bright by finding proper birds that'll be ready for February's hunt test. Isn't life so much better with connections to others in the community? I've found a pretty great one here with the Lowcountry Retriever Club.

Here's to finding community, navigating pivots for the positive, and experiencing firsts! We hope to see you February at the test, where rumor has it will include a first ever "Lowcountry Boil" Saturday night.

I am beginning to think we should have a second home in Florida for the winter months! The winters here in South Carolina were fairly nice when we first moved down but the past few years the rain, windy and cold days have made me wonder why we moved here. The good thing, however, is that we have no snow. Can you just imagine what the three and a half inches of rain we had recently would equate to in amounts of snow? No thanks.

Speaking of rainy cold days, Midlands recently held an Upland training day for members who will be running our upcoming Upland quad hunt test. Although he is not a member of HRC, Midlands would like to thank Colby Williams of Top Line Retrievers for allowing us to use his property for this training day. There was a field that was cut just right for planting the birds! We knew that rain was predicted but was supposed to let up around 10a.m. so we decided not to cancel the training because it is possible that test day may have the same weather conditions. We had a good turnout of die-hard members, the rain finally stopped, and everyone learned what running an HRC Upland test would be like. After a lunch of chili, cornbread, chips, brownies and cookies, we had a short business meeting.

Drew reminded everyone of our upcoming annual meeting and election of new club officers. The current board has either maxed out their eligibility or does not wish to continue in their position. Stephen Highsmith was asked to reach out to members, and after making numerous calls/emails, he finally found four new candidates to take board positions. We will save the announcement of new officers for the next magazine issue, since it won't be official until after our meeting in February!

Midlands will not be having a regular spring hunt this year, but our date has been reserved for next year. Look for upcoming news on our fall hunt to be held in October. Midlands turns 30 years old this year, so we hope to be able to spread the joy with fellow enthusiasts of HRC.

I don't know if this will be my last article or not, but I would like to leave you with this thought that I read years ago from a man named Aaron Katcher: "A dog is like an eternal Peter Pan, a child who never grows old and who, therefore, is always available to love and be loved." I am sure we can all agree on this.

Things always stay busy in South Florida, but especially this time of year. We've had hunt tests every other weekend. And duck season has been in full swing. We have a lot of members who have been slaying the ducks. We have also been busy planning a training seminar and an upcoming event. Due to being so busy, we haven't had any training days this winter. But we will be starting back up here shortly.

A few of our board members took a trip together to Oklahoma to hunt. We had a blast together and killed 13 different species in four days. We are blessed to have friends that we have made due to this dog world.

We have decided not to host a spring hunt test. But there are tests being held by great clubs in our area that we hope to see you at.

Introducing the new Board of Directors for Southern Flight HRC:

- President - Ronnie Harwell

I was part of Southern Flight when it was formed, having been a member since day one and a member of the HRC since 2001. My goal was to have a dog that would pick up a duck for me and with a lot of help and support from the founding members of Southern Flight, I was able to accomplish this. I have made so many great friends and memories throughout the years and there is nothing better than the HRC family. I look forward to helping as much as I can going forward with Southern Flight. Thanks to all that have helped and given their time for our organization.

- Vice President - Tyler Hall

I was 14 years old when I met a man by the name of Johnny Barlow. He encouraged me to come out to Grenada to run my (then) black lab Gunner, and the rest has been history. I've had the privilege to run for the last 17 years and been an active member of SFHRC for the last six to seven years.

- Secretary - Alexie Hartman

Hello! My name is Alexie Hartman. I moved from Illinois to Mississippi in 2021, and joined SFHRC almost immediately! I have been running hunt tests since 2015. My husband, Will and I own Three Lakes Labradors, and I specialize in training Service Dogs and Scent Detection dogs.

- Treasurer - Glenn Dye

In 1993, I was duck hunting out of a pit in the middle of a forty-acre flooded bean field with no retriever. I shot down a crippled mallard hen. By the time I finally caught up with this hen I had shot six times and was now 300 yards away from the pit. 300 yards of water and gumbo mud. Right then, I decided I would have a retriever the next year. I finally hooked up with other like-minded retriever folks and joined HRC in 1997. Several of us began Southern Flight HRC in 2000, and held our preliminary test in the spring of 2001. Southern Flight and HRC are family to Marinda and I. It has been a most wonderful journey.

Ohio River HRC members had a great opportunity to get some Upland experience with Carolyn Elam. Club member, Linda Macke coordinated the event with Carolyn. The group was small, but it was a good day for all involved. Carolyn shared her knowledge with the group. It was an amazing opportunity for those who attended the event at Maple Glenn Farm.

We all look forward to our monthly training days to begin again in the spring.

Don't forget, our hunt test is May 4 to May 5.

I hope everyone had a blessed, safe and happy holiday. The past few weeks have been a time of gathering, love and kindness. Make an effort and be diligent in carrying that love and kindness throughout 2024. Most of all let us remember the real reason for the season and hold it in our hearts.

Southern has not had a lot going on the last few months, but we are quickly filling up the 2024 calendar.

We will be starting off with our annual meeting and awards banquet on January 13. The same week, a force fetch class instructed by Tim Dawson, and the barn class taught by Vickie Raburn will begin. January 28, Southern will have their first Upland training day at G & L Game Bird in Munith.

Continuing into February we will have our first 2024 training day. There are many more events in the months ahead that I will be announcing in my articles as the months move forward.

Southern is tentatively planning an eye clinic for April. If anyone is interested in having their dog's eyes examined, please contact Cher Craite, the date is to be determined.

Even in this more than chilly time of year, in-house training can be done with our retrievers. Several things can be worked on at feeding time. Any training is beneficial.

On behalf of SMIHRC, I would like to congratulate Case and Donna DeYoung. Case and Tessa earned their Champion Upland title, and Donna and Chessie received two passes at the St. Claire Flats Upland test. Nice work "Little Brown Dogs."

Everyone, stay warm and healthy.

Happy New Year! Badger State HRC members once again held their annual awards banquet to celebrate the successes of our club and get together to share stories with each other. This year we invited folks that allow us to hold trainings and hunt on their property. Keith and Jim from Century Game Farm were able to make it this year. We will once again hold our Upland quad hunt at their farm west of Janesville, Wisconsin in mid-March.

As of right now, Mother Nature has a strangle-hold on our Upland training, but training will resume soon at the Ottawa Field Trial Grounds. We will face many new challenges in 2024, but the club will work through them with solid teamwork

Writing this in January, it seems like last fall never happened it went by so fast!

Last September, HMHRC once again participated in Fall Fest at Harnischfeger Park in Dodge County, Wisconsin. Members and their retrievers donated their time and talent to showcase their retrieving and control skills to many kids and families. HMHRC feels very fortunate to be invited to participate in this event. What a great way to network and pass on our passion to the next generation!

Special congratulations to Dana Williams and Ren for winning the Wildrose Cup!

After September, the weather here in Wisconsin got...interesting. From an early snowfall in October to balmy conditions throughout November and December to now sub-zero temps in January, it has been one for the books. You can imagine the challenges that presented to the hunters in our club.

HMHRC has a lot of members who hunt and as you can see from the photos, they and their canine companions had some success. Best wishes to our members and our extended HRC family who are still chasing birds here in Wisconsin or abroad. I wish you safety and success!

In December, the club came together for our annual Christmas celebration, a joyous occasion where we honored our members and their furry companions for their outstanding achievements throughout the year. Alongside these accolades, we conducted the election of club officers. A heartfelt appreciation goes out to Ken Reinert, Dave Pesch, Maureen Shaw, and Jim Broetzmann for their exceptional leadership over the past two years.

Let's extend hearty congratulations to our newly elected officers: Ken Reinert as President, Maureen Shaw as Vice President, Larry Andersen as Secretary, and Zach McFarland as Treasurer. With this dedicated team at the helm, we are confident the club will flourish under their guidance. Moreover, our Saturdays have been dedicated to hosting Upland training sessions, preparing diligently for the upcoming Upland hunt tests.

It sure has been an interesting hunt season this year with the weather in central Minnesota. Many still were able to get out hunting by the pictures shared. The saying, "Preserve game, hunt with a trained retriever," sure was evident with all the great retrieves the dogs accomplished. While some were chasing birds, Sandy Zandlo and Zyna were chasing ribbons. They traveled all around, and Team Zyna earned HRCH 500 points in Zephyr, Texas this fall. Way to go!

Our club members are taking advantage of upland training this January. Another great accomplishment for GRHRCH Bandit, and owner Rich Lemmer. He earned his third Grand pass this fall. Thanks, Casey Dowler of FR Labs for helping him achieve this goal.

Happy New Year! MMHRC is gearing up for a big 2024 with new puppies looking for a Started ribbon, transition dogs aiming for Seasoned ribbons and making it through a Finished and Upland title, veterans looking to earn more HRC points and compete in field trials, and a couple old timers plugging away just because they still can and want to! I continue to be impressed at the quality of MMHRC's stock and the sustained successes our club enjoys. Kudos to the MMHRC team for setting a high bar for excellence in teaching and training, and for supporting one another in reaching for the best from our dogs.

MMHRC welcomes an updated slate of officers for 2024. First, thank you to Darin Schadt for serving as president these past several years. Great job, outstanding leadership—we appreciate all you have done to spur the club on. Taking over for Darin as president is Floyd Jensen, a multi-year member who runs several dogs in HRC and when guiding clients in the field. Continuing officers for 2024 are Jim McKeen, Vice President; John Kohner, Secretary; and Megan Jensen, Treasurer.

The lack of snow messes with some winter activities, but is a boon for training, and club preparations are ongoing for the winter Upland tests in our area.

Members will be assisting in some tests as workers and judges. And as our monthly club meetings resume, we are already in great shape for our summer regular hunt test scheduled for June 2024, which will again be held at the Central Minnesota Retriever Club grounds. As a bonus, we will enjoy the use of the new CMRC clubhouse which was completed late this past fall. It's a beauty! Bigger shelter, a new patio and completely redone inside and out. Rain or shine, be prepared to be comfortable and well fed at the dinner!

As this month's pictures show, good training yields great hunting success. It will be fun to see a new squad of young dogs develop their skills this summer. Our training land areas remain in great shape, but we keep hoping for snowpack to fill ponds that went dry or got too low this past year.

Hoping to see you at our June MMHRC regular hunt test in June!

We've been blessed with some very mild weather this winter in Minnesota, minimal snow, and nice temperatures. It made for a very enjoyable waterfowl and Upland season for club

Hello from Felsenthal HRC. Well, it seems like duck season just began and yet by the time this goes to print, our duck season will have ended. I hope yours has been successful and you have had some gumbo and grilled duck poppers! As duck season closes, our hunt test season comes back around. "Our season never ends." We're busy preparing for our spring test on March 2 and March 3 and I hope to see y'all there. And at subsequent tests as we're all trying to put titles on our dogs. Anyway, until we meet again! Pin Oak HRC - submitted by Beth Harrison, Eddie Benetz, President, Pinoakhuntingretrieverclub.wildapriocot.org.

Since our last club report, we have hosted a successful fall hunt test in September, a well-attended Christmas party, the Merry Marks training day, and planning has started for the spring hunt in March. Busy as always!

Congratulations to those that earned new titles or first titles or basically had a successful weekend at the September hunt. As usual, we held this event at Peppers Pond. We had some Finished tests that were not your usual pick them up and run the blind. Hopefully, you enjoyed the change, and your dog was successful! It's super exciting for those just getting into the sport that had success with Started and/or Seasoned tests. I wish you the best and I hope you stick with the sport.

The Christmas party was held at Saltgrass Steakhouse. As usual, there was a rousing game of dirty Santa and most importantly club awards were handed out. Congratulations to those that received an award. We all know how much time, hard work and money goes into those accomplishments!

We had a small but mighty turnout for Merry Marks. Rain was threatening (which I'm sure affected attendance) but we got it down just as it started to precipitate!

The spring hunt planning is underway. We will be using some different grounds this spring. John Borchert volunteered to be the hunt chairman this time around. We can always use more people in that position! If interested, contact Eddie Benetz about shadowing our hunt chairman this spring. That way you can get your feet wet without drowning!

Hope you enjoyed the holidays, your duck season, and looking forward to seeing everyone this spring.

Hello, 2024...Four States Retriever Club would like to wish all a Happy New Year, hopefully full of blessings, time well spent with family and friends and of course training, running a few hunt tests, not to forget good health and safety. We ended the year with our Christmas gathering at Rocky Creek Outdoors for a little trap shooting, eating some gumbo and hanging out with our club members. Thanks again to Jeff Colbert for scheduling our time there.

As stated in the last article, we are busy finalizing our spring hunt test scheduled for March 16 to March 17, 2024, at Newton Farms in Rosston, Arkansas. Check out our premium on Hunt Secretary, not only for our spring test but save the date for our fall test as well, scheduled for September 7 and September 8, 2024. We would love to have you join us. We are also scheduling club training days to begin on Saturday, February 10 at Newton Farms, with more to follow.

February is normally when we gear back up (after winter break and hopefully some successful waterfowl hunting), with training and drill refreshers. The month is also commonly known for Valentine's Day. The word "love" can be used for multiple purposes and meanings. It is defined in 1 Corinthians 13:4-7.

We have heard that God is love, but do we fully understand the depth of the love God has for us. So, much so, that He gave His only Son for

us, that through Him we should not perish but have everlasting life. John 3:16

Welcome to 2024! GCR hopes you and your family had a wonderful Christmas. We also wish you an awesome new year and a successful hunt test season.

GCR members have taken a short break from meeting and having training days. Members have been enjoying family time, hunting, and celebrating the holidays. One member, Mike Woodward, helped gather toys to brighten several children's Christmas. Mike works for UPS and for the second year has collected items for Toys for Tots. Nice job! As you can see, by the pictures, several members have had successful hunting trips. Duck, goose, pheasant...retrievers handle it all! Making memories with family, friends, and our dogs.

It won't be long before members will be getting back in the swing of training days and hunt test season. GCR is planning to have a training day in February. It's a great opportunity to do some fine tuning for hunt test season for all level of dogs and handlers, too. Watch our Facebook page for details. As always, all are welcome to join us. Members are also gearing up to judge and run tests. We're looking forward to seeing friends near and far.

Good luck with the rest of hunting season and the upcoming test season. It's always good to see friends and enjoy great fellowship and

Texoma HRC apologizes for those inconvenienced by our fall hunt test cancellation. The ponds were full for May master tests held at our grounds, but we never got another drop. Three months of triple digit heat dried us out. Our test for 2024 will be in November. Hopefully we will have enough rain to fill ponds. As of January 2024, they are still almost dry.

We've acquired 40 acres across the road and are digging two new ponds so come see some new water (praying for rain). Justin's wife, Kayla is expecting a little boy in the spring. Member Tripp Grant has been duck hunting hard all season. Such a warm/dry winter never pushed ducks as far south as we live so travels north were required. North Louisiana HRC - submitted by Tommy Harp, President, tommyharp@suddenlink.net.

A big hello from Omar and all North LA HRC members. We hope that you have had a great hunting season and enjoyed being with your families during the holidays.

As we begin a new year, many make resolutions and set goals. If one of your goals is to have a better retriever, then come train with us. Our training days are set up to address specific skills that you want to work on with your retriever. We have a group of knowledgeable members who want to help you become a better handler and help your dog become a better retriever.

Our club will host it's first SRS Club Event March 15, 16 and 17. This will be a fun event to participate in and if you have never been to one you are welcome to come watch. We will celebrate the fortieth anniversary of HRC and North Louisiana HRC where it all began. Our fortieth anniversary hunt will be held May 18 and May 19. We hope to see you at one of our training days and hopefully both hunt tests. Until then be safe and may God bless you all.

Well, our duck hunting has been slow to say the least. We did have a cold blast at the end of the season to push new ducks down to finish off in style.

LCRC is working on training days now, since duck season is over. We have to now work on those little issues we let slide during actual hunting. But it was nice to show off all of our work during the year. Nothing like your retriever making a long retrieve or handling beautifully on a long blind when their chest sticks out as your friends are in awe.

Happy New Year to all of our members and friends! Hope everyone had a blessed holiday season and were able to spend time with family and friends. Maybe some of you got lucky enough to have some good waterfowl hunts this season. My duck hunting has been spotty, but it is always wonderful to spend time admiring and enjoying God's creation at sunrise...ducks over the decoys is just a bonus.

In case you missed it, we had a great Christmas party this year—even Santa and the Grinch showed up (thank you to Michael Novak and his wife!) Many thanks to all who helped put on the Christmas party, especially Pam Flotte, Gary Leblanc, and Jeff Holley, and thank you to everyone who brought an appetizer or dessert. Can't wait to do it again next year!

By the time you read this, waterfowl hunting seasons are wrapping up...time to get back to dog training to prepare for retriever hunt test season! Amite River HRC will begin monthly training days to help you and your retriever improve marking, handling, and hunt test skills. Dates and locations to be announced on Facebook. Come out and join the group—all skill levels from beginners to experts are welcome.

Our spring 2024 hunt test is scheduled for the weekend of March 16 and March 17, and we will host a SRS event on May 10 to May 12. Mark your calendars now. Please try to come out and help make these events a success for our club.

For up-to-date information, follow Amite River HRC on Facebook for details on training days and meeting announcements (meetings typically are the third Wednesday of each month at 6p.m.—location, to be determined). We encourage all club members to join in the fun and fellowship at training days, meetings, and hunt tests. Hope to see everyone soon!

Yes, there was a good bit of stealing this year! Thank you, Tommy Sayer, for donning the red apron of smoked chicken perfection! Afterward, 16 title awards from SHR to HRCH and beyond were presented to our members by President Scott Ducote.

As the new year begins, Central Louisiana Retriever Club will be hosting the 2024 Region 10 Judge and Handlers Seminar on Saturday, February 3 at their club house located at 1889 Monroe Highway in Pineville, Louisiana. The start time is 8:30a.m. Please RSVP to our Region 10 Field Representative, Vince Liggio (337-240-2372) as seating is limited. Despite the severe drought in our area, many HRC members are winding up the second split of duck season with memories of some great retrieves. The CLRC spring regular hunt test is right around the corner and promises to provide an opportunity to show off your retrievers' talents! The event is scheduled for February 24 to February 26, 2024 at Moreauville, Louisiana with two Finished flights and one flight each of Seasoned and Started. We hope to see you at the bucket in February and wish all our friends a very happy new year!

Southeast Texas members have had a great duck season and are ready to transition to hunt test season. Keep a look out for their spring hunt test to be posted and available to enter soon!

Happy 2024 to all. With the new year, I want to rewind a bit to the end of 2023. Lonesome Dove was busy in November with an enjoyable Upland test held in Zephyr, Texas. The grounds were in good shape, and we were able to have nice test set-ups and saw some great dog work. As usual, for an Upland, we saw some spectacular breaks from normally steady dogs. If they are going to break, best to break like a big dog. Due to the position of one of the ponds and fun winds, we also had a couple of unusual pheasant water retrieves.

We finished out the year with our normal Christmas party, potluck and clay shoot, graciously held at Nick and Susan Parson's property in Bangs, Texas. We enjoyed lots of great food, and we were especially happy to see that our women club members were well represented at the clay shoot.

As we start 2024, we plan on having different training days to help prepare our members and dogs for the upcoming hunt test season. We are also planning a pheasant hunt for our members. This is always a fun and entertaining activity that will help our members gauge how their shooting prowess may or may not have improved and just how loose their dogs may have become during the recent hunting season!

Lone Star ended the year with our club's annual Christmas party at Elm Fork, and everyone had a great time. As in the past, we have done awards for our potluck. The categories this year were Top Wild game, Appetizer, Main Dish, Side Dish, and Dessert.

Award winners are:

- Wild Game - Jeff Cooper with his Barbeque Duck Shotgun Shells.
- Appetizer - Jeff Cooper with his Buffalo Chicken Shotgun Shells.
- Main Dish - Tied, Jean Potter with her Meat Balls and Kyle Krause with his Mississippi Pot Roast.
- Side Dish - Tied, Matt Blum with his Green Chili Hominy and Liz Vigrass with her Hatch Chili Potato Casserole.
- Dessert - Hanna Cooper with her Peanut Butter Fudge Brownies.

They all received their own wooden spoon that was decorated by Hanna Cooper. Congratulations to all of our winners!

We would like to send a special thank you to Liz Vigrass for all the hard work she puts into the set up every year for the Christmas party.

With hunting season winding down, the club will be ramping back up with training days held out at the club grounds. Preparations are underway for our March hunt test that will be in Bonham, Texas at Edwards Training Facility. Hope to see you there!

Northeast Texas hopes everyone had a safe and Happy Christmas and New Year. We are now in our hunting season and hope everyone is having fun and a successful season. Now we are all making plans for up-and-coming hunt test season. The club has a meeting on January 20. We will be discussing our up-and-coming HRC hunt test on April 6 and April 7 at Henderson Texas. We hope all teams will be successful and have fun. Miranda Hoffman will be our hunt test secretary again this year. Come out and enjoy the fun. We will also be discussing having a hunt test in Marshall and hunt test secretary's seminar. We had many successful teams this last year and would like to congratulate them all.

Cowtown HRC - submitted. Keith Harrison, President, www.cowtownhrc.com.

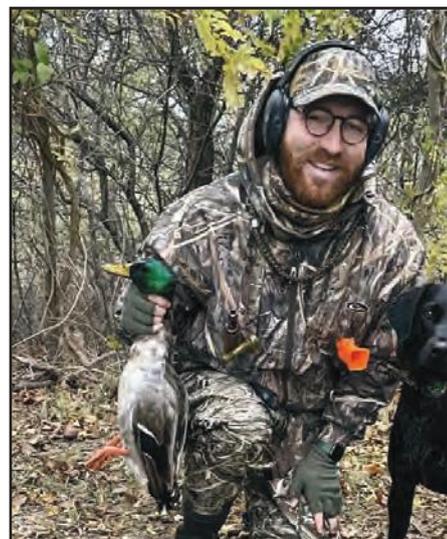

I hope everyone had a good waterfowl season and is having fun getting their dogs ready for the test season. Several Cowtowners had some fantastic hunts, despite a season that was way too warm for much of it. I got to do something I love: taking first-timers, especially kids, to the morning magic of watching ducks come in at first light.

Cowtown's spring hunt test will be April 27 and April 28 at Pin Oaks Kennels in Ravenna, Texas. Last year was an outstanding event. If you get your magazine before then, please come out and see some outstanding grounds, dogs, and handlers.

Also, if you do get out as a spectator to our or any other test, please consider bringing a kid; if not your own, a niece/nephew, grandchild, or neighbor's kid. Yes, you might have to take more potty breaks and move around a bit more to keep them interested. You may even have to stop at Dairy Queen or Buc-ees and drop a few extra bucks. Compare that to 1) Getting kids off social media, even if just some of the time, 2) getting kids outside and into nature, and 3) letting kids see the wonderful teamwork that can develop between handlers and dogs, possibly sparking an interest in our sport.

Hunting season is winding down in northeast Nebraska, and as far as waterfowl hunting goes, it was a tough year in our area. Unseasonably warm weather during much of November and December, along with ongoing drought conditions, did not do anyone any favors. Many club members still had some great duck and goose hunts, and overall, pheasant numbers seemed to be up.

The warmer temperatures through much of the early winter did provide nice weather for a lot of us to continue training our dogs in preparation for the upcoming 2024 hunt test season. Many of our members have transition-level dogs that will be ready to give Seasoned and Finished tests a go this year!

We are already getting the wheels turning in preparing for our annual hunt test in late August. Elkhorn Valley Vice President, Jeff Hunke took the time this past fall to completely redo the inside of our club cargo trailer. New shelves and attachment points for all of our club equipment were installed, and it turned out awesome! Thank you, Jeff!

Mount Rushmore HRC is looking forward to a new year and will start planning our back-to-back hunt tests, which are the first weekend of June. Our annual club meeting is tomorrow night, January 9, 2024. It is not an election year for us, so we will be forming committees to manage the various tasks that the club has each year. The main one is holding a successful hunt test that everyone can enjoy and it brings realism to a true hunting situation. South Dakota's pheasant hunting season is coming to a close at the end of January. Most of the season had good weather and dry conditions; around Christmas, there was some substantial snow in some areas that might have made hunting difficult. As we go into the new year, we hope that all the HRC members everywhere are having or have had a successful hunting season. We look forward to

a great hunt test season and wish everyone the best of luck.

In January, we held our annual meeting to elect officers and board members. We also set training days for the year of 2024. We discussed many other topics of interest. We mentioned the regional calendar and encouraged our members to participate in it.

We are currently working on our Upland quad test that will be held the middle of March. We have our judges set and our venue. It will be open at the beginning of February for entries.

Our spring test at the end of April is on the agenda as well. We have the hunt chair and hunt secretary and are working on the judges.

Many of our members have been spending time hunting with their dogs. Several have small training groups that will continue training for the next test season.

Happy New Year! Salt Valley members have been utilizing the late-season push in the migration as best they can. Although, we are all itching to get back into the routine of training days and hunt tests...and warmer weather! With the start of the new year, that means new goals have been made. Some are seeking to attain an HRCH this year, while others continue to run for points. I want to encourage everyone to always enjoy the process, no matter what level you're at! The time is coming when we all get to meet at the line once again and put our hard work on display. Until then, happy training and safe hunting!

Hello from the Southern Colorado HRC!

First, all of us here at the SCHRC would like to send out a big "thank you" to Erik Brekke for his leadership, dedication, and hard work as the president of our club for the past six years, we have greatly benefited from it and sincerely appreciate it!

We are in the middle of hunting season, and although the warmer weather has been somewhat of a challenge this year, Southern Colorado HRC members and their dogs are out doing what we train for and are taking advantage of the Upland and waterfowl seasons here in Colorado and surrounding states, with good success.

Looking ahead, we are starting the process of planning our 2024 spring hunt test. The SCHRC 2024 spring hunt test will be held at Lake Pueblo State Park in Pueblo West, Colorado, on April 6

and April 7 (Please see huntsecretary.com for premium and additional details).

The SCHRC will also host the Region 13/13a Judges and Handlers Seminar. The seminar will be held on March 23, 2024, at 9:00a.m. at Lake Pueblo State Park - 640 Reservoir Road, Pueblo, CO, 81005. (For more information or to register, please contact Willie Ratliff at iam4dux@aol.com).

SCHRC club announcements:

- The SCHRC training days will start on February 3, 2024, and continue through mid-May at Lake Pueblo State Park. These training days are a great way for new members to meet other retriever trainers/owners and obtain training advice and direction when training their own dogs.
- 2024 SCHRC memberships can now be renewed online at southerncoloradohrc.com or by mailing a check to Brad Gillispie.

Enjoy the remainder of the hunting season. Good luck with your upcoming training, and we hope to see you at our spring hunt test!

Cascade HRC - submitted by Pam Ulsh, Boyd Ulsh, President, prescascadehrd@gmail.com

Welcome to the 2024 hunt test and training season. Hopefully, everyone is enjoying some great waterfowl hunting before it closes at the end of January. Then, our focus changes back to spending time with our HRC families and training and testing our four-footed friends. Life is good.

The Cascade board is excited and planning for a great season. In February, we will elect a new board who will carry on the great work our current board has started. Our plan is to have our annual meeting in February, continue to offer monthly training days, support other HRC clubs by judging and/or running their tests, and co-host a joint test with Whistling Wings in August.

We are fortunate to be able to invite all of you to the first hunt test of the year in Region 14 on the second weekend in April. This year we will have a change in venue. Our test will be on the Cascade Retrievers grounds in Monroe, Washington (Thank you, Colin Ching!) and WDFW property at Cherry Valley. We are excited to see old and new friends and get the year going. We will have our annual tailgate with ribbons, a silent auction and raffle prizes. As usual, we will give you one more chance to check out your rain gear for leaks before putting it away after waterfowl season and to be sure you purchase your new sunglasses for 2024.

The Cascade board wishes everyone good luck in their late-season hunting and a great jump start to training and testing in 2024.

We are a half a year away from our HRC hunt test in Chewelah, Washington, over Labor Day weekend. Please mark your calendar now and support our club with its single hunt test weekend of 2024. We will run tests on Saturday and Sunday. The Chewelah Valley (1,667 ft) is beautiful in late August and is located 45 minutes north of Spokane and 70 miles south of the Canadian border. It is a quiet getaway and a great place to run hunt tests in a mountainous setting.

As you can see from the two waterfowl hunting photos submitted by our club president, there were nice and nastier weather days. The dogs performed well in both conditions. Upland birds are also a favorite for folks in the inland northwest, as shown by Taylor and Maze, a new 2023 HRC member.

Spokane Bird Dog Association - submitted by Carol Black. John Gilbert, President, dogman7805@hotmail.com.

SBDA members are still busy upland and waterfowl hunting as we report to HRC on our activities. Bird season in Eastern Washington has been above average this year. The weather favored the upland birds, and we hunted pheasants in T-shirts and strap vests. This week, all things will change with the final dates of upland hunting and three more weeks of waterfowl.

We scheduled Memorial Day weekend for HRC hunt tests for a Saturday and Sunday double-header. Come and run on the famous humps and bumps at the Espanola Dog Training Grounds. Late May is a great time to schedule a vacation for a photography tour of the Palouse canola and wheat fields along with the scablands created by the ice-age Missoula floods. If you plan to come and are an accredited judge, contact us with any willingness to judge a day or two with SBDA (contact: Judge Ellen Ziegler).

First up this year is the SBDA and NEWGDC Judges Clinic on February 24 in Spokane, Washington. Information is posted on the HRC website.

We are looking forward to kicking off the training season in February with our monthly training days and skills sessions. We will be hosting our annual spring hunt test the first weekend in June at Cascade Retrievers and Cherry Valley Wildlife Area. This will be followed by a foundational seminar with Stephen Durrence hosted in conjunction with the Western States Boykin Spaniel Club on July 5 to July 7, with more details to follow. After the last test of the year, you can almost hear a sigh of relief as the focus turns from training and testing to hunting. A couple of short months later, it's like a slap in the face when you realize hunting season is coming to an end and testing season is around the corner. That's when the winter tune-up begins. Beginning in February, our club will start a formal sequential tune-up series designed to figure out where the holes are in our dogs' performance and how to fix them before the testing season begins. We will be looking at line manners, communication with the dog, marking, and, of course, blind work. Plans are underway for our second introduction to the HRC program and our annual hunt test with a double Upland, scheduled in July in Centralia, Washington. We hope to see you there!

Hunt Reports

The number of dogs who earned Champion points indicates those dogs participating who were UKC registered on the day of the hunt.

Attention Clubs! Your hunt report write-ups and photos must be sent to your Region Public Relations Rep to be included in your club's region report. This allows you to share your hunt & club news in one section!

This issue contains all 2023 Event Reports processed from November 13, 2023 to January 12, 2024.

HUNTING RETRIEVER CLUB, INC. Point Club RECOGNITION PROGRAMS

The 500, 1,000, 1,500, 2,000, 2,500, 4,500 & 5,000 Club Programs are recognition programs for HRC members who own dogs achieving 500, 1,000, 1,500, 2,000, 2,500, 4,500 and/or 5,000 UKC Championship points in the HRC Hunt Test & Upland Hunt Programs.

The HRC member-owner of the dog must be a member in good standing with HRC, Inc. for a minimum of 12 months prior to the time the dog earns the qualifying Championship Points (500th for 500 Club & 1,000th for 1,000 Club, etc.).

HRC recognizes the 100 Championship points that count toward the retriever's HRCH title & all additional points (including Preliminary Hunts) earned in Finished, Grand & Upland Hunt Tests toward the Point Clubs.

The Programs consist of the awarding of a specially designed distinctive jacket embroidered with the HRC logo, owner's name & the qualifying retriever's name. Only

one jacket will be awarded for each 'qualified' dog. However, additional jackets may be purchased by the owner through the HRC Administrative Secretary. This is to allow co-owners, spouses, family members, handlers, etc. to participate in the recognition of the accomplishment of the dog.

A Certificate of Accomplishment & Letter of Congratulations will be issued & sent to the 'qualified' dogs announcing their induction into these prestigious Clubs. An order form for the jacket will be included with the Certificate.

It is the desire of HRC & UKC, due to the significance of the accomplishments of these Hunting Retriever Champions, that the jackets be presented at a ceremony to the recipients at a National HRC event/by their home HRC Club with special ceremony.

Direct questions to Tammy Cobb, HRC Administrative Coordinator, at 269-364-2054/tcobb@hrc.dog

Following are additions to the list of all dogs & their owners that have met the qualifications for the clubs, compiled as of January 15, 2023.

Notice of Suspension

UKC makes every attempt to maintain an accurate and up-to-date "Notice of Suspension" list, and the list is updated regularly. However, as there may be lag time between disciplinary action and adding an individual to the list, and also because mistakes and omissions can and do happen, UKC will not guarantee the accuracy of this list. If an individual is in question, customers should call UKC directly to obtain the most up-to-date information regarding that individual's disciplinary status. UKC can only confirm or deny a person's disciplinary status and cannot provide details on that person's case.

The following is an updated list of individuals who have been suspended or barred until the date indicated. During the period of suspension or barring, a person who is suspended or barred may be prohibited from, but not limited to, one or more of the following:

1. They are barred from registering any dogs in their names (joint or individual ownership). They may, however, transfer any dogs currently registered in their names (joint or individual ownership) to another individual(s), except they may not transfer dogs to any member of their families, spouses, or companions. Companion is defined as anyone who resides at the same address as the suspended individual.
2. They are barred from registering any dogs in their names (joint or individual ownership) and they may not transfer any dogs currently registered in their names (joint or individual ownership).
3. They are barred from registering any litters and from signing any litter registrations in any capacity. No offspring of a dog registered in their names (joint or individual ownership) is eligible for registration with UKC.
4. They are barred from entering or participating in any way in any UKC licensed event, including, but not limited to, co-owner, handler, back-up handler, judge, guide, spectator, or UKC licensed official.
5. They are barred from holding office in any UKC approved club or association.
6. No dog registered in their names (joint or individual ownership) may be entered or participate in any way in any UKC licensed event.
7. No championship points, wins toward a title, or monetary payouts from any UKC specialty program will be awarded for any dog registered in their names (joint or individual ownership).
8. They are barred from advertising in any UKC publication or UKC internet site.

Any violation of these sanctions or any other UKC rule or policy during the time period in which the individual is barred or suspended may result in their being suspended indefinitely.

Revised April 18, 2018

Include UKC registration number for each dog in advertisement.

ATTENTION ADVERTISERS

YOUR ADS NEED NOT BE CAMERA READY! LET OUR TALENTED DESIGNERS PREPARE YOUR AD TO YOUR SPECIFICATIONS. Prior to submitting "camera ready" advertising copy to HUNTING RETRIEVER magazine for publication, please call the advertising department at (269) 343-9020 for specific guidelines.

UKC accepts all advertisements placed in HUNTING RETRIEVER in good faith. Purchasers should independently conduct any relevant research needed prior to acquiring animals, products and/or services from advertisers. UKC is not responsible or liable in any way for potential issues arising out of sales by advertisers, including but not limited to: dealings between advertisers and purchasers, actions and promises made by advertisers, or quality of products or animals sold by advertisers.

Please note: The use of trademarked or copywritten material without the authorization of the owner or any licensee is a violation, and leaves the advertiser and publication open to lawsuits, monetary damages and attorney fees.

PHOTO REQUIREMENTS

- Photos sent via e-mail must be at no less than 300 dpi and sent in tif or jpeg format.
- We prefer to not use printouts of low-end digital photos. We will evaluate any that are sent in and notify you if we question the quality.
- If hard copies of photos are being submitted, photos in the form of 35 mm glossy prints reproduce the best. Please note: do not cut your photos. If you want them cropped, just indicate how you want them cropped. We will crop them electronically without harming the original photo.
- Please include a stamped, self-addressed envelope to ensure the return of your valuable photos.

Procedures & Schedule for Ordering Purina Dog Food for Hunt Tests*

- The schedule for ordering has changed and deviations from the schedule for order due dates are no longer available.
For those tasked with ordering the Purina dog food for their club's hunt test, please use the following information and guidelines to ensure you receive the dog food for the hunt test.
- The order **must be received** by the deadline date listed below.
- The hunt test application must be submitted to UKC, along with the application fee and appear on the UKC Calendar of Events on the UKC website before the order will be placed with Purina.

Ordering schedule for 2022/2023

Month Of Hunt Test	Date Order Is Due
March	January 2
April	February 1
May	March 1
June	April 1
July	May 1
August.....	June 1
September	July 1
October.....	August 1
November.....	September 1
December	October 1
