TOPPLING FURNITURE

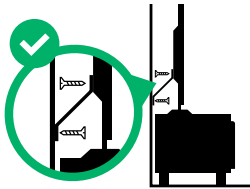

Anti-Toppling Labels

Tauris Australia has always prided itself on supplying quality AV Furniture for your home. For the last 10 years Tauris TV units and HiFi racks have come with anti-tip kits as standard to help secure your furniture and its contents to make them safe for household members and users. The Tauris tag line of "Safe, Strong, Secure" is proof of its commitment to safety in the Home Entertainment furniture space.

Our products now come with one of two safety warning labels depending on the type of furniture item it is. And also come with anti-tip kits to secure the furniture item to your wall.
