“

The photographs in [Unforgettable Canada: 115 Destinations] are the most beautiful I have ever seen. It includes famous Canadian landmarks and unknown ones from the frigid north. This is an easy book to page through.

A highly praised gift [Canada - 150 Panoramas] by my non-Canadian friends who have had limited travel experience in Canada.

profile

George Fischer is a gifted photographer whose unique style has been recognized around the world. He is well known for his iconic images and spectacular landscapes created for books, posters, media and various tourism boards.

George has provided photography and editorial for promotional literature published by tourist boards and international tour operators. His work has appeared on the covers of magazines and newspapers worldwide as well as websites and ad campaigns of hundreds of companies. In addition, George Fischer's international photographic career over the past 30 years has resulted in the production of over 70 photographic books produced by Canadian and American publishers and a worldwide collection of over 50 art posters.

In 2022 George worked with the photography class he sponsors in Israel with World ORT to inspire student creativity through a contest, including winners in his book *Israel: Not Black & White*. Recently he completed an aerial photography book called *Canada, Above and Beyond*. His Canadian collection also includes a second edition of *Canada in Colour / en Couleurs* where he was thrilled to showcase his country with a passionate eye. Organized by colour rather than region, this book is unique in its offering. In November 2017, George received the Ontario Tourism Award of Excellence in Photography. His publication *Canada: 150 Panoramas* sold out quickly and was reprinted to help celebrate Canada's sesquicentennial. *Exotic Places & Faces* is a stunning compilation of George's extensive travel that includes behind-the-scenes photos and stories that followers were asking for. George's book titled *Unforgettable Canada* was on *The Globe and Mail's* bestseller list for eight weeks, selling over 75,000 copies. In 2019 this book had a fourth printing featuring more destinations in a new expanded edition. It was selected to produce a television series and was also translated into French by a well-known publisher from France. Other titles in the Unforgettable series include: *Unforgettable Tuscany & Florence*, *Unforgettable Paris Inoubliable*, *Unforgettable Atlantic Canada*, *The 1000 Islands – Unforgettable*, and *Les Îles de la Madeleine Inoubliables*. In 2002, the book *A Taste of the Magdalen Islands* was a finalist for the Canada Cuisine Award.

George is also known for his unique art prints commissioned by various companies, hospitals and private collections – and for working with the tourism boards of Jordan, France, Italy, Guatemala, Cuba, Canada, the Maldives, Malta, Faroe Islands, the United States and numerous others.

An avid outdoor adventurer, George has hiked to Machu Picchu in Peru, biked the 'world's most dangerous road' in Bolivia, summited Mount Kilimanjaro in Tanzania, Gokyo Ri in the Himalayas, Torres del Paine in Chile and hiked in Iceland to raise funds for the Arthritis Society. His home is in Toronto, Canada.
