CASSANDRE

A blue, wireframe sculpture of a woman stands on a balcony with a glass railing. The sculpture is composed of a complex, interconnected pattern of small circles, creating a mesh-like structure. The woman is depicted in a classic, elegant pose, with her left hand on her hip and her right arm resting on the railing. The background features a bright blue sky with scattered white clouds, a clear blue ocean, and a small island in the distance. The balcony floor is made of light-colored wooden planks. The overall scene is bright and scenic, suggesting a tropical or coastal location.
