2024 New Year Announcements

Retrospective of 2023

The Player Base and the number of Battles Made in Voxie Tactics increased in 2023!

Month/Year	VOXEL Won	Battles Completed
December 2023	1,453,000 VOXEL	753,980 Battles
Year of 2023	14,322,429 VOXEL	6,383,711 Battles

Rewards in 2024 – What You Can Expect!

- **General Rewards**: As a general rule, Reward Balancing is made on a weekly basis so individual experiences can change with time. These won't be shared except if there are major changes.
- Starting on January 5th, the team decided to **reduce the randomness of VOXEL rewards** for a greater experience per game and less volatility. The gap between the low and the high rewards of VOXEL was **narrowed**. This change was made due to suggestions and feedback from the players that want less volatility on their rewards.

Example change (numbers are not real and used to illustrate the change):

OLD Min: 1.00   Average: 1.50   Max: 2.00

NEW Min: 1.25   Average: 1.50   Max: 1.75

About The Author

Moonscaper here! I'm a Voxies and Voxie Tactics Items NFT holder and I've been a part of the Voxies community since June 2021. Did you check out the new Voxies/Item Upfront Rental Fee Average data on page 9? Boxes with a very light tint means that there is no Voxie or Item applicable for that position, e.g. Rare Time Mage 5ms is very light blue because there is no 5ms Rare Time Mage. Looking at the page, it also means that Time Mage is the only class in the Rare rarity with no 5ms Voxie. Moonscaper will return with more useless facts.
