

## Cajera CR-E

---

Hyosung's latest TCR (Teller Cash Recycler) in the Cajera CR-E series is designed as the entry-level TCR model for Retailers seeking the most reliable and proven cash recycling technology while maximizing return on investment. The Cajera CR-E streamlines cashier productivity with TCR functionality previously unavailable in its class, leveraging the latest in TCR technology including stacked cassettes, high speed, capacity, and Windows 10 security.

## Features

---

The 'Cajera' series, Spanish for 'cashier', embodies Hyosung's latest and most transformational TCR series designed for teller cash optimization and customer delight.

The Cajera CR-E is the entry-level cash recycler that provides cash automation efficiency to Retail locations that were previously seen as unfit for more expensive, higher-end cash recycling products.

- Designed for lower volume locations, such as Retail, where great customer service and experience are key.
- Priced economically while driving the core value proposition of improved cash automation puts the Cajera CR-E within reach of every Retail location.
- Delivers industry leading technology based on the proven and reliable MS500 technology, such as Win10 Core, 100% stacking cassette technology, speed of 8 notes per second, and 8,500 note total capacity.
- Leverage Cajera CR-E technology alone when cash volumes are low or pair with Hyosung's higher capacity MS500 when multiple cash recycling points of different capacities are needed.

## Standard Features

### Dimensions

- Height: 695.00mm (27.4") under desk
- Width: 428.0mm (16.85")
- Depth: 1,176.3mm (46.3")
- Weight: 420.1kg (926lbs)

### Environmental Conditions

- Temperature 32F ~ 95F (5°C ~ 35°C)
- Humidity 25% – 85%

### System Platform

- Microsoft Windows 10®

### Customer Interface

- 7" wide LCD with touch screen
- Display unit status, note counting and guidance messages
- Error and jamming point display

### Media Handling

- Individual deposit, dispense, and reject slots
  - Deposit and withdrawal up to 200 banknotes maximum
  - 30 note reject slot
- Cash handling speed
  - Deposit - 8 notes per second
  - Dispense – 8 notes per second
  - Note counting only – 8 notes per second
- 6 recycling cassettes plus 1 overflow/reject cassette
  - 6 small size recycling cassettes (1,000 nominal capacity)\*
  - 1 large overflow/reject cassette (2,850 nominal capacity)\*

### Security

- Safe – UL291 Level-1

### Servicing

- Front access

### Power Supply

- AC 100V~240V=10% 50/60Hz

### Additional Features

- Communication – TCP/IP
- In-use Button
- Counting Feature
  - With note validation
  - Without note validation
- Note serial number recognition
- Fitness sorting
- Multi-channel communications

\*Subject to note quality and other variables

Note: Internal components may change with the introduction of new technology. Hyosung reserves the right to change the specifications of this ATM to accommodate the changes in technology.
