Thailand & Myanmar

JOINING FORCES

In 2014, we officially became the first Government recognized safe home on the Thai Burma Border, partnering with the Kingdom of Thailand on behalf of vulnerable, trafficked, and exploited children. They quickly adopted our Prevent, Rescue, and Heal model, wrote a book about it and patterned it along the borders of Thailand!

In 2022, we recommitted to join forces with the government and other local NGO's that are doing rescue work on the Multidisciplinary Task Force. We are a part of this large, government recognized, anti-trafficking network that continues the fight to protect the borders where as many as 60 women and children are trafficked daily and to rescue as many children as possible.

TO REACH MORE CHILDREN

We also renewed our contract with the government to be the government recognized safe home (watchtower) for our border. We are a voice for the voiceless and vulnerable not only for their rescue but also their placement and future!

Twelve years ago, we would've never imagined that we would become the first government safe home. Our Thailand team has worked tirelessly to make this happen. Mink, one of Lana's daughters from her first home, is our Life Impact Social worker. Her and our Child Protection Officer, PiBi, are the liaisons for the Thai Government. It has been their hard work on behalf of these children that has made all of this a reality.

**GOD HAS DONE EXCEEDINGLY, ABUNDANTLY
ABOVE ALL WE COULD ASK, THINK OR IMAGINE.**

Two girls **RESCUED**

Wan (13) and Su (11) were born to an alcoholic mother and father, who would often get into violent fights.

Their mother could not take it anymore and she ran away, leaving her two scared little girls in the hands of their abusive father.

One cold night, their father beat Wan and Su so badly that they ran for their lives. These little survivors had to run almost 13 miles to get to the closest hospital.

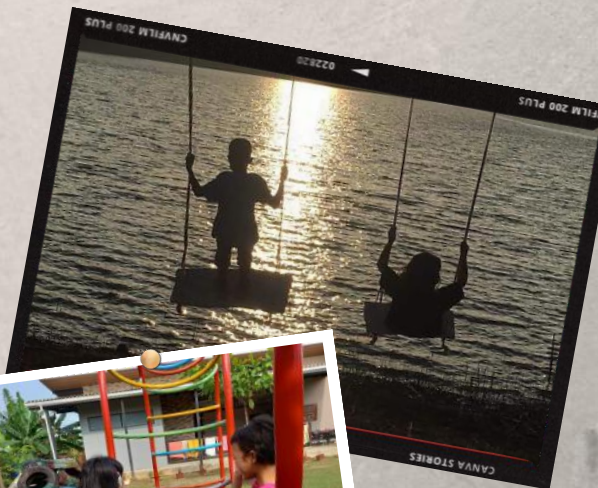

The hospital called us the next morning and we picked them up and brought them to where they will be safe forever!

TIME REDEEMED

These sweet girls are now getting to enjoy the childhood they never had. They recently went on their first outing to a waterfall, and said,

“This is the first time in our life to ever have the opportunity to see water this big before!”

They get to swim, play, and wear beautiful dresses. Now their lives are full of what their childhood should have been all along – just getting to be little girls.

The children pictured are the survivors of exploitation, abuse, and/or child trafficking. With that, their names have been changed and their eyes have been covered in order to protect them.

YOUNG GIRL RESCUED AND GIVEN A NEW LIFE

Abandoned by her mother when she was barely a year old, this innocent little girl was left to be raised by her alcoholic father until she was eight.

He would work daily labor jobs and sometimes wouldn't even come home at night, leaving her alone in an open-air hut with only her dogs to keep her company and protect her. When the father did come home, he was often drunk and would bring his friends home with him where the drinking would continue.

The environment this girl was forced to live in was an incredibly dangerous one.

In addition to her terrible home life, she has never been to school or received any kind of education at all. Because she was left alone all the time and had little to no outside interaction, she simply did not know how to respond to normal human interaction.

This is a life that was literally saved from every facet of evil that you can imagine! God stepped in and intervened in this little girl's life and now the ending of her story is changed.

Now it is a love story written by God to her and she will now discover it every day of her life!

The child pictured is the survivor of exploitation, abuse, and/or child trafficking. With that, her name has been changed and her eyes have been covered in order to protect her.

RESCUED TO RESCUE

One of the visions at Life Impact is that we would raise up a generation to know their Rescuer, Jesus Christ and would make Him known to their own nations to stop the evils in their generation!

Our continual prayer is for the Rescuer to encounter the hearts of each and every Rescued child and heal their wounds. Recently, He did just that! We had two boys in particular who were two of our most difficult cases. But God intervened on behalf of these boys that just needed to know their Heavenly Father's love. He answered our prayers. We started to see drastic changes in these boys' hearts and lives, even their countenance softened. These boys, along with ten other rescued children, had approached us and said they wanted to get baptized! For them this was a huge commitment that they are going to go forward with Jesus and trust Him with their future and lives since everyone they have trusted has let them down!

We are thankful that we serve a mighty God! Now they are convinced that God will never let them down and never leave them or forsake them, but will give them a new life with an abundance of His love!!!

12 OF OUR CHILDREN
WERE BAPTIZED

We couldn't be more excited for these rescued children and all that is in store for them! They are Rescued to Rescue!

Orphans

IN THE WAR ZONE + HOUSE OF HOPE *children*

WILL NOW HAVE A PERMANENT HOME

In Burma, we are building a Promise Land where children will be brought to safety and don't have to run for their lives, worry about their next meal, or be fearful of landmines. Many of these children have lost their fathers in the war, so mothers are left to fend for four little mouths under a tree or in a cave somewhere. We knew we couldn't just provide humanitarian aid, but we had to secure a home for them! This home will be not only for war-zone orphans but also for our very own House of Hope children that have been temporarily living in the jungles as well and need a more permanent place to settle down and call home!

IT IS ESTIMATED THAT

200,000 CHILDREN

ARE HIDING IN THE JUNGLES OF BURMA UNABLE TO GO BACK HOME OUT OF FEAR FOR THEIR LIVES!

17.17
ACRES OF LAND
IN BURMA

Just as the sale of the land was finalized, we received a call for two young boys who lived under unbearable circumstances. These boys came to us before the boys' homes have even been built. We believe that this is only the beginning and there are so many more precious children just waiting in the jungles for us!

And so, we are proud to announce the beginning of our Life Impact Promise Land in Burma/Kaw Thoo Lei!

Kaw Thoo Lei is one of the places that the beautiful Karen Ethnic Tribes call home and it means "A land without evil or darkness." And that's exactly what we are believing, that our Promise Land in Burma/Kaw Thoo Lei will be a land without evil or darkness. It will be a place of healing, wholeness, security, hope, and Jesus for the beautiful children of Burma! We will bring light into the darkness of this war-torn country, and we have always done this through the children! This time will be no different!
