

NOTES & QUERIES  
PACKAGING  
CATALOG

Dear Notes & Queries Retailer Extraordinaire:

Thank you so much for your business and your continued support! As one of the owners of Notes & Queries, I'm thrilled to introduce Notes & Queries' first ever superb Gift Packaging Catalog. A thoughtful in-store presentation isn't just about aesthetics — it's one of the simplest, most effective ways to increase basket spend and elevate your customer experience.

With Notes & Queries' gift packaging collection, you have an opportunity to create a cohesive, design-led display that does exactly that. By bringing together gift bags, packaged tissue, rolled wrap, and single sheet wrap in one considered space, you make gifting easy, intuitive, and appealing for your customer. It encourages natural add-on purchases and helps customers feel confident they've "finished" the gift.

What makes this collection particularly compelling is its balance: superb design, dependable quality, and pricing that feels accessible as well as indulgent. Customers don't hesitate — and yet they leave feeling they've bought something special.

Equally important is the design authority behind the product. Publishers such as The Art File, Museums & Galleries, Hype Cards, and Glick Designs are known for their distinctive, trend-aware aesthetics. Their packaging reflects the same care and creativity found in all of their products — art-led, contemporary, and far from generic. This gives your display a curated, boutique feel without added complexity.

When merchandised with intention — whether by color story, design theme, or alongside complementary card ranges — these products become more functional. They become part of the gift itself.

In today's retail environment, customers are looking for ease, inspiration, and small moments of delight. A strong presentation of coordinated gift packaging delivers all three — while quietly increasing your average transaction value.

We encourage you to give this category the space and presentation it deserves. The return, both visually and commercially, is well worth it. Thank you again for supporting a small family owned company of 46 years! We recognize that you have lots of choices in this marketplace, and greatly appreciate being considered one of them.

Warm Regards,

*Vanessa Harnik*

# HOME OF THE FINEST ART BRANDS

Notes & Queries is committed to bringing you the very best greeting cards available, bar none. Big words, we know! We do not publish greeting cards per se; instead, we work with over 30 publishers of greeting cards at any one time. Most of our trading partners are from the UK, the most competitive greeting card market in the world. We pick and choose among their offerings, using our 45+ years of know-how. In addition, we often tweak or change the original designs to fit the US market. The end result is that we offer the very best cards to the US market. We release new merchandise four times a year.

Conceived in Madagascar over 45 years ago, Notes & Queries was founded by Alan Harnik, nurtured from a small pushcart in Faneuil Hall Marketplace in Boston in the late 1970's. At that time, Alan was selling handmade cards and crafts from Madagascar and American handmade greeting card artists. Today, Notes & Queries is run by Alan, along with co-owner and daughter, Vanessa.

Located in Essex, a suburb east of Baltimore, MD, Notes & Queries employs 20+ people, with an average tenure of over 13 years!

At Glick, we work year round to bring you the highest quality accessories to perfectly complement our collections. Glick is known for its innovative and high-quality products, including gift wrap, gift bags, and tissue paper for various occasions.

Hype Associates Ltd is a Glick of fun cards and related products, based in West Kirby, UK. It's a family company founded and run by Paula and Richard Ford, with products that tap into warm feelings of nostalgia for the classic book illustrations and pop culture characters.

Museums & Galleries Ltd is the UK's leading producer of quality art cards, gift stationery, and design-led home and giftware. We work with artists, galleries, and collections to promote artistic quality and celebrate "timeless style" through an exclusive product collection.

At Paper Mirchi, we blend design and color trends with traditional artistry to create a timeless range of handcrafted papers and greeting cards that are all made using 100% recycled cotton rag paper for you to love and cherish.

The Art File is a small independent company based in the heart of Nottingham. Founded in 1997 as a small family business on the values of design-rich, quality cards, it has since blossomed into an award-winning Glick, supplying retailers and the public with incredible products.
