welcome to 2026

Welcome to the 2026 Promotional Merchandise Catalogue - your essential guide to branded products that make an impact!

This year's collection is packed with fresh ideas and inspiring products designed to help you promote your message in style. From contemporary new designs to trusted favourites, you'll find a wide range of items ready to be personalised with your branding.

A highlight for 2026 is the new ceramic mug collection, featuring the vibrant True Vivid™ range. These high-impact mugs don't just look amazing, the patented Orca coating ensures every full-colour design stays bright and durable, even after repeated use. View the range from page 226.

Beyond ceramics, there's a huge selection of promotional gifts to suit every industry and occasion. The UK Made Lanyards from page 88 is a perfect example - a home-grown product that delivers outstanding quality with quick turnaround times. For sophistication on a budget, head to page 29 to find out more about the Nimrod Rose Gold Ball Pen – a bestselling model with a brand new look.

Be sure to explore our expanded clothing range from page 156, featuring bestselling hats and beanies, dependable workwear, and comfortable everyday garments - all ready to carry your brand with pride.

Enjoy browsing, and discover the perfect products to help your brand stand out in 2026!

pricing information

Unless stated all prices include a one colour personalisation in one position, artwork and origination are extra. Delivery charges may also apply and prices are exclusive of VAT at the current rate.

This catalogue was printed during a period of inflation. While every effort will be made to hold the prices, please treat pricing as a guide and seek a full quote from the sales office before placing your order.

The Power of Personalisation

The following guides have been designed to explain the processes involved in the personalisation techniques available for our products throughout the catalogue. For further information please call our sales office.

Video Guides

To see our personalisation techniques in more detail, why not view our handy video guides on YouTube. Simply scan the code to visit the site.

Printing

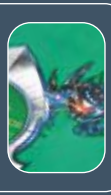
Printing is the most popular and cost effective technique and can take the format of pad printing (also known as tampo) or screen printing. Pad or tampo printing involves the use of a pad to apply the ink to the product. Screen printing applies the ink via the use of a stencil placed on a porous material screen.

Rotary Printing

A type of screen printing in which the product is rolled along the screen so that the print covers the circumference of the product, creating a 'wrap around' print.

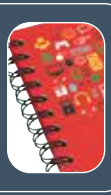
Transfer Printing

A printed image is applied to thermal paper which is then transferred to the item via a heat process. This technique is ideal for reproducing four colour process logos onto material based product.



Litho Printing

Litho printing is a method used to print text or artwork onto paper. The required image is etched onto a metal plate and then transferred to a rubber roller. The image is then taken from the roller and applied to the item.



Digital Printing

Produced using ink jet print machinery. The 4 colours, cyan, magenta, yellow and black, are used in different quantities to produce millions of different colours and shades. It is great for printing photos, four colour process images and more detailed logos

Embroidery

Stitches one or multi-coloured logos onto material products using a needle and strands of thread or yarn.

Label

A label is created by printing artwork onto self-adhesive material, which is then cut to shape and applied directly to the product. This method allows the printed image to be produced separately from the item before being fixed in place, offering a straightforward way to add detailed or full-colour designs. Labels can be produced quickly and consistently, making them a practical option for a wide range of products.

Doming

Doming begins with a printed self-adhesive label, which is coated with a clear polyurethane resin before being placed on the product. The resin flows evenly over the surface and cures to form a raised, glossy dome. This process protects the print while creating a durable, long-lasting finish. Doming is commonly used where a premium look and strong resistance to wear are required.

Dye Sublimation

A unique process where solid dyes are turned into gas and then bond with the polymer molecules in a product. Dye-based inks are printed on special sublimation paper, which is then heat-pressed onto a polyester fabric or polymer-coated product. The heat causes the dye to turn into gas and bond with the surface, transferring the image onto the product.

True Vivid™

TrueVivid™ is a premium dye-sublimation process designed specifically for ceramic mugs, delivering exceptional clarity and a superb photo-quality finish. Each mug features a patented Orca® coating that provides an ultra-smooth print surface and ensures colours stay sharp, vibrant and durable through repeated use. Ideal for detailed artwork, gradients and full-colour imagery.

Engraving

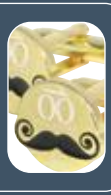
A very intricate process which involves carving the logo into the item, producing a permanent form of branding. In most cases engraving is performed by specialist computer guided laser engraving machinery.

Rotary Engraving

The principle is much the same as standard engraving but specialist machinery enables the item to be rolled as is it marked, allowing the branding to cover the circumference of the item.

Iron Stamping

A heated metal dye is pressed into the surface of the item which leaves behind an impression. The impression is then filled with colour.



PVC

PVC (polyvinyl chloride) is a type of plastic which is easy to mould and can be produced in many colours. A bespoke mould is created incorporating a logo in various shapes and designs and is then filled with the liquid PVC and left to set and harden. Set up costs are low, allowing small order runs.

Debossing

Debossing is a technique that leaves an impression of the logo on an item. A heated, metal plate is applied to the surface of the item and when removed it leaves behind a recessed imprint.

Foil Blocking

Similar to debossing (and using the same machinery), foil blocking leaves an imprint in the item, but the difference is that it can add colour to the impression. The colour is added by putting a colour foil between the dye and the product. The most popular colours to use are silver and gold.

Why Materials Matter

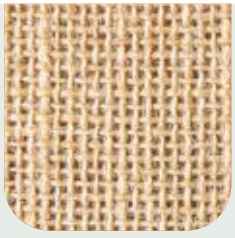
You will find products throughout this catalogue that refer to recycled, organic or ocean destined materials, check out the information below to learn more about each of them.

Recycled Materials

Using recycled materials for promotional merchandise is a smart and efficient way to create high-quality products whilst reducing waste. By repurposing materials like plastic, paper, and textiles, these products give new life to existing resources.

Ocean Destined Plastic

Recycled plastic from a certified Ocean-bound plastic source. Abandoned plastic waste is collected from coastal shores or waterways before they can enter the ocean, helping to reduce plastic waste. Using these materials for promotional products not only supports cleaner oceans but also creates reusable, high quality items.



Organic Materials

Incorporating organic materials into promotional merchandise is a great way to create high-quality products. Materials like organic cotton, bamboo, and jute are grown without synthetic chemicals or pesticides, making them better for both people and the environment.

Recycling Codes

Where possible we now incorporate recycling logos on our products and manuals. This will help to establish what material the product is made from and how readily recyclable it is. Please refer to the list of codes.

PLASTIC	01 PET polyethylene terephthalate	2 HDPE high-density polyethylene	3 PVC polyvinyl chloride	4 LDPE low-density polyethylene	5 PP polypropylene	6 PS polystyrene	7 OTHER all other plastics

HELPING UGANDA SCHOOLS

Promoting environmental and humanitarian change for the better, the Bilby and Sambourne Sports Bottles (page 188), the Refresh Recycled Ball Pen (page 24), and the A5 Nevus Notebook (page 65) are branded as the "promos that give back." These items contribute a percentage of every sale directly to HUGS (reg. 1098176) to support impactful projects.

The Bilby and Sambourne Bottles help provide safe water sources for thousands of impoverished children and families in Uganda, reducing the risk of waterborne illnesses. For every bottle sold, 20p is donated to fund sanitation, latrines, and water catchment facilities, ensuring children no longer have to walk long distances for clean water.

The Refresh Recycled Ball Pen helps supply essential stationery to schools in Uganda, with 5p from every pen sold donated to ensure children have the tools they need for a better education and a brighter future.

The A5 Nevus Notebook also makes a difference, with 10p from each sale supporting HUGS projects that focus on education and community development initiatives for those in need.

Seashell

For every Seashell Pen (page 22) and every fidget popper (page 244) sold, 5p goes to the Seashell Trust, a charity supporting children and young adults with complex needs through education, care, and therapy.

To find out more about the charity visit **www.seashelltrust.org.uk**

MADE IN BRITAIN®

Made in Britain® refers to products that are manufactured within Britain, ensuring high standards of quality, craftsmanship, and ethical production. Supporting "Made in Britain®" items helps sustain local industries, reduces transportation impact, and contributes to the economy. Look out for the logo throughout the catalogue to find these products!

terms

1. TERMS AND CONDITIONS

These terms and conditions apply to all orders and supersedes all others.
Signature of acknowledgement of order by you, constitutes your acceptance that our conditions are the only conditions that apply to the contract notwithstanding any purported terms put forward by you.

2. PAYMENT TERMS

2.1 Payment (on pre-approved credit accounts) shall be made in full within 30 days of invoice date, unless special settlement terms have been agreed by us in writing.
2.2 Any discounts are offered on the strict understanding that accounts are paid by the due date. We reserve the right to cancel any such discounts to accounts which become overdue.

3. TITLE

3.1 Consumers: your statutory rights are unaffected.
3.2 Business Customers: until you pay all debts you may owe us:
3.2.1 All goods supplied by us remain our property;
3.2.2 You must store them so that they are clearly identifiable as our property;
3.2.3 You must insure them (against the risks for which a prudent owner would insure them) and hold the policy on trust for us;
3.2.4 You may use these goods and sell them in the ordinary course of your business but not if:
a we revoke that right (by informing you in writing); or
b you become insolvent
3.3 Business Customers: you must inform us (in writing) immediately if you become insolvent.
3.4 Business Customers: if your right to use and sell the goods ends you must allow us to remove the goods.
3.5 Business Customers: we have your permission to enter any premises where the goods may be stored:
3.5.1 At any time, to inspect them; and
3.5.2 After your right to use and sell them has ended, to remove them, using reasonable force if necessary.
3.6 Despite our retention of title to the goods, we have the right to take legal proceedings to recover the price of goods supplied should you not pay us by the due date.
3.7 You are not our agent. You have no authority to make any contract on our behalf or in our name.

4. PRODUCTS

We reserve the right to alter any details or design of products illustrated without notice and while every effort is made to describe goods accurately in the catalogue no warranty is given as to accuracy and no responsibility will be accepted for error or mis-description and any resulting loss.

5. QUOTATIONS AND CONTRACTS

5.1 Orders are accepted subject to our right to adjust prices quoted to take account of any changes in the law or government regulations requiring us to increase prices by way of direct taxation, import duties, custom and excise duties or otherwise. The prices are based on today's current costs of production and in the event of increase in wages or costs of materials to us occurring after the confirmation or accepted contract, we shall be entitled to charge such increases to you.
5.2 To ensure accuracy all orders must be confirmed by fax or post or email. Telephone orders cannot be processed until written confirmation has been received. All changes to purchase orders must be confirmed in writing and are subject to all costs incurred until the date of our acknowledgement of change.

6. PRICES

All prices are for quantities stated, are ex-warehouse and exclude VAT at the current rate. Prices include personalisation of the item unless no personalisation area shown. Where 'Print' is stated, the price includes a one colour one position imprint. Where 'Engraving' is stated, the price includes engraving to one position to a maximum area of 5 square centimetres. An origination & set-up charge applies to all personalised orders per colour/per position, please contact the sales office for details. If printed proof samples are required these will incur a charge per colour per position, plus standard set up and origination charges, carriage and the unit cost, please contact the sales office for further details.

7. DELIVERY

7.1 Every effort will be made to deliver on time, but any delivery day specified is a best estimate and no liability is accepted for any loss arising from delay or error in the delivery of the goods. All deliveries will be charged at the prevailing rates applying at the date of such delivery.
7.2 Special rush deliveries can usually be arranged but will usually be subject to additional charges (e.g. rush print charges and rush delivery charges) which will be charged to you at current commercial rates.
7.3 Delivery charges as quoted are for a standard delivery service, whereby the responsibility for unloading and storage of the goods lies with the consignee. Specifically pallets, pallet trucks and assistance with unloading are not included. If any of these services are required, please contact us for a quote.

8. QUANTITY VARIATION

We shall be deemed to have fulfilled our contract by delivery of a quantity within 10% plus or minus of the quantity of printed goods ordered and you will be charged at the contract rate for the final quantity delivered.

9. CLAIMS

9.1 Claims arising from damages, delay or partial loss in transit must be made in writing to us, so as to reach us within 5 days of delivery.
9.2 All claims with regard to the quality or quantity of the goods shall be made in writing to us so as to reach us within 5 days of receipt of goods or such goods shall be deemed to comply as to quality and quantity with the terms of the contract.
9.3 You must examine all goods delivered at time of delivery. We shall not be liable for any loss arising from damage caused to the goods in transit unless loss or damage is noted on the delivery note at time of delivery.
9.4 Claims in respect of non-delivery must be made in writing so as to reach us within 4 days from receipt of our invoice.

10. LIABILITY

10.1 Save in so far as defects in the goods cause death, injury or damage to personal property, our liability for any loss or damage suffered by you in respect of the goods shall be limited to the contract value of the goods.
10.2 We can accept no responsibility for loss or damage arising from the supply of goods under this contract unless you have fully complied with the notification of claims procedure set out in clause 9.
10.3 Nothing in these terms and conditions shall affect the right of a consumer.
10.4 If you accept delivery of the goods after the estimated delivery time, it will be on the basis that you have no claim against us for delay (including indirect or consequential loss, or increase in the price of goods).

11. CANCELLATION CHARGES

A charge will be made on all cancelled orders, together with the charge for all work carried out up to the date of receipt of written cancellation.

12. OVERDUE ACCOUNTS

12.1 No goods will be delivered on accounts which remain unpaid 14 days after payment is due. Interest will be charged on overdue accounts, at the rate of 5% above the banks base rate from time to time from the date the account became due until payment is received. This does not prevent us from pursuing payment of overdue accounts at any time after payment becomes due and shall be in addition to and without prejudice to any other rights we may have against you.
12.2 We reserve the right to charge you for any legal or collection charges where it is necessary to obtain payment from you of an overdue account through a third party or court proceedings.

13. ARTWORK AND PRINTING

13.1 Where applicable the prices shown include personalisation in one colour one position from camera ready artwork supplied, for additional positions or colours of personalisation please phone to obtain an exact quotation.
13.2 On placing an order, please supply the necessary Pantone® colours for your artwork. We will match your Pantone® colours as close as possible however 100% match cannot be guaranteed, and the shade of the print colour may differ slightly when printed onto different surfaces. Where you specify non standard printing colours, there will be an additional special match charge. Due to the nature of metals and alloys, when engraving we cannot guarantee the colour of the engraved surface even on the same item within the same order.
13.3 Please supply artwork in a fully editable EPS format for Adobe Illustrator, scanned artwork will not be accepted. All artwork and print charges will be levied where necessary unless previously stipulated by us. Touching up or reworking of artwork will be charged, please contact the sales office for further details.
13.4 The published print areas and item sizes are approximate and should be regarded as a guideline only.

14. BATTERIES

Unless indicated, batteries are not included. For battery costs and insertion charges, please call our sales department.

15. SMALL ORDERS

Where you require a quantity smaller than the minimum quantity shown in the price list, this is normally possible but usually carries a small order surcharge. Please contact our sales department for further information.

16. FORCE MAJEURE

We will not be held responsible for the failure or delay in the carrying out of our obligations under the contract arising out of any cause outside our reasonable control or by inability to procure materials or articles except at higher prices due to any such cause and in such circumstances we shall be entitled by notice to terminate the contract in whole or in part without incurring any liability whatsoever to you.

The company names, logos and trademarks which are printed on products shown in this catalogue are reproduced only to demonstrate the effect obtained by personalisation and as a guide to the personalisation positions, and do not necessarily imply that the products have been supplied to, or endorsed by the owners of the trademarks featured. We apologise for any inconvenience caused. The items featured are not presented for resale with these specific logos on them.

Due to the limitations of the four colour print process, the colours reproduced in this catalogue represent approximate colour matching only. The ordering of a sample is strongly recommended to avoid any confusion over the exact colour of any items pictured herein.
