WELCOME TO THE 2024 SHIFNAL CARNIVAL

**Hello and welcome to the 2024 Shifnal Carnival.
My name is Nigel Jones, and I am the new chair of the
Carnival Committee.**

Firstly, may I take this opportunity on behalf of both the Carnival Committee and the wider Shifnal community, to say a huge thank you to Sarah Richards, who has worked tirelessly for over 10 years to put on a fantastic carnival for the local community. I am sure that you will agree that the hard work and relentless dedication of both Sarah and her team have made the carnival what it is today - a much anticipated annual event in the Shifnal calendar.

It's been a busy year for the Carnival Committee, from the Santa Tour in December to the much-loved Duck Race on May Day.

It just leaves me to say a huge thank you to Shifnal Town Council and all of our volunteers and sponsors for their continued support. Let's all keep our fingers crossed for a glorious sunny day, and don't forget to bring all your spare change to help us raise money for some fantastic local causes.

Nigel Jones

ISTUMBLE has been developed by MANGAR as an interactive app that helps guide supporting staff through a set of questions to see if the faller is safe to be lifted or if there is a need to call 999.

This helps reduce time on the floor and unnecessary calls to 999.

When using the cushion, the individual will be encouraged to shuffle on to the cushion - or rolled from the recovery position if required - and then assisted to an upright seated position by inflating the cushion.

What's more – all of this is done at the touch of a button!

Reducing the chance of injury to individual.

YOUR CARNIVAL MEMORIES

Maria Cheadle

I loved the carnival and the fair that visited every year. The atmosphere in the town was always one of excitement.

My favourite float when I was little was a big white swan, it was amazing! When you're 5 years old in the 70s, it was epic. Maybe not so impressive by today's standards!

Chris Hayward

I loved the old woman in the shoe float. We were only a team of nine adults and we worked constantly from the January onwards making paper flowers most days/nights as well as sourcing outfits, building the shoe from scratch. We worked right up to the time we were ready to leave for the procession.

Nick Billingham

One of the most impressive floats I've ever seen was entered by St Andrews School to mark the bicentennial of Americas independence in 1976. Their representation of a steamboat is yet to be beaten!
