# Actona Seating Limited

Actona Seating Limited (ASL) is a Chinese subsidiary of Actona Group and has Danish management. The 26.500 m<sup>2</sup> upholstery production is located in a small town called Longxi which is a part of Huizhou City in South China (60 km from Shenzhen).

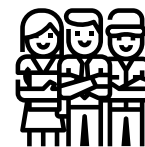

The factory was established in 2009 and is specialised in development and production of leather and fabric upholstery sofas and chairs in Scandinavian designs.

All products are exported to overseas markets such as Europe, USA, Middle East, South Africa, Japan, South Korea and Indonesia.

With 350 employees the production capacity of the factory is up to 250 containers per month.

**26.500 m<sup>2</sup>  
production**

**350  
employees**

# Upholstery production

ASL has its own in-house Product Development department which in close cooperation with Actona Group develop upholstery products. All production processes from raw material to finished products are found inhouse at ASL.

ASL works with dual sourcing philosophy for contingency purpose and has commercial frame agreements signed with all suppliers. All relevant material delivered and used is REACH, E1, TSCA and/or EUTR compliant.

There is detailed process documentation for all workshops. Production is organised for high volume production in well-organised conveyer belt workstations.

The workforce is stable with high seniority and has weekly organised process training in each workshop. Internal inspection rate defect level is approximately 1 % and three of our workshops have 100 % inspection.

## Quality system & certificates

ASL has a digitalised on-line quality system built on ISO principles and in-house incoming inspection, 100% inspection in three departments and inspection of all ordered finished goods.

All products leaving ASL comply with the legal requirements in your market and is safe for use.

To secure a high-quality standard ASL has written quality agreements and specifications with all suppliers including self-inspection reports from suppliers delivering customised parts.

Furthermore, ASL is certified by BSCI and SMETA. At ASL National environmental, health, safety and social requirements and regulations are respected. That also applies holiday and resting periods.

The management is people-oriented with high focus on the benefits and a healthy environment for the employees.

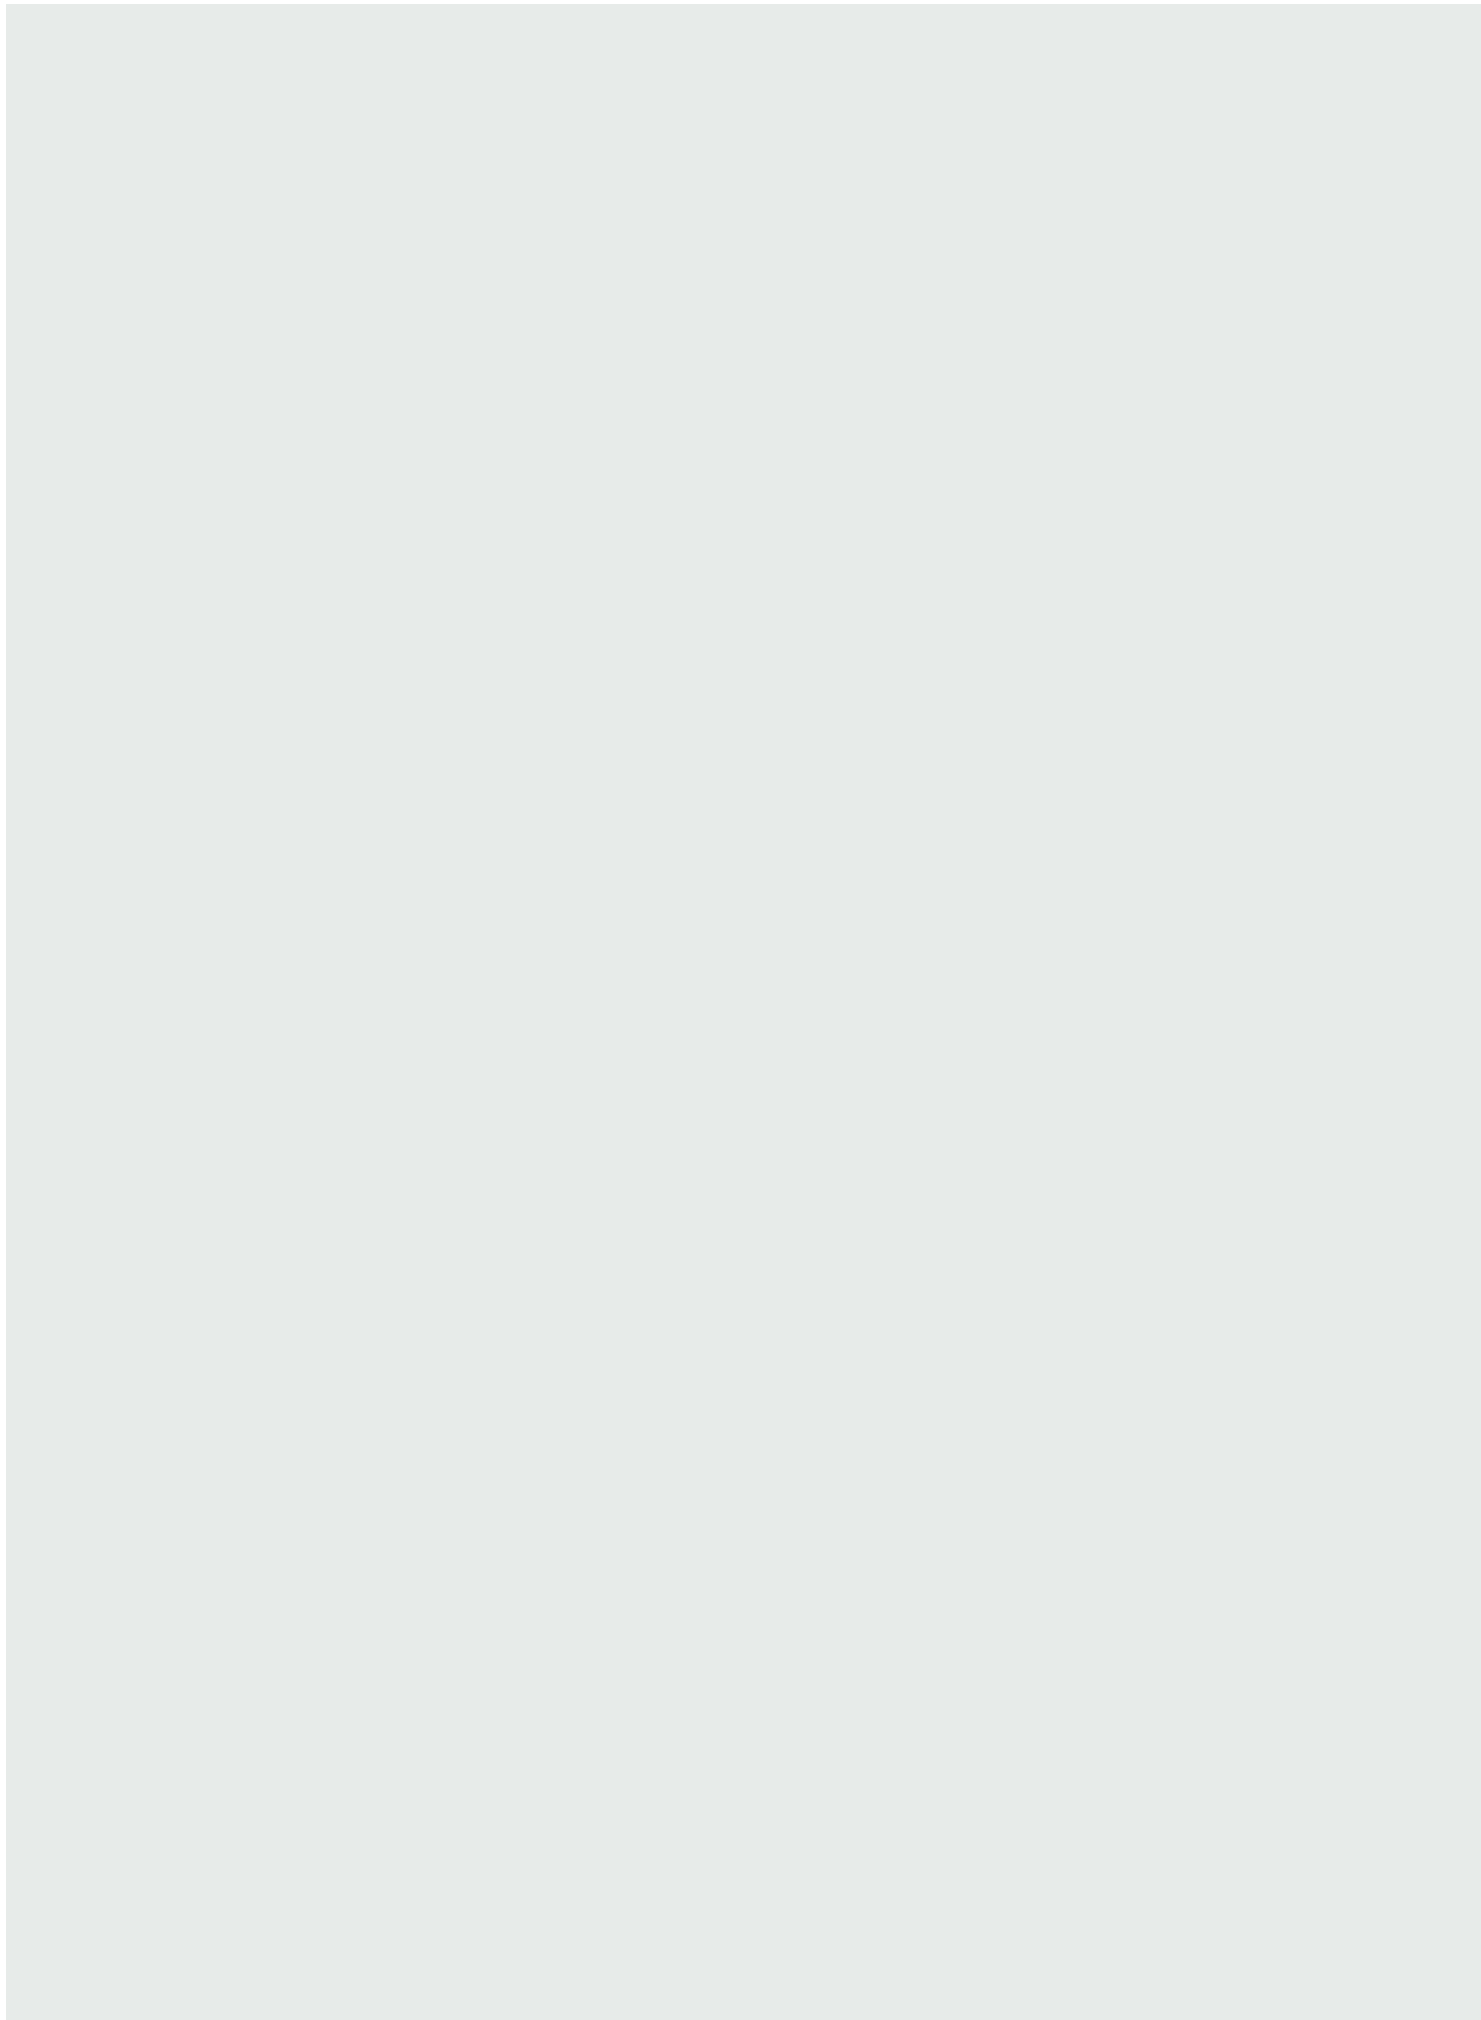

## FSC™ certified

We are very proud that  
Actona Seating Limited  
is FSC certified.

FSC sets the highest standards in the industry and when using FSC-certified  
wood we help to ensure responsible forestry now and in the future.

Look for our FSC-certified products.

# Adelaide

- Nice seating comfort
- Featuring loose back cushions
- Pillows for style and comfort
- Fusion of traditional and modern design

Perfect for lazy Sundays – just sink in, lean back, relax and enjoy. But it is not just about comfort, the designs look equally great - with rectangular armrest, clean lines and wooden legs these will be stylish additions to any home. Some designs even come with two extra pillows for extra comfort.

# Sagunto

- Scandinavian style
- Loose back cushions
- Good quality foam for greater seating comfort
- Subtle tufting detailing

Inspired by the Scandinavian lifestyle, this range was created to give families a reason to get together and enjoy some quality time in comfort. In fact, all designs are built with a solid construction to provide optimal seating comfort. And as a bonus, the backseat was made with subtle tufting detailing to enhance the feeling of warmth.

- Pieces perfect for luxury lounging
- Comfort ensured by quality foam and siliconized fiber balls
- Danish design exclusively protected for Actona

Get ready to be blown away by amazing comfort. This range offers pieces that are perfect if you like to lounge in total comfort. The excellent comfort is ensured by a frame consisting of high-quality foam, which provides support, while the siliconized fiber balls in the seat- and back cushions provide a very soft sit.

# Talida

- Contemporary design
- Deep seats allow to comfortably curl up
- Loose back cushions
- Spacious seating and soft cushions
- Various styles, colours and materials available

No matter the language, this range screams comfort and style in each and every piece. Nothing beats coming home after a long day and diving into deep seats and leaning into soft cushions. Rumour has it that when once these high resilience pillows catch you, you'll forget about everything for a while. What's not to like about that?

- Robust front panel and piping lining
- Loose back cushions
- Reversible chaise
- Danish design exclusively protected for Actona
- Various styles, colours and materials available

These designs just can't be overlooked due to their robust look. Upholstered in an evergreen style that was, is and always will be relevant and popular. It just got a little bit of extra love in the form of materials and colour variants to make sure it fits any interior. And have you seen the piping lining? A refined detail that makes a difference as it brings the whole design together.

# Virginia

- Minimalistic design
- Voluminous cushions
- Wooden legs for a natural look
- Adds a Nordic touch to your living space

This stylish range features straight, round legs to compliment the natural and minimalistic look. Voluminous cushions provide just the right amount of support for your back without losing shape. This range gives a Nordic vibe but is still designed to fit different interior styles.
