OVERVIEW

Captivating Style

The 2027 Honda HR-V combines sophisticated styling with practical, versatile design. Key features include a distinctive honeycomb grille, standard LED headlights, and available 18-inch alloy wheels.

OVERVIEW

Designed to Impress

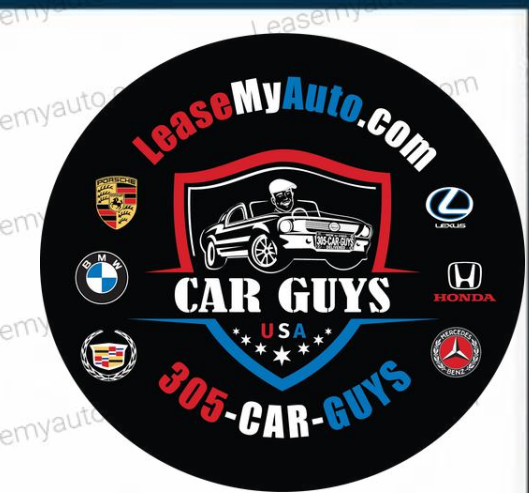

The HR-V offers a comfortable cabin with refined styling and seating for up to five people. The design focuses on practicality, providing ample cargo space behind the 60/40 split 2nd-row seats and high-tech touches like dual-zone climate control.

Designed to Impress

The HR-V offers a comfortable cabin with refined styling and seating for up to five people. The design focuses on practicality, providing ample cargo space behind the 60/40 split 2nd-row seats and high-tech touches like dual-zone climate control.

OVERVIEW

Just As Smart As It Looks

The tech-savvy HR-V improves your driving experience with hill descent control and multi-link rear suspension, and your passengers can enjoy features like the available 8-speaker sound system and wireless phone charger.*
