

JST

Application Tools / Machines

AP-2 (Pneumatic press for IDC)

[Type]
Press for IDC

AP-2D (Pneumatic press for IDC)

[Type]
Press for IDC

AP-2H (Pneumatic press for IDC)

[Type]
Press for IDC

AP-F6 (Semi-automatic crimping machine for solderless terminals/splices)

[Type]
Crimping machines & Tools

AP-K2N (Semi-automatic crimping Machine for Chain Terminals/Splices)

[Type]
Crimping machines & Tools

BCD-M5BP (Fully-automatic insulation displacement machine for discrete wires)

[Type]
Full automatic IDC machine

CAM-M12B/CAM-M43A (Fully-automatic insulation displacement machine for multi-harnesses)

[Type]
Full automatic IDC machine

E-4 (Electrically-Operated Hydraulic Unit)

[Type]
Crimping machines & Tools

HPD-M2A (Hand press for IDC)

[Type]
Press for IDC

Hydraulic hand tool (Hand operated type)

[Type]
Crimping machines & Tools

MP-2A (Pneumatic press for IDC)

[Type]
Press for IDC

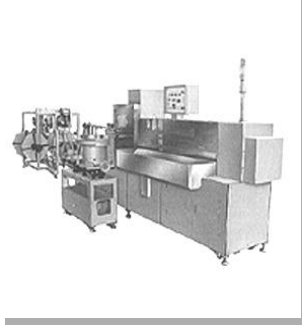

Pneumatic tool

[Type]
Crimping machines & Tools

RCD-M9BE (Fully-automatic insulation displacement machine for jumper wires)

[Type]
Full automatic IDC machine

Ratchet hand tool

[Type]
Crimping machines & Tools

SCD-M15B (Fully-automatic insulation displacement machine for shielded wires)

[Type]
Full automatic IDC machine

YF-1 (Foot-operated hydraulic tool)

[Type]
Crimping machines & Tools
