РАНОК

Imagine that!

(add to p. 73 SB)

Zero Conditional

There are 4 brothers that:

- ✓ never give a result without a condition
- ✓ always say 'if' or 'when'

Zero Conditional

likes general truths

likes laws

talks about two things that are
always true together

always uses Present Simple

laws
truth

Zero Conditional

Present Simple

result

if (when)

Present Simple

condition

condition

result

*If someone **sends** me a message, my phone **makes** a noise.*
