EduTech 20 25 SYMPOSIUM

Leveraging Education through
the Advancement of Technology

# Synopsis Submission Guideline

EduTech Symposium

EduTech Symposium, a premier event organized by the Center for Educational Technology (CETE) at The Maldives National University (MNU). This symposium stands as a beacon for those passionate about the transformative power of technology in education. As the digital age progresses, the integration of innovative technologies into teaching and learning becomes not just beneficial but essential.

Attendees will have unparalleled opportunities to explore the practices of tech integration, uncover the latest trends, tackle pressing challenges, and identify emerging opportunities within the realm of Educational Technology.

Objectives

- To provide a platform for educators to showcase their practice of integrating technology in teaching and learning.
- To showcase successful examples of technology integration that can inspire others.
- To offer opportunities for professionals and experts to interact, share and explore best practices of technology integration in teaching and learning.
- To support educators in advancing their technology integration skills and facilitate networking and connections for a better future.

Synopsis Submission

Interested participants are expected to send a written synopsis with the following;

1. Title of Entry: [Provide a concise, descriptive title for your EdTech exhibition]
2. Category: [Indicate whether this is for the EduTech Integration Individual Award or EduTech Institutional Award]
3. Participant/Institution Name: [Your name or the name of your institution]
4. Synopsis (250 words maximum):[In this section, provide a brief overview of your EdTech integration in teaching and learning]
5. Synopsis outline: [Include the following elements]

Synopsis Format

Problem Statement:
Give a brief explanation of the challenges/obstacles that the educators, teachers, instructional designers, educational administrators or the learners faced.

Description of the technology used:
Briefly describe how the technology(ies) were used in the teaching and learning and the benefits it has brought to the process.

Implementation of the edutech technology/ies:
Briefly describe how the educational technologies were used to address the challenges/obstacles.

Synopsis Format

Impact of the edutech integration :
Outline the measurable effects of your edutech integration on the teaching and learning.

Discuss the potential future broader impact
Outline future implications of your edutech integration in the future of education.

Your synopsis should be clear, concise, and compelling, highlighting the most significant aspects of your EduTech integration

Keywords: [List 3–5 keywords that best describe your entry]

This synopsis will be used by the symposium evaluation committee for acceptance of entry to the symposium competition .Ensure that it accurately represents your work and aligns with the competition's focus on innovative and effective educational technology integration.
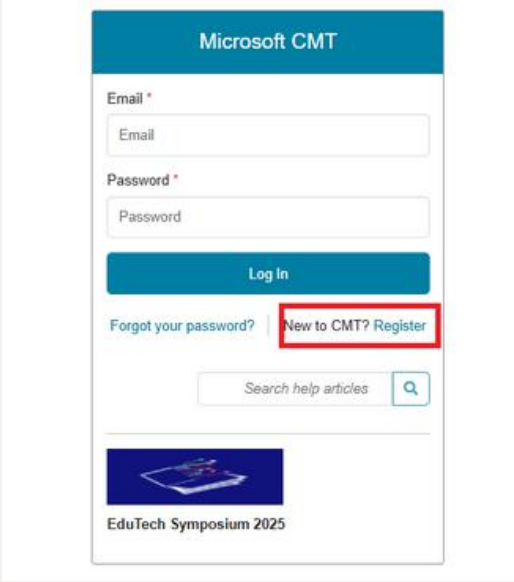

Symposium Evaluation
