Join us for a day of hands-on learning and adventure at the Rondevlei Island Campsite! Our day camps offer an exciting mix of outdoor exploration, educational activities, and eco-friendly fun, all designed to spark curiosity about nature and the environment.

Exploring Wetlands & Fynbos

Take a guided walk through the wetlands and surrounding Fynbos, where children will learn about local plant and animal life.

Animal Classification & Adaptation

Learn how animals adapt to their environments and explore the fascinating world of wildlife classification.

Eco-Friendly Crafts

Create fun, nature-inspired crafts using natural materials found in the environment (e.g., pinecones, leaves, and flowers).

Dragon Boating on Zeekoevlei

Get on the water for a dragon boat adventure, an exciting and eco-friendly way to explore the wetland's beauty.

Nature Walks & Biodiversity

Explore local biodiversity with an experienced guide, learning about the plants and animals that call Rondevlei home.

Medicinal Plants & Reptile Lessons

Discover the healing properties of local plants and learn about the reptiles that thrive in our wetlands.

BOOK NOW

Hear directly from teachers, students, and past campers about their incredible experiences at Rondevlei Island Campsite!

- What makes our camps unique?
- What do children learn?
- How do our activities inspire a love for nature and conservation?
