Producer's Letter

Welcome to South Plains Leatherfest 2023 and our new home at the Hilton, Richardson. Last March, when Master Jim, slave marsha and Sir Cougar presented me with the South Plains Leatherfest Producer backpatch, I felt the weight of responsibility in carrying on their work. They have given so much to our community, and none of us would be here today without their dedication and commitment to South Plains Leatherfest and the International Master slave Contest System. I accepted this enormous task gratefully, and I will begin this welcome letter by again expressing my gratitude to them for all they have done for us. As somebody who has called South Plains Leatherfest home for decades and a Titleholder as International slave 2016/2021, my heart has been devoted to SPLF and IMs for a long time. I now bring my strong work ethic and commitment to my feelings of devotion, and I will be sure that SPLF and IMs continue to thrive.

When I accepted the backpatch from Master Jim's hands last March and held the mic in my hand, I looked out at the audience sitting quietly waiting to hear what I would say. I took a deep breath and just as this letter is written, I spoke from both my mind and my heart.

I knew the enormity of the task I was accepting from being a Producer in the Leather Community for many years. I knew the work. In that moment, I deeply felt the level of responsibility in leadership, and this is the weight I have continued to feel in the last year. I told the audience that day to speak to me, to work with me, and if you see something you don't like, call me in - not out.

I told them that I was not perfect and I would make mistakes and when I do, I would listen, I would be accountable, and I would apologize. I asked them to trust in me, knowing my decades of experience and my loyalty to my leather community. I asked them to work with me to build, not burn. I am thankful to all of you, my community, for telling me your stories, your wants, your needs, and thoughts. Thank you for supporting me, teasing me, laughing with me and showing up each and every time I asked for help.

I don't have sufficient words to express what it means to me to be in leather community with all of you. I am a builder. I am inspired and fulfilled by rolling up my sleeves, taking the hand of the person next to me, and creating space for our community. I believe strongly that ALL people in our community must have a seat at the table. My efforts in this last year have been toward that belief with a focus on diversity, equity, and accessibility at SPLF. I am so incredibly excited to finally be here with all of you, after a year of sharing my visions and doing the work to bring them to life. To my beloved Leather Community, here it is, SPLF 2023. I welcome you home. Let's enjoy this fantastic party!

*Come dance with the west wind and touch on the mountain tops
Sail over the canyons and up to the stars
And reach for the heavens and hope for the future
And all that we can be and not just what we are

International M/s Contestants

Midwest Region

Ms. Brenda & slave arcane

Ms. Brenda and slave arcane are proud to represent the Midwest M/s-D/s Conference! They met in 1999 and were friends for over 10 years before effortlessly falling into their M/s dynamic. Having both been in long term power exchange relationships since the early-mid 1990's, they have a combined 60 years of experience living in roles, which both gravitated towards naturally. They were honored to contribute a chapter to the book "Our Lives, Our History: Consensual Master/slave relationships from ancient times to the 21st century." While they are interested in all facets of M/s dynamics, they are particularly passionate about Female Master/Male slave relationships. The cornerstone of their dynamic is summed up in their presentation "Queen Takes Knight"- a metaphoric example of how a strong woman leads a strong, yet submissive man.

Northeast Region

Master Penguin & slave ginna

Master Penguin and slave ginna are honored to be the 2022 Northeast Master/slave couple and have been in a Master/slave relationship for more than 20 years and married 25 years. They worked the "kinks" out of their relationship and their dynamic shifted from mostly in the bedroom to a TPE M/s relationship. Later, they became involved with different MAsT chapters and currently Master Penguin is the Director of MAsT: Gettysburg, while slave ginna helps plan meetings and presents for the chapter. They have presented at the Master/slave Conference, The M/s Gathering, Twisting Culture and more, presenting on various topics including mental health, neurodiversity, long term relationships, raising kids in a kinky home and more. They are both committed to service in the community, and they always try to be helpful and lend a hand when needed.

International M/s Contestants

Northwest Region

Master Boromoy & slave amari

Master Boromoy has been in an M/s dynamic with his pansexual slave amari for over a decade. They enjoy the depth, power, and emotional connection inherent in their M/s relationship. Boromoy and his amari are honored to have served as Washington State M/s 2017 and Northwest M/s 2018/2022. They have presented informational, playful, and engaging workshops virtually and in person at events throughout the country, bringing years of training, experience, and diverse knowledge to the community. Founding members of Leather Azimuth, they co-host Kinky Klass Night and are members of MAsT: Portland. They are recipients of the 2019 “We See You” Leather award. Boromoy has a passion for rope work and enjoys many types of play, from whips and floggers, to fire, electrical play, and sharp pointy things. amari enjoys spending time with her partner, the odd game of chase, takedown scenes, and scenes involving blood.

Master Boromoy and slave amari, Northwest Master and slave 2022, are not able to compete at the IM/s 2023 Contest however we thank them for representing the Northwest Region.

Southwest Region

Master Michael & slave Rebekah

Master Michael joined the community in 2010 by attending munches in Indiana. He then attended a munch in Colorado Springs in 2013, in which he observed his first M/s relationship. It ignited his passion for more, so he joined local community groups, threw his focus into his goal, and became the Master he'd once dreamed of being. slave Rebekah began her journey, privately, in 2009. In 2012 she began attending munches in Colorado Springs. She immersed herself in the local community groups, co-founding the Colorado Springs Littles Group, and being one of the first members of Voo-Doo Leatherworks. Their journey together began in 2013 when they were united together on one fateful night when a budding Dominant ignited his first torch, which would spark a lifelong commitment. That night, not only did he set her on fire, but also their collective hearts and souls as well.

International M/s Contestants

Southeast Region

Master Varii & slave neill

Master Varii is a covered cisgendered heteroflexible Leather Woman (She/Her) and head of House of Valor. She is a healthcare professional, a public speaker, and a community Leader who teaches for MAsT groups, at dungeons, online via Zoom, and at regional and national events. She has the pleasure and privilege of being a mentor to some incredible individuals, and she and her slave now also have the honor of being the caretakers of the East Coast half of the Leather Quilt. slave neill is a strong, intelligent, highly capable pansexual cisgendered man (he/him) who has been collared and owned by his Master for 8 years. They live a 24/7 total authority transfer relationship and are excited about continuing to grow and explore new facets of that dynamic. slave neill has been in the leather community for 11+ years, and regularly teaches with his Master in person and online.

Workshops

Consensual Master/slave Relationships and People of Color

Sir Guy

Before we enter consensual relationships as Masters or slaves, we are people with our own experiences and beliefs, which may affect how we respond to things, how we view others, and how others view us. American society has issues with race, ethnicity and other cultures that are often not discussed until there is a major problem. This avoidance can have a polarizing effect, not just in the world at large but within the BDSM and M/s communities as well. How do we deal with social conditioning around race and color? How do we deal with the terms "Master" and "slave" or the concept of consensual "ownership" of a person? Are there different perceptions of M/s in interracial or multicultural households? Sir Guy will lead a discussion of these and related questions.

Managing the Power Slave

Liza & Jody

Good slaves are rarely doormats. In fact, they are usually pretty dominant, although not with their Master/Mistress. (This may be equally true about a good submissive.) In this class, International Master and slave 2011, Liza and her slave, Jody, will explore the joys and challenges of owning a powerful slave/submissive (or being a powerful slave/submissive). We will discuss techniques for attaining high performance and willing obedience while encouraging creativity, self-direction (in service of the Master/Mistress), and bliss. Audience participation is appreciated.

The Mana of Fetish

Master Skip

Harnessing the Mystical Power of Lust and Obsession in BDSM - Many in our community are unaware that the word “fetish” has its roots in pagan spirituality. There is a mystical power in our fetishes—they empower us, embolden us and, at times, even enslave us...all while turning us on! For those engaged in a Master/slave relationship, understanding and making mindful use of this power is doubly important. Join Master Skip as he examines the healthy role that fetish can play in D/s relationships as well as the dangers that can occur when our fetishes remain in the shadows.

Hardy Haberman

In the kink community we pride ourselves on our communication skills, yet often negotiating a scene becomes a cold businesslike transaction. This is a workshop to help find strength in that and find your niche. Submission is not a one size fits all box.

On the Edge of Consent

Sir Luke & His victor

Consensual non-consent is like riding a rollercoaster; once the lap bar is lowered, we have committed to staying along for the ride until it's over, even if we throw up, a screw comes loose, or the car comes completely off the track. Why would someone knowingly engage in this level of risk? In consensual nonconsent, we take the thrill of the ride, harness its innate power, and incorporate it into how we play, fuck, and live to create encounters with reduced risk and elevated accountability. Join us as we delve into an intense, thought-provoking, and possibly challenging topic that pulls back the layers of what makes CNC fundamentally different from rape or violated consent. We will explore the deep physical and psychological satisfaction that comes from engaging in CNC.

Therapeutic Pain at the Beginning and End of the Rope

This hands-on class offers an introduction to assessing the bottom and creating simple, quick ties intended to challenge, connect, excite, and heal. No prior rope experience necessary, bring rope if you can.

Trauma Informed Anticipatory Service

midnight mayhem

Service is a complex and sacred part of Power Exchange Dynamics. When we are able to serve with skill and tact that comes from anticipation and observation, we can create the most delicious feelings in our relationships. However, as service providers it is easy to burn ourselves out and needlessly suffer emotionally when attempting to Do All The Things. And when our self-worth comes into play, things can get hairy and confusing.

Triggers and BDSM

Dr. V

Triggers can interrupt a fun scene that was planned or a relationship/ dynamic. When triggers happen, we can easily judge ourselves or others as being "too sensitive" or "overreacting" but there are more connecting, compassionate, and ultimately, more useful ways to manage the unwanted interruptions we call triggers. This class will discuss triggers, what can cause them, how we can work with them and the challenges and opportunities they present.

Urethral Sounding, Yes, it's for Any Body!

Kupkake

Urethral stimulation and play are popular among people who wish to expand their sexual pleasure or to experience some unique sensations. Although a predominantly male assigned genitalia domain type of play, urethral stimulation can be fun, and extremely pleasurable for most individuals regardless of gender or parts they may have. Medical safety, preparation, do's and don'ts, tips for beginners and the effects during and after this type of play is performed will be discussed.

Workshops

Using Mediation Techniques to Resolve Disputes in M/s Relationships

Liza & Jody

While the fantasy of the M/s dynamic is that the Master commands, the slave obeys, and the relationship has no conflict, the reality is that we are all human and conflicts arise. These conflicts can cause rifts in the relationship or, in some cases, can even cause the relationship to end. In this class we will explore some useful techniques to resolve conflicts while respecting the authority-based nature of the M/s relationship. Participation encouraged. Jody served as a mediator for the US District Court for the Northern District of California for several years & has mediated organizational & individual disputes in the BDSM community.

When Crack Comes to Play

Master Cecil & Darcy

This class starts beyond the different types of whips & basic throws to get into targeting, use in play, safety, and adding an interchangeable cracker to any whip. It concentrates on techniques for short (3 foot signal) to long (6 and 8 foot bull) whips. Practice will be at the end of the class for as long as time allows.

Whip Workshop: Experience Passion, Joy, Fear and Healing

Daddy Crone Leenie

What comes to your being when you think about whips? Is it Fear, Joy, Excitement, No Fuckin way? In this workshop you will learn to create more depth/connection and tap into your passion. Whether a Top or bottom, Daddy Crone Leenie, will guide those who wish to throw the whip plus assisting bottom's and Top's work through their resistance to receiving the whip, creating an opportunity to reshape negative experiences into an opening/positive experience. Let's Dance!

Who are you?

Sir Leo and leathergem

This workshop will discuss the importance of accepting who you are, what you are, and what you do is what brings the spiritual awakening within ourselves, through guidance, transformation, and evolving. Building a foundation of who you are through strength and power - the in's and out's of everyday life and struggles. Building worthiness, self-reliance, and being who you are meant to be in all that you do.

Women in Leather: Shaping Our Own Identity

Master Toni

Master Toni will share her chapter about Women-Women M/s Relationships from her book, Women in Leather: Shaping Our Own Identity (interviews with Mistress Mir & Vi, Master Khiki & jez, and her slave alicia) and begin a discussion about how women might "do M/s" similarly or differently than other gender identities. Our conversation will address all sexual and gender constructs as they relate to M/s relationships.

Yes, I Have a Safeword, Too

Lady D

Exploring the limits and boundaries of a Dominant! We always speak about maintaining a submissive's limits and boundaries but what about those of a Dominant? Are they supposed to have limits and if so, what would they be? Do you make those things known to the submissive? What happens when a Dominant's boundaries are violated? We will investigate this from the D side of the slash.

When in public areas of the hotel, please use good judgment and be discreet when conversing about BDSM activities in front of hotel staff. Absolutely no BDSM play may take place in the public areas of the hotel. Save it for the privacy of your hotel room, or the play space. The hotel staff has not consented to see BDSM activities.

Unless this is about an issue in your personal hotel room, please contact the SPLF Staff before you contact the hotel staff if you have any issues requiring attention.

If at ANY time you are asked to stop ANY activity by ANY person, please stop immediately. Once you have stopped doing whatever it was you were doing, then you can have a conversation about what the issue is.

Practice common sense and common courtesy towards all people at all times, including the hotel staff and other guests. Be kind to each other, remember that you are representing our community. Avoid exposing anyone to non-consensual kink.

Some members of our community are highly affected by scented products. Please eliminate or reduce the use of scented personal care products at SPLF as much as you are able.

Violation of these rules will result in the attendee being removed from the premises and NOT allowed to return with no refunds given.
