SWECHAM ANNUAL GENERAL MEETING

During the AGM 2023

We would like to warmly thank all members and friends who attended our Annual General Meeting (AGM) last week at the @landmark hotel!

On 30 March, SweCham had the honour of organising our Annual General Meeting (AGM) followed by networking drinks and a delicious dinner. At the AGM, we presented SweCham's activities over the past year, including a recap of projects and a financial update, followed by the election of board governors. A big congratulation to Mr. Peter Björk who was re-elected for his 4th term as President by the SweCham Board!

The evening continued with the special post-meeting dinner. We were honoured to be joined by Mr. Chanin Khaochan, Deputy Secretary General of Thailand Board of Investment, who shared with us updates on the current investment climate in Thailand and the new investment policy that encourages Thailand's economy to be competitive, innovative and inclusive. Mr. Chanin expressed appreciation of the Thai-Swedish relationship and Swedish investors, welcoming the Swedish expertise in areas such as circular economy, green energy and waste management. We would like to extend our warm thanks to Mr. Chanin Khaochan for the interesting presentation that generated many questions from the floor and a very dynamic discussion.
