

The image features a central logo for 'DS DISPENSARY SUPPLY' on a teal background. The logo consists of a large 'D' with a blue-to-white gradient and a dark blue outline, followed by a dark blue 'S'. Below this, the words 'DISPENSARY' and 'SUPPLY' are written in a dark blue, sans-serif font. Surrounding the logo are various items: a white and black bag in the top left, a white container with a wooden lid in the top right, a white electronic device in the middle right, a clear jar with a white lid in the bottom left, a white tube with a white cap in the bottom left, and an open white tin with a silver interior in the bottom right.

CUSTOM PACKAGING BUNDLES

Your brand's first impression doesn't start on the shelf, it begins the moment your package arrives.

Our custom-branded shipping bundles ensure a seamless, professional look from delivery to sell-through, reinforcing your brand identity at every touchpoint.

These small extra details make your brand stand out in purchasing managers' and decision-makers' minds as a company that cares and invests in their own image.

A Packaging Tape

The easiest way to add your branding to any box!

B 3x3 Labels

Let your customers know where the package came from and what's inside instantly.

C POPs

Create a display piece to make your products stand out on the shelf. Your products sit neatly inside the POP box.

D Inner Cases

Branded inner cases make it easy to identify your products in a warehouse or storage area. No guessing what's inside plain, unmarked boxes.

E Master Cases

Create a seamless experience from the minute your customers receive their shipment to your products sitting on display in their shops.
