ABOUT US

Our Story

As a proud family-owned Australian business, Expandesign has been helping customers across Australia and globally to successfully promote brands for nearly three decades through our innovative range of high-quality Portable Signage and Marquees.

Expandesign continues as the industry leaders in portable outdoor/indoor signage and marquees since introducing the first Teardrop and Pop Up Banners into Australia in 1999. Since this, we have continued with a sole purpose – to help brands succeed, grow, and standout.

We use the latest technology and materials to provide the most extensive range of innovative portable advertising solutions available at competitive prices whilst maximising the life of our products and harnessing vibrant printing methods.

APPA Member Since 2011

A Reputation for Excellent Service

We work closely with our customers to find the best branding solutions for them and their clients – because we know that your business is at the heart of ours.

Our national service team, including in-house customer service, design, and accounts team, is dedicated to finding you the best branding solutions – because we pride ourselves on selling signs that sell! As such, we offer a complete range of services, from an initial consultation to understand your needs, through to graphic design, production, delivery, and after sales support.

Our management team comprises professionals in manufacturing, sales, and distribution with over 30 years of experience who are here to support you whenever required. Expandesign's knowledge, coverage, and commitment underpins the many lifelong relationships we have built with our customers and our technical expertise in portable signage and marquees is second to none. This integrated approach, combined with sourcing the best quality inks and materials, ensures we help you achieve your and your clients' promotional goals.
