# Ikonic Technology Ltd

Europe's Premier IT Distributors

With more than two decades of experience as independent, international IT distributors we have a reputation for exceeding our customers' expectations. We hold an unprecedented level of ready to ship IT stock and have the ability to deliver difficult to source items, all with impeccable service levels.

”  
AS  
DISTRIBUTORS OF IT,  
**WE ARE  
IKONIC.**

In business it's about people. It's about relationships. At Ikonic we trade in trust and credibility when it comes to supplying IT products. Our customers demand quality, they want great service and insight but with all this they want it at the right price. And that is what we give them.

”  
“PUT SIMPLY, IKONIC SELL TECHNOLOGY – GREAT TECHNOLOGY!”

For over a quarter of a century Ikonic have been delivering IT hardware, around the UK, Europe, and the World. We have built a reputation based on only stocking quality hardware from leading brands. Ikonic have identified numerous growth opportunities across the UK and EU to develop its product range and leverage the recent enhanced infrastructure. Surpassing the £100m turnover mark in 2021 demonstrated our capacity for growth.

# HP

Laptops, Desktops, Monitors & Printers

HP's portfolio is one of its greatest strengths, whether your clients are looking for an affordable computer to surf the Internet and read emails, or a powerful machine to perform high-intensity tasks – HP has the solution and Ikonik has it in stock. Ikonik's high levels of HP stock means that we have the range in place to match whatever your requirements, meaning that you know you can come to one place for all your HP needs.

## Why HP?

Ikonik, as a HP distributor, offers a diverse range of cutting-edge HP products designed to meet your clients needs. As a trusted partner of HP, Ikonik ensures to hold high levels of HP stock to deliver fast turn around times to fulfill your orders quickly.

**Ikonik offers a broad range of HP products, ensuring access to the latest innovations. Benefits include:**

- High-performance laptops such as the HP EliteBook and HP Spectre and Envy models
- Powerful desktops and workstations for robust computing needs
- Market-leading pricing to make premium HP solutions more affordable
- Next-day delivery services

4

# Our Products

Your customers demand quality and reliability, and that's exactly what HP delivers. With HP, you can trust that the equipment you purchase will operate smoothly, perform consistently, and meet the highest standards. As a market leader for decades, HP has built a solid reputation for creating reliable, high-performance machines that are also visually stunning.

## HP Laptops: Mobility Meets Performance

HP laptops are designed to empower professionals on the go with cutting-edge technology and sleek designs. From the ultra-portable HP EliteBook series to the high-performance HP ZBook for creative professionals, HP laptops deliver reliability, power, and innovation to match your business needs.

## HP Desktops: Built for Productivity

HP desktops offer a range of powerful solutions tailored to meet your workplace demands. Whether it's the compact HP EliteDesk for small spaces or the workstation-class HP Z Series for intensive workloads, these desktops ensure performance, scalability, and durability in any environment.

## HP Monitors: Visual Excellence

Elevate your viewing experience with HP monitors, designed for clarity, color precision, and ergonomic comfort. With options like the HP E-Series for everyday productivity and the HP Z-Series for professional-grade visuals, HP monitors deliver quality displays that keep you focused and productive.

## HP Docking Stations: Seamless Connectivity

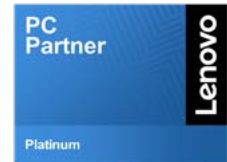

The HP EliteBook 840 is a cost-effective, powerful, and secure PC that allows easy standardisation into existing IT environments while giving end-users the tools they need to work from almost anywhere.

# Lenovo

Laptops, Desktops & More

## Why **Lenovo**?

Lenovo are one of the most popular IT brands in the world. The Lenovo range of devices are among the most innovative around. Lenovo have focused on productivity, creating machines with long battery life and great usability.

## Cost **Effective**

Lenovo laptops are cost-effective, making them a popular choice for businesses. They offer high-quality features at a lower price point than some other high end laptop brands.

## Cool **Machines**

Lenovo devices run efficiently and quietly, for less strain on internal components, lower power consumption and more comfortable handling.

# Our Products

Your customers should choose Lenovo products for their unparalleled quality and reliability. Lenovo's commitment to continuous improvement ensures that each product undergoes rigorous testing for durability and performance. Beyond extensive in-house evaluations, Lenovo rigorously tests their products against real-world challenges, ensuring they meet the highest standards of reliability and resilience. This dedication means you can trust Lenovo products to perform consistently and stand up to the demands of everyday use.

## Laptops

From the durable ThinkPad to the sleek Yoga and IdeaPad models, Lenovo offers powerful features like long battery life and advanced security.

## Desktops

Lenovo desktops deliver strong processing power, ample storage, and easy expandability to meet a variety of computing needs.

## Docking Stations

Lenovo docking stations offer seamless connectivity and enhanced productivity by providing multiple ports for displays, peripherals, and charging.

## Monitors

Lenovo monitors offer excellent display quality, with crisp visuals and vibrant colors, making them ideal for both work and entertainment.

# BSI-Refurbished

BSI certified quality: IT pays to be green

## Our Partnerships?

We've partnered with sustainability leaders like Play It Green to minimise emissions while promoting and supporting sustainable IT practices. Ikonik has also earned industry-recognised accreditations, including the BSI Kitemark, demonstrating our commitment to quality, safety, performance, and reliability.

## Warranty & RMA

At Ikonik, we stand by the quality and reliability of our refurbished products, which is why we include a comprehensive 2-year warranty as standard. Our rigorous testing and refurbishment processes result in a return rate (RMA) comparable to that of new products, ensuring you receive technology that performs like new. In the rare case that issues arise, our warranty provides fast, hassle-free support and replacements, giving you peace of mind.

10

# Our Products & Services

At Ikonic Technology Ltd, sustainability is at the core of everything we do. In today's fast-paced world of technology, the demand for eco-friendly solutions has never been greater, and we are committed to reducing e-waste by giving devices a second life through our meticulous refurbishment process. By choosing Ikonic, you and your clients not only receive high-quality technology but also contribute to a more sustainable future.

## Quality Assured

The British Standards Institute, have certified this refurbished technology with the Kitemark, which is one of the world's first well-established trust marks. Recognised as an independent symbol of outstanding quality, safety, and trust.

Over 140 variations of laptop, desktops and All-in-one's, all with consistent quality, available in large quantities, at a considerably cheaper price point than new. *Brand customisation options available on keyboard & lids.*

## Cost Effective

## 2 Year Warranty

Reliable technology backed with a 2-year return to base warranty as standard, not that you will need it, as this technology boasts manufacturer comparable return rates.

## Sustainable Technology

Planting trees, donating to charity, preventing e-waste from landfill, and avoiding CO2 emissions from manufacture by not buying new.

# Newline Interactive

Interactive Displays

## Why Newline?

The most important aspect of any great product is how easy it is for anyone to use. Newline Interactive is dedicated to providing solutions for your customers that save them time and help them be more successful, by creating state-of-the-art products that are so simple to use that everyone can interact and enjoy the innovation behind them.

## Newline for Education

A teacher's goal is to spark a passion for learning and engage their students in ways that expand their knowledge. Newline Interactive makes it easier for your customers to keep their students interested during class with tools designed for better collaboration and more creative learning.

# Newline Interactive Range

Newline displays are state-of-the-art interactive touchscreens designed to enhance collaboration, communication, and productivity in various settings such as classrooms, offices, and conference rooms. These large-format displays combine high-resolution visuals with responsive touch technology, allowing multiple users to interact simultaneously. They support a wide range of applications, from video conferencing to interactive lessons, making them a versatile solution for modern workspaces and educational environments.

## Lyra Pro (TT-5523QA)

The most innovative education solution to date, Newline Lyra is more powerful, secure and future-proof than any previous solution. Extensive connectivity, amazing ease of use, and paper-like writing technology allow users to stay fully focused on teaching.

## Elara Pro (TT-7523QCA+)

As the more powerful sister of Lyra, Elara really steals the show. This high-end interactive display carries every experience you could want in your workspace; faster, enhanced sound, a superior touch and writing experience.

## Vega (TT-7522Z)

Vega, Newline's flagship model, is the high end solution for any boardroom offering an immersive AV experience. The sleek unique 3mm bezel combined with optically bonded PCAP offers a world class touch and writing experience.

# White Label Support Contracts

## Why Ikonik?

We provide hardware cover with response times and quality of service comparable to the manufacturer but for a fraction of the price. And unlike manufacturer fixed term and service contracts, we can be fully flexible with our offerings.

## Equipment Spares

Having certified engineers means nothing if they don't have access to the required spares. This is why it is fundamental to any support contract to have a dedicated spares resource and with Ikonik that is exactly what you get.

## High Level of Stock

Ikonik's comprehensive network of spares warehouses enable our field engineers to respond quickly and effectively to any fault call or incident.

# Our Products & Services

The Ikonik support services have an experienced technical support team and a thorough understanding of the IT support market. With Ikonik you get competitive pricing, a highly qualified team, and an unrivalled level of service.

## 24/7 Help Desk

Worldwide Cover with a possible 4-hour response/fix time day or night – 7 days a week, 365 days a year. You can rest assured that in the event of any faults, your customer can be back up and running quickly.

## Expert Engineers

Ikonik has an extensive network of field based engineers who are fully brand accredited. Each and every one is qualified to the highest standard and is continuously trained and kept up to date with all the latest technologies.

## Parts Inventory

We carry a huge inventory of parts, so we can get replacements out fast. This means faults get repaired quickly, helping to avoid costly downtime and minimise complaints from your customers. We can support the latest technologies as well as out of warranty equipment that manufacturers no longer support.

## White Label

Ikonik offers white label services, providing customised IT solutions and products under your brand for a seamless, branded experience.

[Enable Your Customers IT Support Contracts >](#)

# Keyboard Re-Printing

Save money, and the planet: reprint before replacing

## Why Ikonik?

Help your customer avoid costly keyboard replacements and meet sustainability goals by choosing our high-quality keyboard printing service. By extending the life of their new or refurbished IT, you reduce e-waste and gain more value from devices. Our advanced materials and printing technology ensure long-lasting, durable keyboard prints, customised to their exact needs.

## Unmatchable Cost Savings

Ikonik's keyboard printing service offers substantial savings by avoiding expensive replacements and reducing labor costs. Replacing a keyboard can cost up to £92.22 for models like the Lenovo ThinkPad T14, while our printing starts at just £6. Additionally, by cutting the engineer's time you save on both wages and parts. This makes Ikonik a cost-effective solution, helping businesses reduce expenses and extend the life of their IT equipment.

# Our Products & Services

With our high-quality materials, advanced technology, and customisation options, Ikonik are the go-to choice for customers and partners looking to improve, or amend their IT keyboard lettering. Whether brand new and looking to change the format or language, or second-user and looking to give value to a worn-out keyboard, this BSI-certified printing process is the highest quality.

## Cost-Effective Solutions

Ikonik offers affordable keyboard printing services, saving you money on expensive replacements and reducing labor costs. Our prices start as low as £6, providing significant savings compared to full keyboard replacements.

## Keyboard Language Change

Using high end precision reprinting equipment, Ikonik can change your keyboard language or format using 100s of templated options.

## Customisation Options

With the ability to add company logos, unique designs, and security features, our keyboard printing service allows you to personalise and brand your customers IT devices while improving their appearance and usability.

## Fast Turnaround and Bulk Discounts

Our efficient service includes quick turnaround times and shipping options to meet your business needs in days rather than weeks. Plus, we offer competitive pricing with bulk discounts for resellers, making Ikonik the perfect partner for large-scale projects.

[Transform Your Clients Keyboards >](#)

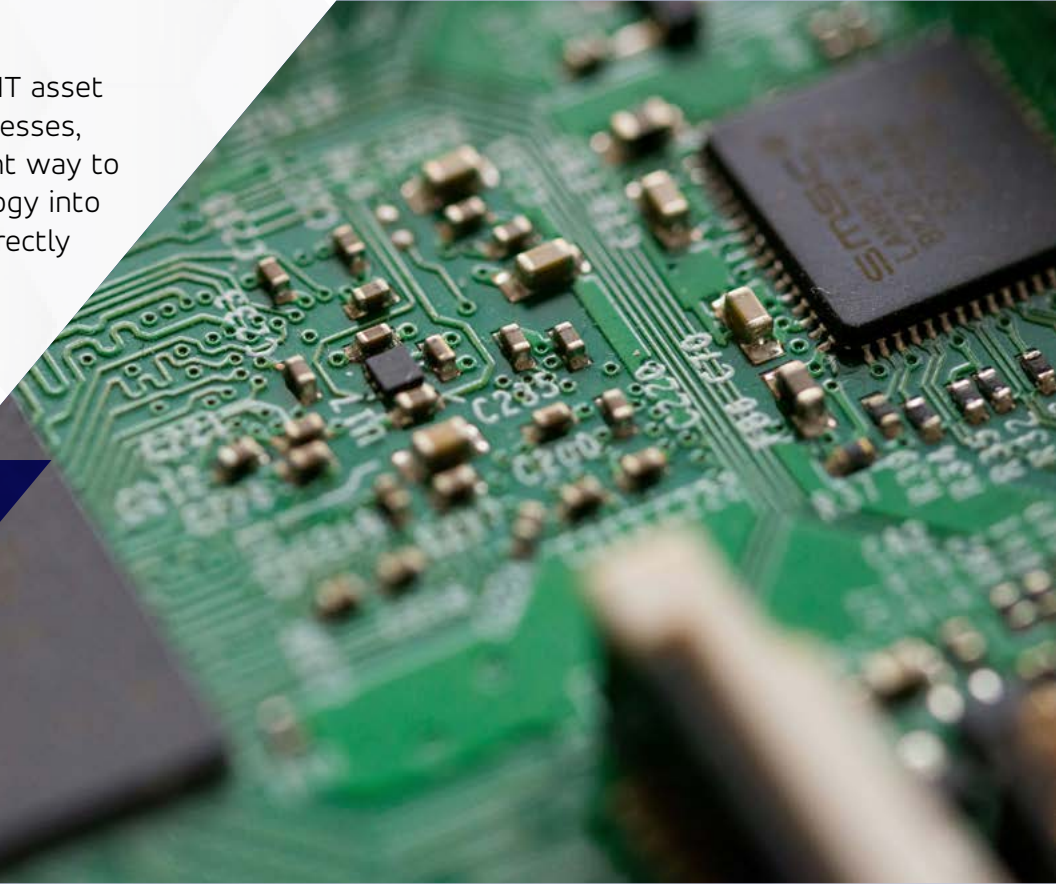

# ITAD

IT Asset Disposition

## Why Ikonik?

At Ikonik, we provide a seamless IT asset disposition service, offering businesses, resellers, and recyclers an efficient way to turn unused or outdated technology into value. We buy back equipment directly from end users under your brand, helping them clear space, reduce e-waste, and unlock financial return on assets that might otherwise go unused.

## How does it work?

It is a simple eco-friendly process:

- You tell us what you have for sale (you can even upload a list on our website!)
- We quote you on the items
- You accept the offer
- We collect
- You get paid
- We give the products a second life

# What Tech We Disposition

## Servers & Storage

With the help of our quality assessed refurbishment division, we are able to take servers and storage solutions from most major brands with a view to reconfiguring and refurbishing for a new lease of life.

## Switches

To cover the requirements of our budget conscious clients we will disposition Wi-Fi switches from leading brands such as Aruba and Juniper and refurbish to ensure provision of essential network connectivity and performance for businesses of all sizes.

## Desktops & Laptops

Ikonic will disposition laptops and desktops from top brands. Many of the units collected will be put through the BSI-certified refurbishment process, meaning they will be given a second-life.

## EPOS

Ikonic buy and sell EPOS till systems providing businesses with efficient, user-friendly solutions for managing transactions and sales.

## IP Phones
