

SAATHI **4** SUCCESS

“Bringing Career Dreams to Life”

Meet Our Bright Stars in Need

PAMBALA SHWETHA

Nalgonda, Andhra Pradesh

Shwetha, hailing from a rural agricultural family with limited financial resources, has excelled academically and secured an MBBS seat at a government medical college in Hyderabad. Despite her father's disability and her mother's sole financial support, she is determined to become a doctor and help underprivileged children access education. Shwetha now urgently needs financial assistance for her mess fees and personal expenses to continue her studies.

RAHUL TEJA GODISER

Sarangapur, Nirmal, Telangana

When Rahul was 8, he aced the "Best Available Student" exam, completing his schooling as a bright student. He pursued Inter at a social welfare college. Despite initial setbacks with NEET, his perseverance paid off. With Nirmaan's support, he secured admission to Cark-C Anand Rao Institute of Medical Science, Karimnagar. Now in his 2nd year, Rahul is dedicated to becoming a doctor and impacting society, needing support to achieve his dream.

KUNAPPAREDDY VARSHINI
Prakasam, Andhra Pradesh

Varshini aspires to be an IPS officer. Her father is a coolie and her mother is a housewife. Despite family struggles, Varshini excelled in academics, scoring 10 CGPA in SSC and 87% in Inter. Now in her 1st year of B.Tech (ECE) at Tirumala Engineering College, she remains dedicated to her goal. With financial instability, Varshini seeks support for her college fees to continue her education.

TEJA LAKSHMI CH
Kondapalem, Visakhapatnam

Teja Lakshmi, hailing from a poor family, has a father who works as a coolie, and her mother is a housewife; their earnings are insufficient for her and her sister's schooling. With an alcoholic father and a struggling mother, Teja is determined to change her circumstances. She dreams of becoming a teacher, aspiring to inspire others who have paused their studies due to family issues. She eagerly anticipates the day when her mother smiles with pride at her achievements.

N MAHESHWARI

Madgul, Andhra Pradesh

Maheswari, from Brahmanapally, a remote village in Ranga Reddy district, comes from a poor family. Despite challenges, she excelled academically, securing 9.5 GPA in SSC and 97.8% in her intermediate studies. She received a 'Best Essay Writing Award' from the Governor of Telangana. Now pursuing BTech in ECE at CMR Institute of Technology, Hyderabad, Maheswari dreams of becoming a software engineer to support her family. Her parents, agricultural laborers, struggle to pay her hostel and college fees, but she is determined to achieve her goals.

RANGU INDU

Siddipet, Hyderabad

Indhu from Siddipet, Telangana, has faced immense hardships, losing her father in 5th grade and her mother recently. Despite these challenges, she excelled academically, securing 9.5 GPA in SSC and 88% in intermediate. Now pursuing B.Sc. in Computers, she stays in a hostel and works part-time to support herself. Indhu dreams of becoming 'Pharmacist' to provide a better future for her younger brother and honor her parents' sacrifices.

ROHINI REDDY RANGARI
Sangareddy, Hyderabad

Rohini from Pocharam village in Sangareddy district, hails from a farming family. Excelling in academics, she scored 9.3 CGPA in SSC and 96% in intermediate. Despite limited resources, driven by her passion for biology, she borrowed books and with her parents' and teachers' support, secured seats in BDS, Forestry, IISER, and CPGET after a year of NEET coaching. Now studying Biology at IISER-Tirupati, Rohini's family struggles to afford her education fees, but they remain unwavering in their support.

N VENNELA
Sangareddy, Hyderabad

Coming from a family where her father is a farmer and her mother an Anganwadi teacher, N. Vennela has faced significant financial challenges. Yet, with her parents' unwavering support, she excelled in school, scoring a 9.5 GPA in her 10th grade and 94% in her intermediate exams. Now pursuing B.Sc Nursing in Hyderabad, she aims to fulfill her dream of becoming a doctor to uplift her family and serve society.

B. SHYAMALA

Rangareddy, Hyderabad

Hailing from a farming family, Shyamala has an elder sister and younger brother. Due to financial problems and her brother's health issues, she couldn't afford coaching and had to rely on self-preparation, borrowing books from friends. To support her education, she took tuitions and worked part-time. Despite these challenges, she persevered in her pursuit of a medical career. Currently enrolled in B.Sc. Critical Care at Gandhi Medical College, Secunderabad, she dreams of becoming an emergency physician and urgently needs support to continue her studies.

PANCHAMI K H

Shimoga (Shivamogga), Karnataka

Inspired by her upbringing among lush forests, Panchami dreams of becoming an IFS officer. Her father is a farmer and her mother is a homemaker. The pandemic and limited network coverage pushed her towards self-study. Despite these challenges, she pursued her dreams with supportive teachers. She completed PUC from a government college with 95% and cleared KCET for a seat in GKVK College for B.Sc Agriculture. Now in her first year, Panchami urgently needs support to complete her studies.

AKSHAYA SREE

Sangareddy, Hyderabad

Akshayasree, from a middle-class farming family, has a father who farms and a mother who is a tailor. Despite the challenges of supporting three daughters and caring for elderly parents, her father never discriminated and always encouraged them. Inspired by her background and the struggles of farmers, Akshayasree aims to become an I.A.S. officer to help resolve agricultural issues. She earned a free seat in Telangana Model School and is active in kabaddi. Now in her fourth year of B.Tech, she urgently needs support for college fees.

ANANYA DEVADIGA,
Mangalore, Karnataka

Ananya comes from a financially disadvantaged environment, living with seven family members with both her parents working as laborers, which results in severe economic hardship. Despite these challenges, she is passionate about education, loves reading books and newspapers, and dreams of becoming an engineer. Ananya excels academically, achieving 96% in her SSLC and was the topper in her school. Now determined to pursue her B.E., she is constrained by her financial limitations.

K C ASHWINI

Lodikere, Karnataka

Ashwini lives with her parents and three siblings. Her parents work as laborers, struggling to make ends meet without their own shelter. Despite these challenges, Ashwini scored 585 in her SSLC. She initially joined a government school for PUC but faced constraints due to lack of facilities, prompting her to switch to a private college. With financial difficulties, she took coaching for competitive exams and cleared KCET to pursue B.E. in Civil Engineering at Visvesvaraya Technology of Institutions. She dreams of becoming a civil engineer to build a house for her family, Ashwini urgently needs support to achieve her goals and hopes her education will turn her dreams into reality.
