

## NECK CROOK STICK

### KEY FEATURES:

**ERGONOMIC NECK DESIGN:** Precision 'U' shape specifically engineered for gentle and effective neck capture, minimizing animal stress.

**PREMIUM MATERIALS:** High-strength, chrome-plated steel shaft for superior durability, strength, and corrosion resistance.

**ENHANCED GRIP:** Dual-segmented, textured polymer grips offer superior comfort and secure handling in all weather.

**ANIMAL SAFETY:** Non-marring rubber-coated tip prevents accidental scratches or injury to the animal.

**SECURE RETENTION:** Integrated, adjustable nylon wrist loop ensures the crook remains within easy reach and prevents loss.

**VERSATILITY:** Ideal for sorting, moving, and individual animal procedures, providing precise control.

**CLEAN & HYGIENIC:** Easy-to-clean polished surface helps maintain sanitary conditions.
