# SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures	The first aid advice given for skin contact, eye contact, and ingestion is applicable following exposures to the liquid or spray. See Also Section 11
Inhalation	Pamaya patient from experience keep warm and at reat. Administer exurgen if
Innalation	Remove patient from exposure, keep warm and at rest. Administer oxygen if
	necessary. Apply artificial respiration if breathing has ceased or shows signs of
	failing. In the event of cardiac arrest apply external cardiac massage. Obtain
	immediate medical attention.
Skin Contact	Thaw affected areas with water. Remove contaminated clothing. Caution: clothing
	may adhere to the skin in the case of freeze burns. After contact with skin, wash
	immediately with plenty of warm water. If irritation or blistering occur obtain medical
	attention.
Eye Contact	Immediately irrigate with eyewash solution or clean water, holding the eyelids apart,
	for at least 10 minutes. Obtain immediate medical attention.
Ingestion	Unlikely route of exposure. Do not induce vomiting. Provided the patient is
	conscious, wash out mouth with water and give 200-300 ml (half a pint) of water to
	drink. Obtain immediate medical attention.

Further Medical Treatment	Symptomatic treatment and supportive therapy as indicated. Adrenaline and similar
	sympathomimetic drugs should be avoided following exposure as cardiac arrhythmia
	may result with possible subsequent cardiac arrest.

# SECTION 7: HANDLING AND STORAGE

#### 7.1 Precautions for safe handling

Keep away from sources of ignition - No smoking. Take precautionary measures against static discharges. Avoid inhalation of high concentrations of vapours. Atmospheric levels should be controlled in compliance with the occupational exposure limit. The vapour is heavier than air, high concentrations may be produced at low levels where general ventilation is poor, in such cases provide adequate ventilation or wear suitable respiratory protective equipment with positive air supply.

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION
