BENEFITING THE ASRM RESEARCH INSTITUTE

We are moving forward with urgency and hope! In the current funding environment, ASRM is asking for your investment in the future of reproductive research. The *Fighting for our Future: Rescuing Research Fundraising Campaign* will provide immediate grants as well as strengthen our future grant-making capacity.

“We’re preserving the infrastructure of reproductive science.” – Jared Robins, MD, MBA, ASRM CEO

You can help preserve the career path of brilliant researchers and ensure the long-term resilience of reproductive science by attending the gala and bidding in the auction. ASRM has already committed \$1 million to launch this effort. With your support, we can expand our reach and stabilize more labs.

All gala sponsorships and ticket sales will be invested in the Research Institute endowment.

Impact

In FY25, we provided three grant cycles and awarded 12 grants totaling \$538,075, inclusive of partner awards and donor endowed awards. Since it was founded in 2018, we have granted over \$5 million! [Learn more.](#)

**Every sponsorship and ticket is an investment
in the future of reproductive science.**
