FLASHBACK

L'arte del fatto a mano legato alle proprie origini si rinnova e si plasma in una nuova concezione di prodotto.

La rivisitazione della tradizione artistica ceramica guida il progetto Faetano: nato da un laboratorio artigianale nel 1962 evolve grazie alla visione imprenditoriale, alla ricchezza umana e artistica del territorio. Una vocazione manifatturiera intrisa di unicità, creatività, colore e distintività.

The art of hand-crafting linked to its origins is renewed and shaped in a new concept of product.

The guiding theme of the Faetano project is the reinterpretation of the artistic ceramic tradition: founded as a craft workshop in 1962, it expanded thanks to the entrepreneurial vision and immense human and artistic resources of its home area. A unique, creative, colourful, distinctive, evocative manufacturing style.

Die Kunst des mit der eigenen Herkunft verbundenen Handgefertigten erneuert und formt sich in einer neuen Auffassung des Produktes.

Faetano hat sich der Neuinterpretation klassischer Keramikkunst verschrieben. Im Jahr 1962 als kleine Keramikwerkstatt gegründet, entwickelte sich der Fliesenhersteller im Lauf der Zeit dank der unternehmerischen Vision sowie des menschlichen Know-hows und der regional verwurzelten künstlerischen Tradition weiter. Einzigartig, kreativ, farbenfroh und unverwechselbar anders: diese Eigenschaften machen den Charakter seiner Produkte aus.

L'art du fait main lié aux origines se renouvelle et se transforme en un nouveau concept de produit.

La relecture de la tradition artistique céramique guide le projet Faetano: né en 1962 au sein d'un atelier artisanal, son développement est porté par la vision entrepreneuriale ainsi que la richesse humaine et artistique du territoire. Une évocation manufacturière empreinte d'unicité, de créativité, de couleur et d'originalité.

20FR00GRA Greca FR

Per creare l'angolo è sufficiente tagliare due fondi greca in diagonale "in due direzioni opposte" e accostare i due lati opposti tagliati con il bordo nero. Vedi disegno.

To create the corner, simply remove two Greek backgrounds diagonally and bring the two sides together with black graphics.

Um eine Ecke zu gestalten genügt es, zwei Bodenfliesen mit Mäander diagonal zu verlegen und am dem beiden Seiten an eine schwarze Grafik anzulegen.

Pour créer l'angle il suffit de couper à 45° deux décors Greca en deux sens opposés et placer les deux côtés coupés opposés avec le bord noir. Voir schéma.
