THE GAME IS YOURS.

Your style. Your edge. Your energy.
The way you play together.
The way you belong.
Giving your all in every training session and match.
Rivalries and friendships.
Games that define seasons. And the celebrations that follow.
It's all part of the club.
Part of the game.
A part of you.
It's your style that shapes the game.
Whether you play for the love of the game, or to win it all...
Every moment tells your story. And for generations, that story
has been written in Reece.
Worn by those who shaped the game, and by those who
carry it forward.
On the side line or the dressing room.
Because for you, the game is more than a match.
It's your story. Your style. Your team. Your legacy.

OUR GAME

At Reece, it's all about passion and teamwork. A team is much more than a group of players on the pitch. It is a family, a unit and a source of pride for the community. And nothing reflects that pride better than the club colours you wear.

From our modern warehouse in Deventer, we supply our range directly from stock. Whether it is a small village club ordering new kits for the first time, or a large club looking for a complete line of sportswear - every order receives the same care and attention.

When a team steps onto the pitch wearing Reece kits, being cheered on by supporters along the sideline we know we are part of something special. It is not just teamwear - it is a symbol of togetherness, enthusiasm, fun and pride. We deliver more than just clothing. We deliver the pride that every club badge brings. Always from stock. Always with passion.

*"We don't deliver boxes.
We deliver trust, pride and tradition."*

FOR GENERATIONS

"A club shirt is more than just a piece of fabric. It represents pride and commitment, for players both young and old."

Lars Balk, Kampong and Dutch national team

Today, every choice makes a difference. That is why we choose to take responsibility for the game, for the clubs that trust us, and for the world in which we play sport. For us, sustainability is not a trend, but a natural part of who we are.

It starts with the materials. We select fabrics that are strong enough to last for seasons, because quality reduces impact. From recycled fibres to recycled packaging and carbon-neutral transport: every step is consciously chosen.

This is how we create sportswear that performs, protects and has less impact.

The lifespan of our Teamwear also contributes to this vision. By working with one of the longest lifespans, we reduce interim replacements. Clubs remain recognisable, while waste is reduced. Together with clubs that embrace their responsibility, we continue to innovate.

Together we move forward.

Would you like to know how we approach this?

2026 STICK COLLECTION

HOCKEY STICKS INFO

BOW/CURVATURE

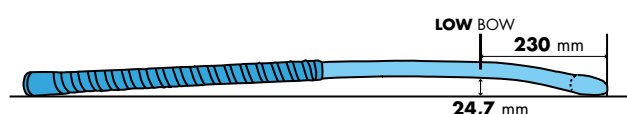

Regular Bow

Ideal for the all-round player in any position.

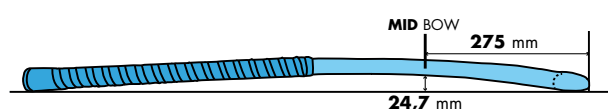

Low Bow

Perfect stick for both offensively and defensively players who like to lift the ball easily

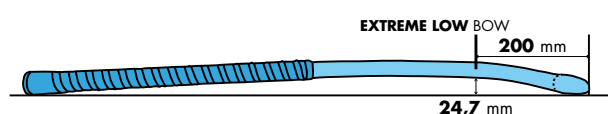

Mid Bow

Perfect for the starting hockey player or precision passer in defence.

Extreme Low Bow

For the specialist in penalty corner and defence.

MATERIAL

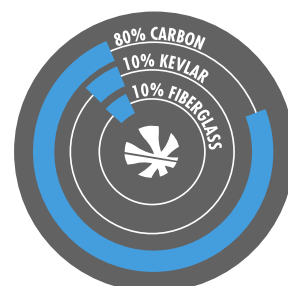

The ratio of materials determines the stick's stiffness, weight and playing feel.

The **more carbon**, the stiffer/sturdier the hockey stick, the less energy is lost when bending the hockey stick. For this reason, these sticks are often chosen by **experienced players** who value striking power and strength.

Less added carbon ensures a smooth stick and increases ball feeling. This is important for developing technique, making it ideal for **novice hockey players** or more relaxed players.

Here is a summary of all the materials:

- carbon: for extra stiffness and striking power
- kevlar: for vibration damping and impact reduction
- fibreglass: for durability and suppleness
- wood: for optimal ball feeling

LIFE AT THE CLUB

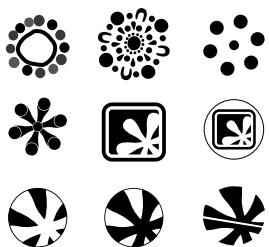

Reece stands for enthusiasm and passion. Born in Australia, a country where sport is deeply ingrained in the culture and hockey is alive and well. Here, it's not just about winning, but how you play. With commitment. With determination. With heart for the game.

We believe that success on the hockey field comes from dedication and enthusiasm. From players who give their all. For themselves, for their team and for their club. Because those who compete with conviction not only raise their own level, but strengthen the whole team.

The Reece logo tells that story. Inspired by traditional Aboriginal art, in which people gather around a campfire. A place where moments are shared. Where togetherness is central. Where it becomes clear that you are stronger together than alone.

The dynamic line in our logo symbolises movement, focus and connection. Just like around a campfire, each part forms the circle together. Only when everyone participates does real strength emerge. That is where success begins.

The club is the foundation. A place where sportsmanship, enthusiasm and pride come together. Whether you play, help or cheer: everyone counts. We support clubs in building a strong identity and a healthy organisation. So that the club is something to be proud of. Strong teams don't just happen. They grow through trust, enjoyment and the right support. As a clothing partner, we contribute to that foundation. With teamwear that connects, motivates and supports performance. Because when everything is right, a team can rise above itself. Individual growth makes the difference. The right equipment helps players to move freely, stay focused and push their limits. This is how we create space for development and better performance, both on and off the field.

LEGACY

From amateur club to international elite. Reece works with hundreds of clubs in the Netherlands, Belgium, Germany, UK and France. Together, we have won national titles, European successes and even Olympic medals. Yet we never lose sight of where it all begins. At the club. With the team.

THE GAME IS YOURS.
