Nothing can be more amazing to us than to see what our students can accomplish. We are proud of all our students, and the tremendous effort that each has put into their education.

We have 54 students who, like Fedila, are gaining a university or other post-secondary education this year. Each will have the support of fellow Canadian Humanitarian students in their area and a local Canadian Humanitarian mentor to help support them on their newest adventure.

Sponsorship

Monthly or annually, your donation is sent across the globe to your student's program in Africa

We pair you with a student in our programs, so you can see how your support is changing their life

Send your student emails, or letters to let them know you! Just send them to our office, and we will ensure they are delivered. Your student writes back and we will send you their response.

contact
