I O T

weelcome

At NSCG, our Schools Liaison Team is here to ensure that students have the correct information and advice to make an informed choice about all of their post-16 options.

Our established team are committed to offering you high level information, advice and guidance that you come to expect, in order to help you meet your Gatsby Benchmarks and support your students.

Meet the Team

GEORGINA MANIFOLD, SENIOR SCHOOLS LIAISON OFFICER

Georgina started working at NSCG as an apprentice within Newcastle College's Information Point, before moving in 2017 to work within our Schools Liaison Team. Now our Senior Schools Liaison Officer, Georgina enjoys forging strong links with schools, nurturing these relationships and providing the outstanding service that schools have come to expect from NSCG. Georgina is passionate about ensuring all students have access to reliable advice on their next steps and that they feel confident in making choices about their future.

MARTYN WILLIAMS, SCHOOLS LIAISON OFFICER

Joining the Group in 2013 as a Personal Tutor within our Academic and Creative faculty, Martyn has a wealth of experience providing academic, pastoral and progression advice to post-16 students across all of our campuses. He provides a detailed insight into further education and has extensive experience in advising young people on their next steps into education and beyond.

CINDY PEARSON, SCHOOLS LIAISON OFFICER

Cindy brings a strong background in student support, having previously worked within NSCG's Student Services and Advice and Guidance Team. She has extensive knowledge of post-16 pathways and is passionate about helping learners understand their options and make informed decisions. Cindy takes pride in providing clear, accessible information tailored to each student's individual needs.

MEGAN CLAYTON, SCHOOLS LIAISON OFFICER / LEGO PRIMARY LIAISON

Megan has a hybrid role working with primary and secondary schools as the Co-ordinator of our LEGO Education Innovation Studio, where she organises and delivers taster sessions for schools as well as large scale STEM-based LEGO Education events for learners aged 5-16 years (needless to say she absolutely loves all things LEGO!). You'll also see Megan out and about in schools, providing advice and guidance at careers events and parents evenings. She loves organising events and will be a familiar face at our College Taster and Open Events.

Get in touch with the team by emailing: schools@nscg.ac.uk

Supporting your schools careers programme

We have strong relationships with many schools across Staffordshire, South Cheshire and Shropshire, working with them to plan activities that provide learners with comprehensive advice and guidance on their post-16 options, whilst supporting the schools in meeting Gatsby Benchmarks and the revised Baker Clause.

In addition to the Schools Liaison Team, we have our own curriculum specialists, support staff and a vast network of employers who can be called upon to deliver a broad-range of 'off-the-shelf' and bespoke activities to support you and your school with the task of meeting the Gatsby benchmarks.

We are also an Ofsted 'Outstanding' college, so look no further.

Our Schools Liaison Officers work to provide your students with the knowledge they need to make a positive and informed choice when planning their progression to post-16 education or training.

The 8 Gatsby Benchmarks

- 1 A stable careers programme
- 2 Learning from careers and labour market information
- 3 Address the needs of each student
- 4 Linking curriculum learning to careers
- 5 Encounters with employers and employees
- 6 Experiences of workplaces
- 7 Encounters with further and higher education
- 8 Personal guidance

Provider Access Legislation

- 1 Two encounters for pupils during the 'first key phase' (year 8 or 9) that are mandatory for all pupils to attend.
- 2 Two encounters for pupils during the 'second key phase' (year 10 or 11) that are mandatory for all pupils to attend.
- 3 Two encounters for pupils during the 'third key phase' (year 12 or 13) that are mandatory for the school to put on but optional for pupils to attend.

Our Services

Session	Description
Assemblies	Often the first introduction to college life for a student, these short sessions are a great starting point to excite and engage students in exploring their post-16 options.
Parents Evening	Our careers and schools team can support your parent's events' with information and guidance on life beyond school and give an invaluable insight into FE pathways.
Taster Days & College Visits	Bespoke to you and your students. Whether small subject specific group tasters, or full cohort taster experiences, our dedicated staff are on hand throughout the academic year to deliver interactive introductions to college education.
Apprenticeship Week	Usually taking place in February, the ever popular Apprenticeship Week activities will make a return to support you and your students in or around National Apprenticeship Week, whether it is assemblies, activities or bespoke sessions, let us know what you need.
Introduction to College	This small group session gives an interactive insight to life beyond school by exploring key pathways and differences of FE. It encourages students to give thought to how to choose their pathways (A Level, Vocational, T Level, Apprenticeship or Higher Education) and the steps they need to take to get there.
Study Skills	Developed in collaboration with our college lecturers, this interactive workshop aims to prepare students for further study. The sessions covers topics such as independent study, revision tips and note taking.
Careers Quiz	This fun-filled interactive session seeks to identify key skills and interests and how they relate to different careers.
LEGO Tasters	The LEGO® Education Innovation Studio can be booked out by school groups to facilitate curriculum relevant lessons involving STEM through LEGO® robotics.
Application / Interview Support	This drop in session is aimed at helping students turn plans into actions and finalise applications for their planned destinations after their GCSEs. We can also further support with mock interview sessions for your students.
Careers Week	Usually taking place in March, the team will be out and about, helping to provide advice and guidance to inspire young people to allow them to explore their future career options and make informed decisions post-16.
T Level Week	Usually taking place in October, T Level week is a key campaign period to share and celebrate this new post-16 pathway. Designed in conjunction with employers, we'll be on the road during this week and look forward to visiting.

All services are subject to availability and staffing levels.

Year Group	Session Type	Gatsby
8, 9, 10 & 11	Presentation	7
8, 9, 10 & 11	Interactive	7
10 & 11	Interactive	4 & 7
10 & 11	Interactive	7
Flexible	Presentation	5 & 7
9 - 13	Presentation or Interactive	2, 5 & 7
9, 10 & 11	Interactive	2, 3, 4 & 7
Flexible	Interactive	4
11, 12 & 13	Interactive	3 & 8
8, 9, 10 & 11	Information Support & Guidance	8
10 & 11	Interactive	7

Activities are available in conjunction with Newcastle College, Stafford College, Leek College and the Stoke-on-Trent & Staffordshire Institute of Technology.

The College's dedicated Schools Liaison team is here to provide a comprehensive service to schools, pupils, parents and careers advisors to help update prospective learners about the opportunities available at NSCG.

This isn't an exhaustive list of what we can offer. To discuss our availability for these or any other ways that you think we could support you please get in touch by calling **01782 254347.**

Ofsted
Outstanding
Provider

NSCG is rated Outstanding in every area.

Our Offer

The Further Education sector has been through a number of changes, most recently with a bigger focus on technical education.

As the largest provider in Staffordshire we are always reviewing our curriculum offer and adding more courses, to meet the needs of our learners and the skills needed by employers in the region.

We are the only college in the area to provide an offer in each of the four main post-16 routes.

A Level & A+ Programmes

These are great options for those students happy doing independent study and research outside of the classroom. Most students choose to study 3 subject areas, but those with a high-track record of academic achievement, might decide to study four A Level subjects or take an Extended Project Qualification (EPQ). Students taking these subjects must be comfortable studying for and taking external exams.

Honours Programme: As part of our A Level & A+ pathways, learners will have the opportunity to join our Honours Programme. Through super and extra-curricular activities learners will accelerate their learning, confidence and develop exceptional academic and social skills. All with the aim of improving their chances of securing a place at a world-class university.

Vocational Programmes

Our Level 3 BTEC courses are equivalent to 3 A Levels, with Level 1 & 2 pathways also available in most subject areas. Our vocational pathways focus on coursework with a balance of hands-on practical experience, a great choice for those who know what area they wish to work in.

Apprenticeships

Apprenticeships are a great route for those looking to jump straight into a career, earn a wage and pick up technical and practical skills alongside studying a nationally-recognised qualification.

We work with around 850 employers across Stoke-on-Trent, Staffordshire, Shropshire and Cheshire.

T Levels

T Levels are a two year qualification, designed as an alternative to A Levels and Vocational programmes.

They are the equivalent to 3 A Levels and include a placement of at least 45 days, giving students valuable work experience alongside their studies.

Open Events

Our Open Events are designed for learners to find out more about studying at NSCG. They provide the opportunity to meet our staff, talk to current students and take a tour of our outstanding facilities. At NSCG, we believe in providing our students with welcoming support and the best opportunities to achieve their full potential.
