# WELCOME TO BELLEROSE!

This registration guide is designed to assist you in exploring the rich and varied programs offered at BCHS. Additional information can be found on our website, or by calling the school at 780.460.8490.

## Message From the Principal

Welcome, future Bulldogs! We're so excited to have you join us at Bellerose Composite High School - to experience, contribute, and belong to a school with a culture that is second to none. Whether your high school journey is just beginning, you are a returning Bulldog, or you are joining us from a different high school, you will find your place and your people at Bellerose.

Bellerose is for everyone, and we pride ourselves on the inclusive environment we maintain. We celebrate the diversity of our students and work hard to ensure that everyone feels welcome and that their needs are met. Looking for rigorous academic learning? Our International Baccalaureate Programme is world renowned and prepares students for a post-secondary journey in whatever country they may decide to study. Enjoy hands-on learning? Our Career & Technology Studies programs, including Mechanics, Construction, Cosmetology, Foods, and Digital Media are sure to excite. Is athletics your passion? Along with our teams and intramural opportunities, our Physical Education & Wellness programs, including CrossFit®, Yoga, High-Performance Phys Ed, Sports Medicine, and our Hockey Academy are sure to meet your needs. Looking for a different type of sporting experience? Check out our state of the art gaming room and Esports team. Of course, we also have an outstanding Fine Arts programs for those students looking to nourish their creativity through Art, Drama, Music, and our annual Musical Theatre production. Additionally, we are so proud to be the school site for our district GOALS program, providing all of our Bellerose students the opportunity to learn and be together.

What also sets Bellerose apart are the experiences throughout the year that our students immerse themselves in: including the Hardcore Adventure Race, Food Bank Drive, and of course - Bikeathon! The sense of community and school spirit you will feel during these events can't be described; it can only be experienced and shared with your new friends and classmates.

As you read through this guidebook, you will see that we have merely scratched the surface of what you can expect from your time at Bellerose. We can't wait to meet you and welcome you into our Bulldog family.

Peter Fenton, Principal

 **Respect**

 **Relationships**

 **Resilience**

 **Responsibility**

## The BCHS Philosophy

Bellerose Composite High School provides an environment with a strong sense of school and community spirit with a mandate to meet the needs of a diverse community of students. Our school is committed to providing a positive, inviting, and successful learning environment for all stakeholders. We are committed to excellence by:

- Providing a safe, supportive and responsive environment for learning;
- Encouraging the development of responsible learners with creative and critical thinking skills;
- Recognizing the unique qualities, strengths, talents, diversity, and contributions of all members of our school community;
- Focusing on, and celebrating, the growth and development of students and staff.

At Bellerose Composite High School, we encourage our students to be individuals who:

- Have pride in their school and in themselves;
- Have a high level of self-esteem and are capable of influencing their own future;
- Are creative, critical thinkers, and problem-solvers with effective communication skills;
- Are involved in lifelong learning; and,
- Are responsible citizens respecting individual differences, and accountable for their actions, learning, and success.

At Bellerose, we are grateful to be situated on land gifted to us by the Bellerose family. We acknowledge that we are on Treaty 6 territory and on the homelands of the Métis Nation, and we acknowledge all Indigenous peoples who have walked these lands for centuries.

## School Administration

### Principal:

Peter Fenton

### Assistant Principals:

Cameron Leverman - Grade 10 Administrator

Michael Thompson - Grade 11 Administrator

Ashley Morgan - Grade 12 Administrator

From left to right: Michael Thompson (Assistant Principal), Cameron Leverman (Assistant Principal), Ashley Morgan (Assistant Principal), Peter Fenton (Principal)

# Student Centre

The Student Centre is a space that is open to students from 7:30 a.m. to 3:15 p.m. each day and has an open-door policy that encourages students to drop in when needed.

We are committed to supporting student wellness, providing educational supports, helping students to reach their potential, and being part of building a healthy school community during their time at Bellerose. Appointments can be made online with [Kelly Lajoie](#) (for student last names A-L) or [Jeff Beaton](#) (for student last names M-Z) or by calling 780.460.8460.

In the Student Centre, students can access the following:

- **Career Counselling:** Looking at potential career possibilities, job trends, resume building
- **Educational Counselling:** Academic support, school transitions, course selection, study skills, learning strategies, exam-taking tips, high school course planning, myPass information
- **Post-Secondary Counselling:** Admission requirements, potential post-secondary programs, assistance with applications and Apply Alberta, information on scholarships
- **Wellness Coaching:** Self-Regulation strategies, mental health and wellness information, referrals and/or connections to community supports

We endeavour to provide our students with an accessible, inclusive, and universally designed environment at BCHS. Students with documented specialised learning needs are connected to the resources and supports needed to achieve their full academic potential in the Student Centre.

## Indigenous Resources

We celebrate that many Indigenous students and families choose to make Bellerose their high school, and recognize the importance of reconciliation and relationship building in our school community. In support of this, we have an Indigenous Student Support Facilitator, a dedicated wellness space in our school, and, at the end of the journey, an Indigenous graduation celebration to honour our students.

From left to right: Jocelyn Lamothe (Indigenous Student Support Facilitator), Karen Leyer (Student Centre Educational Assistant), Kelly Lajoie (School Counsellor), Jeff Beaton (School Counsellor)

# Make a High School Game Plan

Think of high school as six semesters rather than three years (each semester has up to four courses). Grade 10 students take a total of eight courses (40 credits). Be sure to explore the wide range of options courses available at Bellerose. It is important to remember that in high school, students pass courses, not grade levels.

**myPass:**

All students will be required to sign up for a myPass account. myPass is an Alberta Education self-service website that current and former students can use to see their marks and credits, view diploma marks, register for diploma exam re-writes, view progress towards a credential, and order copies of their awarded transcripts and credentials. It is important that students sign up using a personal email address and not a school assigned email address.

Alberta High School Diploma Requirements (English)
The requirements indicated in this chart are the <b>minimum</b> requirements for a student to attain an Alberta High School Diploma. The requirements for entry into post-secondary institutions and workplaces may require additional and/or specific courses.
100 Credits Including the following:
English Language Arts 30-1 or 30-2
Social Studies 30-1 or 30-2
Mathematics 20-1, 20-2 or 20-3
One of: Science 24, Science 20, Biology 20, Chemistry 20 or Physics 20
3 credits Physical Education
3 credits Career & Life Management (CALM)
10 additional 30 level &/or CTS 3000 level credits (not including English or Social)
10 additional credits in CTS, Fine Arts, Second Languages, or Physical Education
Any remaining credits can be at the student's choice of course

# Inclusive Education

## GOALS (Gaining Opportunities & Life Skills)

The Gaining Opportunities and Life Skills (GOALS) Program is individualized to support each student’s needs and maximise their strengths. School staff work in partnership with students and families to ensure successful student-focused planning. Inclusive-minded programming focuses on students being engaged and connected to their school and community. Students completing the GOALS program will receive a Certificate of High School Completion and will have the opportunity to reach their greatest level of independence in accessing community services, making connections, and developing meaningful skill sets.

### Structure:

- **Academics:** GOALS academics are focused on life skills literacy and numeracy that is individualized for each student, based on their individual program plan (IPP).
- **Engagement:** GOALS students are provided a variety of opportunities to engage through option classes, work experience, volunteering, and personal management.
- **Wellness:** Personal wellness is fostered in both school and community settings to facilitate emotional, physical, and mental well-being.

## K&E (Knowledge & Employability)

Knowledge and Employability (K&E) courses are available to students in Grades 10 through 12 who meet our jurisdiction’s suggested enrollment criteria. These courses provide students with opportunities to experience success and become well-prepared for employment, continued studies, engaged citizenship, and life-long learning.

The goal at Bellerose is to give every student the opportunity to achieve their high school diploma. There are multiple entry and exit points to facilitate student success and accommodate individual student needs. Students recommended for K&E courses will be provided opportunities to succeed at either the -2 or -4 levels.

Certificate of High School Achievement Requirements (English)	
The requirements indicated in this chart are the <b>minimum</b> requirements for a student to attain a Certificate of High School Achievement. The requirements for entry into post-secondary institutions and workplaces may require additional and/or specific courses.	
80 Credits including the following:	
English Language Arts 20-2 or 30-4	
Mathematics 10-3 or 20-4	
Science 14 or 20-4	
Social Studies 20-4	
Physical Education 10 (3 credits)	
Career & Life Management (3 credits)	
5 credits in:	
<ul style="list-style-type: none"><li>• 30 level Knowledge &amp; Employability occupational course, or</li><li>• 30 level Career and Technology Studies (CTS), or</li><li>• 30 level locally developed course with an occupational focus</li></ul>	
and 5 credits in:	
<ul style="list-style-type: none"><li>• 30 level Knowledge &amp; Employability Workplace Practicum course, or</li><li>• 30 level Work Experience course, or</li><li>• 30 level Green Certificate course, or</li><li>• Special Projects 30</li></ul>	
or 5 credits in:	
<ul style="list-style-type: none"><li>• 30 level Registered Apprenticeship Program (RAP) course</li></ul>	

# The Future is Exciting at Bellerose

## Modernization & Additon

As you may already be aware, St. Albert Public Schools has received funding from the Government of Alberta for a Bellerose Composite High School modernization and addition. Construction is currently underway, with projected completion in the fall of 2026.

### Key Highlights

- A modern addition to increase student capacity by 275
- Adding new, and improving all existing washrooms
- Upgrades to electrical and mechanical systems
- Removal of all modular classrooms
- New lighting throughout the school
- Refreshing classrooms and key areas

The construction phasing has been very carefully thought out to minimize disruption to student learning and school operations. Although the full project won't be complete until the fall of 2026, our students have already started accessing new and modernized spaces.

# Clubs & Activities

Since the doors opened in 1988, Bellerose has created a culture and legacy that embodies the statement: **Once a Bulldog, Always a Bulldog.** We believe deeply that a student's experience in high school is unique and not one student is alike. Our goal is to not only facilitate a high level of academic success, but also offer numerous student activities and clubs which create an enriched student experience beyond the classroom.

Being part of the legacy at Bellerose includes being part of clubs, and activities! These opportunities allow Bulldogs to find and connect with like minded students to create lasting friendships and memories.

Here is a list of some of the many ways you can become involved at Bellerose:

- Bikeathon
- Booster Club
- B-Mentor Peer Mentoring
- B-Town Chow Down
- Circle of Courage Club
- Chess Club
- CrossFit® Club
- Dungeons & Dragons Club
- Esports
- Fitness Club
- Grad Council
- Hardcore Adventure Race
- Indigenous Art Club
- Intramurals
- Leadership/Student Council
- Mountain Adventure Program (MAP)
- Musical Theatre Production
- Queer-Straight Alliance (QSA)
- Sinister 7 - Trail Running
- Ski & Snowboard Club
- S.T.A.R.K. Poetry Club
- Student Wellness
- Survivor Week
- Student vs Staff Charity Hockey Game
- Terry Fox Run
- Unified Sports
- Women in Fitness
- Yearbook Committee

**New ideas are always welcome!**

## Student Council & Leadership

For 35 years, the Bellerose Student Council and Leadership Programs have continued to provide opportunities at Bellerose that are unparalleled. Both run as clubs and are open to any Bellerose students who would like to participate. Our students are continually recognized through scholarships and for their outstanding leadership skills and involvement in the community.

# Bikeathon

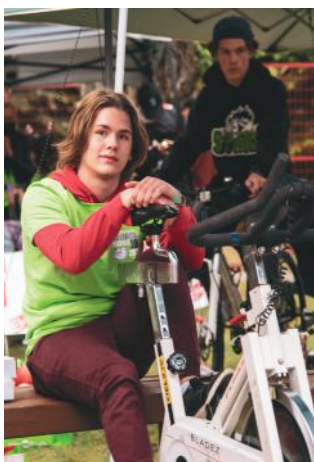

## PASSION - PRIDE - TRADITION

The Bellerose Bikeathon is a school tradition that students eagerly anticipate each year. The annual 48-hour event brings students together in a collective effort to raise funds for cancer research, treatment, and care. This tradition has a significant and multifaceted impact on both the students and staff, fostering a sense of community, empathy, and shared purpose.

Bikeathon serves as a reminder that cancer affects everyone, and it encourages students to work together for a common goal. By participating in this event, everyone—whether riding, volunteering, or supporting in other ways—feels a part of something larger than themselves.

Bikeathon is not just a fundraiser but a part of the Bellerose legacy that shapes how students understand and engage with social issues and each other.

**Together we have raised over 3.6 million dollars. How far can we go?!**

# Off Campus & Career Education

## Work Experience 15, 25, 35

Up to 10 credits can be earned at each level. **A maximum of 15 credits** can be used towards graduation requirements.

Some of the benefits of Work Experience include:

- Receiving credit and earning money at the same time (one credit for every 25 hours of work).
- Using marks to qualify for the Rutherford Scholarship.
- Building great skills and employability for future endeavours, post high school.

## Registered Apprenticeship Program (RAP)

The RAP program is designed for high school students to gain hours in the first year of their chosen skilled trade apprenticeship while still meeting their graduation requirements.

- To enter RAP, students must coordinate registration and placement with our School Engagement Coordinator.
- Timetables may require adjustments to accommodate a work placement.
- A drivers licence may be required for some opportunities.
- A \$1000 scholarship is available for RAP students.

## Dual Credit

Dual credit allows students to obtain 30-level CTS credits and post-secondary credits while still in high school. Dual credit provides the opportunity for students to get a jump start on post-secondary pursuits, or as a way to explore courses they may not normally take.

## Building Futures

Grade 10 students earn credits towards their diploma while diving into experiential learning at its finest: building a house from the ground up!

Students work on all facets of the home building, learning practical skills in carpentry, concrete, plumbing, electrical work, and other trades. On-site teachers instruct core and elective courses, ensuring they cover the Alberta Education curricula required for high school graduation. The students will also grow in their important soft skills: working as a team, responsibility, punctuality, communicating, and problem solving. They will learn what it means to create and give back to the community, and will forever have a legacy they can visit within St. Albert for generations to come!

# International Baccalaureate (IB) Programme

## What is IB?

The International Baccalaureate (IB) Organization is an international, not-for-profit organization that works with governments and schools worldwide to develop rigorous programmes of education recognized by the top universities worldwide. With presence in over 150 countries/territories and over 5,000 IB World Schools worldwide, the IB Diploma Programme is globally renowned for excellence. We are proud to be one of the schools in Canada teaching the Diploma Programme framework, and the only St. Albert Public School that offers an IB programme.

## Who is IB For?

Anyone! If you are a highly motivated student entering Grade 10 or 11 who enjoys learning and wants to be the best they can be, then this is the programme for you.

## IB Learners Are:

- Encouraged to think critically and solve complex problems.
- Drivers of their own learning.
- A core part in the educational programmes that can lead them to some of the highest-ranking universities in the world.
- More culturally aware, through the development of a second language.
- Able to engage with people in an increasingly globalized, rapidly changing world.

The IB Diploma Programme Model

## IB Learners Receive:

- An international qualification that is recognized by colleges and universities around the world with advanced standing.
- Advanced credit towards undergraduate degrees at universities both local and abroad.
- Scholarships and post-secondary grant opportunities.
- Access to IB alumni networks of professional and graduate students.

## Where can I learn more?

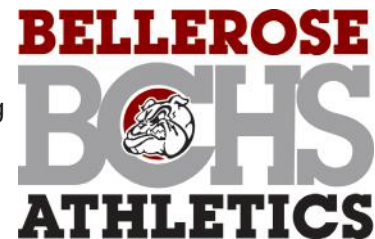

You can visit the IB website ([www.ibo.org](http://www.ibo.org)), request a copy of the IB Guidebook, or:

**Explore the IB Programme by scanning the QR Code**

# Athletics

Bellerose Composite High School is committed to educating, supporting and facilitating a culture of excellence for the Bulldog Athletics program. Bulldog Athletics provides a supportive, dynamic, and safe environment for student-athletes to pursue high standards of local, provincial and national sport performance to build and carry on our athletic legacy and history.

## Be a Bulldog

Bulldog Athletics fosters and cultivates a positive environment where all student-athletes are valued, student life is enhanced, individual goals are fulfilled, and service to the community, both that of Bellerose and the community of St. Albert is reinforced and continually built upon. Respect, resilience, responsibility, and relationships are the foundation of Bulldog Athletics. Reinforcing these characteristics through high school athletics ensures our student athletes prepare and strive for excellence both in and out of the classroom.

Be part of the legacy. Be a Bulldog!

### 2025-2026 BULLDOG ATHLETIC TEAMS

- Badminton
- Basketball
- Cross Country
- Curling
- Flag Football
- Football
- Golf
- Indoor Soccer

- Rugby
- Slo-Pitch
- Soccer
- Swimming
- Track & Field
- Unified Games
- Volleyball
- Wrestling

## Unified Athletics

Unified Athletics offers opportunities for students who may not normally compete in high school sports, while ensuring a positive impact on school culture by forging pathways to friendship and understanding among students. The program encourages and facilitates the development of leadership, social, and sport-specific skills for all individuals when it takes place in an inclusive and competitively balanced environment.

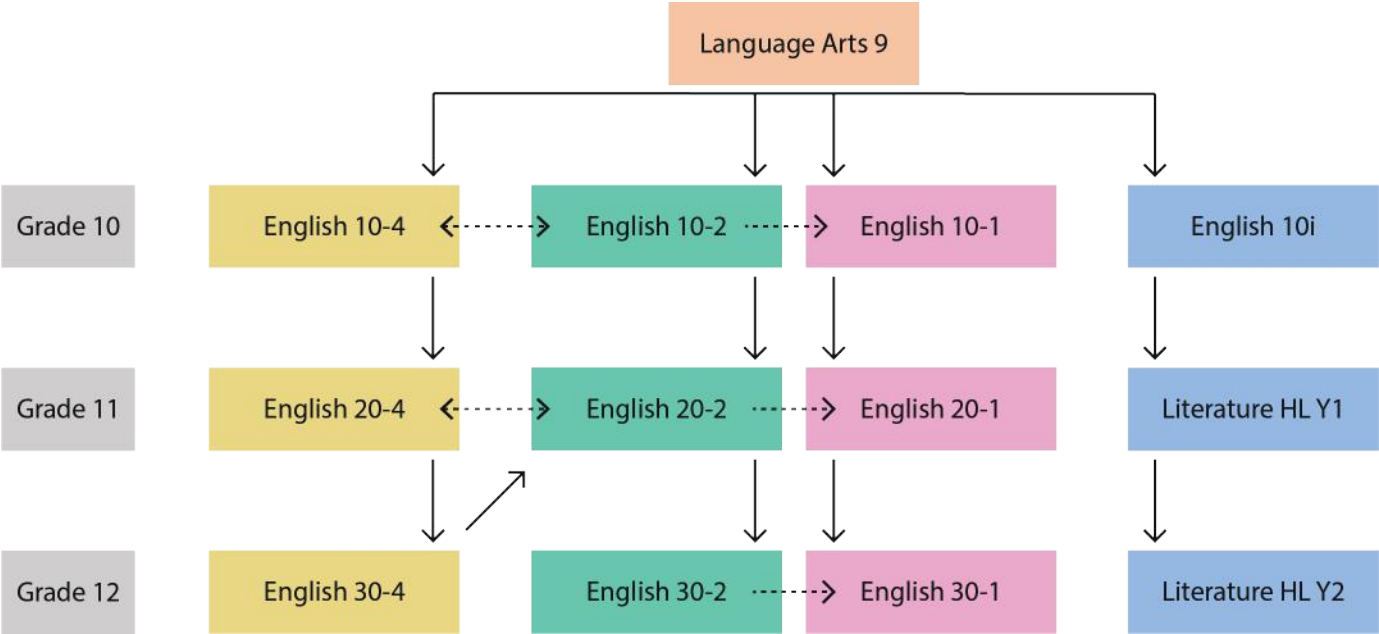

# English Language Arts

English Language Arts (ELA) courses at Bellerose play a crucial role in developing students' communication, critical thinking, and analytical skills. Students can follow one of the course sequences (illustrated below). Although the content of the courses is similar, the depth of concept development, the sophistication of textual analysis, and the complexity of text creation are more rigorous in the -1 sequence.

We strongly recommend that a student has a mark of 65% or higher to continue in the -1 stream.

In the above diagram, the solid black arrows denote the typical pathways and preferred transfer points a student follows to progress from course level to course level. The dotted grey arrows denote potential entry points from course level to course level.

**Explore our ELA courses in depth  
by scanning the QR Code**

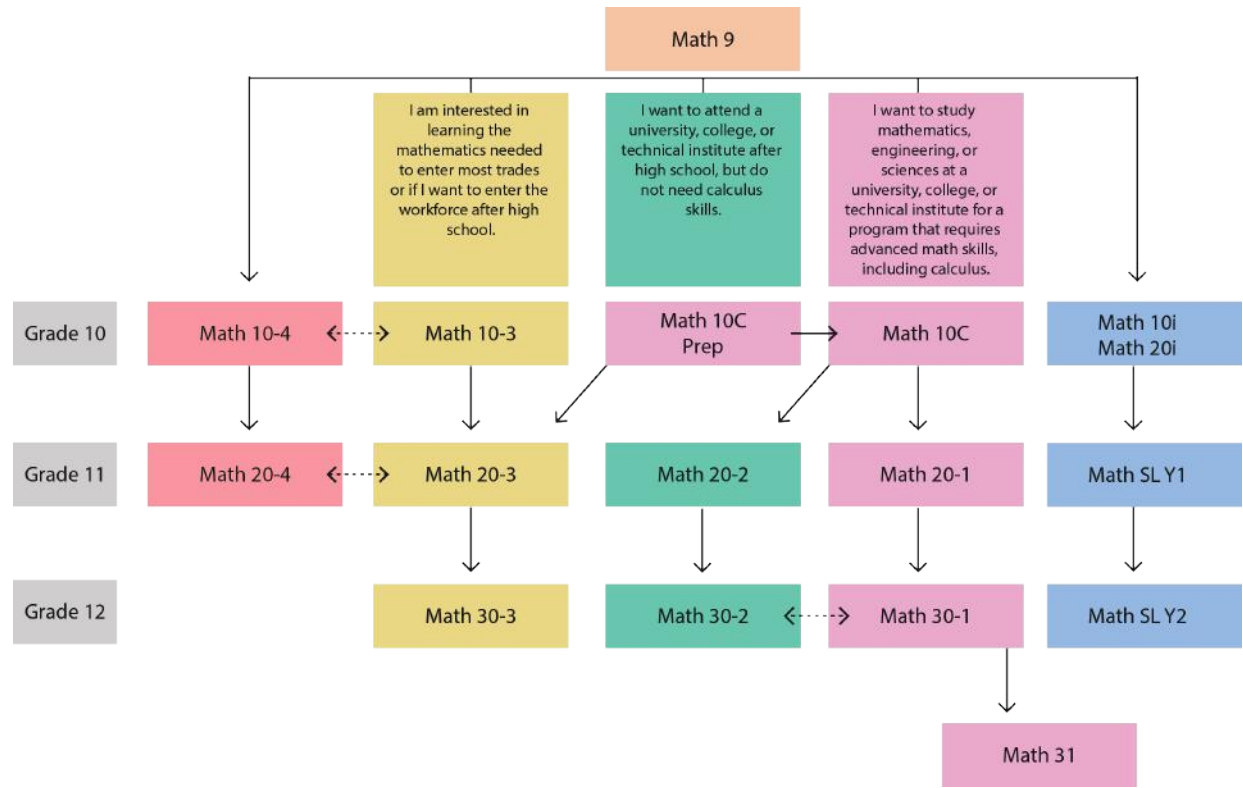

# Mathematics

Math courses in high school are designed to prepare students to solve problems, communicate and reason mathematically, make connections between math and its applications, and make informed decisions as a contributor to society. It's important to choose courses appropriate to your abilities, interests, and future goals. Your previous math mark will also help to indicate which courses are most appropriate for you.

In Math at Bellerose, there are three streams to consider: the -1 stream, the -2 stream, and the -3 stream. Please read the following flowchart carefully. We strongly recommend that a student has a mark of 65% or higher to continue in the -1 stream.

In the above diagram, the solid black arrows denote the typical pathways and preferred transfer points a student follows to progress from course level to course level. The dotted gray arrows denote potential entry points from course level to course level.

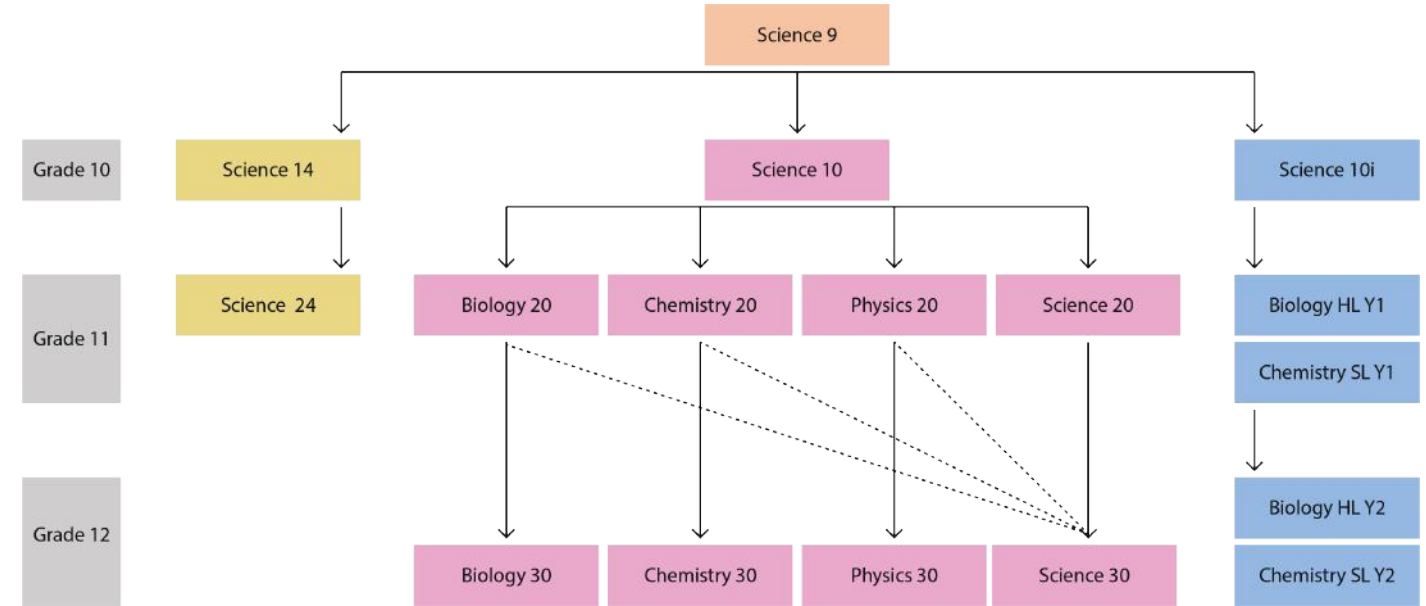

Explore our Mathematics courses in depth by scanning the QR Code

# Sciences

Science programs provide opportunities for students to develop knowledge, skills and attitudes they need to understand and interpret their world and become productive and responsible members of society. The programs also allow students to explore interests and prepare for further education and careers.

We strongly recommend that a student has a grade of 65% or higher in the prerequisite course(s) to enroll in Biology, Chemistry, and Physics. Students with grades between 50% and 60% should consider Science. Science 30 can be used for several post-secondary admission requirements.

In the above diagram, the solid black arrows denote the typical pathways and preferred transfer points a student follows to progress from course level to course level. The dotted grey arrows show an alternative transfer point. All 20-level courses can progress to Science 30.

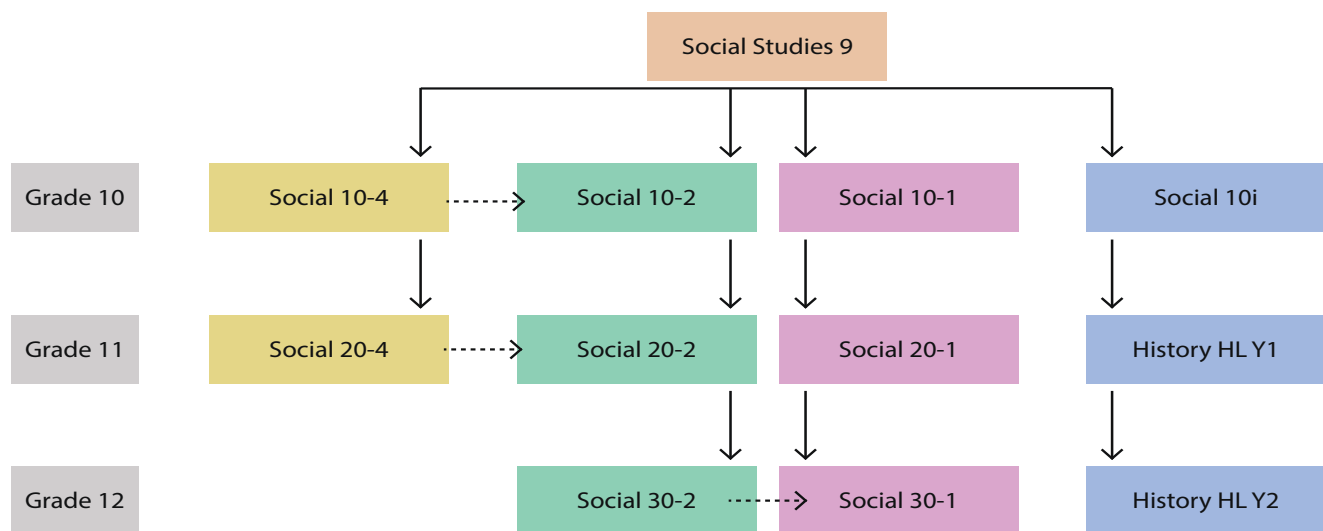

Explore our Science courses in depth  
by scanning the QR Code

# Social Studies

The purpose of the Social Studies three-year program is to help students develop the key values and attitudes, the knowledge and understanding, and the skills and processes necessary for them to become active and responsible citizens. It concentrates on enabling students to develop an understanding of who they are, what they want to become, and the society they want to live in. Furthermore, social studies is an issues-focused and inquiry-based subject that draws upon history, politics, economics, and current events to foster understanding of practical and ethical issues that face communities and humankind.

The Social Studies program is offered through three streams: -1, -2, and -4. It is important to note that post-secondary programs will require specific social studies courses; therefore, students are strongly encouraged to consider teacher recommendations and to check post-secondary requirements frequently.

In the above diagram, the solid black arrows denote the typical pathways and preferred transfer points a student follows to progress from course level to course level. The dotted gray arrows denote potential entry points from course level to course level.

**Explore our Social Studies courses in depth  
by scanning the QR Code**

# Fine Arts

The Fine Arts classes at Bellerose give students the opportunity to think creatively, solve problems, and express themselves in unique ways. Art, drama, and music foster creativity, emotional expression, and overall student development. Throughout their high school experience, students enrolled in Fine Arts classes take pride in showcasing their talents both individually and with group collaboration.

Fine Arts courses provide the essence of a comprehensive education. At the 30 level, these programs can be used for high school diploma and post-secondary requirements.

- Art 10, 20, 30, 31
- Choral Music 10, 20, 30
- Drama 10, 20, 30
- Instrumental Music 10, 20, 30
- Musical Theatre 15, 25, 35
- Technical Theatre 15, 25, 35

**Explore our Fine Arts courses in depth by scanning the QR Code**

# Physical Education & Wellness

The aim of the Phys Ed & Wellness program is to provide students with the opportunity to develop physical literacy and to enable individuals to develop the knowledge, skills and attitudes necessary to lead an active, healthy lifestyle. The program emphasizes active living, with a focus on the physical activity that is valued and integrated into daily life. Participation in physical activity contributes to physical, mental and social well-being, providing benefits to the individual and the community.

A minimum of 3 credits in Phys Ed 10 and successful completion of CALM 20 are Alberta High School Diploma requirements.

- Career & Life Management (CALM) 20
- CrossFit® 10, 20, 30
- Hockey Academy
- Medical Studies 10, 20, 30
- Personal Fitness 10, 20, 30
- Physical Education 10, 20, 30
- Physical Education 10, 20, 30 + CALM 20
- Physical Education 10, 20, 30 + Outdoor Adventure Program 10, 20, 30
- Physical Education 10, 20, 30 + High Performance Sport 10, 20, 30
- Physical Education 10, 20, 30 + Yoga 15, 25, 35
- Sports Medicine 10, 20, 30

**Explore our Phys Ed & Wellness courses in depth by scanning the QR Code**

# Career & Technology Studies

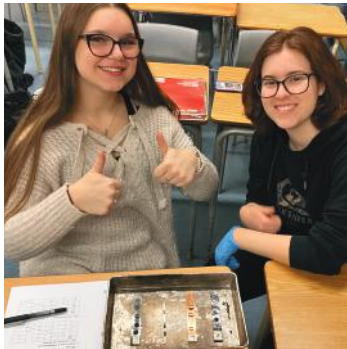

Bellerose offers an extensive Career & Technology Studies (CTS) Program in an advanced technological facility, allowing students the opportunity to explore specific programs and specialized skills. Students taking CTS strands will complete specific individual course modules; the successful completion of each course module earns one credit towards the student's High School Diploma. Course fees are assessed in many CTS strands; see course descriptions for fees at each level. Please note that all courses are offered subject to enrollment and availability.

- Computer Science 10, 20, 30
- Cosmetology 10, 20, 30
- Digital Media & Film Production 10, 20, 30
- Digital Photography 10, 20, 30
- Food Studies 10, 20, 30
- Construction Technology 10, 20, 30
- Framing 20, 30
- Mechanics 10, 20, 30

Explore our CTS courses in depth  
by scanning the QR Code

# Additional Options Courses

Options courses at Bellerose High School play a crucial role in providing students with a well-rounded education, offering opportunities to explore a variety of subjects beyond the core curriculum. These courses allow students to develop specialized skills, pursue their interests, and broaden their academic horizons.

Language courses build communication skills, cultural understanding, and global awareness. Students gain the ability to connect with people from different backgrounds and create opportunities for future academic and career success.

Options courses cover a diverse range of subject matter, helping students discover their passions, build practical skills, and prepare for post-secondary education or careers. These courses are also valuable in fostering creativity, critical thinking, and problem-solving abilities.

- Aboriginal Studies 10/20, 30
- Astronomy 15/25
- French 10, 20, 30
- Food & Business 20
- Food Studies 10, 20, 30
- Gaming & Esports 10, 20
- Personal Finance & Investing
- Philosophy & Debate
- Spanish 10, 20, 30

**Explore our additional Options courses in depth by scanning the QR Code**

# Registration

We are so excited to have you join us at Bellerose Composite High School - to experience, contribute, and belong to a school with a culture that is second to none.

If you have any registration questions or concerns, you can book an appointment for personalized registration help with a School Counsellor or an Administrator by calling the main office at 780.460.8490.

## Incoming Grade 10 Students (Current Grade 9 Students)

**WHO ARE CURRENTLY ENROLLED AT A ST. ALBERT PUBLIC SCHOOL:** The registration process for Grade 9 students currently attending a St. Albert Public School begins mid-February with in-school visits from our registration team. There, students will receive specific information about the registration process.

**WHO ARE NEW TO ST. ALBERT PUBLIC SCHOOLS:** Grade 9 students currently attending a school outside of the St. Albert Public School's Division will register with the information and links provided on our website, [bchs.spschools.org](https://bchs.spschools.org), which will open at the beginning of March. Students will be required to provide a copy of their Grade 9 marks as well as a copy of their Birth Certificate or Passport.

## Incoming Grade 11 & 12 Students

**WHO ARE CURRENTLY ENROLLED AT BELLEROSE:** Grade 10 and 11 students currently attending Bellerose will be given a package at the beginning of March with registration details for the 2025/2026 school year. There are multiple steps needed to register, and all information will be provided to students. In person registration meetings will take place with a member of our registration team at the end of March.

**WHO ARE NOT CURRENTLY ENROLLED AT BELLEROSE:** Grade 10 and 11 students currently attending a school outside of the St. Albert Public School's Division will register with the information and links provided on our website, [bchs.spschools.org](https://bchs.spschools.org). Students will be required to provide a high school transcript as well as a copy of their Birth Certificate or Passport.

More detailed registration information for students can be found on our website at [bchs.spschools.org](https://bchs.spschools.org).

**Inclusive Education:** All GOALS and K&E Program questions should be directed to Mrs. Ashley Morgan at [ashley.morgan@spschools.org](mailto:ashley.morgan@spschools.org).

**International Baccalaureate:** IB program information will be available during the open house or by contacting the IB Coordinator, Mr. Clayton Wowk at [ibc@spschools.org](mailto:ibc@spschools.org).
