

CARPORT + STORAGE

Montageanleitung - DE

Wir schätzen Ihren Kauf unseres Carport.

Montageanleitung

Diese Anleitung bietet Ihnen eine Schritt-für-Schritt-Anleitung zur Montage und Pflege Ihres Carports, damit Sie jahrelange Freude und eine zuverlässige Nutzung genießen können.

Achten Sie darauf, alle Schritte sorgfältig zu befolgen, da eine falsche Installation zu schweren Verletzungen führen kann.

WICHTIG:

Zur Sicherheit aller Personen ist es entscheidend, diese Anweisungen zu befolgen. Bitte bewahren Sie diese Anweisungen zur späteren Referenz auf.

Kinder und Personen mit Behinderungen oder geringer Erfahrung dürfen das Carport nur benutzen, wenn sie ordnungsgemäß beaufsichtigt oder geschult wurden und die potenziellen Risiken verstehen.

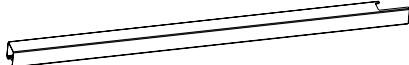

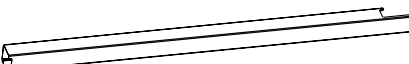

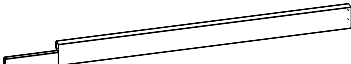

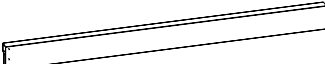

Kinder dürfen das Carport nicht als Spielzeug nutzen. Während Reinigungs- und Wartungsarbeiten müssen sie unter der Aufsicht eines Erwachsenen stehen.

Dieses Carport ist für den privaten Außenbereich konzipiert und bietet Schutz vor Witterungseinflüssen wie Regen, Sonne und Wind.

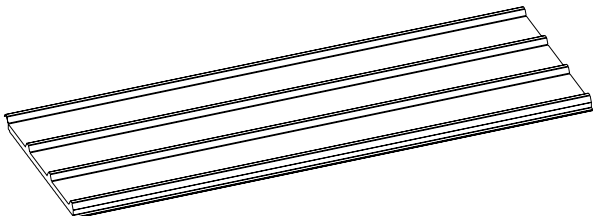

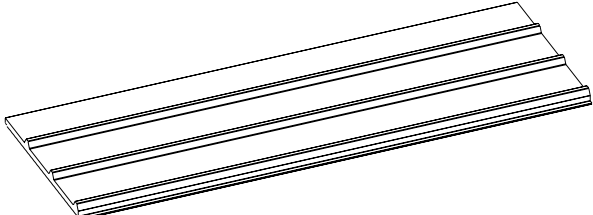

Jede Nutzung oder Änderung, die nicht in dieser Anleitung beschrieben ist, gilt als unsachgemäß und kann erhebliche Risiken für Benutzer und Eigentum darstellen. Solche Handlungen führen zum Erlöschen der Produktgarantie.

VOR DER INSTALLATION

BEREITEN SIE ALLE BENÖTIGTEN WERKZEUGE VOR

Um Ihren Carport ordnungsgemäß und sicher aufzubauen, stellen Sie bitte sicher, dass Sie die folgenden Werkzeuge und Zubehörteile griffbereit haben. Diese sind nicht im Lieferumfang enthalten.

ÜBERPRÜFEN SIE AUF FEHLENDE TEILE:

Bevor Sie mit der Montage beginnen, prüfen Sie bitte, ob alle erforderlichen Teile für den Aufbau Ihres Carports vorhanden sind. Achten Sie darauf, dass die Anzahl der Teile mit dem von Ihnen gekauften Modell übereinstimmt.

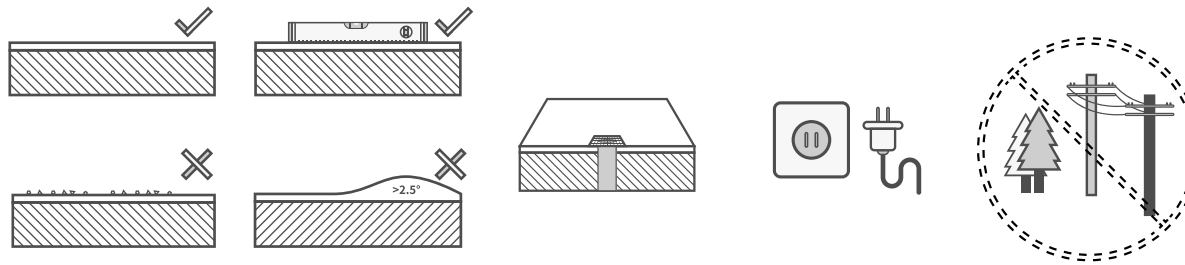

Sollten Teile fehlen, wenden Sie sich bitte an unseren Kundendienst, bevor Sie mit der Montage fortfahren.

BEREITEN SIE DIE TEILE FÜR JEDEN SCHRITT VOR:

Im Montageabschnitt der Anleitung werden für jeden Schritt die benötigten Teile sowie deren Maße angegeben. Wir empfehlen, die Teile im Voraus bereitzulegen – das spart Zeit und erleichtert die Montage.

Um Beschädigungen der lackierten Oberflächen zu vermeiden, legen Sie die Teile nach Möglichkeit auf Karton oder eine andere weiche Unterlage.

WÄHLEN SIE EINEN GEEIGNETEN STANDORT:

Der Boden sollte fest und eben sein.

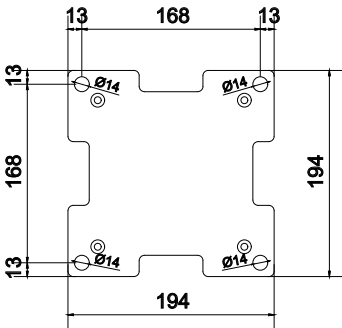

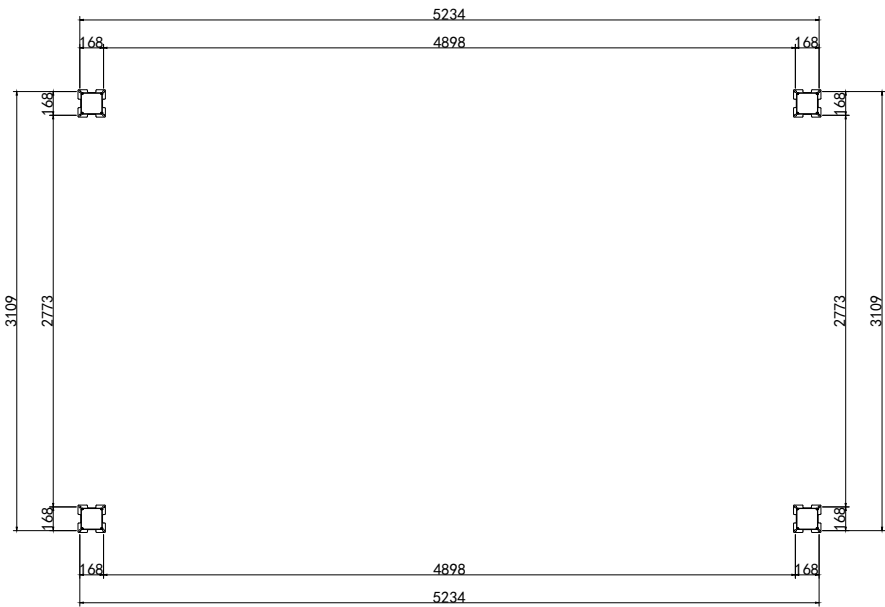

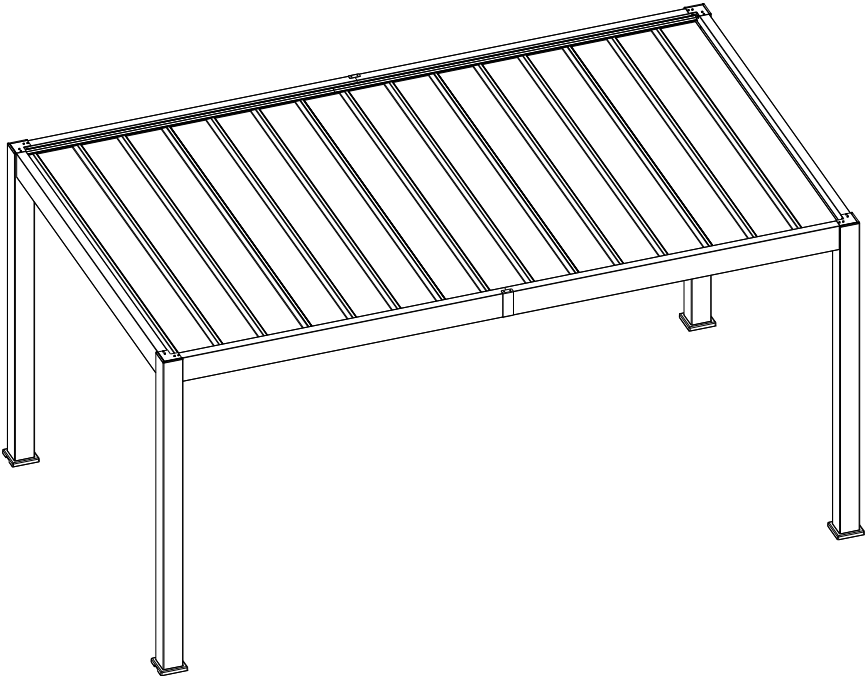

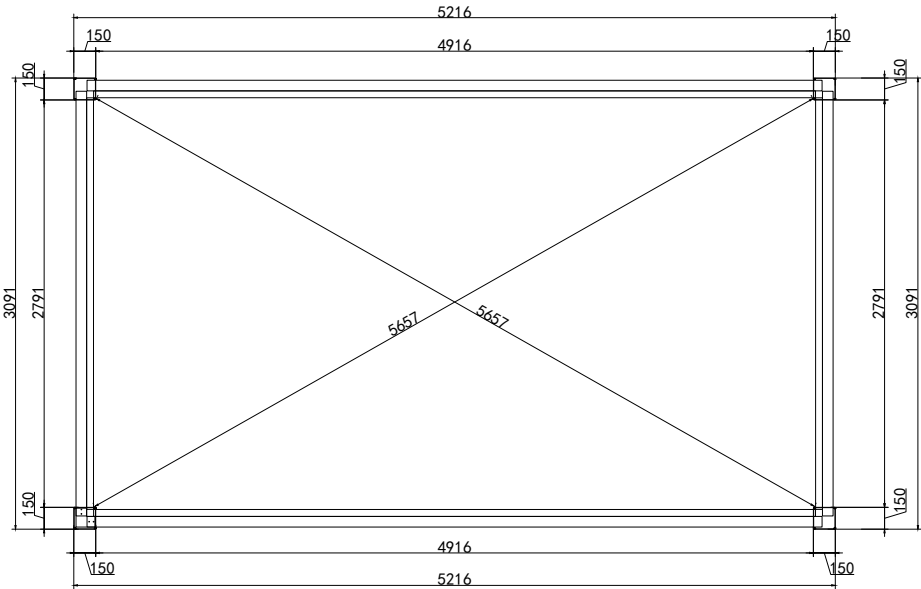

Der Boden muss flach und gleichmäßig sein.

Stellen Sie sicher, dass eine ausreichende Wasserableitung in der Umgebung vorhanden ist.

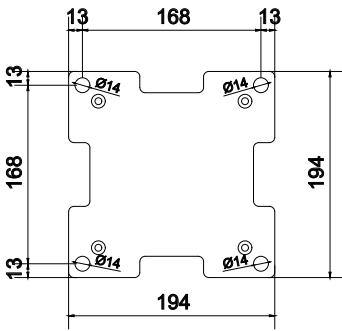

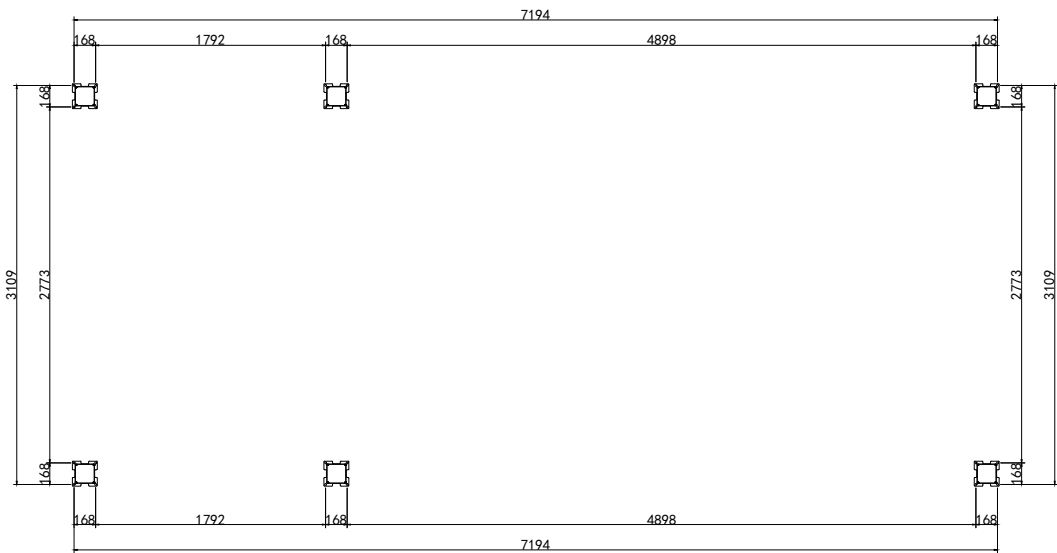

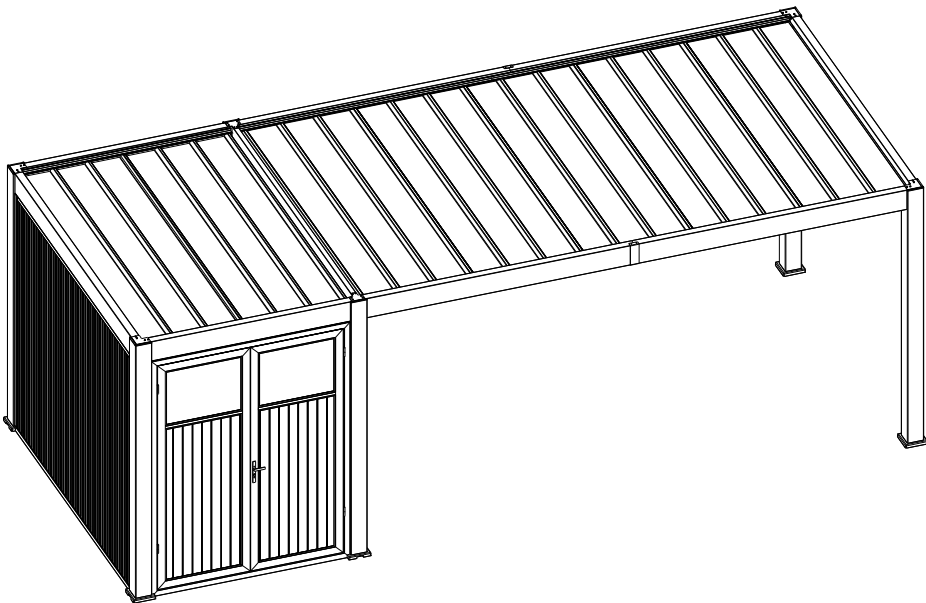

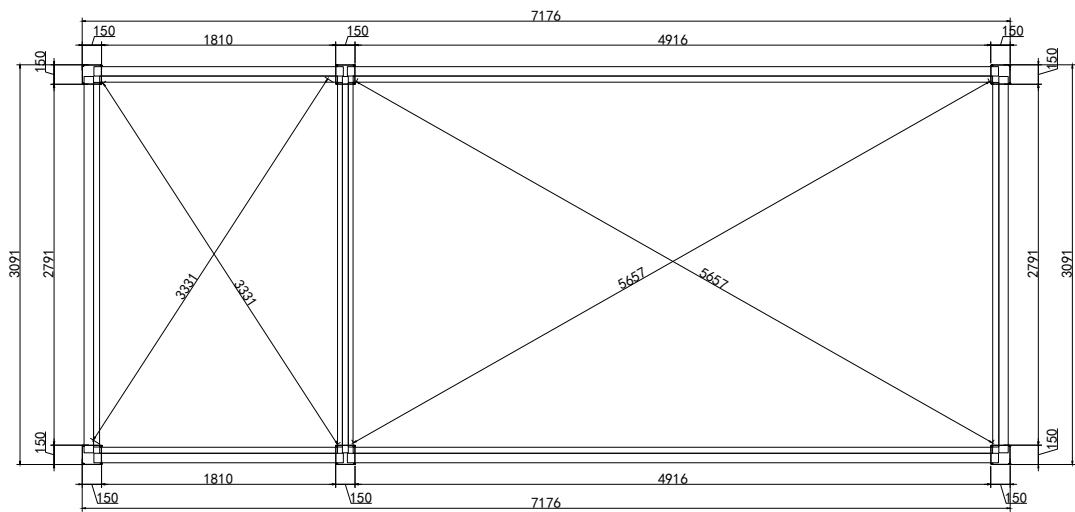

Stellen Sie sicher, dass der Standort bei Bedarf einen einfachen Zugang zu Strom hat.

Vermeiden Sie Bereiche mit überhängenden Bäumen oder Stromleitungen.
