# ABOUT THE BRAND

Established 23 years ago at the request of Cyril Ramaphosa, Impumelelo was the **first directory of leading black-owned and managed companies in South Africa.**

Since then, the Top Empowerment brand has grown into one of the Country's most well-respected transformation platforms.

The Top Empowerment Conference looks to celebrate the progress made by those committed to **empowering black businesses** and gain actionable insight on transforming the South African workforce through interactive **panel discussions, keynote addresses and workshops.**

As we move into **30 years** of democracy, it is imperative for businesses in South Africa to push a transformation agenda.

The success of the economy rests on South Africa's ability to **nurture its people skills** and development, open space for black owned businesses and re-shape the socio-economic status quo.
