EVENTO
holiday
gift guide

Like the Concierge at a great hotel, our team works to curate experiences, memories and once in a lifetime moments but, through gifting.

We know more than the languages, hottest places and best-kept secrets of the gifting industry. We can perfectly match products to unique partners, clients and employee groups.

The Global Evento Gifting Concierge model allows our team to get to know our clients and their recipients. In the same way that not every restaurant is perfect for every dinner, every gift isn't perfect for every situation, budget or recipient group. However, we know what's new. We know what's worked with similar clients.

Additionally, for those truly VIP programs we can schedule individual consultations with your recipients. With the right budget and a little time, we can create individual gift experiences that are one of a kind.

TOP 5 GIFTS ON OUR WISHLIS

ROVR COOLERS.

RovR coolers are on my wishlist because they make it easier to do what I love with my family and friends. There is nothing better than camping with my kids but they come with A LOT more food, drinks and gear. RovRs are super stylish and make carrying all those “essentials” way easier.

PARKIT CHAIRS.

They have a cool Retro vibe, with modern comfort and functionality. As a parent that has spent a lot of hours on the sidelines of various sports fields, they would be super useful. They'd also be great for the campsite or just sitting in the driveway having beers with the neighbors.

JBL FLIP BLUETOOTH SPEAKER.

I am a huge music guy, so I don't ever leave home without headphones or a bluetooth speaker. The JBL Flip Bluetooth Speaker is top of my list. Whether you are at home cooking dinner, on a golf course, or at the pool, JBL is your speaker. They have a quick pair feature, they are waterproof and the sound quality is top notch.

LE CREUSET.

Holidays are about bringing family and friends together and eating and drinking during that perfect cozy night. A beautiful way to showcase my meals would be anything Le Creuset. They are show stoppers and a definite conversation starter.
