Build your financial fitness for a bright future

The money habits you develop now set the pattern for years to come. One tip to help you build financially healthy habits is to use the 50/30/20 rule for budgeting your money.

This rule states that your after-tax income should be roughly divided three ways:
50% to needs • 30% to wants • 20% to long-term savings

Protecting Smiles Across New Mexico

More than 3 million teeth will be knocked out this year while practicing or participating in youth sports across the country. The **Delta Dental Mouth Guard** provides 2x the impact absorption of traditional mouth guards & was the first mouth guard to receive the ADA Seal of Acceptance from the American Dental Association.

Delta Dental of New Mexico is proud to provide Delta Dental Mouth Guards to school athletics programs across the state FREE of charge!

» Thin design ensures it stays in the athlete's mouth, making it easy to breath and speak

» Patented fitting material provides a comfortable custom fit and works with braces

» Scientifically proven to provide up to 2x the impact absorption of traditional mouth guards

In 2023, we've provided over 10,600 mouth guards to student athletes across the state of New Mexico!

GUARD YOUR GRIN

Delta Dental of New Mexico is committed to improving the overall health and smiles of the people we serve. Our Mouth Guard Program benefits schools, students, and their families.

PREVENTING INJURY

Wearing a mouth guard minimizes the impact of concussions & other injuries to the teeth, tongue, lips, jaw, & face.

ORTHODONTIA FRIENDLY

The patented fitting material molds comfortably over braces, and can be remolded again and again as teeth move.

SAVING FAMILIES MONEY

Preventing sports-related orofacial injuries can save a family thousands of dollars over a lifetime.

MORE TIME FOR LEARNING

Reducing orofacial injuries in school sports keeps kids in the classroom, and out of the emergency room.

Welcome from NMAA Executive Director

Sally Marquez
NMAA
Executive Director

Welcome to the NMAA State Championships!

It is an honor for the New Mexico Activities Association to host you at this culminating event. The student-athletes, coaches, and officials who are participating in this championship have worked tirelessly throughout the season to make it to this level of competition and we are looking forward to an exciting time from start to finish.

While we are together at this event, let us keep one thing at the center of what we do on the sidelines, on the bench, in the stands, and on the playing surface – **this is education-based athletics**. This is the true extension of the classroom, where students learn lifelong skills through their participation. This is the final bastion for the purity of sport. This is where the lessons learned, and the relationships made far outweigh the final score. Yes, champions will be crowned, and trophies and medals will be awarded, but the real win achieved through interscholastic sport is much greater than that.

National statistics show that fewer than 2% of all high school athletes go on to play Division I college athletics. In New Mexico, it is far less. For many student-athletes, high school sports are the final stop in their athletic careers, but the skills they develop through their high school athletic experiences prepare them for the rest of their lives. They learn about responsibility, dedication, teamwork, dealing with adversity, interpersonal skills, commitment, leadership, and countless other qualities that will make them champions in life.

Unfortunately, we know that education-based athletics are in crisis. Club sports, the changing landscape of the NCAA, bad behavior, lack of officials, lack of coaches, and an overall decline in societal values are threatening the world of interscholastic sports. We cannot let that happen. Our students need all of us to fight for education-based athletics. Our sports are worth fighting for, as are the students we serve.

We cannot forget that every decision we make and the way we conduct ourselves should be about kids. The things we say are important must be mirrored in the way we act and the words that come out of our mouths. The student-athletes are here to play their hardest and to represent their schools and communities at the highest level, and they expect the same standard of behavior and respect from those coaching them, officiating their contests, and cheering for them in the stands.

Every one of us must set a positive example for communicating effectively, building relationships, encouraging positive behavior, and ensuring that interscholastic athletics are protected and revered to the best of our abilities. The NMAA and its member schools will continually communicate and be readily available to those who need us. We must show everyone that the experiences student-athletes receive in interscholastic athletics cannot be replicated elsewhere. The value that we possess is priceless and we must champion it in every possible way.

We hope that this event is memorable and enjoyable for you. Remember that we are all in this together. Every one of us plays a critical role in the interscholastic sport environment, where student-athletes get to play the games they love and where they develop the skills to become lifelong champions, even when their playing days are over.

Sincerely,

Sally Marquez
