EUCALYPTUS

EUCALYPTUS

Nous avons le plaisir de vous dévoiler Eucalyptus, notre nouvelle couleur saisonnière – un vert tendre et apaisant, profondément enracinée dans la nature.

Inspirée de la plante du même nom, notre nouvelle couleur Eucalyptus apporte le calme dans nos espaces de vie. Son vert doux aux reflets beiges mat transforme l'intérieur en lieu de ressourcement.

We are pleased to unveil Eucalyptus, our new seasonal color – a soft, soothing green deeply rooted in nature.

Inspired by the plant of the same name, our new Eucalyptus shade brings a sense of calm to living spaces. Its gentle green hue with matte beige undertones transforms interiors into peaceful, restorative places.

Eucalyptus viminalis, Yuba County, California. 25 Years Old.
