Transforming San Diego

CRISTO REY SAN DIEGO HIGH SCHOOL

We are a Catholic school that empowers young people of limited economic means to become men and women of faith, purpose, and service. Through a rigorous college preparatory curriculum, integrated with a relevant work study experience, students graduate ready to succeed in college and in life. They graduate not only with a diploma but also a work resume. After opening in August 2020, Cristo Rey San Diego is now the 37th of 41 schools in the national Cristo Rey Network, which boasts a 90% college enrollment rate.

HOW WE ARE FUNDED

As our Cristo Rey school reaches full enrollment, the financial model will reflect 50% of funds being earned through the students' work-study jobs, and the remaining through the generosity of our community. The investment from our friends and community provides the funding for student sponsorships, annual operating costs, capital needs, special programs, and more.

One Student at a Time

A NETWORK OF SCHOOLS

The Cristo Rey Network of schools consists of 39 Catholic, career-focused, college preparatory schools. The Cristo Rey Network delivers a powerful and innovative approach to education. In a world where the social fabric is fraying, Cristo Rey weaves it back together. Businesses, schools, churches, families, children, and communities all come together in the mutual pursuit of providing quality education. Compared to the overall US low-income population, Cristo Rey students are twice as likely to earn a bachelor's degree by age 24.

MORE THAN AN INTERNSHIP

Through our Corporate Work Study Program (CWSP), students work in job-sharing teams of four and are paired with local companies based on interests and skill sets. Students work five full days per month in professional, entry-level jobs, and their academic schedules are structured so they work without missing instructional class time.
